Looking Ahead with J. W. Worrel

"Never put off till tomorrow what you can do today" is a fine old proverb, but for too many of us it runs: "Never do today what you can put off till tomorrow." We in the Life Insurance business run into this "put it off" attitude only too often. I am not speaking of those infrequent cases where a man postpones signing a life insurance contract for a day and is killed, thus leaving his family penniless instead of comfortably off as he intended. I am thinking more of the man who believes in insurance and intends to purchase it—but always tomorrow, never today. This is an average man, and he doesn't die suddenly—but let us see what he is losing.

The longer he puts it off the more expensive his insurance will be, for insurance purchased at an older age costs much more than that bought at an early age. Also, he runs the risk of becoming completely uninsurable—in which case he could not buy protection at any price. Then again, both he and his family are becoming accustomed to spending money which should be invested in future security. Should he finally get around to buying insurance he may find it necessary to give up what his family then regards as essentials.

Have YOU been risking your loved ones' happiness by giving them luxuries now, in exchange for dire need should you die? Or have you made sure that they will have a reasonable standard of living always?

Never put off till tomorrow what you can do today. Ensure the security of your family now. Remember, it IS important. It MAY BE vital.

Week of Prayer To Be Observed

Morning devotional services will again mark the Universal Week of Prayer this year at the Hilltop Church of Christ (Disciples).

During the Week of Prayer (Jan. 7-12), the church will be open from 6:45 a. m. until 6:30. During this time organ music will be played and scriptures and prayers will be offered from the pulpit.

Worshippers may come at any time during the service and leave when they wish.

This is not simply a service for the members of the church. All who wish to pause for a few moments of prayer before going to work or school are invited to come any morning during the week.

Rome Charter

(Continued from Page 1)

affairs by virtue of such a small number of people being interested enough to take office."

"The water division," Roesch continued, "has been a constant source of complaint but is actually in much better condition than when the village purchased it from the county in May, 1942. The date of the incorporation of the village was September, 1941."

Roesch pointed out that a caucus meeting was held last Aug. 2, after much publicity for the purpose of selecting persons who desired to be nominated to the 12 village posts. He said, only eight people were present, seven of whom were already in office. The caucus meeting held in the previous year saw only three persons present and they too were already office holders.

D. J. Kunz, 5286 W. Broad-st, retired president of the Rome Business Association said, "I don't like to see the charter relinquished. I would like to see the charter retained until such time as the Rome Business Association's Civic Committee can study a future annexation program of the rest of the village plus other adjoining lands. I feel that it would benefit the community as a whole for with the larger representation, there would be better government and more advantages."

Dr. William G. O'Harra, current president of the Rome Business Association says, "I feel that enlarging the corporate limits should be given a great deal of consideration and thorough research as to the advantages and disadvantages. I hope that the Rome Business Association will be able to retain the street and traffic lights, in case the charter is given back to the state."

R. C. Woda, 5255 W. Broad-st, is of the opinion that the present arrangement is not fair to every one in the community inasmuch as no one is apparently interested nor desirous of holding office. He feels that the corporate limits should encompass a larger area. Present boundaries are: Lawrence-av on the north, Beuna Vista on the east, Green-st on the south and the Althen property on the west.

Walter Stauch, 5303 W. Broad-st, speaking for himself and his wife who has been a council member for four years said, "I feel that if we could get rid of the waterworks we could still continue as a corporation. The waterworks has been a headache. The original water facilities at the time of purchase from the county was to accomodate 50 families who were using it. Now there are over 300 families using it, there are over 300 meters and many are using the facilities without meters. This proves the inadequacy of the facilities. In the corporate section of Broad-st only a few families actually use the village water facilities since they all have their own wells."

And so the opinions vary in the small village where a decade ago, a bitter feud arose over the incorporation of the community. The embers have again been [illegible] and flames are again evident as the special election [illegible].

In the meantime the current officers of the village held their last meeting on Dec. 31 and saw Joseph Smith installed into office as the new Mayor of Rome.

The Gate Post

F. N. Rahter, director of Glenwood Recreation Center in evaluating the activities at the center over the past year said that the attendance had increased to the point that additional staff members were added, bringing the staff to four plus additional volunteer help. In view of this fact it is hoped that another staff member will be added for the coming year so as to widen the variety of programs.

The City Recreation Dept. has organized an athletic committee which is made up of staff members from the various centers with "Doc" Raister from Glenwood as the chairman. This committee will plan the city wide events in various activities. The committee has arranged for tourneys in the centers in December in Checkers, Chess and Shuffleboard.

City-wide tourney in Shuffleboard will be held at Glenwood on Jan. 12 and Chess and Checker tourney at Sunshine Center the same day. In February the center championships are to be held in preparation for the city-wide Ping-pong championships at Beatty Center.

Glenwood Center's regular season basketball leagues will begin play during the week of Dec. 31. Leagues will be highlighted by a contest for a league trophy ...d for the first time the leagues will have paid officials. (League schedules were not completed at the time of this publication.)

Girls' basketball league is scheduled to begin on Jan. 3. Seven teams are playing with the possibility of one or two more. Games are to be played on Tuesday afternoons and evenings and Thursday afternoon. The girls' entire program is advancing toward bigger and better activities with the gym being turned over to them on Saturday mornings for sports.

The Junior Boys Service Club will begin their meetings the first part of January. This group is open to all boys between 9 to 12 years old. Fellows belonging to this club will help around the center, organize club teams and go on trips. During the winter they organized a basketball team which played in the junior league and served as equipment room attendants.

Golden Age Club, composed of persons 50 years of age and over will meet on Tuesday, Jan. 15 at 2 p. m. in the social room at Glenwood.

Newspaper Club meeting will be held on Wednesday evenings at present with plans to change the meeting date later.

Plans for a newspaper and sales tax stamp drive to finish paying for the television set is underway.

Cub Scout News

Cub Pack 56 at Hoge Memorial Church held its regular meeting on Dec. 20, and despite its being a bad rainy, cold night we had a fine attendance. The room was decorated with Christmas things and "Stick Trees" that each Den had made. On these trees were pretty trimmings, pictures, garlands, etc. that the boys made. Under the trees were gifts for each parent. Some were tie racks, bill folds, pine cone decorations, calendars, book marks, envelope holders and scratch pads.

The boys marched in with flags and four boys from Den 4 led the pledge to the flag, after happy carols were sung and Mr. Burr the assistant Cub Master gave the welcome, the advancement program started. Mr. Line the chairman, was happy to give three Webelo Badges, the recipients of which were Jackie Joe Neil, Steve Miller and Jerry Stewart. The other honors were given to Judson Rausch, David Morris, John Henderson, Teddy Miller, David Purkey, Calvin English, Jerry Pyle, Richard O'Connor, Robert Elliott, James Hastings, Dennis Charles, Frank Adams, Steve Ballinger, Bonnie Siglar, Louis Williams, Jimmy Woodyard, Nelson Crandall, Arthur Wentworth and Pat Burr.

The Christmas Skits were nice and enjoyed by all. Den 1 "Caroled Old Granny." Den 2, sang "I'm dreaming of a White Christmas." Den 6 "The Meaning of Christmas" and Den 7 "Christmas in other Lands."

Den Chief Tommy Maish brought in two new Bobcats, his brother Larry and Svens Cauns, the latter having been in this good old USA for the past six months, having come over as a displaced person with his family from Latvia, sponsored by Hoge Memorial Church. Mr. Ralph Duncan, chairman of Troop 172 presented Jerry Stewart with a Neckerchief and welcomed him into the Hoge Memorial Troop.

All the boys and children were invited to sit up close to the beatiful Christmas Tree and Rev. A. J. Wold told about Christmas when he was a boy. Rev. Wold is Norwegian and his story was in keeping with our theme of Christmas in Other Lands, when he told about "The Little Man Who Lived In The Attic All Year" and came down on Dec. 24th. In came Santa Claus. The committee then came in with the "Yule Log" filled with popcorn balls and candy canes for all. This was exciting and fun and after Santa left Mr. Burr said "let's don't forget from where all our blessing come" and Eugene Jenny read a directed prayer. The Cubs joined in on the promise and after quiet music "Silent Night" a big Merry Christmas rang out and we all went home from our Christmas Party happy and glad that we live in Christian America.

Elbin Will Seek Re-Election For County Engineer

Guy H. Elbin

Guy H. Elbin, Franklin County engineer since 1948, today announced his candidacy for the Democratic nomination to succeed himself in the May, 1952, primary election.

"I seek re-election as Franklin county engineer on the basis of my record since I was elected in 1948," Elbin said.

"This record includes many things that I'm proud of. I'm pleased with the work of this office in completing the long-sought Sandusky Street grade elimination project.

"You'll remember," Elbin continued, "planning and financing of the proposed Spring - Sandusky interchange has been completed. Detailed plans for grading, paving and draining now are nearing completion in our office. This work in the end will eliminate the most serious traffic bottleneck in Franklin County.

"I am particularly proud of our snow removal and of our successful repair program on the many winter-damaged roads of last spring.

"I am equally pleased with our record in many other phases of road maintenance, for valuable work on our bridges and for the resurfacing done on our roads.

"These are but a few of the tasks completed under the direction of my staff. On this record I come to the voters of Franklin county and ask to be given my party nomination this spring and to be re-elected next fall."

A licensed professional engineer since 1916, Elbin has been an engineer for railroads, steel companies, the State of Ohio and the federal government. Elbin was bridge and construction engineer for Franklin County before his election in 1948 as county engineer.

In addition, Elbin was for many years an outstanding engineering professor and dean at Ohio Northern University. He hold three engineering degrees.

EVERYONE WE KNOW IS A HARD DRIVER

Most people don't know it, but they're mighty hard on engines. By that we mean they do lots of short-trip, stop-start driving—and that's the worst kind there is for an engine. Under such conditions, engine temperatures stay low, normal evaporation of vapors doesn't happen, condensation inside the crankcase is heavy. Sludge forms rapidly.

This is SLUDGE!

Keep it out: . . drain oil now . . . drain more often in winter!

Dr. Whitehead Had Vision of a Fine YMCA

It was learned recently that the Hilltop YMCA is to receive a sizeable bequest from the estate of the late Dr. Howard Whitehead.

This is indeed good news to all those who are interested in the advancement of this fine project and reflects Dr. Whitehead's vision of a fine community center that will be made available to the public in the future.

No really worthwhile project of this type is ever attained for a community without the foresight and vision of such substantial citizens as Dr. Whitehead. It is indeed an inspiration to all who are interested in the work to know that an outstanding citizen has had such faith in the project and knew that such a bequest would benefit many in years to come.

The Hilltop YMCA is about to start its fourth year. In this time an ever increasing number of services have been provided for both youngsters and adults.

A large portion of the work of the local Y has not been the kind that everyone has been in a position to see. To many, a YMCA means a building with recreational facilities, and perhaps a swimming pool, etc.

We, too, have long contended that the Hilltop Y can have such a fine facility. But such a project will cost many thousands of dollars and such money cannot be raised over night. Already a good foundation has been laid in the fact that the Y owns two very fine large lots at Harris and Broad that can be made available for building. A special building fund is also established and has been growing from year to year.

While the present emergency exists the board cannot consider any immediate prospects of building. But to wait until such a time presents itself will only make the fund raising project all the harder. It is well that annual contributions to the building fund be made now so that the board will be in a position to take advantage of any opportunities that may present themselves in the not too distant future.

No finer opportunity to be of service to an unlimited number of people presents itself to individuals and organizations of the Hilltop than through their backing and contributions to the Hilltop YMCA building fund.

Several years ago members of the Columbus Optimist Club had such vision in backing the South Side Y Park and in the course of 10 years has made available over $30,000 and many man hours which has resulted in a fine facility in South Columbus that is used by thousands and thousands each year. The members of this organization have built a monument to the Optimist Club, but one that continues to serve year in and year out.

The Columbus Community Chest, in approving the request of the Hilltop YMCA for operating funds for 1952, was highly complimentary of the progress made in the few years the Hilltop Y has been organized.

The year 1952 should be a banner year for the development of the Hilltop Y building fund. Words alone today will leave the job undone for tomorrow. Action today will result in realization tomorrow.

Hilltop 'Y' To Receive $27,500 Whitehead Gift

Inventory of the estate of the late Dr. Howard Whitehead, filed in Probate Court on Jan. 5 revealed that the gross estate amounted to $94,188.29.

Herbert G. Deems, executor, and Keith Martin, attorney for the estate, revealed this week that after specific individual bequests have been made and debts and expenses paid, there will be a residue of approximately $55,000 which is to be divided equally between the Hilltop and Spring Street YMCA's.

Members of the Hilltop Y board this week indicated that their portion of the estate receipts, approximately $27,500., will be placed in the building fund.

The local board is interested in seeing the Hilltop Y building fund grow to the place where it will be possible to proceed with plans for a local building when present building restrictions are lifted.

Eight Injured In Auto Crash At New Rome

Eight persons were injured in an auto crash of two cars on Sunday, at the corner of W. Broad-st and Pasadena-av.

Mr. and Mrs. Emil Postle of Galloway-rd and daughter and her husband, Mr. and Mrs. Lloyd Beath of Galloway, had stopped for the red light, according to witnesses, when a car from London, coming from the the west hit them, knocking their car over, causing the gasoline to burn their car. All were treated at Mt. Carmel hospital.

Much credit is given to Joe Lamb, who ran over with his fire extinguisher and kept the flame down until the Prairie Twp. Fire Dept. arrived.

Lamb's quick thinking saved the life of Mrs. Postle, who would have otherwise perished in the blaze.

Confused, she turned around again, and finally walked west under the railroad viaduct near the city limits and entered the Old Trails Bowling Alley.

It was there she was found six hours later holding a bottle of milk for the baby of a woman bowler. Patrolmen didn't even give her time to burp the baby before they whisked her home.

Snider Law Suit Against County Is Dismissed

The action was taken by Common Pleas Court Judge Clifford after an entry was filed by attorneys.

Action of the court in dismissing the case brought to an official close the long battle by the Camp Chase Civic Association to keep a low cost housing project from being established on the lands.

Male Chorus Busy Preparing For Minstrel

First meeting of the Hilltop Male Chorus in preparation for this year's Hilltop Minstrel Shows was held Monday evening at Glenwood Methodist Church with twenty-five men reporting for the initial meeting, according to Bill Marot, president.

Work on the routine the chorus will handle in this year's minstrel was begun immediately despite the fact that the 50 men needed did not report at the Monday meeting. Marot stressed the need for 25 more voices and outlined the procedure of preparation. He said that there will be but seven meetings of the chorus prior to the minstrel and that at least four rehearsals must be attended in order to qualify.

Another meeting has been scheduled for Monday, Jan. 14 at the Glenwood Church with choral rehearsals to begin promptly at 7:35 p. m.

This year's presentation on the part of the male chorus will be an entirely new departure from previous shows, in that there will be plenty of barber shop harmony, quartet numbers and in general the type of music that is associated with the old time minstrel shows.

In the meantime Marot urged that anyone wishing to join the chorus be on hand at the Monday night rehearsal.

Deadline Set For Purchase Of Dog Tags

Those who haven't purchased 1952 dogtags for their pets are faced with up to $25 in fines, plus costs, if their dogs are picked up after the Jan. 20 deadline.

Owners who purchase tags after the deadline must pay a penalty.

Church Plans New Addition

The Hilltop Church of Christ (Disciples) will have a new addition to the church building as soon as funds can be raised, the congregation decided Dec. 23.

At a congregational meeting following the worship services Sunday morning the members of the church authorized a building campaign which will be launched Jan. 27.

The new addition will be primarily to furnish Sunday School rooms for children from pre-school ages through the sixth grade. In addition, the new wing, which will be added to the south side of the present building will include a kitchen, minister's study and office.

The cost of the entire enterprise will be about $40,000.

According to present plans, the construction will start this summer.

School Board Gets Tough; Orders Building Completed

"The delay in the building of the new Westgate Elementary School is no longer the result of a labor dispute as far as we are concerned" was the opinion expressed this week by Columbus Board of Education. "It is now up to the general contractor, Ang Construction Co., to complete the building by July 11 or be assessed penalties of $50 per day for every day the building is not complete after that date."

Action of the board in getting tough about the matter came when the Ang firm and F. H. Davis Co., failed to reach an agreement by which Ang would buy up the contract of Davis and go ahead with construction of the new school building. Members of the board expressed their exasperation at the delaying tactics being used in construction of the building.

The contractors had requested further time extension and Edward Kromer, school architect in his report to the school board refused the time extension and said that the responsibility rests on either the general contractor or his bonding company, the U. S. Guaranty Co., to complete the building by the prescribed time.

Originally the building contract called for completion by April 1 but extensions of time were granted until the board was notified that the contractors were negotiating over the sale of the electrical contract. An impasse was reached over materials ordered by Davis for which he asked payment, from the Ang firm when he offered to sell his contract in order that construction of the building be continued.

A spokesman for the Columbus Board of Education said this week, "The action of the board places the responsibility of completion of the building squarely up to A. E. George, owner of the Ang Construction Co. In other words it's an order to him to get the building built by the deadline date of July 11 or start paying up. There will be no more extensions. The contract was granted in good faith and its up to the contractor to fulfill his part of the contract."

Several members of the fair board will be in attendance this week at the Fair Managers Convention which is being held Wednesday and Thursday at the Deshler Wallick hotel.

The year ended with a balance in the treasury of $6,974.01, even after payment of more than $1,000 for bills carried over from the previous year and the payment of a $5,000 note and interest from previous years. Sullivant-av Included In Lighting Plan

Among the streets to be lit by the "white way" system during 1952 are Sullivant-av and Sandusky-st, according to Supt. Robert N. Tucker of the Division of Electricity. The big 1,000 candlepower fixtures now illuminate W. Broad-st as far west as Hague-av and will soon be extended to the corporation line.

Tucker said installation of residential area street lighting in "scattered portions" of older areas and all new ones will be stepped up.

Rome Charter Retained By 3 Vote Margin

Twenty-three voters in the Village of New Rome cast their ballots in a special election Tuesday to decide the fate of their village of approximately 75 persons. And the tabulation was 13 to 10 in favor of retaining the charter.

The special election called because residents felt the apathy of the voters in last November's election left the Village officials with the government headaches. The 40% of the registered New Rome voters who turned out for the election is way above the average vote for special elections.

Kiwanis Club Feuding Factions Amass Fund For Youth Welfare

Last Thursday night one of the "hottest feuds" on the Hilltop was brought to a close, and harmony again exists within the ranks of the Hilltop Kiwanis Club. The feuding factions of the Hartley's and the Sensenbrenner's in the year long "Battle of the Sales Tax Stamps," was brought to a climatic and successful finish with a report of $119,464.47 reported collected in stamps by the feuding teams.

C. Carlton Hartley and Jack Sensenbrenner who captained the two teams have formally agreed to "bury the hatchet" after having set a new high goal for other members to shoot at in the forthcoming years. As the armistice pact was formally agreed upon by the feuding teams at the installation ceremonies of the local club, it was agreed that the Hartley team had won the contest by collection of $68,214.82 in stamps. The Sensenbrenner supporters came up with a total of $51,249.65 in the square paper tokens.

Although the feud raged in "hot warfare" for the past 12 months the result is that the local club by virtue of the collection of the huge sum in stamps, has amassed the sum of $3,583.94 which is earmarked for youth welfare work in this community.

At the beginning of the contest it was agreed that all members who had collected $1,000 in stamps would at the close of the battle be rewarded with turkey dinners. Those who did not attain that figure will eat beans Jan. 17 at Schmelzer's Restaurant.

The followers of the Hartley clan, in the year long feud were rewarded with red neckties as they attained the $1,000 class and 36 of them sport the red ties and will eat turkey. Sensenbrenner awarded his faithful with pen and pencil sets and had 25 members on the select list. O. H. Craft of the Hartleyites was best marksman during the feud with a total collection of $7,500 in stamps.

Traffic Safety To Be Stressed This Year

"For your own safety carry something white in your hands during these dismal and dark days as you cross the streets," such is the word being passed along to Mrs. Rose Sebastian, 52 N. Huron-av, by Police Safety Officer Lloyd V. Forbus. Officer Forbus is pictured above as he with the aid of Mrs. Sebastian illustrate a point that has been stressed in recent months. Aged pedestrians who normally wear dark clothing should at all times carry something light to enable motorists to see them. In last year's traffic more deaths were recorded by pedestrians above 60 whom drivers said they did not see in time.

George Tarbutton Announces For Prosecutor Post

George T. Tarbutton, prominent Columbus lawyer, announced today that nominating petitions are being circulated for the office of Prosecuting Attorney in the Democratic primary on May 6.

The 37-year-old attorney declared he has been urged by many friends to seek the nomination for prosecutor because the office requires "the services of a young, experienced and vigorous attorney."

Tarbutton was engaged in general law practice here from 1945 to 1950. He was appointed first assistant prosecuting attorney on Jan. 1, 1949, serving through Dec. 31, 1950.

His work included such prominent cases as the "divorce mill" subornation of perjury case and a number of first degree murder trials. In 12 second degree manslaughter trials, Tarbutton lost only one. In private practice Tarbutton has specialized in trial work and is employed by other lawyers as trial counsel in many cases.

AN EDITORIAL

Volunteer Firemen Prove Themselves

A stinging rebuke was delivered this past week to the efforts of a daily newspaper writer to discredit the abilities of the volunteer firemen of Franklin County to promote the idea of a mutual aid pact between the townships and the City of Columbus.

The Hilliards train wreck and subsequent fire which followed saw the volunteer firmen from virtually all over Franklin County respond to the call for aid and face the greatest test of their abilities they will probably ever be called up to to perform. These brave men faced fire, explosion and handicaps of lack of water as well as cold drizzling rain and sleet in their battle this week. They fought the flames to a standstill and won a victory against overwhelming odds.

They fought and won a victory without the aid of the Columbus Fire Department which did not answer the call. They performed a feat of fire fighting that rivals the best any city fire department anywhere can offer.

Their magnificent battle against the destructive explosions, flames and exploding ammunition successfully refutes any and every statement made by a writer who would set himself up as an authority on the various phases of fire fighting, without ever having manned a hose line or bucked a nozzle.

The Hilliard incident, however, did point up one important fact, and that is there must be some method of cooperation worked out between the township fire companies and the City of Columbus. The Hilliard incident has been likened to the same destructiveness as a bomb. It took the efforts of many fire fighters to successfully combat the flames.

The question is: "What if that had been a bomb and there were fires in other sections of the county? Would the equipment have been sufficient to successfully combat the flames and destruction? Would Columbus fireman because no pact existed have been prevented from aiding the county firemen or on the other hand, if disaster had struck Columbus itself would the lack of some prearranged agreement have prevented the county fire laddies from coming in to help out?"

From this corner, it appears that leaders of the County Fire Fighters, township trustees and the City of Columbus should get together and reach some agreement of cooperation whereby mutual assistance could be worked out in time of need.

Should fire break out in rural areas and county firemen call for aid from the city, we believe aid should be dispatched and that the direction of the fire fighting be under control of the county fire chiefs. On the other hand, whenever county firemen would be called into city regions they would be under the direction of the Columbus Fire Chief.

We do not agree with any plan that would absorb the county firemen into a system that would place them under control of the city, but we do maintain that some cooperative effort must be made for mutual protection in time of distress and need.

Let us never underestimate the abilities of the Volunteer County Firemen, especially in view of their fine work this past week.

Appendectomy Delays Family Christmas Party

Few people spent Christmas Eve as did Robert Ralph, 6, 938 Wiltshire-rd, who underwent an appendectomy at Children's Hospital. Robert, son of Mr. and Mrs. George Ralph, had been suffering from what was believed to have been a stomach cold or virus for several days and finally became so uncomfortable that a doctor was called Dec. 24. Medical diagnosis was acute appendicitis and the 1st grader was rushed to the hospital.

While the family waited their celebration on his return home the Sunday after Christmas, Robert had a special visit from Santa Claus at the hospital where all the girls and boys were visited. The Ralph's tree was up long after the neighbors took their Christmas fixings down but Mrs. Ralph said, "I told the children we would leave the tree up for a week, so we did."

DO YOU REMEMBER?

The days when every man could carry a tune,
It must be, say thirty, forty years,
We never saw our sweethearts' legs,
They were covered like her ears.

We kids were washed on Saturday night,
Our daddys cut our hair,
Our suits were made from uncle's pants,
And we wore red underwear?

The women padded but did not paint,
Nor smoke, nor drink, nor vote,
The men wore boots and small stiff hats,
And whiskers like a goat?

No one had an appendectomy,
Nor thought of buying glands,
The butcher gave away his liver
But charged us for his hands?

We never had a bank account,
On vacation never went,
The hired girl got three bucks a week
A few more paid the rent.

One thing hasn't changed though
In all the years gone by
Folks still like to read the Record
One issue will tell you why.

Suppose It Were Your Kid

Suppose it were your kid — your girl or boy — happy, protected, cherished — with dreams of growing up to become a movie star or pilot.

What could happen to her — or to him, laughing and playing in the sun under your watchful eyes? The chances are, nothing.

But to thousands of such carefree, loved, protected youngsters something did happen last year. Dreaded, sneak-attacking polio struck at them, childish laughter was stifled. There were days of pain — of excruciating anxiety — for some, a prospect of lifelong handicap. Suppose one of them had been your girl or boy.

January is March of Dimes month and during this time all of us have a chance to act as if our own children were among the unfortunate. We can strike back at this cruel disease by contributing generously to the MARCH OF DIMES to help them.

The job of getting kids back on their feet — in a literal sense — cannot continue unless you and I and all the rest of us put up more dollars and dimes than ever before. There have been 132,000 cases in four years, triple what used to be a "normal" number.

When you see the smiling-faced lad on the MARCH OF DIMES posters or in the newspapers, think of the good that can be accomplished for him and others like him through the MARCH OF DIMES.

Suppose there were no MARCH OF DIMES, suppose it were your kid and no help at hand . . .

Fortunately, there is a MARCH OF DIMES. You created it and you can give it the extra backing it needs this year because there are so many kids — and adults too — dependent upon it.

READER COMMENT

Letters To The Editor

This newspaper invites letters from its readers on subjects of timely interest. All letters, however, must be not more than 400 words in length and all must be signed by the writer. The writer's name will be omitted if requested.

To our many members, both active and adult, also our most wonderful friends of the West Side:

We wish to extend to you one and all, our most sincere gratitude and thanks for the wonderful manner in which you have accepted our boys' organization in your community.

The Columbus Chapter of DeMolay, last October took over the old West Gate Blue Lodge of Masonry at Burgess and Broad-st, and will attempt to follow along in their footsteps, to become an honor to the West Side.

The boys have completely renovated this hall and have a beautiful lodge room which is being used every Wednesday night of the month for their activities. Tuesday nights are used by the K of P's, same as in the past.

To those of you who may not be acquainted with DeMolay, may I explain.

This is an organization consisting of boys 14 through 21 years of age, under the supervision of men known as advisors, and sponsored by the "Achbar Grotto" No. 31 of Columbus, Ohio.

The aim is to teach the boys how to be better sons, better citizens, real Americans.

This is known as the "mother" organization or Chapter of Columbus, since its inception just 30 years ago. It bears the honor of having over 3000 boys on its rolls, and has furnished the nucleus for two other chapters, viz: "Bexley" and Aladdin.

The name De Molay really means a great deal. We have quite a number of very influential business men, who after attaining the adult age of 21 received their certificate to that effect, and point to it hanging in their offices.

The boys when pondering over the question of taking over this new home, gave great thought and consideration towards the possibility of their kindred young ladies' organization known as "Job's Daughters", and the possibilities of their holding joint activities, which would of course be a wonderful combination for these young folks of the community.

Now kind friends of the West Side, we have introduced ourselves, and with the promise you will never need be ashamed of the Columbus Chapter of De Molay, permit us to ask your utmost help and consideration through investigation as to our conduct, activities, etc., if found worthy assist us, if not tell us. We welcome criticism of constructive nature.

In turn we most respectfully solicit you for your son's membership, 14 through 21 years of age. We who know De Molay so well can think of no gift you could give a son for so little cost, which in later life he would thank you for, as a membership in De Molay.

As a thought, perhaps you are a Blue Lodge Mason. Well, your dues card will admit you to meetings, to which you are most cordially invited at any time. I promise you, if it's your first visit especially to a ceremonial or initiation you will be very much surprised at these boys' efficiency in their work.

You also owe it to your families to attend our next public installation which will be about February. Even if not interested come out and perhaps you may become converted after seeing such a beautiful sight.

Once again, thank all you good people of the West Side for anything you may see fit to do for these boys.

"SMALL BUSINESS"

By C. WILSON HARDER

The late New York columnist, O. O. Mcintyre often claimed "the biggest rubes in the world are found along Broadway". Today he would include Washington bureaus.

* * *

The Defense Production Administration is staffed thickly in top positions with Broadway "rubes". The recent DPA announcement on the newsprint situation indicates how little national knowledge most bureaucrats possess.

C. W. Harder

* * *

DPA Bulletin No. 170 reports five big newsprint firms have received certificates for rapid amortization of building costs for new production facilities.

* * *

But in the next sentence, the report says nothing will happen in the near future, because no priorities are planned at this time for construction of newsprint plants. DPA uses a large quantity of scarce newsprint to announce nothing will be done.

* * *

Washington observers point to this "ring-around-the-rosy" action by DPA as another example how bureaucrats are led around by the nose when the interests of small business are concerned.

* * *

The U. S. newsprint supply is closely controlled by a small group, and to meet the shortages, this group has continuously raised prices threatening the existence of weekly newspapers.

* * *

But many things have thrown a scare into the firms controlling newsprint supply. One is that the Senate Small Business Committee, headed by Sen. John Sparkman, Ala., is investigating.

* * *

Sen. Lister Hill, also of Alabama, announces a bill to provide means by which concerns can produce newsprint as necessary to protect and preserve the last guardians of the American free press . . . the independent weekly newspaper.

* * *

Of course, those who control the newsprint supply do not want independent competition springing up, so the Defense Production Administration took action, to block any constructive action.

* * *

It is not presumed that anyone in DPA will ever be found to have received deep freezers or mink coats because of this action. But the very language of the DPA report on the subject shows that biggest "rubes" in the world are bureaucrats.

* * *

The Senate Small Business Committee has found that the nation's 9000 weekly newspapers use between 3 and 5% of the newsprint supply while the government alone uses 7%.

* * *

But DPA reports as follows: "There is a growing number of weekly newspapers in the United States competing for available newsprint. This group, consists mostly of religious, labor and fraternal publications, and consumes about three per cent.

* * *

Thus, officials of the DPA went on record as not knowing what makes the nation run.

* * *

Briefly, and airily they dismiss the importance of the 9000 American weekly newspapers of general circulation that reach more than 15,000,000 homes, and are read by more than a third of the entire national population.

* * *

It is easy to see how monopoly can pull the wool over eyes of bureaucrats as stupid as these.

* * *

Perhaps their stupidity makes these officials think the newsprint being given to Tito's Yugoslavia is being used for a free press.

Nine Men

A young woman walked into a Pittsburgh police station and gave the desk sergeant a detailed description of a man who had dragged her by the hair down three flights of stairs, threatened to choke her to death and finally beat her up.

"With that description, we'll have him arrested and put in jail in practically no time" said the desk sergeant.

"But I don't want him arrested," the young woman protested. "Just find him for me. He promised to marry me."

He knew he married a sculptor's daughter because every night when he came in she called down, "Statue, dear—statue?

The man who wrote "Every Picture Tells a Story" had never been to a movie.

A sign in front of a shoe repair shop pictured several styles of rubber heels and a beautiful girl who is saying, "I'm in love with America's Number 1 Heel."

Underneath, in small feminine handwriting, someone had added, "Too bad, sister! I married him."

Mother And Children Seek New Home

A Hilltop mother has asked aid of The Hilltop Record in finding a place for herself and her 20-month-old girl and seven-month-old boy to live. She has been asked to move from the apartment she has held on the Hilltop since last August.

Her landlady who occupies the lower half of the home had cared for the two children during the days when the mother works but the arrangement is no longer satisfactory. A home where similar arrangements could be worked out or where it would be suitable to have someone in by the day to care for the children is being sought.

The young mother, separated from the children's father, is trying hard to keep her family together and be both mother and father of her children. She is very proud of her family and feels they deserve some privacy.

If you can help her she requests that you contact her through a friend at RA. 2603.

The City League High basketball teams got back into action last Friday evening at the Ohio State Fair Grounds coliseum with a full schedule of three games having been played.

A gathering of some 4,800 spectators who witnessed the contests, saw both excellent and poor basketball as Central, Linden McKinley and South High Schools emerged victors over their opponents. East, Aquinas and West.

In the opener, Linden McKinley, after trailing most of the contest, rallied in the final period to nose out Aquinas by the score of 61-58. Cain and Mouser led the winners with 19 and 15 points while Burkley, the Terriers' guard, led his teammates with 20 points.

The middle fracas of the evening found the Cowboys of West High losing their fourth consecutive game in league play as the South High Bulldogs emerged the winners by a score of 65-54. The locals' 18-13 lead at the end of the first period was short lived as they lost their center, Thornton, via the personal foul route and trailed at halftime 31-29.

The final two periods were marred by wild shooting and numerous rule violations, as the Bulldogs pulled away to win a decisive victory.

A total of 55 personal fouls was called by officials in this contest.

Keller led the winners' attack with 23 points as Johnson and Trabue led the Cowboys with 18 and 16 points.

The final and easily the finest played contest of the evening saw the Saunders coached Central High Pirates score the upset of the season locally if not in the entire state as they outfought and outscored the defending city and state champions, the East High Tigers, in an overtime period by the score of 60-57.

The contest was evenly played throughout with neither team having a decided advantage. With but six seconds remaining in the regulation contest Harris, the Tigers' all-state center, tied the score at 53-53 with two successful free throws, to send the game into overtime.

Cassady, the Pirates' scintillating forward, then took charge by scoring all seven points to gain a fine team victory.

Flames Endanger Hilliards After 50-Car Train Wreck

Pictured above is the Farm Bureau grain elevator at Hilliards which was rendered almost a total loss last week by the train wreck, fires and explosions which occurred adjacent to it. Nearly 50 railroad cars were piled up on the opposite side of the elevator. Damage can be clearly defined in this photo by the Hilltop Record. (More photos appear on Page 6.)

But for the valiant efforts of the Franklin County volunteer firemen the small village of Hilliards might well be today a shamble of blackened ruins as a result of the 50 car train wreck and subsequent explosions and fire which followed last Wednesday night.

A loose spool of cable in the 23rd car of the eastbound freight from St. Louis to New York was the spark which set off a chain of events resulting in the more than $1 million damages by fire and explosion. It was reported by railway investigators that the loose cable broke through the flooring of the car, bounced into the side of the diesel locomotive of a west bound train which was on the siding and hurtled back onto the mainline tracks under the trucks of moving cars, causing the initial derailment.

Almost instantly cars began to pack one on top of the other, an oil tanker blew up as the cars crashed into the side of the elevator, moments later another explosion occurred inside the elevator, presumably from grain dust and then chaos reigned in the small village for the next 48 hours.

Volunteer firemen from all over Franklin County answered the emergency call and more than 20 pieces of fire fighting equipment along with 150 firemen battled the flames and exploding ammunition in several of the munitions loaded cars.

At least four men were injured by flying shell fragments as the munitions car blazed setting off the anti-aircraft shells and the work of fire fighting was hampered by sleet and lack of water. The water supply of Hilliards was soon exhausted and water had to be brought in by pumper trucks and by laying hose lines into ditches and channeling water in to the blaze.

Many of the residents in Hilliards thought at first that there was the possibility that a bomb had exploded on the town. A number of persons witnessed the explosion when their attention was attracted by the sound of the cars piling up just a short distance from the main section of the village.

Said Mrs. Margaret Blackledge, "I heard cars rattling, then a roaring sound and ran to the window just as the explosion happened. A ball of fire went high into the air and another followed in just a minute. Then the fire started in the cars."

M. D. Hartsook, school superintendent was in one of the school rooms near a window when his attention was attracted by the piling cars. He described the ball of fire in the sky and the flames which lighted up the entire area.

"The heat from the burning gasoline was intense enough to make steam of the water on the outside of my house," is the way Harry Miller described the fire.

Other eye witnesses to the accident also described the ball of fire and the subsequent explosions much in the same manner. Several men who were helping to fight the blazes on Wednesday night said that the explosion of the shells, flames and general uproar reminded them of days of World War II.

Recurrent fires at the grain elevator since the accident have kept the firemen busy. Latest call was last Saturday when the Rome and Hilliards fire departments responded to another call at the elevator to extinguish more fires long after the wreck scene had been cleared and normal passage of trains resumed.

The $250,000 grain elevator was regarded as almost a total loss while the grains and other materials including machinery are expected to up the total another quarter million dollars. No exact estimate of damage has as yet been released by the railroad but it is believed that the sum will exceed more than a half million dollars.

SALLY FLOWERS PROGRAM

By Eleanor Fleming and Doris Wilson

Florence Allgood, Barbara Fields, Eleanor Fleming, Phyllis Hammond, Lois Schoenburger, Mary Vincent, Paul Borror, Clair Hildebrand, and Franklin Oyer attended the Sally Flowers' television show on Dec. 9, at the WLW-C television station.

They were accompanied by Mrs. Richard Fleming and Lee Allgood. The boys, girls and parents enjoyed the program.

Warning!

Ordinance officers at Ft. Hayes say they have reason to believe than many of the 20-mm anti-aircraft shells picked up at the scene of the Hilliards train wreck last week have not as yet been turned over to authorities.

An unexploded 20-mm shell is extremely dangerous and many school children and souvenir hunters carried them away from the scene. If you have one or know of a friend who has one see that it is turned into the Hilliards Fire Department, or to police or to army authorities.

Above all don't go to fooling around with one. It was built to kill and cause damage. It is sleeping death residing in your household and capable of exploding at any time.

Turn in those shells now, lest you or your family be brought to disaster.

Sailor Granted Leave To Get Scouting Award

Bill Walton

The United States Navy looks upon scouting as a very worthwhile thing in a boys life, according to Bill Walton, 678 S. Burgess-av a torpedoman on the USS Smalley.

Bill is probably the first sailor to obtain a furlough in order to receive a scout award. A Boy Scout in Troop 79 he entered the service in Nov. 1950 just a few months before he was to have received the Eagle Award.

Just before time for the awards to be made Walton applied for a furlough on that basis and his commanding officer was told to furnish a special board of review for Bill at the Navy Base.

This was done, and after Bill passed his review he was granted a furlough to come home to receive his Eagle award. That was last July and since then Bill has seen much service in which his scouting came in handy. As a matter of fact at one time he was one of three who could qualify for a certain mission in his company and all three were men who had been Eagle Scouts.

A former West High School student, he is now at home on a thirteen day furlough. He said that all boys who are scouts should by all means take their scouting very seriously as it will influence their future a great deal, especially if they should enter any form of service in the future.

ALL AUTOMOBILE MANUFACTURERS ADVISE...
Drain Motor Oil More Often in WINTER!
HERE'S THE REASON

Your car engine manufactures as much as a gallon of water for every gallon of gasoline burned. Most of this water passes out through the exhaust pipe. Some slips past your pistons rings into the crankcase.
High engine temperatures keep most of this "blow-by" moisture from condensing. But in winter, and on short trips, cold engines and slower driving leave the crankcase cold—ideal for condensation. When it's cold outside, it literally rains inside your crankcase!
This condensed water drips into your oil. Unburned fuel from extra cold-weather "choking", together with acids and other by-products of combustion enter the oil. Oil, water, acid and unburned gasoline are churned together into a thick, gummy substance called sludge.
Cold sludge plugs oil screens, piston rings and oil lines, preventing proper oil flow and lubrication. It increases oil consumption. Hurts gasoline mileage. This plus the extra wear of acid action leads to engine damage and repair bills. There's only one simple, effective solution—get the contaminated oil out of the crankcase often in winter.
Let us help you take care of your car.

Robe Committee Names In Error

The committee for making Hilliards choir robes was erroneously listed in The Hilltop Record as including Marilyn Horsch, Joan Woodin, James Trachsel and the music instructor at Hilliards, Mr. White. The correct committee includes Mrs. Godfrey Horsch, Mrs. Ralph Woodin and Mrs. Ralph Trachel.

Burgess Ave. Church Plans Expansion

The Building Fund Committee of Burgess-av EUB Church with assistants will unite in a comprehensive and thorough membership canvassing this coming Sunday afternoon in the interest of securing cash and pledges for the recently proposed building project.

The project was agreed upon some two years back, but for the past year has come to a standstill due to other pressing financial drives.

This drive will reopen the concentration upon the new addition to the Burgess-av EUB Church and will be continued until the project is completed. The hopes are to begin within two years. The addition will provide added Sunday School room and will facilitate in group meetings which will be held in the Church. The project calls for an enlargement of the western section of the Church building.

A second of a series of sermons on power and Place of Prayer in our present world will be delivered this Sunday morning by pastor Irvin H. Lane. The Junior Choir will furnish the special music under the direction of Mrs. William Clifford.

An optimist is a gent who sits in the last row and winks at the chorus.

PEACE

YET WHAT SATISFACTION THERE IS IN GETTING THIS DECISION MADE
"Some other day," we say, as somehow we hate to face one of life's most important decisions—the choice of a family burial estate.
But how sensible to choose it now. Then this family matter will be a family decision. Everyone concerned can have his say, as decide today to visit Sunset Cemetery and make your selection.

IN HIS FATHER'S footsteps . . .

A little fellow's out for a trip in the snow—and using his head as well as his feet for a tricky bit of walking.

Of course, he has to stretch his legs a bit. But no matter which way those tracks go, that small son will follow them. The reason? That's simple . . .

Those are his dad's foot steps in front of him—and that's the way he'll go . . .

An old proverb tells this story in four short words. "Like father, like son". That's all.

But it can foretell the story of a lifetime. It is up to *you*—as your son's father—to decide what kind of a lifetime *he* will lead, simply because it will be patterned greatly after the one you are leading now.

By going to church, for instance, you will be setting a powerful example that he will follow in later life. Just as your life is made more purposefull by participating in church activities, so will be the life of your son. The message of the church that finds reflection in your life—that, also, will be reflected in the life of your son.

Think it over. Whether you can see them or not, you are leaving imprints in the years of your life right now.

Is it the trail you wanted to leave?

Is it the trail you want your small son to follow?

Your church can help you decide . . .

My steps have held fast to thy paths, my feet have not slipped.

The New PLYMOUTH For 1952

Here's Plymouth's smart hardtop club coupe, the Belvedere, the pace-setter in the lowest price field with its new concepts in styling and beauty. The car has glistening, lively two-tone colors: Suede Tan with Sable Brown top; Belmont Blue Polychromatic with Sterling Grey top; Mint Green with Black top. The color used on the roof follows the Belvedere's streamlined contours around the spacious rear window and down over the rear deck, giving the car the continental look. Sparkling chrome molding outlines the top and carries back to separate the two colors at their junction at the rear quarter-panel. The interior is luxurious, with colorful quality fabrics and vinyl blended in perfect harmony with the shades used on the exterior.

Finish Of School Fight Is Good News

News to the effect that construction is going to be resumed on the new Westgate School is indeed welcome at this time. It goes without saying that the community is of the opinion that the whole delay was uncalled for and out of place and certainly it is hoped at this time that there will be full speed ahead to make up for lost time.

A vote of thanks is due the Camp Chase Civic Association for their part in bringing the matter to a head and insisting that the two parties negotiate.

Where Are We Going?

This past Monday was high school day at the Columbus Rotary Club. It was planned that the West High Band would be on the program. But the youngsters were not permitted to play because of a Union Musicians' regulation which prohibited them from doing so.

Think this one over and ask yourself, "Where are we going?"

Flowers of the Week

A nice Rosebud bouquet to Mrs. Evelyn Hall, dramatics teacher at West High in recognition of the very fine production staged at the school last week and to be staged again tonight. What started out to be just a strictly school sales tax show turned out to be a top notch production that will stand among the best at West High. But that's just the usual sort of thing from this department at West!

No Explosion At Hilliards Grade School

Principal Roy Moore of Hilliards Grade School, Wednesday scotched rumors that a glass blackboard in the new school building had exploded and caused cessation of classes.

Moore said that the glass blackboard in the Third Grade room had cracked with somewhat of a noise Tuesday and then cracked in several other places. Fearing that the board might fall on pupils in the room he ordered the class from the room and with the aid of a wrecking bar pulled the blackboard down.

Class was resumed, he said, after the debris had been cleaned up.

Work Resumed On Westgate School Bldg.

Workmen were back on the job today, moving toward completion of the new Westgate Elementary School after long months of delay caused by refusal of union workmen to work on the same job with non-union workers.

Final action toward completion of the new Hilltop school building was taken late Tuesday afternoon when the Columbus Board of Education moved rapidly in releasing the Frank Davis and Sons, non union firm from its contract for electrical work in order that a new sub-contractor be named and workmen get to work immediately on the job.

Earlier Tuesday morning final details of an agreement between the Ang Construction Co. and the F. H. Davis Co. were completed in the City Attorney's offices. The Pursha Electric Co. was then granted the contract for electrical work on the new school edifice.

Last week the school board had decided on a "get tough" attitude and ordered the two contractors to reach some sort of agreement. The board at that time established July 11 as the latest date which could be allowed for completion of the building and pointed out that the Ang firm would be liable for $50 damages per day for every day over the July 11 deadline which the building was not completed.

Death Ends Colorful Public Career For Floyd F. Green, Former Mayor

Death by cerebral hemorrhage brought a sudden end to the colorful political career of Hilltopper Floyd F. Green, 3046 Crescent-dr, 53, former Mayor of the City of Columbus and a recent candidate in the mayoralty race just ended. He died early Saturday in a Newark City Hospital, seven hours after he had become ill in a Newark restaurant.

Funeral rites for the former chief executive of the city were held Tuesday at 2 p. m. in the Schoedinger Funeral Home, 239 E. State-st followed by burial in Sunset Cemetery.

The sudden death of the former Mayor wrote "finis" to a chapter in Columbus political history that it is hard to parallel. Floyd Green first served as a city councilman from 1927 to 1931 when he made his first bid for the mayoralty seat and was defeated by the late Henry Worley. Again in 1933 he tried, only to be defeated by Myron T. Gessaman. Six years later he came back again to defeat Gessaman and served from 1940 to 1944.

In 1943 and 1947 he lost bids for re-election but was still undaunted in his determination to again serve as Mayor of Columbus. Last year he was a successful candidate as a write-in nominee and opposed James A. Rhodes in the

Floyd F. Green

November campaign, but was defeated.

A life long resident of the city, he was president and general manager of the Root Construction Co., at the time of his sudden death. He was a graduate of East High School and Columbus Business College.

He had been during his lifetime, a mail carrier for the Pennsylvania Railway; billing clerk, service manager and member of the sales force of Kilbourne Mfg. Co. and later a salesman for the Siebert Milburn Co., Galion Iron Works and Miami Portland Cement Co. He resigned his post with the cement firm to enter the political arena in 1925.

During his years as a political campaigner, Green became widely known for his peculiar and famous double handshake of grasping the voters hand and elbow and beaming with a smile. He was particularly noted for his willingness to run against the toughest opposition and in the recent campaign stood alone without organization support and staged a colorful campaign that at times caused consternation in the opposition's ranks.

He was a past president of the Columbus Lions Club, the Builders' Exchange, and the Hilltop Business Association. He Was a member of the Buckeye Republican Club, Columbus Athletic Club, Moose, Elks, Masons, Eagles, Agonis Club, Columbus Automobile Club, United Commercial Travelers, Columbus Real Estate Board and Old Timers Baseball Association.

Surviving are his wife Mrs. Esther M. Green of 3046 Crescent-dr and a daughter, Mrs. Irene Mat[illegible]

Hilltop Minstrels of 1952 To Rival Shows of the Past

Pete and Virginia Forster

Virginia and Pete Forster, veteran performers, are the producers and directors of this year's Hilltop Minstrels. The Forsters are veterans both from a standpoint of having served many years in the business themselves, and as producers of minstrels. They are noted for their successes with the Boulevard Minstrels that is produced annually in the Tri-Village area.

Pete and Virginia operated a business of building and booking professional shows right here for many years. They maintained offices in the Hartman Theatre Building where talents were organized and booked out over a circuit of twenty to thirty weeks at a time. This service was carried on until sold to a Detroit agency which still operates over this same circuit, now booked out of Detroit.

This year's Hilltop Minstrel show is being operated more on a professional basis. There will be no children on the roster and speed will be a noticeable improvement. Forster will direct the Hilltop Men's Chorus from the pit and in this way bring out many unison effects that are not otherwise possible.

The show will be done as all minstrels should be, in two parts, first an [illegible] first part of all men, this section to last one hour to the minute, with four end men and the insertion of a putty nose tramp comic who will turn out to be the biggest riot of the show.

Feature numbers by the male chorus where display of action in unison swaying, motion to music and the use of tamborines for rhythm will take you right back to the real minstrel days. A new seating arrangement as Al G. Fields would have done it with the orchestra in the pit and the big minstrel in full action on the stage will carry you back to Dockstader, West and "Honey Boy" Evans days. The minstrel first part finale brings the entire company right down in the aisles for an action packed finish.

Before the OLIO or second part of the show starts, a fifteen minute intermission will be had, inviting folks to stretch their legs, smoke and get refreshed. After another short overture by the orchestra the call back to your seats will bring the fastest vaudeville revue you have ever seen on the Hilltop. A display of speed, comedy blackouts, production numbers makes you feel you're seeing a New York Road Show.

Larry Daniels Will Become Farm Reporter

No successor to Daniels for the Franklin Soil Conservation District has as yet been named.

New Rosary Subdivision Will Cost Several Million

Plans were revealed this week for the establishment of a new housing project on the tract of land at Demorest-rd and Sullivant-av which last year was the storm center of controversy over the rezoning and an attempt to construct a low cost housing project there. The new housing project announced this week by Edward Tonti, 253 S. Southampton-av, will cost several million dollars. It is expected to get underway within the next 30 days.

The new housing project to be known as Rosary Subdivision will contain, approximately 300 lots Tonti said, and will comprise more than 100 apartment units, 30 [illegible] family buildings and the balance in single homes which will have an approximate valuation between $14,000 and $16,000 each.

Current plans call for the construction of a business center at the corner of Demorest-rd and Sullivant-av with an area just west of the corner being reserved at present time. A playground is also contemplated in the new construction.

Earlier this summer the area which comprises this new housing development was rezoned to a 1-R-6 classification. This week application was made of the planning commission for another rezoning to 1-R-8 classification in order that construction of this new multi-million dollar project will be started as soon as possible.

A public zoning hearing has been set for 8:30 p. m. on Feb. 18 at the Franklin Township Hall, according to information received this week from Franklin County Planning Commission at the court house.

Although no definite statement could be obtained concerning the area which is being reserved, it was intimated that it might be the site of a hospital, school or church at sometime in the future after development of the project was well underway.

On Dec. 18, 1951, the Franklin County Commissioners gave approval for subdivision of the controversial Snider tract when a plat was presented them by John Waldo and Joe Fodey for subdivision of 33.648 acres of the 77.736 acre [illegible].

Political Fever Hits West Side; Candidates Busy

As the political pot begins to boil, the hats of several West Side candidates, who aspire to public office began to make their appearance in the ring, with announcements coming from several quarters this past week.

Henry A. Koontz, 485 Hilltonia-av, 51 year old president of Co[illegible] City Council and a veteran organization Republican, last Saturday made formal announcement of his intention to be a candidate for the post of county com[illegible].

"I have been pressed by friends and fellow Republicans to seek the commissioners job. I have decided I would like to hold the office and will actively seek the nomination as Republican candidate at the May 6 primaries," Koontz said this week.

Another West Side man, County Treasurer, [illegible] A. Thatcher, 2966 Crescent-dr has filed his petition with the County Board of Elections seeking re-election to the post he now holds.

A Republican candidate loomed on the horizon from the West Side this week too, as George L. Conners, 1720 W. Mound-st announced that he has filed petition with the Board of elections for the office of Sheriff of Franklin County. Conners is currently associated with the Ternstedt-Columbus Plant of General Motors Corp. as sergeant of plant protection.

In the meantime another candidate from the West Side is also contemplating the tossing of his hat into the ring in the May primary. George Sinclair, 109 Powhatan-av is seriously considering his filing as Republican candidate for the position of County Commissioner. His entry into the field would place two West Side candidates into the field.

In Passing

By ESTHER WEAKLEY

DREAMDU

My hair in fashion's newest style,
My hat a picture poem,
White ruffles fall around my feet—
Cascades of misty foam.

I stood so tall, so sweet and slim
Amid admiring glances.
My feet as light as thistledown
Excelled in all the dances.

As my heart beat time to music gay,
A sunbeam softly stealing
Across the years, caressed my cheek
And said "Wake up, you're dreaming."

Hope White Gibson.

Good reading for long winter evenings when Uncle Millie and his ilk have palled — "The Man Called Peter" by Marshall; "The President's Lady" by Stone; "Fathers Are Parents, Too" by I've forgotten whom, (my copy has been loaned but not returned) and of course Oursler's "The Greatest Book Ever Written."

The It-Takes-All Kinds Dept.—She lives in an antique-filled house and now and then invites a few kindred souls in for tea, when they solemnly discuss Epictetus and other long-dead philosophers in a trance-like atmosphere. On Christmas Eve she called a friend who was neck-deep in wrapping gifts, making plans for a big family party and otherwise occupied with activities that had nothing to do with what Epic. had said concerning the condition of the world, etc. She—the busy friend—was too busy trying to make at least one day a bit happier for the world, by keeping Christmas. After the busy friend had moved boxes and seats from a chair so she could sit down to listen to philosophy with one ear and for the whistling of the teakettle with the other, the Epic. devotee sensed she was not getting the undivided attention she should have, and now the busy friend has heard the antique lady says she is "neurotic!" More fun.

May have reprinted this before but it is so lovely that nobody should object. Author is unknown. I believe in God the Father Almighty
because wherever I have looked, through all that I see around me, I see the trace of an intelligent mind,
and because in natural laws,
and especially in the laws which govern
the social relations of man,
I see, not merely the proofs of intelligence,
but the proofs of beneficence.

A Leap Year poem, from somewhere:

Just give me a man
With a million or two,
Or one who is handsome
Would happily do.
A dashing young fellow
Is swell any day,
Or one who is famous
Would suit me okay.
But if the man shortage
Should get any worse,
Go back to the very
First line of this verse.

Dog Owners Are Urged To Secure Tags

With only 10,000 dog licenses sold thus far this year as against 35,833 for 1951, dog owners are being warned that the absolute deadline for purchase of dog licenses is Sunday, January 20. Although the county auditor's office will not be open after noon of Saturday, Jan. 19, license fees will be accepted by the county auditor's office if the application is mailed in, prior to this date, giving age, sex and a full description of the dog and being accompanied by the $2 license fee.

Dog owners who have not purchased licenses by that date face a penalty and those dog owners who do not purchase a license face a fine of as much as $25 and costs.

The Humane Society of the City of Columbus urges the prompt purchase of licenses either by mail or by visiting the county auditor's office at the court house.

"Not only is the dog license required by law but it is good insurance as a means of identification in making it possible to return lost dogs to their owners," Tom Justice of the Humane Society pointed out.

License fees are $2 for all dogs, either male, spayed female or female dogs, and $10 for a kennel license.

A Commendable Attitude

During this past week we were privileged to be in attendance at meetings of the two principal business organizations on the West Side of this city, The Hilltop Business Association and the West Side Board of Trade. The occasion was the installation of new officers who will lead these organizations during the year of 1952.

There was a striking similiarity in the attitudes of the new officers as they expressed to the respective assemblages their desires, and their objectives for the forthcoming twelve month period. "Community Advancement and Improvement of Business Conditions and Practices," was the keynote of each of the new presidents.

Too few times, does the general public realize the worth of these organizations. Most people regard them as more or less purely organizations of business and professional men, with an objective to soley promote and protect their own business interests, and there they stop in their observations.

Were it not for the existence of these organizations there would be no true community planning or spirit. In their meetings and get-to-gethers is evidenced the true nature of their banding together. It is there that plans are made for betterment of the community in which they maintain their business ventures. They as an organization are able to get things done, that if left up to individual effort could not and would not be realized. In these meetings they discuss business practices and ethics and try to devise ways and means by which they as business men can better serve the community. They recognize the fact that they must assume the leadership in promotion of their own communities and selling that community to the rest of the city as the best place in which to live.

Without your Hilltop Business Association there would be no Bean Dinner, no annual Minstrel Show, no Christmas time street decorations, no conscientious effort to better parking conditions or improve the general aspect of the community. Without the West Side Board of Trade there would be no annual Jubilee, no concerted effort to better conditions for the folk who live in the valley lands, no solid block to insist on better street lighting, no strong citizens unit to demand better street conditions.

Those are but a few of the things which are accepted generally by the public without knowing that these strong associations of business men have been the motivating force behind the scenes who have brought these things to actual reality.

Both organizations are now starting out on a new year, they have again pledged themselves to civic interest and betterment of their respective communities. It behooves every citizen on the West Side and the Hilltop to lend support to these organizations and to aid them in every manner toward attainment of their goals in 1952.

We suggest too, that it would be best for the two communities if these two powerful business groups, during this next year make an attempt to work in closer unison with one another. We believe that the exchange of ideas, and a mutual approach to civic problems by both groups would go a long way toward making the entire West Side a better place in which to live, work and be proud of, during this next year.

READER COMMENT

Letters To The Editor

This newspaper invites letters from its readers on subjects of timely interest. All letters, however, must be not more than 400 words in length and all must be signed by the writer. The writer's name will be omitted if requested.

I have read the presidents Christmas Message. He talks of peace and good will among men. He quotes the shepherd scene when the angels sang, "On Earth Peace, Good Will Toward Men."

All of us agree with the sentiment expressed and hope that we may have world peace soon. But how much confidence can be placed in the sincerity of the message when we know so much about the background of the life of the president and his chief administration aides?

The Savior came to earth to show the way to have peace and good will among men. There was no sham and pretense in his life. He severely rebuked hypocrisy and iniquity in high places. He never went around sniffling at the heels of the enemy like a whipped cur.

Peace was not to be attained in weak, cowardly, cringing attitude toward the enemy, nor to be bought with ransoms, nor sought through defense gifts to nations who through trade relations permitted impliments of war to reach the Reds who are killing our boys in Korea.

The Prince of Peace never said, "What can you do about it," but set the example by going into the temple and telling the officials that, "My house shall be called a house of prayer, but ye have made it a den of thieves."

In the twenty-third chapter of Matthew he called the scribes and pharisees hypocrits eight times and blind guides three times, and climaxed it all by calling them a generation of vipers (snakes).

He told them that they loved the uppermost seats that they might be seen of men and that they played to the gallery that they might hear the praises of men.

How different from the Truman method. How can there be confidence in the sincerity of the message when we think of the corruption in his administration?

Does the message endeavor to make the cup appear clean, while within it is filled with hypocrisy and iniquity?

The stench of pendergastism is too much in evidence.

East Tigers Win 66-50; West Suffers Third Defeat

A bit of fast and furious action is depicted in this photo taken during the East-West game last Friday night. An East player is caught here as he went up in the air to score one of the field goals that gave East an early and important lead in the contest. (Record Photo)

The West High basketballers were handed their third consecutive loss in city league play last Friday night at the hands of East High by a score of 66-50 in a hard-fought but cleanly played contest.

The Tigers had a 14-8 first period lead increasing it to 34-16 at halftime.

The Cowboys never gave up and came back to outplay and outscore the defending champs in the final half with their best showing of the season, but the long early lead was too much to overcome.

Truss, Watkins and Granger were outstanding for the East Siders, while the entire Cowboy aggregation played fine ball.

East High Reserves defeated West High's Reserves 26-24 in a preliminary game.

SPORT SLANTS

By Woody Owens

The large crowd at the West-East game last week saw a new innovation on the local court, when a select group of 7-B boys from the Jr. High Gym classes played a basketball game between the halves of the Reserve and Varsity game.

This exhibition of basketball as played by the little fellows was very fine and interesting and some of the goals made were nothing short of sensational.

Coach George Williams of the Cowboys is to be thanked and congratulated for this fine entertainment.

I'm speaking for myself and I feel many of those who witnessed the game. Let's see a lot more of these lads as many may be High School stars in a few years to come.

The following boys participated: White Team: Dick Glass, Don Kruckelberg, Dennis McDonald, Beaw McDaniel, Sam Mann, Ron Dixon.

Red Team: Jackie Kight, Gary Link, Larry Bates, Eddie Twiner, Tom Varner, Doug Andrews.

The second set of games played in the West Sr. Church League Monday night saw Hoge Memorial defeat Avondale EUB by a score of 39-32. Wolfe led the winners attack with 9 points.

Westgate EUB led all the way to defeat Highland-av Friends 30-22. Hall scored 13 points for the winners as Lazenby stood out in a losing cause with 15 points.

Wheatland-av C. of C. won their first league start by downing West Park ME 36-21. Harriston scored 15 points for the winners.

Before 1800 there were 21 newspapers attempted west of the mountains and eight of these were in Kentucky.

In 1801 there were about 200 newspapers in the United States; in 1833 about 1,200.

Minstrel

(Continued from Page 1)

will be a bathing beauty contest done by Hilltop business men in ladies' bathing suits, high heeled shoes and wigs. The names of their respective concerns will be on a strip across their beautiful chests. This cast includes Ed Witherspoon, Better Homes Center; Herb Kunzi, Hilltop Transfer; Ed Planck, West Side Motors; W. Hayden Jones, Jones Lumber Co., C. Carlton Hartley, Hilltop Record; Russ Carter, Broadview Linoleum; Curt Roberts, Yost Florists; Jack Alkire, Economy Variety Store; Jack Merriman, Seiller's Dept. Store; Lou Klaas Hilltop Jewelers; Joe Goodwin, Goodwin's Pharmacy; Chubby Distelhorst, Distelhorst's Grocery; Don Rice, Westgate Electric.

This will be conducted authentically as a bathing beauty contest with each contestant parading and vieing for the gaudy tin loving cup. A separate loving cup will be given each night and judges and the audience will decide who is the most beautiful (or hideous). The loving cups will be on display in the Hilltop Record window one week before the show.

A locally produced dancing ensemble of young mothers or business men's wives is now in production and will be another highlight that you will enjoy. The show will also carry the Boulevard Minstrelettes a dancing line of teenagers that are the city's best.

Many other novelties, bits, and scenes will make this year's show one of the best ever held on the Hilltop. Tickets are rapidly selling. We advise that you get yours at once and be assured a seat to this greatest of all Hilltop Minstrels.

RUSSELL PIG-PUSHER STARTING AND WEANING MASH

Many farmers have mistakenly given the name "little pig disease" to a condition which is largely the result of faulty nutrition. Pig-Gro is our answer to this situation. It is rich in essential nutrients, including many newer vitamins like choline, niacin and others. It has a milk base, and is producing outstanding results.

VITAMIN SPECIALISTS

The formulas for Pig-Gro have been built in the research laboratories of one of the largest groups of vitamin specialists in the country. Their careful tests prove its high quality conclusively.

TOASTMISTRESSES START HERE SOON

The Columbus Toastmistress Club, now having reached its quota of membership in the Beechwald Group, is organizing a Hilltop Club.

A national organization, it's main purpose is to further the art of public speaking, and it is a great benefit to everyone, housewife or career girl. The Columbus Toastmistress Club is one of the most active groups in this district, having contributed speakers for the United Appeal Drive, performed some charity work and published it's own monthly magazine.

The quota of membership for the Hilltop Club is only thirty, and you are advised to make your application for membership as soon as possible. Annual dues are only $5.50.

Mildred Tyrell, JO. 3596, or PO Box 1295, will be glad to talk to those interested in getting the Hilltop group underway. Those who talked to Mrs. Tyrell previously are urged to call her again, so that definite arrangements can be made.

Bible Comment:

The Interview That Changed A Man's Life

AMONG the greatest recorded conversations of all time is the interview of Jesus with Nicodemus, a ruler of the Jews.

As related in the third chapter of the book of John, Nicodemus comes to Jesus under the cover of darkness to inquire about things he perceives but does not understand.

Because he came by night, Nicodemus has been often described as timid. Yet he revealed great courage in making his way through the dark and dangerous streets. That he did so is a tribute to his determination.

Nicodemus asked Jesus, "How can a man be born when he is old?" and was immediately rebuked for Jesus replied, "Art thou a master of Israel and knowest not these things?"

Had not Nicodemus been sincere in his desire for enlightenment, this rebuke might have turned him away.

Jesus then went on to discuss regeneration, eternal life, and the love of God. So persuasive were His words and so memorable the conversation that from that day on Nicodemus was a faithful friend of Jesus, ready to defend Him without thought to the risk involved.

The experience of Nicodemus provides a valuable lesson, teaching us the importance of determination and courage.

We must make our way to God no matter how dark or dangerous the path, secure in the knowledge that "whosoever believeth in Him should not perish, but have everlasting life."

And like Nicodemus we must not be turned away or discouraged by rebukes. For but one glimpse of God's glory and truth may enrich all of the rest of our days.

THE DIFFERENCE BETWEEN DINING AND EATING is a difference known to all who love good food. Such diners make up the majority of our clientele . . . gourmets who truly appreciate healthy portions of delicious food, prepared in the best of exacting taste.

Deposit to my Account

Five hundred years ago, no one would have understood the meaning of the phrase, "Deposit to my account. . . ."

Now, in banks all over the world, these words are repeated thousands of times a day. There's no mystery about them at all.

They mean simply that a person is depositing a share of his earnings in a bank, knowing that at any time afterwards he can withdraw any amount that he puts in—with interest.

"Deposit to my account"—four words that are a part of our modern life today.

Joining a church is something like this: we are depositing our faith and our trust in God.

All of that faith, all of that trust comes back to us. But there's this difference. The interest rate cannot be calculated—because God does not measure the benefits He gives us in terms of percentage. To the small amount of time we give to God and His church, He adds countless hours of love and devotion to our lives.

"Deposit to my account. . . ."

In banking, that means security through savings. But in our religious life, it stands for enriching happiness for us all.

But seek ye first the kingdom of God, and His righteousness; and all these things shall be added unto you.

I Am the Printing Press

Nat'l Printing Wk is being observed January 13-19." Rob't. H. Davies, *writing in* Dixon's Paper Circular *(Liverpool), gives voice to this wondrous invention which means so much to all of mankind.*

I am the printing press, born of the mother earth. My heart is of steel, my limbs are iron and my fingers are of brass.

I sing the songs of the world, the oratorios of history, the symphonies of all time.

I am the voice of today, the herald of tomorrow; I weave into the warp of the past the woof of the future; I tell the stories of peace and of war alike.

I make the human heart beat with passion or tenderness; I stir the pulse of nations; I make brave men do braver deeds.

I inspire the midnight toiler weary at his loom to life his head again, and gaze, with fearlessness, into the vast beyond seeking the consolation of a hope eternal.

When I speak a myriad people listen to my voice. The Saxon, the Latin, the Celt, the Hun, the Slav, the Hindu, all comprehend me.

I am the tireless clarion of the news; I cry your joys and sorrows every hr; I fill the dullard's mind with thoughts uplifting; I am light, knowledge, power; I epitomize the conquest of mind over matter.

I am the record of all things mankind has achieved. My offspring comes to you in the candle's glow, amid the dim lamps of poverty, the splendor of richness; at sunrise, at high noon, and in the waning evening.

I am the laughter and tears of the world, and I shall never die until all things return to the immutable dust.

I am the printing press!

Most people don't know it, but they're mighty hard on engines. By that we mean they do lots of short-trip, stop-start driving—and that's the worst kind there is for an engine. Under such conditions, engine temperatures stay low, normal evaporation of vapors doesn't happen, condensation inside the crankcase is heavy. Sludge forms rapidly.

He stated that Franklin County has dropped from 26th to 29th place in Ohio counties on teacher salary schedules. The legislature will again be asked for a cost-of-living increase for teachers.

The Franklin County Education Association will meet on Jan. 31 and Feb. 1 for their winter meeting at Gahanna.

Honesty Recognized

Art Hartung, retired fire lieutenant, 2440 Sullivant-av, has positive proof that there are still a lot of honest people in the world and he feels they should be highly complimented.

Last week when Art returned from an evening at the Ritz Theatre he discovered the loss of his valuable Shrine pin. He immediately called the Ritz and reported the loss. In short order the pin was returned to him by S. J. Mentuis, manager, who would accept no reward.

Art rightfully feels such honesty in a troubled world deserves recognition.

Hilliards Fireman's Home Burns Out

A Hilliard volunteer fireman had his toughest assignment last Wednesday when he and other firemen fought unsuccessfully to save the volunteer's two-story farm house.

Robert H. Davis, the fireman, said he lost everything except a washing machine and the weekly wash which he had in his car to take to a laundry.

The frame structure on Spindler-rd, near Hilliard was gutted by the flames. Damage was estimated at $15,000.

Volunteer firemen from Hilliard and New Rome fought the blaze for almost two hours before it was extinguished.

Yessir, fifteen women wanted to work for Carl L. Walker, 5800 W. Broad-st. He needed someone to help out with the housework, so like hundreds of other people he turned to The Hilltop Record.

Together we wrote this ad:

Maids are pretty hard to find if you live out of the city. Yet fifteen women applied for the job.

You can fill your job openings as easily as Carl did. And if you need someone for maid work, remember — the other fourteen are still at large.

West Side Legion Members To Launch 'Block Of Dimes' Campaign Saturday

Fight Against Polio Adopted By Local Post

Picking up the slogan, "This is Your Fight" which was adopted by the National Polio Foundation, members of Camp Chase Post 96 of the American Legion, made plans this week to really carry that message across to the people of this community.

As a community service project the legionnaires will conduct their own campaign against the dread disease of polio this Saturday between the hours of 1 o'clock and 4 p. m. at three locations on the Hilltop and at one on the lower West Side. "A Block of Dimes" is their objective with all money collected being turned over to the volunteer women's workers of the Polio Fund on the West Side and Hilltop.

Here's how the campaign by the Legion veterans will work this Saturday afternoon. A strip of tape will be pasted down on the side walk and the passers-by will be asked by the members of the legion who are on hand to donate to the fight against polio. As donations are made the money is laid down on the tape end to end until they have achieved their goal of a block of dimes.

Whenever a donation of a dollar is given, a one foot space alongside the tape is marked on the sidewalk with chalk and the donor's name placed in that space, if they so desire. Every person who passes by will be asked for a donation of pennies, nickels, dimes or whatever they wish to give.

The block of dimes stations on the Hilltop will be between Powell and Chase avenues on the South side of W. Broad-st; from Eureka-av on the north side of W. Broad-st past Seiller's Dept. Store and on the south side of Sullivant-av at Hague-av. On the lower West Side a station will be set up on the north side of W. Broad-st from Chicago-av past Davis' Dept. Store.

An iron lung which is used as therapy in fighting polio will be on display all day Saturday in front of Seiller's Dept Store and during the hours of the Camp Chase Legionnaire's campaign.

Every member of the Camp Chase Post has been asked to give help in this campaign next Saturday afternoon. And every citizen of this community is urged to contribute to this worthwhile project, which Camp Chase Post is pioneering in Columbus.

Former Polio Victim Aids March of Dimes Campaign

Ann Williams is pictured above as she personally delivers her own contribution to the March of Dimes Committee chairman, Mrs. H. C. Lloyd, 126 N. Eureka-av.

Although 11-year-old Ann Williams, daughter of Mr. and Mrs. Hayden Williams, 326 Columbian-av is a healthy and active young lady today she is one who knows much about the dreaded disease of Polio.

On Sept. 11, 1947, Ann was suddenly stricken by polio and spent some time in an iron lung at Children's Hospital. After an operation on her throat, doctors told her parents that she would not [illegible].

But through the miracle of medical research and excellent care provided by the Polio Foundation, Ann gradually gained her health and was again able to play without any handicap. She attends John Burroughs School and is a Girl Scout in Troop 145.

Because Ann and her parents feel that no effort should be spared in reaching the 1952 goal set by the National Polio Foundation so that other little victims may be properly treated, Ann this week personally delivered her contribution to Mrs. H. C. Lloyd, 126 N. Eureka-av, the Hilltop Colonel heading district 17.

Mrs. Lloyd said that according to all reports that have come in this week, last years $2813.41 will be topped.

Jan. 31 is the closing date for the March of Dimes.

A car struck them, overturning and demolishing their car with serious injuries resulting for everyone. Mrs. Johnson, the most seriously injured will be a patient at the White Cross Hospital for the next eight weeks. She suffered 10 rib fractures and pelvic injury.

Mr. Johnson in an adjoining room is now able to go back and forth to be with his wife. He will be able to be released from the hospital in the near future.

Hague Ave. Girl's Eye Injured By BB Pellet

A youth previously connected with the accident, Larry Barnett, son of Mr. and Mrs. C. B. Barnett, 347 S. Hague-av, has been exonerated of blame by the officials in charge. The Ahlborns did not press charges against any of the youngsters playing near the scene.

Local Octogenerians Observe January Birthday Anniversaries

Adam Cloman

Carl "Pop" Schumann

Adam Cloman, 95 Lawrence-av, Rome, celebrated his 81st birthday on Wednesday, Jan. 23. He was born in Lintenburg, Germany, and came over to this country with his family when he was six years of age. His family settled in Urbana, and when he was 12 his family moved to Columbus.

Mr. Cloman is a very active person and is a charter member of the Columbus Plasterers Union which was organized in 1901. He has helped in the building of Capital University, St. Marys of the Springs, Atlas Bldg., and the Royal York Apts. At present he is helping Ruskin Richards in the building of his home which is located on the corner of W. Broad and Gladys-rd.

He attributes his exceedingly good health and active life to his great love of walking. Oftentimes Mr. Cloman will walk from Rome into Columbus and on out East Broad-st to the Royal York Apts., which are located at 1448 E. Broad. He feels that the present day folks are too inclined to ride, even to the corner store, instead of walking, which is one of the best forms of exercise to keep one's youth.

Mr. Cloman has been a member of St. John's Evangelical Church, 61 E. Mound-st., Cols., since 1910.

He has two sisters and one brother living. He married Maude Smith on Apr. 16, 1930, and they later on moved to Rome. She was killed in a traffic accident at the corner of W. Broad-st and Maple-dr., Rome, on Nov. 30, 1948. They had two children: Mrs. Irving Kasler and Mrs. Arthur Kimes of Rome, and two granddaughters; Diane Kasler and Mrs. R. Herbert Rex, of Rome.

Mr. Cloman attended the "Lazarus 80 year old birthday party" for the first time last spring. He feels that he has enjoyed the happiest years of his active life in the most wonderful community in the world.

Another Hilltop man who will observe a birthday on Jan. 28 is Carl "Pop" Schumann of 28 N. Ogden-av. "Pop" as he desires to be called by his many friends on the Hilltop will on that date reach the ripe age of 87 years [illegible].

Still active and spry, "Pop" recalls clearly his first coming to this community 69 years ago when the area hereabouts was more or less still farmland and undeveloped. Born and reared in Germany he still keeps as memoirs many pictures of his homeland which he brought with him and fondly speaks of the "good days when I was a boy."

Reflecting on the youth of today, he was a bit perturbed at the manner in which they change about on jobs and recalled that for 20 years he was employed by the Jeffrey Manufacturing Co. and for 27 years with the Case Crane Co.

Married but once, he recalled an incident in his life that is closely associated with his birthday. That incident was the day on which he buried his wife. She had become seriously ill one day while he was at work, taken to the hospital she died and the burial was made on his birthday, Jan. 28. He related the incident with a tear in his eye and the remark, "There's never been another like her."

Reflecting as to the reason for his long life span "Pop" said, "My honesty and my humor. I've been honest will all men and so have no cause for worry. I keep happy at all times and have nothing to cause me sadness. That's why I've lived this long."

Asked about his family, he broke out in a wide grin and said, "I got three great grandchildren. Three sons, Carl, Clarence and Ernest and three daughters, Mrs. Faubert, Amelia and Mildred Phole. I'm happy."

Questioned on his approaching birthday of 88 years, he answered, I am now an old man. There is nothing much left for me, an old man these days. I've lived a long time and I'm ready at any time."

Turkey Dinner Marks Hostilities End

In the upper photo Hilltop Kiwanis fouding captains in the Sales Tax campaign give out with wide grins of harmony following the official armistice and turkey dinner at Schmeizer's Restaurant. C. C. Hartley (at left) sports a new sweater and a trophy symbolic of being the victor in the year long feud while his opponent Jack Sensenbrenner (at right) also in a new sweater holds the can of beans he received as the defeated captain. Erm Groves (center), chairman of the contest, sports a small hat which he later redeemed for a new Stetson. In the lower photo Noble L. Allen finishes off a special turkey dinner to conclusively prove that there was turkey served.

Hilltop Kiwanians last Thursday evening feasted on turkey at the Schmeizer Restaurant to officially observe the end of the sales tax collection contest which yielded the club over $3,600 which will be used by that organization in its youth welfare work.

Following brief announcements by President Harold Fox, final and complete reports of the contest were made by Erm Groves who acted as chairman of the day. Sundry remarks, (all complimentary?) were then exchanged by the opposing captains, Hartley and Sensenbrenner, before the contest was declared offcially closed and prizes awarded.

Erm Groves, chairman of the event and O. H. Craft, who gathered in $7500 in stamps, were then accorded special recognition by the assembly, after Lee Koontz, (Jackie Lee) had entertained with one of his specialty numbers.

New chairman for the 1952 drive is to be Sam Alford with Mac Pemberton and Jim Cooper as the opposing captains. Although Pemberton and Cooper are feuding and fighting they have both agreed on a battle slogan for the year, "Beat the record set by Sensenbrenner vs. Hartley in 1951."

At this Thursday's noonday meeting the observance of Kiwanis International 37th Anniversary will be made with former Lt. Gov. Lloyd Sprouse as the principal speaker.

Here's Real Community Service

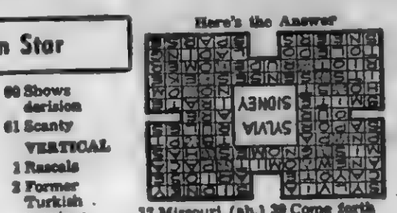
The decision of members of Camp Chase Post 98, to do their part in the current drive for funds against the dread disease of polio, by staging a "Block of Dimes" campaign in various sections of the West Side on Jan. 26, is well worth the plaudits of this entire community.

Polio is a dread enemy to all mankind, subtle in its approach, but vicious in its attack upon both young and old. It is a common enemy to all and must be wiped out. These men of the American Legion who are beginning this new project, which will continue to be an annual affair, are again willing to do their share on Jan. 26 by devoting their time and efforts to secure funds to battle this enemy.

Theirs is a unique idea for the West Side. "A Block of Dimes," with the entire proceeds to be turned over to the March of Dimes Fund. At several designated spots a group of Camp Chase Legionnaires will paste a long strip of tape down on the sidewalk, the passers-by will be asked to make contributions by placing coins or bills of any denomination on the strip. Whenever a dollar is given, a foot long space is marked off on the sidewalk and the donor's name (if he desires) is written in that space. The object is to fill up the tape by laying pennies, nickels, dimes, other coins and bills side by side until the distance of a city block has been covered. At the end of the campaign which will last only a few hours, all money on the tape will be picked up and given to the West Side leaders of the March of Dimes campaign.

It is one of the most worthwhile projects sponsored by any organization on the West Side and is worthy of the whole hearted support of all organizations and citizens in this area. Camp Chase Post of the American Legion is to be commended for this humanitarian effort and distinct community service.

Your dimes, nickels and pennies given to this "Block of Dimes" project of the local Legion is the same as if it were ammunition to a soldier in the field. It is ammunition, as a matter of fact . Ammunition to battle one of the worst enemies to ever threaten mankind.



When you see those Legionnaires on Jan. 26 doing their bit to aid the cause of fighting polio, do your bit too, by laying your loose change or, whatever your desire, down on that tape line.

Will He Get It?

West Loses Overtime Thriller To North By 73-31 Score

The West High School Cowboys travelled to North High School last Friday night and were nosed out in a hectic and thrilling overtime contest by a score of 72-71.

West took an early 14-10 first period lead and continued to lead at halftime 31-30. Then Johnson, Thornton and Trabue began scorching the nets from all angles in a fine 25 point third period barrage to give the locals a 53-43 lead at the three quarter mark.

The Cowboys then lost three of their regulars via the personal foul rule and Johnson twisted an ankle early in the final period, leaving only one regular in the lineup. They continued to lead however, and with five minutes remaining in the contest had a seemingly safe eleven point lead. The Polar Bears then began to hit from all angles and tied the score at 69, sending the game into the overtime period. Wells of North tallied first only to have Thornton's goal tie it up. Wells scored again for North to secure the win.

The contest ended in a very disputed play. It was the local lads ball out of bounds with three seconds remaining and one of the officials stood holding the ball under his arm as the final seconds ticked away. Finally a Cowboy got the ball, passed it to Thornton who scored, apparently to tie the score again, only to find that the goal did not count as the game had ended while the ball was out of bounds. No one had heard the final whistle (including the officials).

Trabue again led the local's attack with 24 points but Big Bob Thornton was easily the game's outstanding all around performer with his terrific rebounding and floor play besides netting 22 points.

Hartley led the Polar Bears attack w' 20 points.

West reserves won their second league game by nosing out the North second stringers 31-30 as Kimball played fine ball for the winners.

SPORT SLANTS

By Woody Owens

The West High Cowboy's lost four fine athletes via mid-year graduation, namely: Jerry Johnson, Dwight Reynolds, Warren Stevens and William Voss. All members of the basketball squad, besides participating in various other sports. I use this means to wish each the best of luck in any future endeavor they may undertake.

Jim Vincent, West Jr. cage star, also a mid-year graduate will probably replace Jerry Johnson in the Cowboys starting line-up.

Bob Thornton, Cowboy center, grabbed about 75 percent of the rebounds in the West-North thriller besides tallying 22 points.

West Jr. and Everett continued as the pace setters in the City Junior High basketball race last week, as each chalked up their fifth consecutive win without a loss.

Everett defeated Mound by a score of 41-33 after a hard battle while the Lehman-coached Junior Cowboy's had an even harder tussle to keep their record unblemished by nosing out Roosevelt 39-37. The predicted individual battle between Pointer of Roosevelt and Vincent of the local's was the feature of the contest with the former coming out on top 29 to 22 in point production, but the latter had better support from his team mates which accounted for the local's victory.

Led by Jerry Trabue and Bob Thornton their two big guns, the West High Cowboys trounced Linden-McKinley Monday night on the local hardcourt by a score of 68-51 to get their first city league win of the season. The locals snatched an early lead and maintained it throughout except for a short period in the third quarter when McKinley tied the score at 37. Then the two big guns went to work in earnest and with some fine team support from Captain Reynolds, Bowman and Hutchinson, they soon had a commanding lead which the Northsiders never could overcome.

Mouser of McKinley was the leading scorer of the game with 24 tallies, followed by Trabue and Thornton of the Cowboys with 23 and 19 points respectively.

The Cowboy's will play at Marion Harding Saturday night in a non-league contest.

The Hilltop YMCA Junior league played their third set of games Monday evening at John Burroughs School. Burgess-EUB led by Trott with 14 points defeated West Junior Hi-Y in a closely contested battle by a score of 31-30. Coffman led the West lads with 11 points.

Hoge Memorial trounced Hilltop C of C 48-16. Adkins and Witter led the winners' attack with 17 and 14 points respectively.

Camp Chase defeated Hillcrest Baptist in a well played game by a score of 38-24. Cobb led the Legionnaires with 9 points while Thomas stood out for the Baptists with 11 points.

Highland School Children Bring Historical Ohio To Life

It started out to be a review in the history of Ohio, but turned out to be quite a production. The idea was to impress outstanding events concerning their home state upon pupils of Highland Avenue School so that they could easily remember such facts, but besides the outstanding lesson received by the children in history a lesson in dramatics, stage scenery and production played a big part.

Before the presentation of "The Ohio Program," last minute rehearsals with each child having an opportunity to test his voice before the microphone, took place. Emotions were mixed with a bit of anxiety, anticipation and stage fright just before curtain time the same as professional actors.

Even though Mrs. Helen Snouffer and Mrs. Hazel Booth had little experiences in "play acting" the teachers did an outstanding job in producing. One of the most remarkable facts was that not one of these fourth and fifth graders forgot their lines.

After the entire cast sang "The Battle Hymn of the Republic", Sandra Hagely acting as mistress of ceremonies introduced each student portraying events in the following program: How Ohio Was Made; the Mound Builders; Ohio Indians; the Greenville Treaty; Pioneers; "The Old Brass Wagon," a dance; "Old McDonald Had a Farm," a song; the Corn Song; Ohio Industries—Rubber, Clothes, Soap, Iron, Pottery, Fruit Trees and Vegetables; Presidents from Ohio; Thomas Edison and Wright Brothers; poems, "My Native State" and "The Flag Goes By," by Ohio poet Henry Bennett, was recited by entire group and the show was concluded by the singing of "Beautiful Ohio."

Ohio, or the "Garden of Eden" as the little mistress of ceremonies termed it, sounded like a pretty good place to live and, judging by the applause at the close of the program by the students, even they agree that their state is the best even though it isn't the biggest.

The various committees of the French and Spanish Clubs have been busily engaged preparing for the event under the direction of Miss Glenn, Mrs. Harold and Mr. Casey French and Spanish instructors.

Ohio produces more sheep and lambs than any other state east of the Mississippi River.

Central Forfeits

Because of a "gentlemen's agreement" between city high schools, Central High School forfeited four of its basketball games last week and probably gave up its almost certain chance for a basketball title.

An ineligible player, Sam Adams, had played in the East, Aquinas, and Linden games. He was ruled ineligible when it was discovered he had played independent ball with an organized team before rejoining the Central cagers after the Christmas holidays.

The Impartial Expositor was a newspaper founded at St. Clairsville, March 28, 1809, by John C. Gilkison & Co.

Ohio is fourth among states in manufacturing.

Hillcrest Church Was Dec. 16 Scene of Coffman-Waite Vows

Mr. and Mrs. Louis Earl Waite

The stage of the Hillcrest Baptist Church presented a garden scene Dec. 16 for the wedding of Miss Gilberta Mae Coffman and Mr. Louis Earl Waite. The white trellis arched over the kneeling bench was interlaced with huckelberry green and flanked on either side by single lighted tapers, large baskets of white mums, seven branch candelabra, palms and ferns.

The double ring ceremony took place at 2 o'clock with the Rev. Aaron L. Roth officiating. The bride is the daughter of Mr. and Mrs. Gilbert Coffman, 105 Eldon-av, and Mr. Waite is the son of Mr. and Mrs. Sidney B. Waite, 1375 Minnesota-av.

Escorted down the aisle by her father the bride was dressed in traditional white bridal satin, fashioned with a close fitting bodice, high pointed collar of lace, fastened down the back with tiny satin covered buttons. Her sleeves came to points over the hands finished with lace edging. The skirt fitted closely at the waist then flared into a long train. Her fingertip veil of imported illusion was finished with edging and caught into a crown tierra of tiny crystal beads and seed pearls. The veil was previously worn by each of her two sisters, the former Misses Barbara and Wanda Coffman. She carried a white Bible topped with a white orchid, and white streamers.

The maid of honor, Miss Jeanne Thaxton, was dressed in an emerald green formal gown with a brief velvet stole. The tight bodice was of velvet and net with a double skirt of net gathered very full and caught up with open roses of the same green shade, over a taffeta petticoat. This was worn over a full hooped skirt.

The bridesmaids, Miss Joan Bryant and Miss Betti Schirtzinger, wore gowns identical to that of the honor attendant in a shade of American Beauty red. Each of the attendants wore head pieces of white fur and carried white fur muffs decorated with open American Beauty roses.

Mr. Robert Waite was best man for his brother. Assisting were Mr. Don Decatse, Mr. Raymond Waite, brother of the groom, Mr. Tom Coffman, brother of the bride, Mr. Leo Schirtzinger, and Mr. John Foster.

The reception was held at the church with hostesses, Mrs. Albert Watts, Mrs. John Foster, Mrs. Floyd Coffman, Mrs. Ernest Kowalzcuk, Miss Sue Kunz, and Miss Jeanne Byrum serving. Mrs. Dale Hubbard furnished appropriate piano music for the occasion.

The bride's mother received her guests in a dress of biege taffeta with black over-net. She wore a feather hat and gloves to match, with black accessories. Her flowers were pink rosebuds. The mother of the groom was dressed in peacock blue crepe with brown accessories. She wore a pink rosebud corsage.

For going away the bride changed to a suit of grey wool with red accessories. The new Mr. and Mrs. Waite drove to Cincinnati, then to Washington, D. C. Their new address is 1342 Studer-av.

The bride is a graduate of West High School and IBM Training school. Mr. Waite is a graduate of Linden High School, and is employed by the Timkin Roller Bearing Co.

CLINES REUNITED IN GERMANY AFTER AIR FLIGHT SUCCESSFUL

Mrs. Iris Cline and son, Chris, left New Year's Day for Rhein Main Air Force Base, Germany, to join their husband and father, Lt. Thomas Cline, stationed there. Twenty-one-month-old Chris enjoyed the air flight which took a little over a week with stops at Westover Field, Mass., Newfoundland, the Azores and Scotland. Bad weather slowed the flight with time out taken by the crew to rest as they flew the whole trip. A ground control landing was necessary when they arrived in Germany.

They will make their home at New Isengburg which is very close to the air base. Lt. Cline is with the 433rd Air Division and pilots a troop carrier (C-19) under Eisenhower. He arrived in Germany last July.

Adventists Plan Special Church Day

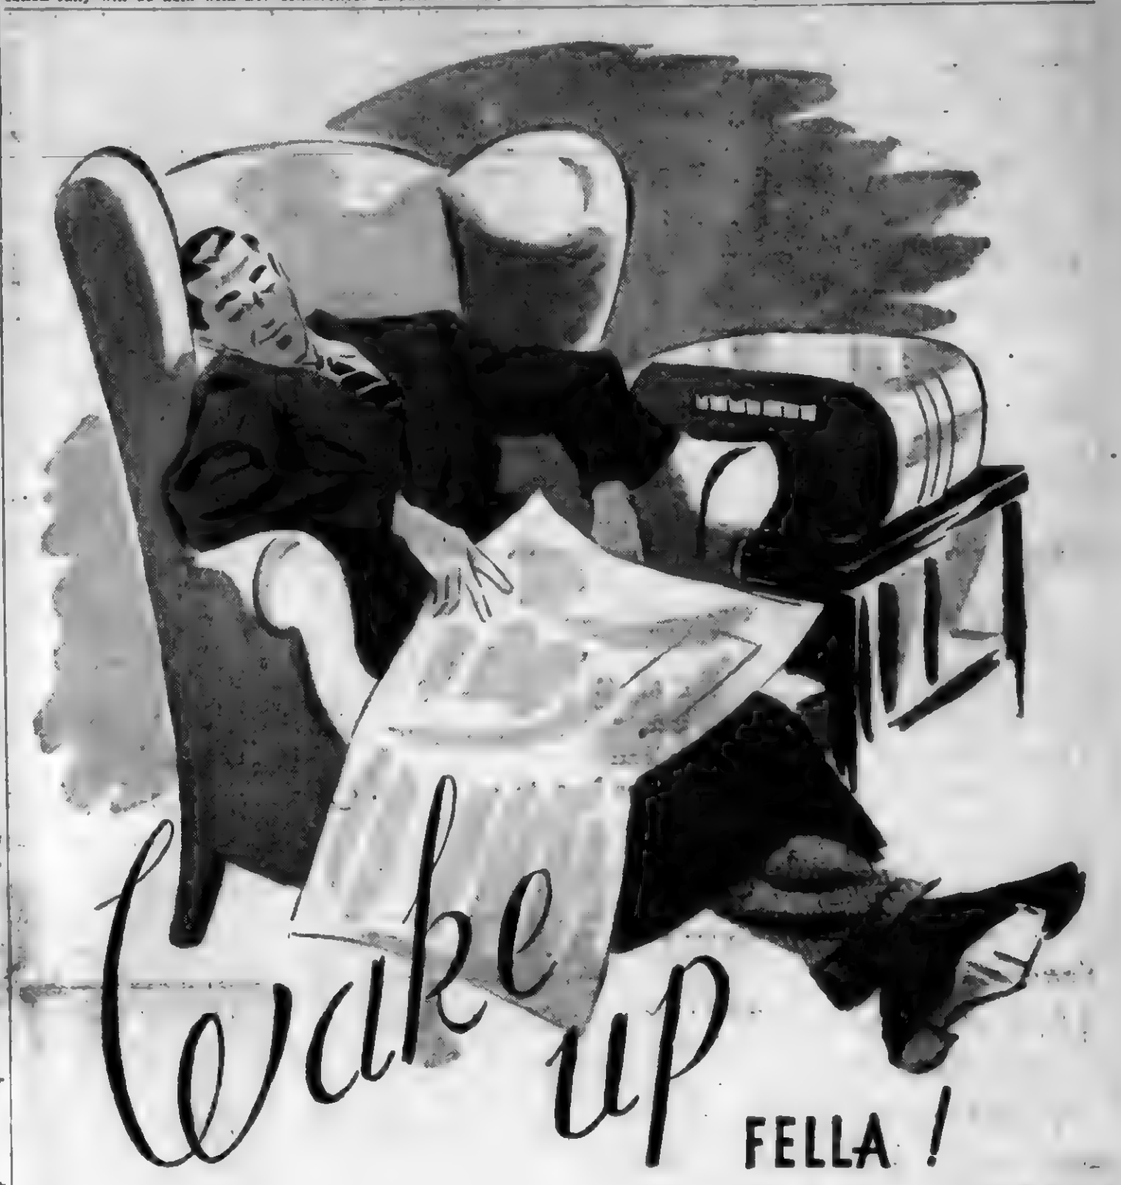
Sabbath, January 26, has been set aside as "Bring One Day," Mrs. Glen Coffin, 1084 Georgesville-rd, Sabbath School superintendent of the Eastwood Seventh-day Adventist Church, announced this week. "Bring one with you on 'Bring One Day' and help swell the attendance of our Sabbath School Jan. 26", she said.

All members of the Seventh-day Adventist Sabbath Schools in the Columbia Union Conference which includes Ohio and seven other local conferences of eastern states have been urged to bring one other person to Sabbath School on Jan. 26 by Kenneth H. Wood, secretary of the Sabbath School Department of the Columbia Union Conference of Seventh-day Adventists with headquarters in Washington, D.C.

This united effort is part of a plan to make 1952 the greatest year for evangelism in the history of the Seventh-day Adventist Sabbath Schools.

Youth Week Observed At Burgess EUB

In conformance with National Youth Week, the Youth of Burgess Avenue EUB Church will be represented in several respects on the morning church program of Jan. 27 at Burgess Avenue EUB Church.



The Youth Call will be presented during the morning service. The response will be made on the night of Feb. 3 at the Burgess Avenue Church.

This Sunday morning the pastor, Rev. Lane, will continue with a series of sermons on prayer, "The Lord's Prayer."

Hoge Memorial Youth Plan Special Service

Young people of Hoge Memorial Presbyterian Church youth organizations will take part in the worship service Sunday morning, Jan. 27th at 10:30 a. m. Sunday marks the beginning of Youth Week.

Those taking part are Glyndon Davis, Lewis Proper, Joan Stevens, Robert Schmidt, Fred Laderer, Carolyn Smith, Dorothy Casteel, Martha Merriman and Audrey Smith.

Not that we blame you for looking forward to "forty winks". It's Sunday—the best day of the week. And that's a good chair. You fit in it fine. Nice program of music on the radio. Not too loud. Right for relaxing.

But what about the headlines in that paper you just put down? Can you really relax after reading about some of the current happenings in the news?

Your church down the block can help you find the remedy for some of these happenings. Try attending its services, and see if they won't help you. Religion doesn't come by proxy, or in your easy chair. But in church you'll find some answers to those headlines. Your church and its message can do that for you. But you'll have to GO yourself, you know . . .

Then come home. There's that good chair—still waiting, still comfortable. In it again you can quietly look over those headlines in the light of the services you just attended.

There will be *real* relaxation for you as you realize that in the coming week you and your church will be in the fight together—to make it a brighter world, a cleaner world, a better world for all . . .

Awake thou that sleepest, and arise from the dead, and Christ shall give thee light. Eph. 5:14.

Beginning Monday, Jan. 21, a dog census of Columbus, Bexley, Arlington, Grandview, and Franklin County was started by the Humane Society of Columbus. This dog census is made for the purpose of recording all dogs owned in the county and seeing that all owned dogs are licensed.

In addition to having all dogs licensed, your dog must also be immunized against rabies. Jones, Humane Society general manager.

The entire staff of the Humane Society will begin knocking on doors in the various parts of the community and will continue to do so until the census is completed. Owners whose dogs have been found unlicensed will be required to purchase licenses and pay a $1.00 penalty.

Any person who refuses to license his dog is subject to a fine of as much as $25.00 and costs.

Rhodes Enters Auditor Race

Mayor James A. Rhodes

Columbus Mayor James A. Rhodes last Saturday made formal declaration of his intentions to enter the May Primary Election as a candidate for the office of State Auditor. In announcing his candidacy Rhodes lashed out at the present office holder "Jumping Joe" Ferguson, labeling the present administration as the worst in 180 years.

Rhodes said, "Good citizens throughout the state have urged me to undertake the imperative duty of redeeming the office of auditor of state from the tragically low estate to which it has fallen. In response to this call I shall be a candidate for auditor on the Republican ballot at the Primary Election in May."

HILLIARDS School Notes

County Board Recommends
By JoAnne Landis

Franklin County Board of Education made the following statement in their fourth period bulletin issued Jan. 1. "Our office feels that teachers properly qualified will be much needed for our 1952-1953 school year. All school districts in the state will be in competition for an inadequate supply for the vacancies sure to occur in an increased enrollment in 1952-1953. The past year showed a gain of 2,637.

Three elements are necessary to compete successfully for this teacher supply:

1. A longer period of increases annually beyond the five year minimum.
2. A higher maximum toward which to aspire.
3. Better teaching conditions in Franklin County than elsewhere".

Practice Teachers

During January, Hilliards High School received seven new practice teachers from Ohio State University. In the Home Economics Department, supervised by Miss Mary Kohler are:

Miss Dorothy Brown, and Miss Katherine Hughes, who reside at 33 W. Columbia-st, Hilliards.

Miss Margaret H. Cryder, who now lives at 40 S. Norwich St., Hilliards.

Mrs. Elizabeth Shaw is teaching Bookkeeping I and Shorthand I. She is under the supervision of Mr. McElheney, and Miss Mildred Mitchell. Mrs. Shaw is married and has two children. She resides at 263 S. Wheatland-av., Columbus. She will be here until Mar. 14.

The practice teachers are now in the Agriculture Department under Mr. Leon Boucher's supervision.

Mr. Gordon Patty lives at 241 W. 11th-av. He is training at O. S. U.

Mr. Forrest Fawcett lives in O. S. U. Dorm and is training at O. S. U.

Mr. Robert Edwards is married and lives at 4420 Riverside drive. He is taking training at O. S. U. in the Agriculture Department.

The Agricultural teachers will also be here until March 14.

More Progress For Hilltop Y In '52

When the fourth annual meeting of the Hilltop YMCA was held this past week over 150 were in attendance. This is an increase over the previous year and each year there has been such an increase of interest shown in the program.

Start of a building fund less than four years ago was made by the board and as of the end of last year this fund had grown to over $37,000. The confidence the late Dr. Howard Whitehead had in the project was expressed through his generous bequest to this fund as recorded in his will. The board presented a resolution of appreciation in his memory and it was adopted by the group present.

The presence of the Cincinnati YMCA executive secretary to tell the group how the fine new Norwood YMCA building was procured sparked the program of the evening. Pictures of the Norwood building projected on a screen gave those present an opportunity to see what is possible for this community.

For years individuals and organizations have talked in terms of the need of such a building for the Hilltop. First steps in this direction were taken with the start of this Y building fund a few years ago. The subsequent support and contributions from individuals and organizations to this fund are indicative that the project is wanted and will become a reality.

An increasingly large number of Hilltoppers are making a determined effort to bring a fine project to this community. Confidence is being built through the yearly gifts of many interested individuals and groups. The Y board is setting up a time schedule which will provide a not too distant major fund raising drive to be followed up with smaller campaigns that will provide sufficient funds to erect a fine facility as soon as possible after building regulations have been lifted again.

It is known that this year will bring numerous other worthwhile gifts to the Y building fund. We sincerely believe no organization or individual can contribute to a more worthwhile or more needed project for the Hilltop than this one.

Let's take another wide step in the right direction in 1952!

United Lenten Preparations Are Underway

March 10 and 13 has been set as the "period of preparation" for the United Lenten Evangelistic Mission by the Franklin County Council of Churches.

Attending the meetings to be held at 10 a. m. and 7:30 p. m. in Broad Street Methodist Church will be committeemen Rev. Harold Dutt and Dr. Joseph Shellhas.

The meetings will prepare ministers and churchmen to conduct evangelistic visitations.

Flooded Basements In New Broadlawn Addition Draw Resident Complaints

George Satakamp, 48 Florence-av, indicates near the bottom of this concrete block foundation of an open basement a broken field tile designed to drain farm lands to the west of Broadlawn Addition and through which water is pouring.

Satakamp in the photo above indicates an open sanitary sewer installation into which water is flowing from the basement under construction. The stream of water flowing to the pipe comes from the broken field tile. The dark line on the wall is the high water mark.

Tempers Flare After Rainfall Of Last Week

In case you were driving along West Broad-st Sunday afternoon and noticed a pall of "fog" in the vicinity of the Broadlawn Addition, you were deceived. It was no "fog", on the other hand it was "steam" generated by heated tempers in that community and the presence of an unusual amount of water.

It was, as a matter of fact, "water, water everywhere, and no place for it to drain away." Residents in the addition were meeting in small groups between turns at "sump pumps" and heatedly discussing the cause for the sudden flooding of basements and the course of action to pursue to prevent any recurrance of the flood.

All agreed that the rainfall for the preceding 31 hour period had been unusually heavy. But, they pointed out, "We've had rains just as heavy before, but our basements weren't flooded to the extent that the furnaces were drowned out leaving us without any heating facilities whatever. We have never before encountered the

The dilapidated structure above houses the pumps which service the entire Broadlawn Addition. Satakamp points toward the normal channel the water takes under ordinary conditions. The heavy influx of water into the sanitary system however overloaded the ditch and flowed to the right and back into the addition.

Dr. Whitehead Is Honored By "Y" Resolution

The late Dr. Howard R. Whitehead was accorded posthumous honors by the Hilltop Branch of the YMCA last Thursday during the annual meeting and election of that organization. A resolution honoring the memory of the benefactor of the local "Y" Branch was unanimously adopted at the meeting.

The resolution follows:

Dr. Howard R. Whitehead was elected to the Metropolitan Board of the Young Men's Christian Association of Columbus, Ohio, on May 17, 1911. He served on the Board with loyalty and distinction for twenty-nine years. He resigned on March 26, 1940 and was subsequently elected to the Honorary Board.

When the Hilltop Branch of the Young Men's Christian Association was organized, he was one of the charter members. Because of his long association with the "Y" and his belief in its service to youth, he also became a member of the first Board of Management of the newly organized Hilltop Branch. He was later made a life member of the Hilltop Branch "Y" Board.

In recognition of his service to the Hilltop Community and the area surrounding it, he was elected as a life member of the Hilltop Kiwanis Club.

On the evening of March 29, 1951, Dr. Howard R. Whitehead was cited for meritorious service and

Hilltop Woman Wins $30,000 Court Judgment

Mrs. William F. Yeagley, 37, 3102 Fremont-st, was awarded a $30,000 judgment in a damage action tried before a Highland County Common Pleas Court Tuesday.

The suit arose from an auto accident, Oct. 22, 1950, on Ohio Rt. 70, four miles south of Greenfield. Mrs. Yeagley was a passenger in a car driven by C. E. Van Horn, 441 Guernsey-av. The two families were returning from a picnic when their car was struck by an auto driven by Clarence Harless of Jackson, leaving Mrs. Yeagley with injuries which she said impaired the function of her motor nerves, causing a 75 percent disability.

The case, which was handled by Hilltoppers Don Smith and John Holzapfel, attorneys with the firm of Smith, Park and Holzapfel, was granted the largest judgment by the jury in the history of the Highland County court.

Hilltop Pilot Killed In Korea

First Lt. William F. Prindle, 30, 686 Butler-av, was killed more than a month ago when he bailed from his F-86 Sabre jet at low altitude, according to a delayed report from Korea. Prindle's plane was badly damaged by Red MIG's and as he approached his base the plane went out of control and into a dive. When he bailed out air currents failed to open his cute before he struck the ground at the edge of the runway.

Huge New Project Foretells Of Future Growth for Hilltop

First public announcement concerning the proposed Westfield Corp. expansion and development program east and north of the village of New Rome will be made at the fellowship meeting of the West Franklin County Associations Inc., Tuesday night, Feb. 5. Place of the meeting is to be Schmelzer's Restaurant at 3178 W. Broad-st beginning at 6:30 p. m.

The future growth westward of the Hilltop in which the proposals of the Westfield Corp. play an important role, will be the chief topic of discussion during the meeting.

It is known that the Westfield Corp. has for the past several months contemplated a huge shopping center near New Rome. They propose to construct six lane highways and roads south and east to W. Broad-st which would by pass and connect into the traffic belt line and expressway system which has recently been given approval.

The huge new shopping center would provide the hub of an entirely new community west of Columbus. Plans of the Westfield Corp. call for the construction of homes, parks, churches and schools, all designed and patterned in the most modern trends.

Initial plans of the Westfield Corp. were known last October when purchase of 125 acres of land adjacent to and east of new Rome was made at a meeting of the [illegible]. A representative of the firm at that time told of the purchase of 75 acres of land from Myrtle and John L. Gates and 50 acres from Jessie D. and Aubrey DeGraw.

The purchase of those parcels of land completed the acreage of sufficient acreage to accommodate the new shopping center and also to provide a site for the construction of 1460 new homes of multiple unit type for employes of the huge Westinghouse Plant now under construction.

At that time the spokesman for the corporation revealed that at least twenty acres of the land which is now wooded would remain intact and be set aside for the residents of the Rome community and those of the new housing development and shopping center.

It is expected that at the Tuesday night meeting of the West Franklin County Associations, Inc. that the entire proposal will be explained to the assemblage of 40 guests and 65 representatives of various organizations and townships. D. J. Kunz of New Rome is president of the group which is sponsoring the fellowship dinner.

Many Calls For Pumper Made Saturday

Three and one-half inches of rain fell in 31 hours up to 11 p. m. Saturday while many Hilltoppers trudged to the basement to check on the water condition there. Although numerous calls were made for the Fire Department pumper, they answered very few.

A pumper was sent to the Hilltop Branch Library where four feet of water in the basement damaged the air-conditioning motor, four shelves of reference magazines, dolls, ornaments and several pieces of cabinet work.

The telephone company's station at Ogden-av and W. Broad-st was attended by another pumper when the water in the basement rose to three feet, just six inches from important instruments. If the water had risen high enough to reach the station equipment 15,000 to 18,000 customers would have lost their telephone service.

Police were converted into street workers to barricade scores of flooded streets. At one time eight Columbus Transit Co. buses were stalled at a Hilltop intersection on Sullivant-av. The route had to be changed until the water went down.

Accident Rate Down

The Hilltop accident rate for the week ending Jan. 27 dropped somewhat under those of the previous weeks with a total of seven accidents, all resulting in property damage.

One hundred and ninety-one student of West Senior High School achieved high scholastic records during the past six weeks term of school to rate them positions on the school honor roll, according to a list released today by Principal Irvin F. Young.

Principal Young also revealed that enrollment in West Junior and Senior High Schools for the new term just started Monday was 2,156 students. The enrollment in the junior high school was stated as being 1,133 and 1,022 for the senior high school. The total enrollment was but four under the estimated figure, according to Principal Young.

Increased Interest Is Evidenced In Growth of Hilltop YMCA

An increasing interest in the Hilltop YMCA program was evident at the annual meeting of the organization held last Thursday evening at Glenwood Methodist Church with 154 members present.

Reports on the progress made in the past year showed an increased number of youth of the community served in the various activities as well as services provided numerous local organizations.

The financial report showed that the Hilltop branch operated during 1951 on $2500 less than the aproved budget for the year.

Net worth of the Y building fund was reported as $37,253.07. This included contributions of $8810.56, interest $45.15, net profits from rents $927.34.

Henry E. Grim, general secretary of the Cincinnati and Hamilton County Young Men's Christian Association, addressed the group, at which time he told how the new Norwood Branch Y building became a reality through a concentrated program carried on over a period of about nine years.

He pointed out that the plan adopted by the Hilltop Y Board of Management is almost identical to that pursued in the Norwood Branch. It started out with a small fund and has continued to grow during the years.

Numerous photos of the Norwood building were projected on a screen and it was pointed out that the Hilltop board is interested in building a similar type structure to provide facilities for the Hilltop Y.

The Norwood building includes a very large gymnasium, swimming pool, teen canteen, large meeting room, eight small meeting rooms, shop and hobby rooms, offices, lounges for both men and women and an attractive chapel. Cost of the Norwood project was placed at over $320,000.

Five local men were named to

Electric Refund Again Asked

Franklin Township trustees have again filed a complaint with the State Public Utilities Commission asking for an order requiring the Columbus and Southern Ohio Electric Co. to refund $1.23 paid in electric current surcharges. The trustees failed in a similar attempt in September, 1951, although the utility was forced at court order to refund similar "overcharges" to subscribers and companies in Columbus last year.

Prosecutor Ralph J. Bartlett, who prepared the complaint after he was handed petitions circulated by the Franklin Township Electric Rate Refund Association Ltd., bearing 730 signatures, said that it was one of the smallest on record.

Bartlett charged, "The practice of refunding the surcharge . . . to certain patrons and refusing to refund . . . to Franklin Township is unjustly discriminatory and unlawful . . ."

Bob Cooke Announces Candidacy For Sheriff In May 6th Primary

Wednesday afternoon saw the hat of popular Robert E. Cooke, of 456 Nashoba-av tossed into the political arena for the first time as the Democratic candidate for the office of sheriff of Franklin County, at the May 6 primary election.

Robert E. Cooke

Although this is the first time Cooke has ever made any effort to make a bid for political office, his record with the Columbus Police Department as a law enforcement officer for a 26-year period of time stamps him as a strong and logical contender for the post.

Retired from the Columbus Police Department since Aug. 6, 1948, the name of "Bob" Cooke, as he prefers to be called, still revives many memories for thousands of Columbus residents who remember his exploits while a member of the department.

Probably the most outstanding event which caught the public's eye was on Feb. 3, 1938 when he and three other detectives shot it out with bandits who had terrorized northern Ohio and Columbus with daring holdups.

The detectives surrounded a Guilford-av rooming house, following a "tip" as to the location of the bandits. The late Robert Cline and Cooke started to enter the house when they were met by a fusillade of bullets. One struck Cooke in the stomach, causing only a bruise, but Cline was killed.

Cooke crashed through a door and shot it out with the bandits, killing two of them. A third jumped from a window and was fatally wounded by Detective William Danner, now retired. Leo Phillips, another Hilltop detective, now retired, was also wounded in the battle. The fourth was captured and later died in the electric chair.

Although many regard that incident as the highlight in the career of "Bob" Cooke, he himself regards the tracking down and apprehension of the "Flashlight Burglar", George Talbert, as the highlight of his police career. Talbert had a record of 55 burglaries, rape of three white women and attacks on five others, as well as molestation

The new firm will open in the VFW rooms at Wayne and Broad, where they will be in a position to serve special parties as large as 350, they claim. They will have two large adjoining rooms and smaller rooms for small parties.

Legionnaires To Try Again

Although the heavy rainfall of last Saturday drowned out any attempts of members of Camp Chase Post to stage their "Block of Dimes" campaign for the benefit of the polio fund, they haven't given up.

This Saturday, Feb. 2, the well known blue and gold caps of the American Legion will be seen on Hilltop and West Side streets as they carry out their plan to gather in a "Block of Dimes" as their community service project in aiding the battle against dread polio.

Chairman of the event R. E. Greene today urged that all members who can be available for the Saturday afternoon campaign, report at the Camp Chase post headquarters, 3211 W. Broad-st by 12:45 Saturday for assignment to stations.

Groundhog's Annual Prediction Will Be Made This Saturday

Editor's note — The following expose on "Groundhog Day" is dedicated to Henry Jones, pressman at the Hilltop Record, who will begin his 25th year with this publication on Saturday, Feb. 2, which date will also be his 60th birthday.

Many long years ago before anyone knew of the American Indian, or of the American groundhog for that matter, it was discovered that if the sun shone brightly on Candlemas Day the winter would be a long one. Now Candelmas Day is a festival of the Roman Catholic Church on which day the candles for the year are consecrated and it falls on Feb. 2.

Whether this earth shattering discovery was made in Scotland where 'tis said, "If Candlemas is fair and clear . . . there'll be two winters in the year,", or in Germany where "The shepherd would rather see the wolf enter his stable on Candlemas Day than the sun," has never been established by historians.

However there was a small German lad, who not trusting himself

EVERYONE WE KNOW IS A HARD DRIVER

Most people don't know it, but they're mighty hard on engines. By that we mean they do lots of short-trip, stop-start driving—and that's the worst kind there is for an engine. Under such conditions, engine temperatures stay low, normal evaporation of vapors doesn't happen, condensation inside the crankcase is heavy. Sludge forms rapidly.

of several small girls on the South Side. Cooke and C. L. Williams, with the aid of other detectives and cruisermen, laid the trap that brought the "Flashlight Burglar" to the end of the trail.

At the time of sentencing, Common Pleas Judge Cecil J. Randall said to Talbert, "Your case is the worst in criminal court history. Men of your type are better off behind prison bars than out in society."

While still assigned to the Detective Bureau, Cooke organized the first Police Juvenile Bureau which he operated in 1940-41. During that time he also originated the first "police newspaper" which was distributed to all department members. Cooke in cooperation with Bud Sweeney of WHKC also originated a radio program, "This Is Your Police Department."

A married man, Cooke resides with his wife, Helen, at the Nashoba-av address on the Hilltop. He has been a resident of the West Side since 1913 and attended Avondale School and West High School.

In announcing his candidacy for the office of Sheriff, Cooke said, "Police work is not entirely a one-man show, it takes teamwork and close cooperation of all law enforcement agencies, in order to function in the manner which best serves the interests of the public. With proper teamwork such as I have experienced with the Columbus Police Department, county sheriffs and federal law enforcement agencies, there is every reason to believe that the incidence of crime can be reduced in this county.

"I believe an officer of the law, whether appointive or elected, is sworn to the duty of bringing the guilty to the bar of justice and by the same token he is pledged to protect the interests of the innocent who may be suspicioned of crime. It is on that policy and a demand for thorough efficiency that I will base my campaign in seeking the office of sheriff of Franklin County."

A veteran of 32 months service with the U. S. Navy during World War II, Cooke is still in the naval reserve and is also affiliated with Humboldt Blue Lodge, Scioto Consistory, Aladdin Temple, Aladdin Patrol, Royal Order of Jesters,

RCA Announces Sales Training Drive Contest

A $50,000.00 prize contest was announced by Mr. J. W. Faul, Sales Manager of Ohio Appliances, Inc., 241 N. Fourth-st, the RCA Victor distributor for Central Ohio.

Several new 1952 automobiles and thousands of dollars will be awarded to these RCA Victor dealer salesmen attending a three-session sales clinic to be held at Ohio Appliances.

"We feel that the public is entitled to good honest sales presentation by qualified intelligent salesmen in return for the dollars they spend", said Mr. Faul. "We are prepared to spend countless dollars to achieve this through an intensive training campaign," he continued.

The RCA Victor sales clinics will begin in February and continue through April.

A Short Sighted Viewpoint

During the past week a delegation of Hilltop mothers made a call on the City Traffic Commission asking for the installation of a traffic light at the Mound-st and Hague-av intersection, and they came away from the meeting with a wry taste in their mouths after having been turned down in their request.

The action of Commission Chairman Charles T. Underhill, Traffic Engineer Ralph L. Wolfe and member Harold G. Eckhardt in refusing installation of a traffic light at an intersection that has been definitely proven a danger point in the Hilltop traffic system, is unwarranted and definitely pursues a policy of short sightedness when trying to cope with the problem of lessening traffic accidents and deaths.

Persons have lost their lives at this very intersection. More will lose their lives at that intersection unless the City of Columbus recognizes its duty to protect the interests of the public by taking some measures to control traffic at that point.

The mothers and other citizens who comprised the delegation which called on the Traffic Commission last week presented an argument that a traffic light or other safeguard is needed at the Mound-Hague intersection to permit children of school age to cross on the way to John Burroughs Elementary School.

Underhill in answer to the request said: "I think the best solution would be establishing a school crossing guard at that intersection during school hours. We suggest you present your problem to the Parent-Teacher Association, which plans another meeting with us on the guard program early next month."

In answer to the complaint that the intersection was too far from the school Underhill is reported as having replied, "Some cities have guards as many as eight to 10 blocks away from the school buildings."

Traffic Engineer Wolf concurred with Underhill in his viewpoint and said that a survey taken a year ago when Mound-st was opened through showed there was not enough traffic at the intersection to warrant a traffic light.

The point was brought out that a traffic light was installed at Richardson and Mound-sts. The commission suggested that children cross the streets at that intersection despite the fact that there are no side-walks on Mound-st and no street south of Mound they could follow to Hague-av.

In the face of these arguments and despite the fact that the Mound-Hague intersection has a record of being the worst spot on the Hilltop for auto accidents, the Traffic Commission refused the traffic light.

At first we called this short sightedness on the part of the traffic commission, but after more thought isn't it more apt to term their action more in the light of stubborness and lack of intelligence, especially after proven facts are laid before them?

This is not the first instance wherein the Traffic Commission has shown its' disregard for interests of the public in promoting safety. The incident on the West Side at Cable-av and Central-av was another, where nearly a year elapsed before anything was done.

If this high handed and stupid conduct of public affairs (for which they are paid) continues, we believe that it is time that the City Administration become aware of the fact, and make necessary changes in some departments in order that the public welfare be served.

The first New England newspaper to be firmly established outside of Boston was the Connecticut Gazette of New Haven, founded in 1755 by James Parker, an associate of Benjamin Franklin.

West Girls Cage Teams Ready For Tourney

It's time again for the annual girls' basketball tournament sponsored by the GAA's of West High [illegible].

This year the seniors will be defending champions and will play the juniors in the first game at West High gym, Feb. 8, beginning at 7 p. m. The winner of the junior-senior game will play the sophomores. The winner of that game will be the 1952 basketball champions.

Each year the senior team chooses a Miss Senior to reign over the game. Her identity is kept a secret until the night of the game.

As you enter the gym you will find it gaily decorated in the team's colors and various other decorations.

The most important item of this tournament is the teams. Here they are: Seniors: Forwards, Gayle Acker, Shirley Dietchle, Shirley Dunham, Dolly Fiadt, Olympia Pappas, Diane Renollet, co-captain, and Charlene Soustlin; guards, Suzie Johnson, Sally Billingsly, Suzie Jennings, Carolyn Dobbs, Barbara, co-captain, and Linda Yaple, manager Marilyn Weller; mascots Danny and Davey Walker; coaches, Eddie Gleibs and Ted Johnson.

Representing the juniors are: Forwards, Barbara Harlow, captain, Mary Ann Oberting, Delores Saint, Sylvia Mattey, Marilyn Donahue and Jean Sullivan; guards: Yvonne Brewer, Pollie Wright, co-captain, Marilyn LeMott, Shirley Klopher, Margaret Adams and Skip Wolfe; manager Audrey Smith; mascot, Cocker Spaniel.

The sophomore team is composed of: Forwards, Sue Kuhlman, Sondra Betsch, captain, Stefanie Wright, Jean Lehman, Patti Burlie and Anita De Matteo; guards: Mary McClaine, Doris Ruffner, Kay Glass, Nancy Shannen, Sue Redman and Sandra Miller; manager: Pat Yeagley; mascot, Wire Haired Terrier; coaches, Jim Vincent and Jim Kimball.

Twin Mascots To Appear

Danny and Davey Walker, the four-year-old twin sons of Mr. and Mrs. R. B. Walker, 328 S. Powell-av, will make their third appearance as mascots for the annual girls' basketball tournament at West High School, Friday, Feb. 8.

They have appeared as mascots for this year's senior team, throughout its high school tournament games. As always they will be dressed in the senior team's colors and have the same numbers, 0-0.

Girls Enjoy "Y" Craft Classes

By Pat Martindale

One usually thinks of the YMCA as an association especially designed for men and boys only, but the Hilltop Branch caters to girls and women as well. As a matter of fact officials of the Hilltop Y prefer to be known as a community association.

Among the many girls' programs is the craft class which was started last September. Eight girls between the ages of 7 to 14 compose the class under the direction of Mrs. Eleanor Gaskill. The girls have made many beautiful and useful gifts over the past five months.

Starting next Monday, Mrs. Gaskill will teach the girls to make puppets and the art of puppetry. This course is expected to last one month.

Because this group has been so successful, Mrs. Martha Finneran, YMCA secretary, said that the class will be expanded. All Hilltop girls of school age are invited to the class on Mondays immediately after school.

Dublin Legionnaires Sponsor Fox Drvie

Invitation was extended this week to all county sportsmen to attend a fox drive Saturday, Feb. 2, beginning at 10 a. m. from the Dublin American Legion Hall.

George Eger, commander of Lazell Post No. 411 which is sponsoring the event said that lunch will be served and prizes of a shotgun, fishing rod and other sports articles will be awarded following the drive.

Game Protector Irvin "Pat" Patrick of Fayette County, insists he has seen everything now.

He and some friends were shooting crows in a roost near the Green County line one night recently and were having pretty good luck. But when they investigated the kill they got a shock. One of the crows had on a nicely tailored red sweater from head to tail.

Someone's pet crow had joined the wild birds and met his doom. Pat said that someone had taken great pains making the sweater and that it was fitted very neatly.

No wonder the bird didn't go south. It's a shame he had to go 'west' instead," Pat lamented.

When asked if the sweater was a knitted one, Pat smiled and said "No, crow-shayed."

The West High School basketballers traveled to Marion last Saturday night and were handed the short end of a 67-49 score by Harding High. The contest was played on the Edison Jr. High court which is a "band box" in comparison to the local hard court, being only about one-half its size. This was a definite handicap to the locals and had much to do with the final outcome of the game.

The Cowboys led early in the contest but trailed at halftime 31-30 31-30. In the final two periods Harding had control of both boards and hit from all angles to win by the very decisive margin.

Colby led the winners' attack with 26 points while Russell played a fine floor game. Trabue again stood out for the locals with 19 points.

Friday night, Feb. 1, the City High Basketball League will swing into the second and final round of the 1951-52 season with the following games being scheduled.

League leading East High plays host to Linden-McKinley and should win as it pleases despite the loss via mid-year graduation of one of its finest players, Bernie Granger.

North invades Aquinas in what should be a free scoring battle.

Central High's Pirates invade the Hilltop to clash with the Cowboys on the local hardcourt. This game is a toss-up but only because the Riversiders lost four of their regulars due to mid-year graduation, leaving only Ray Clark, a high-scoring guard, to carry on. The Cowboys would like nothing better than to avenge the drubbing they received from the Pirates in the first round.

The local lads have a much better team than their record indicates and should they begin playing up to their capabilities they can win more than their share of games during the final round.

The West Senior Church League played its fourth set of games Monday night at Glenwood and the biggest upset of the present campaign took place when Hoge Memorial's promising quintet went down to defeat at the hands of twice beaten West Park Methodist by a score of 29-27. Lattimore was the hero for the Methodists by scoring the winning goal in the final five seconds. Dick Smith also stood out for the winners with 15 points.

Glenwood Methodist remained in a first place tie with Hoge by trouncing Avondale EUB 40-22 as Burgoon tallied 13 points for the Methodists.

Westgate EUB trounced Wheatland Avenue 47-28. Hall led the winners' attack with 21 points while Hairston stood out for the losers with 19 points.

The schedule for Feb. 4 is as follows:
Glenwood Methodist vs. Wheatland.
West Park Methodist vs. Westgate.
Highland Avenue Friends vs. Avondale EUB.

Hilliards Five Is Walloped By Marysville

Hilliards cagers met the co-defending champs, Marysville, at that city Friday. The victorious Monarchs knocked off Hilliards 62-42 in the Mid Six League game, for the fifth straight setback for the Hilliards' cellar team.

The reserve preliminary game went to Marysville's Reserves, 32-20.

Drain Motor Oil More Often in WINTER!

Heavy condensation caused by cold weather, short trips and stop-start driving . . . plus fuel dilution caused by choking . . . are the things that build up winter sludge in engines. The only way to get rid of it is to drain the oil often.

Here's what SLUDGE does to engines

This is "cold sludge" which contaminates oil, sticks to engine parts.

Clogged oil screen . . . caused by ice and sludge can result in costly overhaul.

Dirty piston rings...fouled by cold sludge cause high oil consumption, poor gasoline mileage and repair bills.

Drain the sludge...by draining the oil at

New Maternity Section of Mt. Carmel Hospital To Be Dedicated At February 15 Ceremonies

Shown in one of the bright nurseries of the new maternity department opened at Mt. Carmel Hospital last week are Sister Romula, C.S.C., nursery supervisor, and Ollie Kirkland, an aide.

St. Anne's Hall, the new maternity section of Mt. Carmel Hospital, will be dedicated Feb. 15 with the entire new wing of the hospital. The new maternity division was officially opened last Thursday when the new delivery rooms were used twice and two little arrivals joined the 45 babies already there.

Located on the sixth floor of the new building the division is the latest word in construction and equipment. Built to accomodate 71 patients (only 55 could be taken care of in the old department) the maternity section has six nurseries, three delivery rooms, service rooms and a doctor's lounge.

The ultra-modern hall is done in gray and green tile with glittering stainless steel accessories. One of the delivery rooms will be used for Ceasarian sections where, in the past, these cases had to be taken to the surgery department. One nursery will be used for isolation cases and another for premature babies.

Seven labor beds are arranged in large, pleasant sunny rooms and planning in the new wing has eliminated the melancholy atmosphere usually present in hospitals.

The old maternity ward, outmoded and described as a firetrap is among the departments in the four floors of the old building which will be razed as soon as the new section is entirely completed.

a short talk and accept the keys to the station from Service Director Keller.

Cutting of the ribbon across the doorways will then be done by Al. E. Nice, former chief of the Columbus Fire Department who is now retired at 85 years young.

Introduction of representatives of various Hilltop civic associations will follow and then introduction will be made of the units which will man the new station. These men will be represented by Deputy Chief Sam Zaayer, superintendent of maintenance; Chief Pfaltzgraf, Supt. James Harkins and Assistant Chiefs Elmer Brophy, Ralph Cassell and Joseph Cassell.

Harold Banker, general chairman of the event, will then present a new television set to the men of the enginehouse. This set was made possible by donations from the various civic organizations, on the Hilltop.

The new station will be all decked out with flowers from local florists for the public inspection of the building and at 2:30 p. m. a trial fire alarm will sound and the unit on duty will leave the new station and return in approximately two minutes.

The public attending the dedication will be served with hot coffee furnished by the Nescafe firm, while donuts for the occasion are being furnished by Trott's Super Market Bakery.

Everyone is urged to attend the dedication and fire department officials stressed that the station is open for inspection by the public at any time.

Family Of Nine Asks Homebuilding Aid

With their family bread-winner in Franklin County TB Sanitarium these children pictured here are hoping that fate will be a little kinder to them and that the people of this community who possess any skill at building will give a few hours of their time so that they might have a comfortable home.

Over at 1250 Brownleaf-rd stands a one-story concrete block home, almost but not quite completed, and nine pairs of eyes every day look at the nearly complete structure and wish it were complete so that their daddy and husband could be returned to them from the TB Sanitarium to spend his remaining days.

Seven months ago Lester Canfield was stricken with that dread malady of tuberculosis and it was necessary for him to become a patient at the Franklin County TB Sanitarium. Since that time his family has seen naught but misfortune.

Today that family lives in a one-room building on the lot at 1250 Brownleaf-rd. It is home to them, but is sorely overcrowded and far from being the proper environment in which healthy children can be reared.

On the front of the lot is the home they some day hope to occupy. It was started for them by members of the congregation of the Church of God at Frank and Brown-rd, but the construction of the building has been slow and tedious and now all work is halted on it.

The work has stopped temporarily because the men of the church who have been donating their time toward building it are all incapacitated or ill themselves. As a consequence, Lester, age 15, Nancy, age 12, Joseph, age, 10 Judy, age 8, William, age 6, Charles, age 5, Janice, age 3, and Richard, age 2, with their mother, Joseph Canfield, age 33, are forced to live in the same room until the new house can be finished.

The father of this family knows his condition to be such that he cannot live much longer and asks to return to his home, but with the present crowded conditions he cannot do so.

Members of the church this week sounded an appeal to anyone who can give a few hours of their time to help build this home. All it needs is a roof and flooring installed and then the family can move into it. Women of the community say they will install the window glass in the steel sash if a sufficient number of men would aid in putting on the roof and laying the floors.

Any one who can aid this family with a few hours work is urged to call Mrs. McGraw at Ra. 5288.

presented with a handsomely leather-bound scroll in recognition of his Life Membership on the Honorary Board of the Young Men's Christian Association.

On Nov. 10, 1951, Dr. Whitehead passed away after an illness of several weeks. His last will and testament was admitted to probate on Dec. 8, 1951. The terms of his will provided that the residue of his estate should come to the Young Men's Christian Association of Columbus, Ohio and directed that the same be divided equally and for the use of the Spring Street Branch and the Hilltop Branch of the YMCA of Columbus, Ohio.

Appraisal of the estate indicates the total value to be approximately $94,000. After specific bequests have been made and the necessary fees deducted, the balance of the estate will amount to about $50,000 to $55,000.

BE IT RESOLVED:

THAT the Hilltop Branch Board acknowledge with grateful appreciation, this generous bequest, in the interest of the youth of the Hilltop, with the understanding that the provisions of the will are to serve as directives in the use of the funds by the two branches, the Hilltop Branch and the Spring Street Branch, and

THAT we recommend to the Board of Management of the Hilltop that this Resolution be adopted unanimously and spread upon the official minutes of this Annual Meeting, and

THAT adequate publicity be prepared so as to encourage others to assist in providing funds necessary to meet the long range capital needs of this Association.

Broadlawn Residents Up In Arms

Shown above is a view of the flooded field immediately east of the pumping station and housing development. Water at time the photo was taken measured as much as 14 inches deep and overflowed into the Standard Oil Co. premises in the background.

George Gusler dejectedly watches the baking out process he had to employ with his oil furnace motor after high waters had backed into his basement. This was a procedure that was almost universal in a majority of homes in Broadlawn last Sunday after the waters had subsided.

(Continued from Page 1)

amount of property damage as we have these last few hours."

Chief target of criticism by the group was the manner in which the sanitary sewer system in the area had been overloaded.

It was pointed out by George Gusler: "Before sale of the lands for development of Broadlawn, Tonti Builders, Inc., represented that before any large scale development was undertaken that adequate new sewerage facilities would be installed. Instead of installing new sewers and better pumping facilities, the old lines have been tapped into for as many as 32 new houses by the Tonti firm."

Others of the community were vehement in their criticism of the builder charging that he had cut into field tile drains and left them open to pour into basement excavations and thence into open sanitary sewer outlets to over load the current facilities.

Franklin Township trustees said that two weeks ago the builder had been "called on the carpet" by that body through the office of the Franklin County Prosecutor and warned that street and drainage improvements in the area must be complied with.

One township trustee, as well as many residents in the community, termed the present sump house which serves the sanitary sewer system, "a death trap," and "a health menace". Indications were that the State Board of Health may also be called into the picture to take remedial action.

In the meantime a four hour caucus of many of the residents in the community was held, in which discussion was made of possible court action against the Tonti firm which would enjoin further building in the area until proper sewage disposal and street and ditch improvements are made.

George Gusler, a resident, said, "When my associates were faced with the problem of no more building permits being permitted for the addition, it was decided to sell to the present builder having been assured by county authorities that no more building would be permitted in this area. Since sale of the lands however, the present builder has been able in some manner to secure those very permits which we were denied. As the matter stands, the development of this area has been haphazard and detrimental to the community, with no regard shown to other property owners rights. We'll go to the courts if necessary to get something done to protect our interests."

Gusler continued, "Originally the sewer system for the addition was designed by Ed. Bradbury, a nationally recognized expert in sanitation. He determined the levels and sizes and they were placed according to his specifications. Originally there were a few septic tanks installed with filter beds. The fact was recognized at that time that the sewer system would be inadequate if many more installations of that kind were made. That development has been made however but no further provision has been made by the builder to supplement the present sanitation system. When more requests for building were made prior to ownership of the lands by the present developer, the County Sanitary Engineer Mitchell denied those permits, but now is granting them. On Monday of this week I personally asked Mitchell to grant no more such permits until some effort is made by the current builder to remedy this situation which has arisen."

Alfred Tonti of Tonti Builders, Inc., this week said, "Everything we do in Broadlawn is strictly in conformity with the local laws governing water conditions. We have cooperated with Franklin Township Trustees and the County Engineer and they have cooperated with us to the extent they are permitted by law.

"We now have available petitions for a complete drainage system to be installed in each of our developments. The petitions were prepared in the office of the County Engineer and are now ready for signing by property owners. The complete drainage system must be paid for by the people whose property it abuts. We stand ready at any time to shoulder our share of the cost and have signed the petition to have the county take action for installation of a modern drainage system."

The Hilltop Record
Columbus 4, Ohio

Gentlemen:

Through the courtesy of [illegible] Columbus representative, the G. F. Henry Company, I have received copy of your issue dated January 17th which carries an article on Page 1 titled "No Explosion at Hillards Grade School," and I am therefore writing to give you accurate and authentic information as to what might have happened.

First of all I do want to say that the use of the word explosion in connection with the breakage of Nutice is improper. As a matter of fact the breakage of tempered glass is the opposite of an explosion. An explosion is relief from compression as in an automobile engine, and there is no compression in tempered glass. Actually the glass is expanded when it is run up to a temperature of approximately 1400 degrees. It is then instantly cooled, which means that it does not have an opportunity to fully return to its original dimension. It is therefore in tension instead of under compression.

The breakage pattern of tempered glass is actually its safety factor, as it disintegrates to gravel-like segments instead of large jagged pieces as does ordinary glass or slate. It is for this reason that it is now almost universally used in automobiles.

Tempered glass very rarely breaks at the moment of injury, unless the injury is an extreme one, and there is invariably a delayed action between the moment of injury and its actual breakage. This is, of course, just the opposite of ordinary glass or slate. This delayed action might run on for a period of five or six months before the piece will actually break. About the best parallel I can make for you is binding a handful of matches very tightly with a piece of rubber sheeting and then partially scoring the sheeting with a knife. There would still be sufficient strength to the sheeting to temporarily hold the matches together, but eventually it would break and you would then find the matches on the floor.

Last spring we made extensive tests of the breakage characteristics of Nucite in the laboratory of the Pittsburgh Plate Glass Company at Creighton, Pennsylvania, and these absolutely proved that broken pieces of Nucite only move in a plane parallel to that of the sheet of glass itself. They do not, of course, moved upward because of the force of gravity and therefore the pieces fall down. However, some pieces will hit the chalk tray and bounce into the room. In the tests where we left one end of the frame open the broken pieces actually came out at the end of the frame. I also want to let you know that in some of these tests we deliberately bowed the glass out into the room as much as one inch in order to increase the possibility of forcing pieces into the classroom. We took motion pictures and high speed still shots in order to give us an exact picture of what actually happens if a piece should break. We placed sheets of paper two inches away from the sheets of Nucite, and in not one single instance was the sheet of paper even dented. I would also like to inform you that there is no such thing as a defective piece of tempered glass because if the glass is defective in any manner it will break during the tempering process. The reason for the breakage may never be discovered as the piece may have been hit some time ago in an accidental fashion, and the party that did it no longer remembers the incident.

For your further information I am enclosing herewith copy of laboratory tests regarding the breakage characteristics of Nucite. This is the official report from the Pittsburgh Plate Glass Company.

Very Truly Yours,
New York Silicate Book Slate Co., Inc.

Miss Giantonio Married Jan. 19 To Hilltopper, Bruno J. Masdea

Mr. and Mrs. Bruno J. Masdea

Saturday, Jan. 19, nuptials were read uniting Miss Louise D. Giantonio, daughter of Mr. and Mrs. Joseph Giantonio, 2432 Berwick-blvd, and Mr. Bruno J. Masdea, son of Mr. and Mrs. Joseph Masdea, 163 Powhatan-av. The ceremony was performed at St. John the Evangelist Church by Rev. Frederick Burkhart.

Marie Schimmel, organist, and Raymond Bruchner, soloist, entertained prior to the nuptials in the church which was decorated with palms, greenery white snapdragons and gladiolus with the aisle seats decorated with draped satin cords and flowers.

The bride, given in marriage by her father, wore an original designed gown by Mindelli in candlelight satin with imported Point de Rose lace fashioning the long sleeves that formed points over the hands and the taut fitted bodice with a wide portrait neckline enhanced with imported French iridescent paliettes which were repeated at the full cathedral train. The extremely bouffant skirt fell over an old fashioned hoop skirt and crinoline petticoat. Her regal lace coronet, which was designed to match the bridal gown, was strewn with tiny pearls and iridescent paliettes, and held her veil of imported silk English illusion, designed with tier upon tier which extended into a full cathedral length veil. The bride's bouquet was made of all white orchids.

The maid of honor, Miss Louise Mary Giantonio, cousin of the bride, wore a jonquil yellow faille taffeta gown fashioned with princess panel front and the bodice was enhanced with draped nylon tulle. The extremely bouffant skirt cascaded over a hoop and crinoline petticoat. She wore a fitted cover up jacket with a portrait neckline and cap sleeves with matching mitts.

The junior bridesmaid, Miss Isabella Black, niece of the bridegroom, and the bridesmaids, Miss Norma Jean DiPietro, Miss Jo De Santis, Miss Marie Cipriano, cousin of the bridegroom, and Miss Clara Quint, wore gowns identical to the honor attendant's in Spring green with matching mitts. They carried arm bouquets of yellow roses, centered with two lavendar orchids and wore bead bands of fresh yellow roses.

The best man was Mr. Joseph Fodey, Jr., with ushers, Mr. John Gallucci, Mr. John Masdea, cousin of the bridegroom, Mr. Joseph Albanese, cousin of the bride, and Mr. Norm Hausfeld. Ring bearer was Master Don Gentile, Jr., nephew of the bridegroom.

The mother of the bride who presided over the wedding breakfast at Presutti's Villa and the evening reception at the Neil House, chose a gown of champagne chiffon and lace with scattered rhinestone trim and a white felt hat with pearl and crystal bead trim. Mrs. Masdea, mother of the bridegroom, wore a royal blue gown with a Momosa profile hat with ruching of hand sewn velvet flowers with scattered rhinestone. Both mothers wore white orchids.

For their wedding trip to New York City the bride changed to a gold gaberdine suit by Dunhill and black suede accessories.

Upon their return they will reside at 2432 Berwick-blvd until the bridegroom, who is a sergeant in the U. S. Air Force, reports for overseas duty. He is a graduate of Aquinas High School and attended Ohio State University prior to being stationed at Wright-Patterson Air Force Base.

The bride is a graduate of St. Joseph Academy and attended Ohio State University. Her gift from the bridegroom was a gold cross, embossed and centered with a dismond.

Experience In "Grass Roots" Politics Proves Interesting

By Judy Masters

Franklin County's experience in "grass roots" politics made an interesting afternoon for this reporter who doesn't pretend to know the workings of the symbolic elephant or donkey, having just recently graduated into the eligible-voter class. The Republicans of the county met for their convention in Memorial Hall last Thursday with the velvet drapes of the stage making a brilliant red frame for the rostrum and other participants who looked down from their bunting draped places. Weird papier-mache elephant heads, sprouting fern, lined the edge of the stage contrasting in color with the rich red. Actually from a distance or with one's eyes half shut it could very easily [illegible] a church decorated for approaching nuptials.

General comment of the women delegates or alternates was that they would "take it all in" and just "do whatever is expected." Few of the women were "politicians" and for many this was their first experience in conventioning of this sort. Mrs. Eupha Phillips, 398 S. Ogden-av, and Mrs. Helen Earnest, 649 S. Hague-av, were among the delegates from Ward II who planned to stay until the end (about 10:30 p. m.) A box lunch was served to the delegates at the half way mark, supper time.

Mrs. Robert Denman, 251 Pasadena-av, a delegate from Prairie Township, attended as an alternate delegate while her husband was a delegate. Mrs. Ralph Clemens, 1521 Galloway-rd, attended under the same circumstances but took over when her husband had to leave later in the afternoon.

Most of the women were literally and figuratively smart in wearing suits. The room was chilly and the women seemed to have the foresight to be prepared. Many wore boots to keep the drafts off their ankles.

One of the few women to whom I talked that proved to be a veteran was Josephine Brownlee, 324 Nashoba-ay, Ward 10. She attended both the local conventions held in 1941 and 1942 but stated that she thought the '52 convention, "more like the national convention."

I stood in the rear for awhile where I saw Anita Dewhurst, 24 S. Richardson-av, delegate from Ward 11, and Mrs. Bob Cassel, 831 Roys-av, who had been checking coats in the lobby.

As always there was a peanut gallery with a sprinkling of spectators in the balcony. One young couple came joyfully from the balcony with an actual bag of peanuts. Whether they were just true-blooded Americans enjoying the privilledge of a peanut-heaven or whether they planned to feed the elephants was hard to discern.

So with a pocket full of thimbles stamped with vote for so and so, numerous scratch pads with the merits of another candidate impressed, match books from another, and an arm which hadn't been pumped so much since my marriage reception line, I left the well-known building where democracy was going on.

Fourth Graders Attend Exhibit At Art Gallery

On Thursday, Jan. 24, the members of the Rome fourth grade class along with their teacher, Florence Weber, and Mrs. George Olsen, Mrs. Edward Meckstroth, Mrs. James W. Whalen and Mary Whalen, were escorted through the Columbus Art Gallery's fabulous exhibit of "Mexican Colonial Art", covering the periods from the Spanish invasion of Cortes at Vera Cruz in 1519 to 1810. All the fourth grade students along with two youngsters from the second grade, Virginia Whalen and Richard Meckstroth, as well as the adults appreciated the time devoted to them by the Gallery's representative, Miss Derby. This exquisitely beautiful and unusual exhibit was displayed first in Columbus in the United States.

Thanks are extended by the group to James A. Groves, Rome School principal, for permitting the children to be excused from their classwork and Mr. Kaiser, bus driver, who also made it possible for the children to have this opportunity. Following the conclusion of the Mexican tour the children were interested in "hobbies" exhibit which is now being shown in the special "Children's Section" of the Gallery.

Bible Comment:

The Spirit of Jesus Is More Important Than His Miracles

AMONG the most amazing stories of all time is the feeding of five thousand people with five barley loaves and two small fishes.

Many of us are familiar with stories, ancient and modern, of the assertion of mind over matter, and readily accept them as true. But Christ's multiplying of the loaves and fishes defies physical laws and modern "realists" find it hard to accept.

It is important for not only the "realists," but all, to remember that belief in miracles doesn't save, but belief in Christ as Saviour and Redeemer does.

Why try to rationalize miracles? If you can "explain" a miracle it ceases to be miraculous. It is said that in the miracle of the loaves and fishes that many of the five thousand, besides the small boy, merely followed suit and produced their own provisions. The notion is absurd in view of the plain record.

More intelligible is the suggestion that it would have been remarkable if tales of great wonder-working power had not become associated with the ministry of Jesus.

The noteworthy thing about the miracles recorded for posterity is that almost without exception the physical miracles correspond with the spiritual mission of Christ.

In the words of Jesus, ". . . the bread of God is he which cometh down from heaven, and giveth life unto the world."

His are miracles of feeding, healing, life-giving, all symbolic of Jesus the Bread of Life, Jesus the Healer of Souls and Jesus the Saviour and Redeemer, giving to men the new birth.

LUTHERAN MOTHERS WILL MEET FEB. 7

The Mothers Club of Hilltop Lutheran Church will meet Thursday, Feb. 7, 10 a. m., in the church lounge. Hostesses will be Mrs. Leonard Echols, Mrs. Francis Harvey, Mrs. Bernard Lasher and Mrs. Homer Heil.

Mrs. Earl Miller, president, has announced the following committees to serve during this year:

Telephone and hostess: Mrs. Edward J. Rielly, chairman, Mrs. Lasher and Mrs. Heil; sunshine: Mrs. Harvey Fenstermaker, and publicity: Mrs. Howard Thompson.

Local Churches Will Observe "Youth Week"

West Side and Hilltop church youth are working together to help others find the faith that has meant so much to them. This is the community objective of "The Call to United Christian Youth Action" in the West Side and Hilltop communities, Mitzy Shoemaker, chairman of the call committee announced today.

These activities will be carried out in the West Side and Hilltop communities by the youth who respond to the call during Youth Week, Jan. 27-Feb. 3. Through them our youth will join an estimated one million other youth who will be carrying out similar activities in their own communities. These youth will contribute one dollar each for united Christian youth action in the nation and the world. The commitments will be made at the community worship service scheduled for 6 p. m. Feb. 3, at the Burgess Avenue Evangelical United Brethren Church of Christ. The speaker for the evening will be Dr. Roy Burkhardt of the First Community Church in Columbus.

The project of Christian youth sharing their faith with other youth will be carried through a one week United Christian Youth Mission. Through their own church youth together on this evangelistic program groups, Christian youth will work program that will touch all of the youth of the community.

"Very soon after Youth Week we hope to launch the program of weekend work camps for church youth. We want to help the West Side and Hilltop communities in the best way possible whether it be anything from cleaning up alleys to helping a church," Mitzy Shoemaker stated.

MOTHER, What's it for?

Darling, that's an hour-glass.

You don't see many of them left these days.

Turn it over once. There! See the sand running in that tiny, little stream? The sand never stops. It never will.

For that sand represents time, dearest. And time never stops either, but goes on and on and on . . .

The day you were born, God tilted a big hour-glass. It had all the hours of your life in it—and lots and lots of sand.

When you grow a little older, you'll find that time—like sand—seems to run a little faster. All of us have only so many hours—and without help, we might not spend them the way God thinks best.

That's why we have churches and Sunday Schools. Our church helps us make our hours meaningful, to make our time count for something.

Our church helps us make our lives good, and happy. That's why you and your daddy and I go to church every Sunday. For the hour we spend there guides us wisely all the rest of our hours through the week.

So you see, darling, that old hour glass can only measure time . . .

But our church tells us how to get the fullest measure of time from our lives . . .

For everything there is a season, and a time for every purpose under heaven.
Eccl. 3:1.

Ground House

(Continued from Page 1)

to look at his own shadow, went into the fields on Candlemas Day and sought a badger (they don't have groundhogs in Germany). Then he scientifically observed said badger emerge from his burrow, see his shadow, shiver with the chill of six long weeks of winter even the badger knew was yet to come, turn and return to his burrow.

In the early 1900's this German lad came to the United States and made his home at Quarryville, Pa., where he founded the Slumbering Groundhog Lodge. This lodge whose members were from the swain of the county, went into the field each morn of Feb. 2 and sought a groundhog burrow (what no badgers?) where they would keep vigil until Sir Groundhog would come forth, make his contribution to science and return or stay out, as the case might be.

Results of computations made by the lodge showed without a doubt that eight times our furry friend was dead right, five times he was very indefinite and seven times he was dead wrong. Nevertheless, "February, second day, have half your corn and half your hay," or come see me about corn.

Citizenship Awards Made By VFW at West Hi

Annual award of citizenship medals was made at West High School last Wednesday by the Veterans of Foreign Wars, Westway Post 3441. Richard C. Martin, senior vice-commander of the Post is pictured above as he presented the medals to West students Phyllis Truitt and Jerry Johnson.

The medals are given on the basis of citizenship, or the students' progress towards citizenship. They were selected by a committee of teachers under the direction of Principal I. F. Young. The VFW believes that good citizenship envisions not only the highest integrity of the individual but also his ability to adapt those characteristics for the advancement of society in general.

European Visitors Are Amazed At The Wonders of America

By Mrs. James Whalen

Mr. and Mrs. Ellis Hoffman and family, 762 Rome-Hilliard-rd, recently entertained Dr. Ernest Briesock and his charming wife, Dr. Herne Briesock of Vienna, who won a scholarship along with 66 other Vienna students to our country. These young people were exchange students with our 68 American students who are now studying in Vienna.

Dr. Ernest Briesock is a Professor in one of the large schools for boys in Vienna, and he is also a skiing instructor. His profession requires numerous trips to mountain farms, where he and his students remain for a week at a time. These students must learn to run with skis as well as just walk.

Dr. Briesock indicated that the Vienna farms are just beginning to have sufficient produce to can now. Food there, as here, is very high in price, although not as plentiful. Eggs are purchased once a year, usually in the summer, and packed in waterglass for preservation and consumation later on, as usually they are cheaper during the summer months.

The Briesocks had just replaced the window glass in their small apartment prior to their sailing to the USA, as their home was badly damaged during the war years.

The Drs. Briesock were delighted with the Hoffmans and to observe their methods of modern farming. The mechanical machinery had to be explained to them because no tractors or machinery is yet in use in their locale. Dr. Ernest was greatly fascinated by the Hoffman truck and other farm machinery and took numerous pictures of them. The mode of transportation is either by horse or tram, and the Briesocks were astonished at the large numbers of cars, and the thought of two cars being owned and operated in one family was equally amazing.

Mrs. Hoffman prepared a holiday type dinner with turkey, in true American tradition, however, the Briesocks seemed to enjoy the fresh-frozen sweet corn more than anything else on the menu, as they had never tasted it before. At the time of their departure from the Hoffman's the Drs. Briesock were assured of receiving a packet of sweet corn seed which they may enjoy next summer in their garden. Heretofore they have had only field corn.

America was a land of marvels, indeed, to the Drs. Briesock and they greatly enjoyed television and the accompanying popcorn, which was their first initiation at the Hoffman's, too.

Dr. Herne Briesock does most of her own sewing and eagerly hopes that she will be permitted to take some of our beautiful and lovely yard goods back with her, as the fabrics available in her own locale are exorbitant in price and greatly restricted in type and color. She was wearing a lovely hand-knitted sweater with her very smart suit. It is her great wish that our "modern wonders", i. e., washing machines, refrigerators, gas stoves, deep freezers, electric sweepers, sewing machines, toasters, coffee perculators, etc., which we take for granted, will soon be available to folks in the moderate income group in her community.

After departing from Columbus, these young people planned to visit modern farms and farm homes in Battlecreek, Mich., Tennessee, and Mississippi. They sail for home on Mar. 7.

As a coincidence the Drs. Briesock told Mr. and Mrs. Hoffman that they live 30 miles from Johann Ebner, 17, who was a 4-H Salsburg, Austria visitor last year and who had been a guest in the Hoffman home also. Herr Ebner found the Hoffman ice cream and fresh frozen strawberries a source of wonder, surprise and delight.

Plan For Future Development of Hilltop Revealed

Shown above is the architect's conception of the outlay for the new housing project. H. A. Chapman of Westfield Corp., said that the above sketch was of tentative nature and subject to change.

A group of representatives of organizations in the western part of Columbus and Franklin County are pictured above as they look at an architect's sketch of a huge housing project which may some day become a reality west of Columbus. Left to right seated, are Mary Demarest, secretary of the Western Franklin County Associations, Inc., sponsors of the dinner at which future plans were discussed; William Maurer, representing Franklin Township; Rev. A. J. Weld, president of the Hilltop Ministerial Association; Don F. Smith, president of the Hilltop Business Association; Dr. W. G. O'Harra, representing Prairie Township; and standing, John A. Broden, Hilltop Lions Club president; D. J. Kunz, president of the Western Franklin County group; Mayor James A. Rhodes; Harold A. Banker, regional chairman of the 11th Ward; Councilman Henry A. Koontz County Commissioner C. P. Lauderbaugh, and H. A. Chapman of the Westfield Corp.

Cooperation Is Urged To Push Growth Of Area

Civic leaders from all of the western portion of Franklin County met Tuesday night at Schmelzers Restaurant, 3178 W. Broad-st with city and county officials to discuss at length the proposed new $30,000,000 development which is contemplated near New Rome by the Westfield Corp., an affiliate of the John W. Galbreath and Co.

In an effort to keep pace and plan for the development which would practically extend the city's western boundary to Rome, the West Franklin County Associations Inc., invited city, state and county officials as well as the representatives of railroads, utilities, churches, schools and service organizations to the fellowship dinner in order that a common understanding of the problems ahead could be outlined and discussed.

Representatives of 35 organizations within the western portion of Franklin County were represented at the meeting in which Mayor James A. Rhodes of Columbus sounded the keynote by offering the fullest cooperation of the city government.

Rhodes stressed in his brief address the need for cooperative thinking and planning. He said that the City of Columbus had no designs for annexation of the area involved and that problems lay solely with the people of Franklin and Prairie Townships.

Framework of the West Franklin County Associations, Inc. was explained to the assemblage by Don Smith, legal representative of the group and regional chairmen of the areas involved in the huge expansion program which has been mapped out. Those chairmen being: Dr. William O'Harra representing Prairie-twp; William Maurer, representing Franklin-twp and Harold Banker, representing the 11th ward.

H. A. Chapman, representing the Westfield Corp., an affiliate of the John Galbreath Co., explained details of the huge 30 million dollar project which he said would take approximately five years to complete.

Initial plans, he said, called for construction of 1250 residences, with 40 acres of the huge area which lies just east of New Rome allotted for a [illegible] shopping center. Provision has been made too, for parks, churches, schools, motels and a convention hall.

The goal of the Westfield Corp., Chapman said, is to have some homes ready when the huge new

Halt Is Called On Broadlawn Sewer Permits

Following complaints of residents in the Broadlawn Addition last week concerning the flooding of basements in that area, County Sanitary Engineer Deseo T. Mitchell made a personal tour of inspection in the area, to view possible causes of the flooding.

After his tour was completed the county engineer stated that he was issuing orders that no further sewer permits would be granted to Tonti Builders, Inc., until such time as an adequate outlet sewer can be provided.

In a letter to the Hilltop Record this week, the County Sanitary Engineer outlined plans for a county trunk sewer installation which will relieve the possibility of future flooding conditions in the Broadlawn Addition.

The letter follows:

Gentlemen:

The article appearing in a recent issue of the Hilltop Record, relative to basement flooding in the Broadlawn Addition, has come to my attention. I believe it would be of interest to residents of the area if certain facts were made known as follows.

The sanitary sewers were constructed sometime in 1927 for the then developers of the area. It was agreed that since no trunk outlet sewer was available, that septic tanks and filter beds should be provided for each house and that the effluent, through the sanitary sewers, would be discharged into an open ditch near the southeast corner of the addition. The pumping station was constructed privately by the developers and, by agreement, they were made responsible

Reserved Seats Still Available For Minstrel

Jack Merriman, chairman of ticket sales for the 1952 Hilltop Minstrel Show this week called attention to the fact that there are still plenty of good reserved seats available.

Merriman said today, "Many of the Hilltop folk are under the impression that all seats for both performances of the show slated for Feb. 21 and 22 have been taken up. There are still plenty of seats available, but reservations should be made as soon as possible. It is true that ticket sales have been very good and we hope for capacity houses each evening, but to wait too long to make reservations might mean that you'll miss the show."

Reservations can be made by calling the Hilltop Business Association offices at 3183 W. Broad-st.

New Rosary Subdivision Rezoning Hearing Feb. 18

The Franklin County Planning Commission revealed this week that a public hearing on the proposed Rosary Subdivision at Demorest-rd and Sullivant-av, will be made at Franklin Township House beginning at 8:30 p. m. Feb. 18.

At present the area has a zoning classification of 1-R-8 set by the zoning commission last year after a prolonged dispute concerning a low-cost housing project which was contemplated on the site.

Current request before the zoning commission is that the area fronting on Sullivant-av from Demorest-rd to Josephine-av be rezoned to general commercial. Rezoning in the area fronting on Demorest-rd is asked for apartments. The frontage on Brigga-rd in the event of extension is asked for general commercial and the balance is asked to be rezoned to 1-R-6 for single homes.

The rezoning request has been brought about by the proposal for a new housing development in the area by Edward Tonti, 253 S. Southampton-av, general manager of the proposed new Rosary Subdivision.

Earlier this week, Tonti, outlined to The Hilltop Record the proposal for the new subdivision which would entail the construction of a shopping center at the site, new apartments of four and eight family type and single homes of frame, brick and stone which would fall in the $14,000 to $18,000 classification.

Edward Tonti

In outlining his plans for the new development, Ed. Tonti said, "I want it expressly understood that this is not a low cost housing project. These homes and apartments will be complimentary to the type of homes which are now in bordering Westgate addition. Building in the area will be of a restricted type with no homes permitted below the $14,000 minimum. I also wish to point out that this development will not be of the type in which houses will all look the same. Our plans call for the construction of homes in which there

Couple Leaves Home To Escape Customers

"We had to leave home at 5 o'clock last Thursday," Mrs. William Laufhutte, 1552 Union-av, told us. "The phone began ringing early in the day. Over 35 calls. We just left the house for the evening."

This is the ad she inserted in The Hilltop Record:

METAL double door wardrobe. Like new, $10; metal twin beds, complete with springs and innerspring mattresses. Fine condition. $30 for all. JO. 4626.

If you're keeping furniture that is no longer needed, you can sell it—and use the cash to buy new pieces. Your ad in the Hilltop Record will reach over 8100 homes here on the Hilltop. Call RA. 1125 today — you'll have the cash

Three Westgate Homes Burglarized

Police reported that last Friday night between 7:30 and 11:30 p.m. three homes on S. Southampton-av were entered and burglars took cash and property totaling more than $400. The burglaries all occured while occupants of the homes were away.

James R. Scott, 210 S. Southampton-av, reported the loss of $60 in cash and a gold watch and diamond ring valued at $225. Paul C. Carter, 189 S. Southampton-av, said a large 1887 bill, 14 silver dollars and a piggy bank were taken from his home. At the home of Mark R. Landrum, 150 S. Southampton-av, the burglars took a portable typewriter valued at $98 and a piggy bank containing $5.

Former Hilltop Youth Wins Song Contest

Paul Hegenberger, son of Mr. and Mrs. Paul Hegenberger, 651 S. Richardson-av, won the "Danny Wilson" contest conducted by Maurice Michaels of WVKO in a nationwide search for a new male singer. The 22 year-old winner is a line repairman for the Ohio Bell Telephone Co. and resides with his wife at 1513 N. High-st.

A recording of Hegenberger's voice and a photo have been submitted in the finals in which 34 other singers will compete. The winner of the contest which is to be decided in New York will receive a Columbia Recording contract and a trip to Hollywood.

Traffic Survey To Be Made At Mound-Hague

The traffic light at the intersection of W. Mound-st and Hague-av was not refused by the Columbus Traffic and Transportation Commission, according to information received this week following an editorial in The Hilltop Record which scored the commission for failure to do so.

HBA Members Will Be Hosts To Employees

The Better Business and Business Advancement Committees of the HBA will present a program on Employer-Employe-Customer Relations when the group meets Tuesday, Feb. 12, 6:30 p. m. in the Ternstedt cafeteria.

Each member is asked to bring as many employees as possible to this meeting which will feature a a discussion of "Proper Use of the Telephone in Business" by Miss Kiess of the Ohio Bell Telephone Co. and a talk entitled, "It's an Old Story" by Robert Wilson of Thrift Finance Co. who has won the Toastmaster Club Award for public speaking in this area.

Following several musical numbers by the Brass Quintet from West High School a dramatization of some of the right and wrong ways to wait on customers will be presented by a cast of local personnel. Russell Carter, chairman of the Better Business committee and Ed Schaedler, chairman of the Business Advancement committee, will be in charge.

Hilltop's Newest Fire Engine House Dedicated

Pictured above is former Columbus Fire Chief Al. E. Nice, aged 66, and now retired, as he cut the ribbon to formally open the new No. 12 engine house at Sullivant-av and Brinker-av.

Despite the week-end downpour of rain which carried over until Sunday afternoon more than 300 residents of the Hilltop area braved the elements last Sunday afternoon to witness the community dedication and formal opening of the newest addition to the fire protection system on the Hilltop.

The modern new building which will house the fire equipment and men of this station was officially opened by former Fire Chief Allen E. Nice by the cutting of a red ribbon which was suspended across the doorways.

The hour long ceremony began with the presentation of an American Flag for the new fire station by the Hilltop Lions Club, a color guard of Camp Chase Post 98 American Legion hoisted the flag to the top of the flagpole while Smith Barratt American Legion Drum Corps played, "To The Colors."

In the ceremonies which followed talks were made by John Broden, president of Hilltop Lions Club, Safety Director Donald D. Cook, Service Director Elmer A. Keller and Fire Chief Walter G. Strickfaden. Mayor James A. Rhodes was unable to attend due to illness.

1952 Auto Tag Stickers Will Be Sold Mar. 1

It won't be long now until car owners of this community will be trekking through the portals of Westgate Electric Co. at 2655 W. Broad-st, to secure windshield stickers in lieu of license plates.

Don Rice, chairman of the annual Hilltop Kiwanis Club license tags sale for this year, this week announced that the stickers would be available from Mar. 1 through 31. He said that his store will remain open every evening until 9 o'clock in order to accommodate the motoring public who will be needing these stickers.

Other members of the Kiwanis committee are: Ed Schaedler, Robert Nash, Mack Pemberton, Robert Cramer, Howard Lloyd, Sam Alford and Ed McGarrel.

Hydrant Offers Little Protection

While many Hilltoppers hailed the opening of the new Sullivant-av fire station this week residents of Broadlawn Addition directed attention to the condition of fire hydrants in their area which have almost been covered over by grading operations as pictured above. This hydrant located on Velney-av in the area and by virtue of being nearly covered by the roadway is almost inaccessible to firemen who would have to practically dig it out in case of fire before it could be coupled to hose lines.

Traffic Survey

(Continued from Page 1)

E. O. Melvin, a Hilltopper who, like other members of the commission, with exception of Traffic Engineer Ralph Wolfe, is an unpaid member of the commission, brought to attention of the Record this week the fact that he had made a motion at time of the meeting asking that a survey be made to see if conditions had changed since the last survey of one year ago at that particular intersection.

Action of the commission, according to Melvin, did not constitute a refusal, but on the other hand was an action taken merely in order to have a chance in which to make a proper survey of the traffic situation.

Local VA Office Will Remain

The local Veterans Administration Office at 48 Starling-st will not move to Philadelphia, Pa.

Contact service, medical treatment, dental treatment, social service, mental hygiene, training and insurance service, except collections, will be continued indefinitely at that office.

Achbar Grotto Club To Meet

Archbar Grotto Club Westhill No. 1, will complete its organizational plans Thursday night at DeMolay Hall, Broad-st and Burgess-av in a meeting scheduled to begin at 7:30 p. m. All prophets residing west of the Scioto River are urged to attend.

Hilltop's Newest Fire Engine House Dedicated

INSPECTION . . . "What are all these gadgets used for?" was the query of Hilltop service organization representatives as they inspected the new Sullivant-av firehouse last Friday, when it was placed into service. At the 750 gallon pumper asking questions of the two firemen are E. O. Melvin, extreme left; John Broden, at center; Ed Witherspoon, F. N. Reister and Jack Sensenbrenner.

NEW TELEVISION . . . Presentation of a new Zenith television set for the enjoyment of the men of the new fire engine house was made in the above picture as E. O. Melvin presents the warranty to Fire Chief Strickfaden. Looking on are F. N. Reister, John Broden and Ed. Witherspoon.

(Continued from Page 1)

The new fire station was termed as one of the most modern in the United States, by Service Director Keller, who also pointed out that its structural durability would lend itself admirably to the civilian defense in the event of a major disaster.

One of the final gestures in the hour long program was the presentation of a new television set to the men of the enginehouse by the various service organizations of the Hilltop.

Captain Harold Cunningham is in charge of the station which will serve an area bounded by the Columbus corporation limits on the west, south and north, and extending to Central-av on the east.

Attention was called to the fact that the new engine house is the first to be built west of the Scioto River since 1913.

A 750 gallon pumper has been assigned to the new station as well as an auxiliary aerial ladder truck which can also be called upon to fight fires if the necessity should arise.

Sewer Permits

(Continued from Page 1)

for the maintenance and operation of the station until a trunk sewer became available. According to information received in my office, title to many of the undeveloped properties, along with all responsibility for the pumping station, was recently transferred to Tonti Builders, Inc. Without attempting to justify any of the activities of this concern, it should be stated for the record that since taking title, it has been necessary for Tonti Builders, Inc., to overhaul the original pumps and to install an additional new one.

Plans have been completed by the county for a trunk sewer which will provide an outlet for the sanitary sewers in Broadlawn. A hearing on this project has been scheduled to be held in the Commissioners' office, located in the Court House, at 10 a. m. Feb. 26, 1952. All interested property owners should make every effort to attend this hearing as the fate of the trunk sewer may depend on the number of people who are there and express themselves as being for or against the project.

In the meantime, my office has informed the present developers that we will not issue any additional sewer permits for the area until such time as an adequate outlet sewer can be provided.

Yours truly,
D. T. Mitchell,
Sanitary Engineer.

Franklin Twp.

(Continued from Page 1)

Officers elected are Edward O. Johnson, 677 N. Hague-av, president; R. L. Morlan, vice-president; R. L. Tom, secretary; Kathleen Morlan, alternate secretary.

E. L. Lantz served as chairman of the organizing group brought together through the efforts of John Robert Jones, township committeeman.

E. Carroll Balo Named To Post In Ohio Legion

Appointment of E. Carroll Balo, 2594 Valleyview-dr, as post activities director of the American Legion of Ohio is announced by Joseph S. Deutschle, adjutant of the organization. He succeeds Spencer K. Brittain, formerly of Toledo, who resigned recently to join the Stran-Steel Division of the Great Lakes Steel Corp., Detroit.

Mr. Balo, who is a navy veteran of World War II, was a supervisor with the former VA district office in Columbus, but declined to move to Philadelphia with his status unchanged under the recent merger of offices.

His new work will include preparations for Legion state conventions, supervising state-wide sports tournaments, and working with local posts on administration, programs and membership. He has been a member of Camp Chase Post No. 98, Columbus, since 1945 and has served as adjutant and service officer, delegate to the county council and Boys' State chairman.

In World War II he served aboard the USS Hydrographer in both the Atlantic and Pacific, helping pave the way for invasions through uncharted waters. Prior to the war he was an agent and supervisor with the Western & Southern Life Insurance Co. He is married and has one small son.

Local Fireman To Observe 25th Anniversary

E. J. Brophy

Feb. 12 will be a red letter day on the calendar of veteran Fireman E. J. Brophy of 655 S. Ogden-av. That date will mark the 25th anniversary of his service with the Columbus Fire Department and in that quarter of a century span of years he has advanced through the ranks until he now holds the position of Assistant Chief.

Looking back through the years he recalled that he has served in the department under five different fire chiefs. The first was Allan E. Nice, who was followed in succession by Willis Hunt, Ed Welch, Clarence Ogburn and the present chief Walter G. Strickfaden.

High spot in his career as a smoke eater, he said was the Ohio Penitentiary Fire of Easter Monday in 1930 when 322 prisoners lost their lives in the holocaust which swept the prison. At that time he was stationed at No. 4 Engine House with the truck company as a tillerman.

Other fires which were outstanding in his memory was the IOOF fire on S. High-st in which five firemen lost their lives and two others were crippled. In that battle against the blaze which swept the huge structure, the firemen fought against the twin foes of ice and fire. The High-Long fire too, as well as the fire which destroyed the old Lyceum Theatre on N. High-st are still vividly recalled.

A resident of the Hilltop for the past 24 years Brophy said this week that there will be no special attention given to the anniversary of his affiliation with the department. "Just another day," he smiled.

But over at the Ogden-av address it's a different story. His wife Margaret and son David, a West Junior High student are mighty proud of "Dad." Another son Richard is currently in the U. S. Marines stationed at Paris Island and equally as proud.

METHODIST WOMEN FROM COLUMBUS TO HOLD ANNUAL MEET

The annual meeting of the Methodist women of the Columbus District will be held at the Broad Street Methodist Church, Friday, Feb. 15, 9:30 a. m. The Methodist women are drawing to a close the activities of their advance program which they have carried on for the past four years. The theme for this day will be "A Dream or a Reality."

Luncheon will be served at the church at noon. Reservations for the luncheon must be made with Mrs. Leroy Pounds, DO. 8474, on or before Feb. 11.

Valentine Tips

January gives us a chance to get back into our regular routines again after the hub-hub of the holidays. Then comes February with its special holidays to give us an inspiration for a party. Entertaining your club, church or office friends in February can be delightfully different. You have Lincoln's Birthday, Valentine's Day and Washington's Birthday to use as a setting for your party.

Perhaps Valentine's Day will appeal to you most. This is Leap Year too, so a Valentine Party can be wonderful fun for you girls. Invite your favorite boy friends. If some of your group are married folks, then the wives should send their husbands an invitation. The hostess can find lots of things to decorate her table and house, from items in the "Hearts and Flowers" departments of the five and ten-cent stores.

Refreshments might be a glowing red, jellied tomato salad on crisp lettuce leaves. Decorate the top of each serving with a green arrow cut from a green pepper. With this, serve assorted small sandwiches cut in heart shapes. Dessert could be vanilla ice cream with strawberry sauce, with heart-shaped cookies or a specialy made cake having white icing decorated with little red candy hearts. If you bake the cake yourself, you might put into the batter a few tokens, like a wedding ring, an engagement ring, etc. (Get them at the five and ten, too, and sterilize them before putting them into the cake batter.)

For entertainment, bridge or Canasta, with several Valentine type prizes. Or try charades that are so popular these days. The person giving the party could have little slips of paper for each guest to act out a special charade. A little thought in advance will bring to mind famous lovers, romantic events and things like that. Or use these as the basis for the game of "Twenty Questions".

February is the ideal time to have a party—everyone is ready for some fun and frolic again! The Leap Year Valentine Party plan is a pleasant one to work out. Since it's the kind of a party you can only have once every four years, you can make the most of it.

A Code of Living

In these days when the evidence points to a widespread weakening of the American moral fibre, with major crimes climbing faster even than the increase in population, it is encouraging to note that a great moral force in America is growing even stronger.

The Boy Scouts of America celebrates its 42nd birthday during Boy Scout Week, Feb. 6 through 12. It is an occasion when we can pause and consider its mark on the youth of the nation. Since 1910, more than nineteen million American boys and men have been influenced by this Scout Oath:

"On my honor I will do my best —

To do my duty to God and my country, and to obey the Scout Law.

To help other people at all times.

To keep myself physically strong, mentally awake, and morally straight."

* * *

For its young men members, known as Explorers, the Boy Scouts of America has this dedication pledge, which could well be adopted by all Americans:

"I will live the Scout Oath and Law. I will be familiar with the Declaration of Independence, the Constitution, and the Bill of Rights of the United States of America. I will respect and obey the law in order to have security and freedom.

"I will share the responsibility of my home, school, church, neighborhood, and community; and when legally of age, I will register and vote in all elections. I will deal fairly and kindly with my fellow-citizens of whatever race or creed, in the spirit of the Scout Law and America's tradition of equality of opportunity.

"I will work to preserve our American heritage of liberty and responsibility. I acknowledge that the privileges we enjoy were won by the hard work, and sacrifices, faith and clear thinking of our forefathers. I will do all in my power to pass on a better America to the next generation."

Today over 2,900,000 boys and men are actively enrolled in over 80,000 different units. Scouting is indeed a great asset to the nation. May it continue to succeed in influencing the lives of countless more boys as you go "Forward . . . On Liberty's Team."

READER COMMENT

Letters To The Editor

This newspaper invites letters from its readers on subjects of timely interest. All letters, however, must be not more than 400 words in length and all must be signed by the writer. The writer's name will be omitted if requested.

Dear Editor:

Answering a recent letter in your columns.

"I do not choose to run" Ambiguous language of the Republican President Colvin Coolidge.

What can you do about it? A Democratic President Harry S. Truman.

One can give either remark two meanings or a double meaning. Coolidge did not run. But he had a lot of his dumb constituency all a'dither about his intentions. Remember?

Truman played smart politics in his question when he asked the question, "What can you do about it?"

Harry S. Truman played it in 1948 and he is doing it again. Criticism is his meat. The younger generation was so accustomed to the smooth, even tempered flow of polite oratory from Franklin D. Roosevelt that they did not catch on to the psychology of the midwestern Truman, who called his opposition S.O.B.'s and what not.

Everyone is for the underdog in a dog fight.

Who played the part in 1948?

How much did it cost your letter writer for mink coats, deep freeze, influenza and B%? It's so small, he can't figure it. Yet there is a lot of smoke about it all.

What was the function of the R. F. C. when it was set up under Herbert C. Hoover's administration?

At first it bolstered up sick banks. Do you remember Will Rogers said, "The bankers were the first ones to go on the dole."

They fired telegrams at him by the hundreds. Then Will came back with "Them old bankers are a tetchy old bunch."

We don't have any trouble with banks now. Our money is insured and we have Social Security and a lot of criticism.

Now listen: Republicans, you are on the outside and if you want in, then come out for something besides, "We'll Mog It All."

Come on out with a plan for the good of everybody.

You can't get in with the plan you used in 1948. It will not work and the people who tell are satisfied with the job they have. If they are not, the Democrats have provided another one some where else. So we will just keep them in, and keep on paying out income tax even if there are some crooked Republicans in that department with the few crooked Democrats.

Very truly yours.
Clyde M. Rumfield, Sr.

Cowboys Avenge Early Defeats By Whipping Central 60-56

By Woody Owens

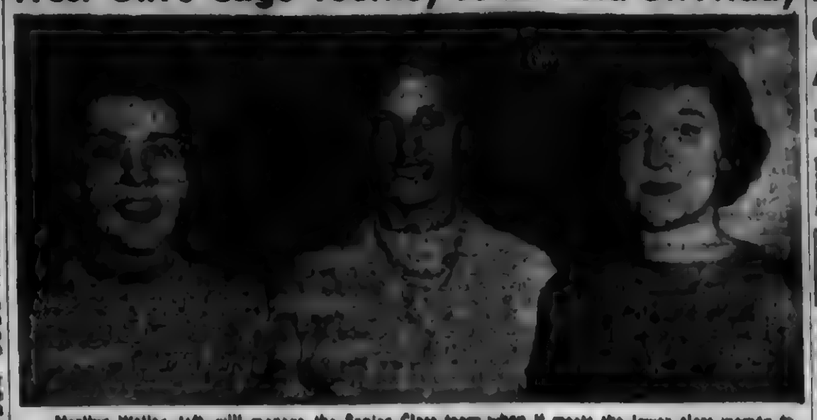
The West High School basketballers defeated the Central High Pirates last Friday night on the local hard court by a score of 60-56. This was the Cowboys' first win over the Pirates since Feb. 18, 1947 and thus ended a losing streak of ten consecutive contests.

The local lads built up an early lead through the fine offensive efforts of D. Hutchinson, Trabue and Vincent and were never headed although threatened several times. The Cowboys had a 17-13 first period lead and increased it to a score of 29-22 at halftime.

The third period found the ultimate winners increasing their margin to nine points only to see the Riverside boys put on a determined rally to trail by a close score of 43-41 at the termination of the period. In the final canto the two quintets matched point for point until Thornton tossed in two long one handers and then stole the ball to go the length of the court to add another to insure the victory.

Trabue and Thornton played fine rebounding games for the Cowboys with the former also leading the well balanced attack with 19 points.

Ray Clark played a brilliant defensive and offensive game for the Pirates and was the game's leading scorer with 28 points.



West Reserves captured their third win of the campaign when Joe Hutchinson counted a goal as the final whistle sounded to give the locals a 34-32 win over the Pirate second stringers.

West Junior and Everett Junior High continued as co-leaders in the city junior circuit last week as each notched up easy victories over their respective opponents. It was the sixth win without a defeat for each.

Everett trounced Starling by a score of 46-22 while the Junior Buckeroos won very impressively over Mound by the tune of 46-23. The Powell-ay quintet played their finest all around ball of the season, especially on defense, as they had only a 24-17 halftime lead and then held the high scoring Mound-et boys scoreless in the third period, allowing them only five markers in the final, to win as they pleased. Spratley tallied 13 points for the local lads while Pruden also chipped in with 14 markers.

The locals will be favored to notch up their seventh win this Friday as they play host to Starling Junior High, which has a league record of 2-4.

Drain Motor Oil More Often in WINTER!

Heavy condensation caused by cold weather, short trips and stop-start driving . . . plus fuel dilution caused by choking . . . are the things that build up winter sludge in engines. The only way to get rid of it is to drain the oil often.

Here's what SLUDGE does to engines

This is "cold sludge" which contaminates oil, sticks to engine parts.

Clogged oil screen . . . caused by ice and sludge can result in costly overhaul.

Dirty piston rings . . . fouled by cold sludge cause high oil consumption, poor gasoline mileage and repair bills.

EVERYONE WE KNOW IS A HARD DRIVER

Most people don't know it, but they're mighty hard on engines. By that we mean they do lots of short-trip, stop-start driving—and that's the worst kind there is for an engine. Under such conditions, engine temperatures stay low, normal evaporation of vapors doesn't happen, condensation inside the crankcase is heavy. Sludge forms rapidly.
This is SLUDGE!

Keep it out... drain oil now... drain more often in winter!

The Hilliards High Girls' and Boys' Glee Club, led by Mr. Robert White had a talent show in their regular classes on Jan. 22. This was to see how much variety of talent there really was in the glee club.

To start off, Mary Hoffman and Betty Pelphrey sang a duet. A solo on the steel guitar was played by Evelyn Polus. Avonlea Woods played the accordion and was accompanied by JoAnne Landis on the piano. Karen Myers played a piano solo. Doris Bohlen read a poem, "Tomboy."

Another solo on the steel guitar was played by Beverly Delph. Fra Knapp played her accordion. Rita White, Barbara Waters, Nola Gilletly comprised the trio that sang so well. Janice Brown played a piano solo. Velma Kitchen also played a piano solo. A duet was given by Patty Hart and Janet Pierce.

A quartet, Ruth Ann Mayer, Ruth Owen, Margaret Owen and JoAnn Landis, sang a variety of songs. Wanda Sherwood played an accordion solo. Mr. White played an accordion solo. Mr. White played a piano solo to show what he could do. There was an instrumental quartet in which Eddie Upperman, Bill Upperman, Douglas King and Lowell Johnson played.

Last was a singing trio which consisted of John Eiterman, Alvin Eiterman and Carl Hankinson.

Various ones of these numbers will make up an assembly for later in the school year.

Hilliards Wreck Is Blamed On Car Overload

Announcement was made last week by O. B. Murray, chief railroad inspector, that the costly Jan. 2 Pennsylvania Railroad wreck at Hilliards was caused by an overloaded boxcar. His report was made to the State Utilities Commission, whom he told the cars' derailment was caused when a heavy cable spool crashed through the floor of a boxcar because the boxcar was not strong enough to support its load of the heavy wire cable spools which weigh about 9000 pounds each.

Since the cale shipment was involved in interstate commerce, the PUCO had no jurisdiction and will refer the matter to the Interstate Commerce Commission. Murray's report also went to the state fire marshal and the Pennsylvania Railroad.

The Wasers have recently returned from more than two years in Tokyo and Sendai, Japan, and Sgt. Waser from six months in Korea. On New Year's Day, 1951, little Iris Susan was born.

Mrs. Waser was very glad to be back in the United States although she thought of her travels as a "wonderful experience." She returned with many souvenirs for which she enjoyed shopping because "you can drive all over and shop from the car." The shops are all close to the streets and open wide doors to greet the shoppers in the morning. Among her luggage were lamps, a tea table, dishes, dolls, fans and chopsticks. Mrs. Waser cultivated a taste for rice dishes while in Japan and her favorite is a dish that sounds like "Suki Yaki", a dish which is similar to chop suey "but with more in it."

The Wasers will remain in Virginia until next September when Sgt. Waser hopes to be discharged.

Messenger Boy To Bank Manager Is Bob Kneisley's Success Story

From messenger boy to branch manager is the route that Robert L. Kneisley has traveled during his 18 years association with the Ohio National Bank.

For the past five years he has been manager of the Hilltop Office of the bank, 2274 W. Broad-st.

Bob was born and raised in Gettysburg, Ohio and came to Columbus after graduation to work for the Columbus Automobile Club. He later was employed by Mills Restaurants.

He and his wife, the former Frances Stelzer, have one son, Terry, 7; they reside at 1457 Worthington-st. His sports interests are directed toward golf and football. Collecting antique furniture is his special hobby, although he is unable to devote as much time as he would like to it.

This year Bob is serving as treasurer of both the Hilltop Kiwanis Club and the Hilltop Business Association. He is also a

is not the sameness in appearance down the entire length of a street.

"Another point I wish to emphasize is the fact, that if rezoning of this area is granted and we are enabled to go ahead with the plans for this subdivision, there will be no construction of any nature started until a complete system of water and storm sewers and sanitation sewers are installed to the satisfaction of the county engineers."

Plans submitted to the Franklin County Planning Commission call for the erection of a shopping center at the corner of Demorest-rd and Sullivant-av, erection of apartment buildings on Demorest-av and the extension of Race-st and Eakin-rd westward through the subdivision. Streets in the subdivision extending north and south would be Derrer-rd, Joyful-st and Josephine-av.

Current plans as submitted to the county reveal that immediately west of the apartments on Demorest-rd and facing Derrer-rd would be twin singles (approximately 30 in number), of frame, brick and stone construction each of which is estimated to cost $20,000.

The apartments in the area would number from 30 to 50 individual buildings, each to cost an estimated $40,000 to $45,000. Tonti pointed out that these would be of four family and a few eight family type construction.

Single homes would number approximately 225 of the type of construction previously mentioned, with no lot to be sold until type of building is known by the developers to be within the restricted classification.

"The new development," Tonti said, "will cost several million dollars and take three to four years to be completed. A reputable firm will do the actual construction work and not a single basement will be dug until proper sewers, both sanitary and storm, water lines and streets are installed."

"After the rezoning of the area has been approved and approval of completed plans is made by county officials, I hope to be able to start installation of sewer and sanitation facilities within a three week period," Tonti said.

READER COMMENT

Letters To The Editor

This newspaper invites letters from its readers on subjects of timely interest. All letters, however, must be not more than 400 words in length and all must be signed by the writer. The writer's name will be omitted if requested.

Dear Editor:

It is a splendid tribute of respect to place flowers on the bier of the departed. But the sad part of it is that (as far as we know) they can not see nor appreciate the token of respect and esteem.

The point we wish to make is that no matter how good the intentions are, it would be better to give some of the bouquets to the living while they can see and enjoy them.

It has been thirty years since we moved to Columbus and twenty-nine years of this time we have lived on the Hilltop.

We have lived on Sullivant, Whitethorne, Belvidere, West Broad and the past eleven years on North Wayne, now our permanent home.

We have associated with the people of these communities and found them friendly and willing to lend a helping hand which is conclusive evidence of good neighbors.

We have dealt with business men from the viaduct to the State hospital and from Sullivant to the New York Central. In all our dealings with them they have been courteous, accommodating, and doing all they can to satisfy their customers; but best of all we have always found them on the square.

Neither of us are, or ever will be running for office, nor are we seeking favors. We have found the Hilltop a good place to live and we want to express a few words of praise and appreciation to the people who make it so.

Bouquets to the living we ought to send,
As well as to place them on the bier of men.
The good they do we may never know,
But kind thoughts is the soil where flowers grow.
Smiles may ease a troubled heart,
So give bouquets now before they depart.

Regards and best wishes to Hilltoppers.

Mr. and Mrs. J. A. Downey.

Dear Friends:

It is with sincere appreciation that I say, "Thank You" for the honor of being selected to receive the Rosebud bouquet this past week.

The flowers are truly beautiful.

To produce good shows, as you well know—takes the efforts and cooperation of many people. This we have — from our fine girls and boys, principal and faculty at West.

I wish to share the honor and flowers with all of them.

Sincerely,
Evelyn Hall

This is to advise you that I have been receiving The Hilltop Record regularly. It is being sent to me by the Citadel Class of Hoge Presbyterian Church. Although the news is a little old by the time I get it due to our mail service being slow, it's still news from home and welcome. I show it to all the fellows to show them what a nice neighborhood newspaper we have on the Hilltop. It is larger than many of their hometown newspapers.

As you can probably tell from the address our ship is a tanker and they have been keeping us pretty busy over here with the Sixth Fleet. Since our arrival in the Mediterranean area on Oct. 25, 1951, we have refueled some 68 ships of different types.

Our capacity is such that if it (the gas and oil) were to be put into ordinary railroad tank cars it would make a train over three miles long. We are one of the largest navy owned tankers, one other larger one being owned by Standard Oil Co.

Our first port in the Med was Gibraltar, then on to Golfe Juan, France, which is between Cannies and Nice, then to Malta, back to Naples, Italy, then to Suda Bay, Crete; Athens, Greece; Istanbul, Turkey; Augusta, Sicily, and back to Naples, Italy, and on here to Golfe Juan, France.

We arrived here Dec. 23, 1951, and are leaving tomorrow, Jan. 3, 1952, for maneuvers with the fleet, ending up at Naples, Italy, again.

Then I understand we will go to Tangiers and from there to Gibraltar to await the tanker which will relieve us from our present tour of duty in the Med. area with the 6th Fleet.

We are scheduled to leave for the States Jan. 27, arriving around Feb. 7th. I say around because it depends on the weather and that old North Atlantic gets pretty nasty in midwinter months.

Enclosed is a snapshot of me taken during a tour of the ruins of Pompeii. Keep the good news coming and best regards to all.

Yours sincerely,

Mr. Editor:

The Past Commanders Banquet and Post Birthday Party of Westway Post No. 3441 of 2393½ W. Broad-st, will hold this affair at the Columbus Maennerchor Club at 968 S. High-st, Mar. 15, 1952.

Dinner will be served at 6:45 p. m. and all Post and Auxiliary members are urged to attend.

On open invitation is extended to all veterans and to the invited guests of Post and Auxiliary members.

The committee chairmen, Eugene Wolfe and Henry Levy, ask each of you to attend and bring your guests.

They have informed us that our community newspaper—The Hilltop Record, will be on hand to photograph the Post past-commanders and banquet guests.

Tickets will not be mailed each member, but they are asked to call one of the following numbers: the adjutant at RA. 4549; Chairman Wolfe, RA. 1434 or RA. 1356; Chairman Levy, RA. 4058, and you will be mailed the tickets you ask for, or they will be delivered to you by a committee member; price of each ticket $2.50 per person.

The VFW State Commander and Adjutant-Quartermaster, Department of Ohio, have been invited to attend.

The senior vice commander of the Post has been selected as master of ceremonies for this occasion and he has been instructed to cut the speeches to the very least possible time, so you may be assured that no long winded speeches will be made.

An orchestra will furnish the music for dancing and we note that the tickets say (dancing from, to—) so if you like to dance you will be permitted to dance to your heart's content.

These annual affairs bring out many persons that you never meet at Post or organization affairs, so here is a good chance to meet dues paying members who never attend regular Post or Auxiliary meetings, so to one and all, come and meet your former comrades and their families; learn who represents the Veterans of Foreign Wars, on the Hilltop.

$20,000,000 Westinghouse plant is completed and ready to begin operation. He also pointed out that there is room in the area for at least 3,000 homes as well as room for more industrial expansion. It was pointed out that the actual building of homes in the area may not begin until April of next year.

The Hilltop, it was pointed out, will in the next ten year period show the greatest expansion both residentially and industrially over any other area in metropolitan Columbus.

Representatives of all industrial and utility firms such as the Pennsylvania and New York Central Railroads, Columbus Southern and Ohio Electric, Ohio Bell Telephone, Ohio Fuel Gas Co. Westinghouse Corporation, General Moters Ternstedt Division, and others pledged their utmost cooperation in helping to plan for this huge expansion which would make the Hilltop practically a city within a city.

One of the problems thoroughly discussed was that of zoning procedures and the necessity for correct types of zoning in order to induce further expansion of this area. It was pointed out that the zoning question was at one time a vital factor in getting the huge Westinghouse plant to become established in this area and that it was necessary to zone for heavy industry in order to secure this plant. Zoning of the new project would comprise residential, light industry, commercial and heavy industry.

Youth Announce Action Plans For Added Community Service

By responding to "The Call" the Christian youth of the West Side and Hilltop communities have committed themselves to a united program of community-wide action. Starting this spring, they will work together in specific projects of sharing their faith with others, serving the community through week-end work camps, and finding their places as Christian world citizens.

The youth of the West Side and Hilltop communities also are helping to make possible United Christian youth projects around the world. The dollar that each of the young people of these two communities has contributed will join dollars given by Christian youth in thousands of other communities. These funds will make possible a sustaining national radio program, a Christian youth program for the armed services, and greatly expanded Christian youth work in other lands.

"The promotion of 'The Call' has had the support of an unprecedented number of church and civic groups. Representatives from the different churches, the West Side and Hilltop communities Ministerial Association, the YMCA, the Boy Scouts, etc., have been actively promoting 'The Call,' and young people from almost every Protestant Church among those responsible. The first project in the West Side and Hilltop communities will be a United Christian Youth Mission, a community-wide program of evangelism," Mitzy Shoemaker is chairman of the Community Call Committee.

"The Call" is sponsored nationally by the United Christian Youth Movement in behalf of 32 major Protestant denominations, 11 youth-serving agencies, and interdenominational youth councils across the the country.

Chairman Mitzy Shoemaker thanked all of the pastors, adult leaders and youth whose cooperation made this response to "The Call" possible. She went on to stress that this was only the beginning, and that "the success of "The Call" could only be measured by the effects United Christian Youth Action will have upon our communities, our nation and our world."

"We are sure the total commitments will be increased, because there are some youth or adult leaders who were not at the community service Sunday night and wish to commit themselves to united Christian youth action. We hope that they will turn in their commitment cards and envelopes to their local church representatives," stated the Community Call Committee chairman.

The members of the Holy Name Society and the Altar Rosary Society will hold a joint meeting at the home of Rev. James Foley, 430 Norton-rd, Thursday evening, Feb. 7. A potluck dinner will be served the members of the Holy Name Class by the ladies of the Altar Rosary Society.

Friends Church To Hear S. A. Missionaries

Rev. and Mrs. Robert Geyer, missionaries to Bolivia, South America, will be in charge of both services this Sunday at the Highland Avenue Friends Church.

The Geyers have spent one term of service in Bolivia, having La Paz, Bolivia, as their headquarters. Their experiences in that high climate are most varied and their work there is such as creates a real interest in all who hear of it, and those who hear will wonder how they are able to carry on.

Cub Scout News

At Hoge Memorial Church, Jan. 24, from the time the pack meeting opened until everyone returned home, there was much doing. The theme for the month was "Rivers", so a dandy "Show Boat Minstrel" was presented by all the seven dens. A model boat built on a coaster wagon was made by Howard Hicks and his dad and added much to the atmosphere. The entire pack sang several familiar songs together, Ronnie Line played on the trumpet and the show opened with "Here Comes The Show Boat", "Smile" and "Oh Suzanna."

Den No. 3's Jackie Joe Neil had a cute pantomime on that "Lucky Old Sun." One of the mothers led the den in a French song.

Den No. 6's Arthur Wentworth played a clarinet solo and a skit on "Out on the Farm."

Den No. 1 caused a big laugh with a hula dance.

Den No. 5 had cross-fire jokes, and sang "Old Black Joe."

Den No. 7 sang "Shortenin' Bread" and told jokes.

Den No. 2's Bob Pemberton sang "Popps Get the Hammer, There's a Fly on Baby's Nose" and the rest of the den put on a sad "melodramer."

Den No. 4 closed with "Auto Trouble". Mr. Myer built a cute auto and Howard Hicks was the "lady in distress." The entire pack joined in "There Goes the Cub Scout Show Boat."

Mr. Line, the chairman, made announcements concerning the February theme and work for the coming month, calling attention to Boy Scout Sunday and week.

Gene Burr called on Jack Hostetter, den chief of Den No. 7, to present Dennis Hawes as a new Bobcat. These boys received awards up the ladder of advancement from Lloyd Schroy; Wolf Badges went to Jerry Schroer, Rickey Posey, Glenn Withers, Joe Mann, Terry Linson, Ernest Gresh, Eugene Denny; Bear Badges to Denny Charles, Michael Hicks, Eddie Roberts, Frank Adams, Ronnie Sigler and Lewis Williams; Gold Arrows were received by Jerry Schroer, Jack W. Neil, Bob Elliott, Howard Hicks, Jim Hastings; Silver Arrows to Jack W. Neil, Howard Hicks and Lewis Williams. Howard Hicks also received a two-year pin.

Refreshments were served, with mothers of Den No. 2 acting as hostesses in a fellowship hour.

• • •

Friday, Jan. 25, Cub Pack 88 met in Motter Hall of Glenwood Methodist Church. A fine program was presented by the boys and their dens, consisting of displays and explanations of the stars, constellations, suns etc. Some of the boys had visited the observatory and were very hep on the subject, not only increasing their knowledge but that of their parents also.

The Bob Cat Investiture Ceremony was conducted by the Cub Master C. L. Morningstar and Advancement Dir. L. B. Rafsnider with three boys receiving their Bob Cat Pins. They were Samuel Brobst, Robert Montgomery and Donald Jenkins. Ronald Drake received his second year pin and his Lion Badge and Harry Postlethwait his 2nd year pin and his Denner Stripes.

The resentation of awards was followed by an educational film and announcement as to plans for Pack basketball.

Be Prepared

It was a typical London night—cold, foggy, bleak. Through it all, Big Ben boomed out the hours in a deep voice that rolled through London into the ears of an American tourist, hopelessly lost in the mist that swirled along the dark streets.

Suddenly a youngster darted out of the fog. Quickly, he set the tourist on the right road. Politely, he declined a tip.

Then he was away in the fog.

A simple act of kindness—but because that English Scout helped an American to safety, that same American helped to found the Boy Scouts of America, February Eighth, Nineteen Hundred and Ten.

It is fitting that the churches of the United States salute the Boy Scouts on their anniversary. For since the beginning of the scouting movement, the churches have given facilities, leaders and counsel to boys whose future attitude toward their own maturity is bound up in the short, confident phrase, "Be Prepared."

It is the wish of churches everywhere that the Boy Scouts of America continue to stride down the long corridor of the future years living— to their fullest measure—the implications of the Scout Oath:—

On my honor, I will do my best to do my duty to God and my country, and to obey the Scout Law . . . To help other people at all times . . . To keep myself physically strong, mentally awake, and morally straight.

Therefore be ye also ready: for in such an hour as ye think not the Son of man cometh.

(Editor's Note: Bob Janes of the Hilltop, now in Korea with the Armed Forces and a graduate of West High School during December wrote to his friend and former school teacher "Doc" Campbell of 3000 W. Broad-st. Aware of Bob's many friends, "Doc" brought the letter to the Record in order that they too would know of his activities.)

Bob Janes

17 December 1951

Dear Doc:

You are probably fainting with surprise, but no matter how the flesh is weak, the spirit is always thinking about you and those good old days we used to spend at West High.

Am now close to nine months in this hole known as Korea. My first four months I was a fighting fool in a line company, behind a light 30 calibre machine gun. Came close to losing my life several times, but through the grace of God I am still very much alive and kicking. Have been a chaplain's assistant for the past five months, and it has been a very enrichening experience for me. Every day it offers new ironical experiences and is giving me a sound background in the religious field.

These chaplains are wonderful men and risk their lives to give aid and comfort to the men. We spend most of our time with the men in the holes, and it takes in a lot of mountain climbing. All in all, we have a terrific schedule and today is the first time for many days we have taken a well-earned break. I'm fortunate in having a typewriter, it is no doubt less strain on your eyes. This is used strictly for official stuff. You are official, aren't you?

Old man winter set in a long time ago, and has been giving us the bloomin' business the last couple of weeks. Two big snows have fallen so far and some of it is still lying here and there and looks as though it might stick around and give us a partial white Christmas. All we need now is the ice skates and bob-sleds, plus the time, and we could really have ourselves a time. The Marine Corps has adopted a new boot and it's wonderful. My feet haven't been cold yet. As a matter of fact, they sweat muchly. We are pretty well fixed for the cold.

I hear the people back home think this war is over now. I noticed in some old newspapers from Columbus, that this war wasn't even mentioned. Don't people know that men are still dying every day over here? The peace talks are no longer a topic of conversation among us. All we can think about is the bitter fighting to come if this thing doesn't come to an end. The gooks are dug in better now than they've ever been before. God help us if we go into another attack.

Write me soon and let me know all the news concerning the old home-town. Give my best to Mrs. Campbell and anyone else I used to know.

Accept my sincerest wishes for you and a Merry Christmas and many more to come. Go with God.

Sincerely,
Bob Janes

Bible Comment:

Jesus Appears at Tabernacle Feast to Astound Multitude

SIMILAR to our holiday of Thanksgiving is the lengthy and joyously celebrated Jewish Feast of Tabernacles, one of the most interesting of religious festivals.

During the seven days of the feast the Jews lived in bowers built of twigs and branches in commemoration of their ancestors who lived in the wilderness during the long trek from Egypt to Canaan.

Jesus apparently did not intend to go up to Jerusalem at the time of the feast despite urgings of his brethren that He should.

We are told that they did not really believe in Him, but urged Jesus to go just to tempt Him. Christ's words take on new light when we remember He said, "A man's foes shall be those of his own household."

He resisted their insincere pleadings, but when they had gone He decided to go in secret to Jerusalem.

There had been much talk concerning Jesus and everyone wondered if He would come to the feast. Many thought Him an imposter like others who had claimed to be the Messiah.

When Jesus did appear before them He amazed the multitude with the compelling power of His teaching, and they wondered how this man knew letters when He had never been taught.

Jesus answered that His teaching was not of man. "My doctrine is not mine but His that sent Me." To do the will of the Father was to know of the doctrine.

The ensuing days of the great feast brought many to the feet of Christ to listen to His words of wisdom. So lavish was the praise heaped upon Him that His enemies were afraid to seize Him.

But the fact that He was popular with the multitude merely served to add to the malice His enemies bore Him, and the time for another feast—the Passover—was drawing near, the time for Jesus to become the victim of man's hate and the sacrifice for man's sins.

Queen Elizabeth of England was very fond of perfumed gloves. Her first pair was brought to her by the Earl of Oxford from Italy who, himself, affected a perkin of perfumed leather. Queen Elizabeth also had her own still room where she puttered with fragrance ingredients to make her own perfumes.

That Old Hilltop Spirit Shows Up Again

Those who had the opportunity to attend the Tuesday evening meeting of the Hilltop Business Association at the Ternstedt Plant couldn't help but be proud of the community spirit evident during the evening. Not many such gatherings can be brought together in the city.

President Don Smith and the association are to be highly congratulated on such a fine job. It speaks well of a lot of co-operation.

And again it afforded an opportunity to visit with our very fine neighbors at Ternstedt. Every contact we have had with the local General Motors organization brings us to realize more than ever how fortunate we are to have such a fine progressive firm in our midst.

Rezoning Hearing Feb. 18 For Rosary Subdivision

Public hearing on the proposed rezoning of the tract of land at Demorest-rd and Sullivant-av will be held at Franklin-twp House next Monday evening, Feb. 18, beginning at 8 p. m. Franklin County Zoning Commission will at that time hear the proposals of Edward Tonti, for the construction of a new development at that site to be known as Rosary Subdivison.

At the present time a zoning classification of 1-R-8 is in force over the area after having been set last summer by the zoning board as an aftermath of a prolonged dispute over a low-cost housing project which was contemplated in the area.

At the Monday night meeting the zoning commission will consider the request of Tonti and his associates that the area fronting on Sullivant-av from Demorest-rd to Josephine-av be rezoned as general commercial. The petition asks that the frontage on Demorest-av be rezoned as general commerais asked to be rezoned for apartments and the frontage on Briggsrd in event of extension is asked to be made general commercial while the balance of the area is asked to be rezoned to 1-R-6 classification for single homes.

Plans of the backers of Rosary Subdivision of which Ed. Tonti is the general manager call for construction of a shopping center, apartments, twins singles and single homes as well as an extensive sewer and road construction in the area. The project, it is said, will cost several million dollars.

West High Student Describes His Experiences With Polio

Editor's Note: Dick Yearling, 16-year-old student at West High School, knows full well the meaning of the word "Polio". Dick, the son of Mr. and Mrs. P. L. Rhoads of 81½ S. Wayne-av, was stricken with the dread disease and for four months was hospitalized with it. Even now he has to return to Children's Hospital every three months for a check-up.

Asked to write a composition for his English class, taught by Myron T. Seifert of West, Dick wrote the following article as his "Most Outstanding Experience."

Dick Yearling

Polio and Treatments

By Dick Yearling

This report is to tell you about polio and treatments.

Here are the symptoms: first a stiff neck, then you lose your reflexes, which is followed by loss of control over some part of your body.

At the first sign of these symptoms call a doctor. He may be able to stop it from being too serious. You will have to go to the hospital anyway.

When you get to the hospital the doctor will isolate you for two weeks, during which time he checks your spinal fluid. There are only two of the family who can see you during the period in which you are isolated. They are your Mother and Father.

You get polio through the nose or the mouth. Beware of it during the first part of July, all of August and the first two weeks of September. These are the best months for it to strike you.

If you have a bad case of polio, the doctor will put you in an iron lung. The iron lung does eighty percent of your breathing for you. The iron lung has twenty pounds pressure on your chest at all times. The small iron lungs that are in the stores are a good example of the real iron lung.

There are two kinds of polio, they are bulbar or polio in the throat, which needs special caring for, and the spinal, which strikes any part of your body except your throat.

There are several different kinds of treatment, such as: Sister Kenny treatment, which is the use of steaming hot woolen towels wrapped about your body by the nurse for about half an hour. The heat goes to the muscles and loosens them up so the physiotherapist can manipulate the paralyzed part of your body. The other is the hot water treatment.

Here's my experience with polio. On Sept. 5 of 1947 I was stricken with polio. I was paralyzed from my neck to my toes. I had both of the treatments. I had to be put into an iron lung for thirty days. I didn't like being in it, because I couldn't scratch my head.

I had to learn to write and walk all over again. I missed only 18 days of school while in the hospital. My case was a spinal with a paralyzed limb as an after effect.

There is no special age limit. You can be born with polio or catch it, like myself and so many others.

Here's a moment I shall never forget. It all happened on a bright sunny day in October. I was still in the iron lung, when a man named Don Garling, 27 years old, came into the hospital. He was put into the iron lung in October of 1947. He was still in the iron lung in December 1951. He has a wife and two children but that doesn't make any difference to polio. It doesn't make any difference because of your race, color, creed, religion or occupation. Polio will strike anyone.

Did you know that President Roosevelt had polio? In fact he couldn't move his legs without canes or help of someone. He was the founder of the March of Dimes drive to help polio patients like myself.

Here's the amount the March of Dimes has paid for me so far: it amounts to $12,150.70. How would you like your parents to pay out that amount of money? They couldn't pay it.

The March of Dimes has to pay it though. So please make the March of Dimes a Parade of Dollars.

Hilltop Man Is Killed In Traffic Mishap

James Henry McDaniel, 24, 2262 Valleyview-dr, met death Tuesday when his car failed to make a turn at Grandview-av and W. Goodale-blvd and skidded into a pole west of Avondale-av, according to patrolmen. His death, the first traffic fatality in Grandview since 1942, followed last week's instigation of a mammoth safety campaign there.

McDaniels, a yard clerk for the Chesapeake and Ohio Railroad, was a member of the Brotherhood of Railway Clerks. He was a graduate of South High School and attended Ohio State University. He served in the army engineering corps in 1946 and part of 1947. His mother, Mrs. Mary R. McDaniel, died Jan. 22. His father died in 1946.

Surviving are a sister, Frances, of the Valleyview-dr address; brother, Floyd of residence; two half-sisters, Magdalene Fick and Elizabeth Fick and a half-brother, Phillip Fick, 842 Sullivant-av.

Services will be held Thursday, 2:30 p. m. in the Cook and Son Funeral Home. Burial will be in Sunset Cemetery.

National Seal Contest Winner Is Announced

Designer of the 1953 national Christmas seal was announced Monday by the Columbus Tuberculosis Society as Elmer Jacobs, Chicago commercial artist.

Jacobs was named as winner of the national contest, held last August, to design next year's seal. The contest was promoted locally by the society in hopes of a winner from this area, and 26 Franklin county artists entered.

A total of 155 entries was considered by the judges. Forty-three local entries represented the total from Ohio and were topped in volume only by those from Oregon.

The motif of the 1953 Christmas seal, which would ordinarily be a deep secret until the fall of '53, has been described by local contestants as a small boy wearing bright green cap and scarf and holding a carol book in red mittens.

Among contestants from this immediate area was Don Thatcher, 235 Guernsey-av, whose entry was printed in the Hilltop Record and on the cover of Sanaire, employee-magazine published at Benjamin Franklin Hospital. Thatcher has been a tuberculosis patient at the hospital.

West Principal Speaks Before National Group

West High's principal, Irvin F. Young, will speak before the National Association of High School Principals during the annual meeting being held in Cincinnati, Feb. 16 through the 20th.

Mr. Young's topic is "The Most Significant Features of the Six Year School."

Wilson-rd Land Easement Sought For New Highway

Representatives of Franklin County Engineer Guy Elbin this past week were making every effort to acquire title to 71 parcels of land on Wilson-rd from W. Broad-st to Trabue-rd in order that proper hearing and development of the roadway be made as a part of the new expressway system.

Wilson-rd, north to Trabue-rd, thence to Lane-av and Olentangy River-rd will form a section of the outer belt of the new expressway system which has been planned and approved for several months.

Property owners along Wilson-rd were being contacted this week by the engineers to secure easements along the right-of-way for 10 feet on either side from Valleyview-dr north to Trabue-rd. They are offering property owners a price of $1,000 per acre, plus any other damages caused by moving of trees, hedges, fences, poles, etc. Driveways will also be replaced.

Main objective is to secure title to all the lands bordering the roadway by Apr. 1, which is the approximate date set for the hearing before the Franklin County Commissioners. It was pointed out that if title can be acquired by Apr. 1, the contracts can be let by Apr. 15 and actual construction on the new macadam and concrete highway begun by May 15.

Payment for the lands acquired to build the new highway would be made within 30 days following the hearing before the county commissioners, the engineers said this week.

The Court of Appeals had concurred with the decision of the lower court before the case was brought to attention of the Ohio Supreme Court.

Kitchen Rugs Sold On First Call — By Record Want Ad

If you're planning to buy some new furniture or equipment for your house, what are you going to do with the old pieces? Store them in the attic or garage to collect dust? They will just be a nuisance — and eventually the dust will ruin them.

Why don't you sell them now, and use the money to help pay for the new purchases? For just a small amount of money you can place a Want Ad in The Hilltop Record and the West Side News. Your little ad will take your message into 15,000 homes.

Mrs. Burt, 107 N. Powell-av, had a kitchen range that she no longer needed, so she placed a small ad in The Hilltop Record.

WHITE STAR RANGE [illegible] condition. RA. 3523.

Simplicity Is Keynote in 1952 Lamp Designs

BY EDNA MILES

"Hairpin" curves in polished, tubular brass give sleek, fluid lines to this modern pin-up lamp. Doubly flexible, it swings from the wood block and its shade turns on a swivel.

MODERN lamps, as reflected by the new designs for 1952, provide something for everyone. There are lamps for homes where space is limited, since nearly every home has that problem these days. There are lamps with casual styling, for provincial and colonial interiors and lamps in simple good taste that are not pegged to any period.

Whatever the new lamp, its keynote is simplicity. Because they are planned to balance the clean lines of modern furniture, many of the 1952 designs have thin, hairpin curves that carry on the shape of metal supports used on chairs, tables and cabinets.

Since ironstone china is enjoying a heyday, there are lamps in this off-white, gleaming glaze. But these lamps are made along basic, simple lines to fit in with either contemporary or traditional settings.

Casual styling, the end result of ranch house and provincial decors, has produced pine and maple bases that are paired with chintz or plaid shades. Other lamps in this group are those with burlap-covered shades and bases, or shades in straw and nubby fabrics. Especially planned for ranch homes, according to the Lamp and Shade Institute of America, are lanterns from California that combine such rustic materials as weathered brass, rusty iron and Salem sign-ple.

Blending perfectly with either traditional or contemporary interiors, this Ironstone lamp is fashioned in a simple "Platter" design. The shade matches the off-white color of the base.

For homes where the need for flexibility is foremost, there are floor and table lamps equipped with two swivels and shades that turn in complete circles. Other types convert from table to floor lamps by means of extension shafts.

New Mary Circle Formed At Rome

Pictured above left to right are officers of the evening Circle which has been formed at Rome honoring Mrs. Kanard Weaver, deceased. Shown are Mrs. William Hamilton, 208 Buena Vista; Mrs. Noah Teach, 106 Lawrence-av, and Mrs. Leroy Schoonover, 370 Lenox-av.

A new evening Circle has been formed in affiliation with the WSCS of the Columbia Heights Methodist Church in Rome. Named in honor of Mrs. Mary Kanard Weaver. It will be known as "The Mary Circle."

Mr. Kanard was written in the church history as being one of the founders and a charter member of the church. On April 11, 1919, church services were held in their private home in Rome, and continued until December 1920, when the Columbia Heights Methodist Church was erected. Mr. Kanard was honored to turn the first spadeful of dirt for this new home of worship.

Mrs. Kanard Weaver died in 1950 and as a fitting tribute this new Circle will bear her name.

Officers elected are, chairman, Mrs. Noah Teach, 106 Lawrence-av; secretary, Mrs. Leroy Schoonover, 370 Lenox-av; and treasurer, Mrs. William Hamilton, 208 Buena Vista-av; program, Mrs. Knute Ritzman, 374 Lawrence-av; publicity, Mrs. Emmett Hegwood, 150 Lenox-av; telephone committee, Mrs. Jack Elliott, 365 Lawrence-av, and Mrs. Harvey S. Rose, 64 N. Grener-rd.

Girl Scout News

Although warm summer days seem a long way off, Mrs. Raymond Haughn, the Hilltop Day Camp chairman, is already busy making plans for the second season at the new site, Big Darby Day Camp, on the Suydam-Koebel-rd, west of the city.

Even though we on the Hilltop do not live on crowded city streets we are always enthused over going to camp out in the open country. Camp means sunny fields with tall grass and wild flowers, cool shady woods, where only bird songs, the flowing of a brook, and the sigh of the trees in the wind break the silence.

It means learning more of nature, companionship of girls our own age, and many new adventures in crafts, exploring, fishing, and outdoor cooking. All this and more makes camp an exciting thought even while winter is still with us!

Mrs. Haughn is announcing a city wide Day Camp Poster Contest. It is open to all registered Brownies and Girl Scouts. One poster is submitted from each troop to the District Day Camp Chairman, who in turn submits the posters to the Day Camp Poster Chairman, Mrs. Haughn, for judging the poster committee. First, second and third prizes will be awarded the troops with the winning entries. Posters will be submitted between Feb. 18 and April 15. Mrs. Martha Ward is 8th District Day Camp chairman; Mrs. Haughn, chairman in the 10th District.

Girl Scout and Brownie leaders, if you would like to learn basket weaving to teach your girls, attend the classes being conducted at the Glenwood Recreation Center alternating Tuesdays. The next meeting is on Feb. 19, 1:30 to 3 p. m.

Senior Girl Scout Troop 8 has a new leader, Mrs. Wayne Schulz, while the former leader, Mrs. Worthy Law, is assuming the duties of assistant leader.

Troop 146, soon to be a senior troop, under the leadership of Mrs. H. C. Booth, is studying home nursing and public health. On Jan. 25th, they, with members of Troop 8, visited a meeting of the District Nurses' Association at the City Hall and heard a lecture on public health. With members of Troop 8 they attended a talk on home nursing given by a Hilltop nurse, Mrs. Lowell Rohr, on Feb. 7, and they also were hostesses and ushers at the Boy Scout Rally held at West High School on the same evening.

Troop 152 celebrated their sixth birthday party on Feb. 4 at the Burgess Avenue EUB Church. Each girl told of something that she had done in Scouting in the past year. Proficiency badges, World pins, and membership stars were presented.

Carolyn Stickel and Dorothy Fleming each received five-year membership pins, and Carolyn received her first-class pin. After the program the birthday cake was cut and refreshments served.

Those attending were the following Scouts and their guests: Norma Jean Ward, Joan Walker, Carol Owen, Barbara Hanne, Susan Shell, Mary Depoy, Carolyn Stickel, Dorothy Fleming Janice Butterbaugh, Doris Dailey, Rosemary Ryerson; Mrs. Clayton Stickel, Mrs. Charles Owen, Mrs. Clarence Hanne, Mrs. Arthur Walker, Mrs. Mearl V. Weaver. The leaders are Mrs. Raymond Haughn and Mrs. Martha Ward.

Troops 8 and 146 will hold a Valentine Dance at the Hilltop YMCA on Feb. 16.

Girl Scout leaders of Franklin County will dine in a global atmosphere Tuesday evening, Feb. 19, at 6:30 p. m., when they attend the annual international potluck dinner at St. Paul's Parish House. They will also be given an opportunity to officially welcome the new executive head of Franklin County Girl Scouts, Ruth Shollenbarger. Each guest will bring a foreign dish, and a program of folk dancing will be featured.

Valentine parties are the main topic of discussion this week among the Brownie and Girl Scout troops at John Burroughs School. The troop committee for Troop 110 will give a party for the girls on Friday, Feb. 15, at 7:30 p.m., at the home of Mrs. Wilbur Kegg, 219 S. Richardson-av. The committee of mothers includes Mrs. Kegg, Mrs. Paul Weber, Mrs. Ralph Burden and Mrs. Emery Szalay. Troop leaders are Mrs. F. E. Bauermeister and Mrs. Thomas Bryant.

Brownie Troop 149, under the leadership of Mrs. Lester Yerian, will have a valentine party Thursday afternoon, Feb. 14, at the home of Mrs. Yerian. Valentines will be exchanged, and ice cream and cookies served. The troop is working on pocketbooks and is planning a trip to the Atlas Laundry.

A valentine and gift exchange was held by members of Troop 157 at their party, Tuesday, Feb. 12. The gift exchange was held in place of a postponed Christmas party. The troop committee served individual heart cakes, ice cream and punch. The committee members are Mrs. Fred Heischman, Mrs. Howard Schubert, Mrs. Theodore Amore and Mrs. Thorn.

Members of the troop include Judy Sellars, Carol Ann Look, Patty Heischman, Bonnie Veit, Mary Pauline Thorn, Sharon Amore, Bonnie West, Sharon Williams, Deanne Schubert, Jody Whitsell, Frances Edwards and Carolyn Hatfield. The leaders are Mrs. Elmer Look and Mrs. Russell Sellars.

Warren Beach Oils Displayed At Hilltop Library 'til Friday

By William "Doc" Campbell

When you open the two beautiful modern glass doors of the Hilltop Library you enter into culture at its highest. Above the book racks all around the lovely reading room, you will be impressed at once . . . for above the shelves are 21 oils by Warren Beach, assistant director of the Columbus Gallery of Fine Arts.

Mr. Beach's background is definitely one to take into consideration. He was graduated from Yale University of Fine Arts. He received his Masters Degree from the State University of Iowa, and an additional degree in Art History at Harvard, including the Museum Administration course under Sachs and Rosenberg.

The three pictures I desire to bring to your intimate attention are symbolic of the high standards of all the others. His impressionistic "Indian Stormy Weather" (in tempera) is a fantasy. Three figures in a sort of worship—huge nude brown figures symbolic of "Wind" (1938), marvelous fantastic waves in sea green are all black of modern adaptation of a decorative pine tree. It would make a wonderful decoration on a wall of an ultra modern home.

His "Howletts Chance" (1950) intrigued me as to its thought—God, in great gray-white sweep of clouds—vast spaces, over a home (isolated) is tremendous in its effect. Then his "Winter's Day" (Aleutians) (1944) in delicate light pinkish-violet tones with snow crested mountains, is one beautiful assembly, seen by a man in his journeys.

It is unusual to have as museum director a virile painter too. Such is the collection by Warren Beach. The group will stay intact until Feb. 15.

Go and look—you will be rewarded, for you can comprehend his impressions of Nature, seen through his eyes and mind.

PROMOTE THAT MAN!

The county desperado had broken out of the local jail and the entire police force was alerted. One of them was ordered to go to the railroad station and keep close watch. "The roads are all blocked," the sheriff said, "So his only means of escape is the railroad."

Two hours later the deputy was back.

"What are you doing here?" barked the sheriff. "I told you to watch the railroad station."

The deputy grinned. "He can't get away, I tore up all the train tickets."

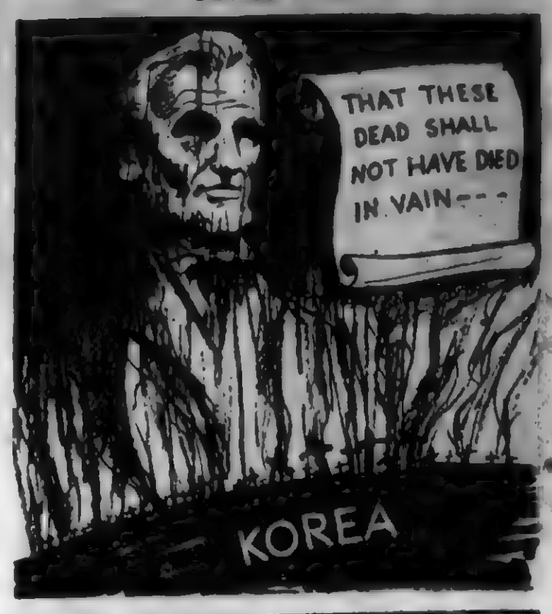
"Go West", A Prophetic Phrase

Last week an entirely new vista for the future growth of the West Side area was revealed when plans were told of the Westfield Corporation, an affiliate of John W. Galbreath Co., for construction of an entire new development between the new Westinghouse Plant and New Rome.

Horace Greeley, famous editor of earlier years once told young men seeking success in business, "Go West, young man, Go West."

It was an utterance picked up and made famous down through the years as the westward expansion of America was made. It is prophetic yet today of the City of Columbus and the West Side area in particular, "Go West."



The West Side area is gradually growing. For years its growth has been watched as a community of people with a peculiar and oft times admired and envied spirit of working together for the common betterment of all.

This new development which has now blossomed in the community and pointed up the ever growing need for expansion still further, is only indicative of the will of the people of this community, to live together for common good, to work together to make this community the best in which to live and rear our families.

An excellent display of that spirit of cooperativeness was shown last week when 35 different civic organizations in the western portion of this county met to hear the plans told for the Westfield Corp. All realized the significance of the new development and what it will mean to this area. It means virtually that the city's west limits will more or less be shoved further westward. Cooperation was the keynote of the meeting. And city, county, state and industrial leaders who were present at that meeting saw the true spirit of this community in offering to do everything possible to bring about this new development.

And today, on the eve of this huge expansion on the west side there echoes from the past those familiar and oft repeated words, "Go West."

Letters to the Editor

Dear Mr. Hartley:

The Columbus Tuberculosis Society wishes to thank you for your assistance during the recent Christmas seal sale, the most successful in its history.

It would have been impossible to realize a victory without the cooperation of the newspapers in publicizing our accomplishments, program aims, and financial needs for 1952.

We want to thank you, too, for your assistance during the past year in informing the public of the activities of the Society. This makes a campaign much easier.

Waiter. "Alright sir, but we will have to send out for it."

A new army recruit received his at last. Feeling a little proud of uniform. The hat was exactly his himself, he marched past the surprise. Pants and blouse fit as if he geant.

The sarge took one look and had been poured in them.

The shoes hugged his feet like gasped, "Hell's bells, man! You they had been made to his persona- must be deformed!"

The Gate Post

The basketball clinic held at the Glenwood Recreation Center on Feb. 2 reached every expectation.

Margaret McDonald of Glenwood was in charge of refreshments with the help of several girls from the center. Miss Marian Chase, a senior in girls physical education at Ohio State University, was in charge of registrations and of planning the round-robin tourney that followed the classic. Ann Elliott, a senior at Hilliards High School, assisted Miss Chase.

Class discussion leaders were Virginia Crafts, Margaret Love, Mrs. Edna Wooten and Mrs. Helen Wheeler.

The general program consisted of an exhibition game which was used as a basis for illustration of offensive, defensive tactics and of officiating techniques. The participants in the clinic separated into discussion groups following the exhibition game. After the discussions a round-robin tourney was played.

Mrs. Carl Cooperider, girls' physical education instructor at Glenwood, was responsible for the planning and success of the clinic.

It is hoped that the clinic will be continued next year. Interest shown in the clinic by the attendance of the girls from all of the city high schools and many of the county high schools and their teachers indicated that interest in girls' basketball is growing and clinics of this type will further that development.

Announcement was made this week that Glenwood Recreation Center will hold its annual open house the first week of March.

Among the athletic events announced this week was the annual foul shooting tourney will be coming up the first week of March and City Volleyball Leagues will be organized at the same time. Glenwood plans to have a team in the city wrestling tourney to be held Feb. 26, 27 and 28 at Schiller Center.

A new Junior Athletic Club for boys under 13 is being organized at Glenwood. This club will consist of tumbling, boxing and wrestling and will be under the supervision of Jack Keaton, new staff member at the center. All boys interested are asked to sign up with Jack now.

Craft classes are in full swing at Glenwood for both youth and adults. Information can be obtained by calling the center at RA. 4716.

The Glenwood Echo is now available at the center for the month of February.

There will be no square dancing tonight (Feb. 14) because of the Leap Year dance to be held on Saturday, but square dancing will be held Thursday, Feb. 21 and every Thursday thereafter from 8 to 11 p. m.

SPORTSLANTS

By Woody Owens

West Junior and Everett continued as the pace-setters in the junior circuit last week as each marked up their seventh consecutive win. Everett was forced to put on a final period rally to down winless Crestview by a score of 36-32. The junior Buckaroos, although playing with three regulars out of the lineup with the "flu", managed to trounce Starling 41-22. The Powell-av quintet, after a very unimpressive first two periods in which they held only a 16-13 lead, pulled themselves together in the final half to win as they pleased. Defensively the second half was a near repetition of the locals' game with Mound, which scored only six markers; this week Starling garnered only nine. Spratley and Pruden again led the locals' attack with 15 and 10 points respectively.

The Junior Buckaroos visit Crestview this Friday, Feb. 15, and unless they are at their peak they may be in for a rude awakening.

Should both Everett and West Junior win this week's contest the two quintets will tangle for the league title on Thursday, Feb. 21, at Everett. This game will be an evenly matched affair as both quintets are strong defensively and offensively. The success or failure of the locals to stop the north siders' fast break will have a definite bearing on the outcome of the contest.

The fast improving West High Quintet took a thrilling 69-66 decision over the Blue and Gray of South High School Tuesday, Feb. 5, on the local hardcourt. The locals thus climbed out of the city league cellar for the first time since the current season opened.

The game was sweet revenge for the Cowboys as the South-enders handed them an 18 point defeat in the first round The contest began with both teams trading point for point with the locals having a 17-16 first period lead, with Dick Hutchinson accounting for nine of those. In the second canto Jerry Trabue broke loose for 14 points (six goals in succession) to lead the Cowboys to a long 42-31 half-time lead.

The Bulldogs then came roaring back in the third period and spearheaded by Keller, their stellar pointmaker who collected eight points in two minutes, were soon trailing the locals by only one point which was the margin at the conclusion of the third period, 58-56.

The two quintets again traded goal for goal and with one minute remaining in the final period the Blue and Gray finally overtook the Cowboys and led 66-64. Trabue then went the length of the court to tie the count. Ball hawking Jim Vincent then stole the ball and tossed in the game-winning goal, although Bowman later added a free throw and the victory was salted away. Trabue played a fine rebounding game besides tallying 20 points. Hutchinson also played fine ball, adding 19 points. Keller led the Blue and Gray with 20 markers. Hoge Memorial took over first place in the West Senior church league Monday night by nosing out the previous league leader, Westgate Evangelical, by a score of 28-27. Wolfe led the Hoge offensive with 12 points while Williams stood out for Westgate.

West Park Methodist, led by Smith with 9 points, again proved to be the league's giant killer by upsetting Glenwood by a count of 41-38. Layman stood out for the Hilltoppers with 13 points. (West Park has won only two league games, one each over Hoge Memorial, present league leader, and third place Glenwood.) Wheatland Avenue MYF pushed Highland Avenue Friends into the cellar by handing them the short end of a 37-21 score. Chuck Hunter led the winners with 11 points while Lazenby stood out for the losers with 13 points.

Many Couples Separated Over Valentine's Make Poem Apropos

Pvt Dick Lowe

On this St. Valentine's Day, 1952, our hearts instictively turn to the many couples who are separated by reason of our country's defense. We know that whether they are separated by an ocean or just several insurmountable miles their thoughts will turn with cupid's arrow toward their loved one.

Dick Lowe, husband of Jean Fairchild Lowe, 2350½ W. Broad-st, is among the servicemen who are serving far from home. Dick is with the 17th Infantry Regiment, now seeing action on Heartbreak Ridge in Korea, and was recently awarded the Combat Infantrymen's Badge. Dick sent the following poem to his wife and he also carries a copy in his heart-shield-type Bible. We print it with sincere gratitude for the many young men who serve our country so well while keeping their wives close to their hearts.

FOR WHAT IS LOVE
By Dick Lowe

For what is love without my dear?
For what is life without you dear?
For when the word of love is heard,
Then comes the sweet lyric of the bird.

And when my love is close to me,
There is a love far greater than the sea.
This love is all content to be,
And even greater than infinity.

For what is love without you dear?
I seek to heaven your voice to hear.
The voice I long to hear loves word,
Like an impetuous virgin unstirred.

My love, by wife I long to see.
Though man of power taketh me,
Across the sea so far away,
But I shall return to you some day.

And even though it may be long,
Remember love, my love is strong!
For love was only meant to be,
For those who love like you and me.

For what is love without your hand?
To comfort, to guide, to help me understand.
To show me the way to a precious life,
The life I seek with you, my wife.

For what is life without you there?
For all I ask is your love to share.
And though the heavenly multitudes roar,
It is you my love that I adore.

I cherish you more than any gem,
My love is heard like an angel's hymn
And as you lift your head to hear
My song of love shall come my dear.

For what is love if I can not explain?
My love for you in this refrain,
And tell you what you mean to me,
That my love shall last for eternity.

A love like mine shall never die,
For it is as true as the endless sky.
And though there are times when life looks blue,
Be of good cheer, my beloved, for I Love You.

I Love You like a bird loves a tree,
I Love You because God gave you to me.
And I shall never walk alone.
Though there be light, darkness, sand or stone.

For your love shall always be with me,
That I may go forward courageously.
To meet my enemy, to meet my foe,
But because of you, fear I shall never know.

And soon the day will come my love,
That I shall return as does the dove.
And joy and happiness we both shall know,
Because my love, I Love You so.

For what is love if I can not say
I Love You every moment of the day.
My love for you it has no end,
For all these words of love I send.

That you my love will always know,
My love will come as does the winter snow.
But then there could be an end to life,
For what is love, and life, without my precious wife.

While Mrs. E. W. Rhoades, 322 S. Richardson-av, kept the home fires burning, her husband, Everett, attended the United Hobby Trade Show last week in Chicago . . . Combining career and home life is easy for Mrs. Gladys Lamb, newly elected secretary and treasurer of the Midwestern Advertising Network. A partner in the Kelly-Lamb Advertising Agency, she is married and lives at 181 S. Sylvan-av, with her husband, Loel, and two children (golf is her hobby) . . . Brother Robert Dierker, C.S.C., son of Mr. and Mrs. Milton Dierker, 258 Columbian-av., is furthering his studies at Sacred Heart College in Austin, Tex.

Former Asst. Fire Chief Jim Garish, now retired, attended the opening of our new Fire Engine House and commented, "I know now for sure I was born thirty years too soon".

Mr. and Mrs. William Gill, 449 Binns-blvd, entertained out of town guests Mr. and Mrs. Loren Daugherty and son Jimmy and Mr. and Mrs. Hersel Rose and son Michael from Bethel, O., over the weekend.

• • •

Mr. and Mrs. Charles Elias, 38 S. Letchworth-av, returned from a two month tour of Florida this week. Their headquarters there was at Bradenton, Fla.

• • •

Mr. and Mrs. Paul Churton and sons, Bruce and Peter Paul, of St. Albans, W. Va., were the weekend guests of their aunts, Misses Eva and Estella Burnside, 82 N. Powell-av. Mrs. Daniel Churton, also of St. Albans, is currently visiting her sisters, the Misses Burnside.

Bible Comment:

Jesus' Claim on Us Is That We Love One Another as He Does

"CLAIMS" does not seem quite the word to apply to the sayings of Jesus concerning Himself. The word suggests a self-assertiveness that was in no sense characteristic of the Master or His spirit.

He was confident concerning His mission and His teaching. He was sure that He had come from God and that He was doing the Father's will.

But He claimed no earthly greatness. He said He was among the disciples as one who served, that He had come to minister and not to be ministered unto. His mission was to give His life as a ransom for many.

So the word "claims" is not fully acceptable, though Jesus did assert with clearness His divine nature, His divine mission and His divine authority. That authority was of the truth inherent in the words He uttered.

He really made no claim except in the truth He declared, and His divinity was in the completeness with which He did the Father's will.

The revelation in Christ was of God's spiritual nature, His grace and love towards man, the message of which was the gospel that Jesus proclaimed.

He did not come into the world to give it machines and inventions. He came to bear witness unto truth, to give men the message of God's love, and to incarnate in Himself the love that He bade them bear to one another.

His claim upon us is that we should love one another as He has loved us.

THE Evening Altar

This is an evening altar in an American home—a spot where the tensions of today are resolved into new life for tomorrow.

If you think that such an altar is out of place, you had better examine the routine of your own life more carefully. Perhaps you need this altar in your life more than you think you do.

These are days of tremendous action for us all, when we rush from one task to the next. Just "getting through" today often leaves us little time for thoughts of tomorrow. Before we know it, a year, two years, ten years have passed. Are we any farther on the road to our goals?

Our answer lies in the evening altar. It is the one place each day where an individual can measure his course against God's word in the Bible. For on almost every page is a moral for today, a thought for tomorrow . . .

Your altar need not be as elaborate as this. Its form is unimportant. But if you form the habit of reading your Bible daily, it will soon become apparent that a *happy* life is not only lived, but planned *for you* in the pages of your Bible.

Consecrate yourselves today to the Lord; that he may bestow upon you a blessing this day. —Ex. 32:29

Practical New Fashions for Today's Housewife

Easy to slip into and easy to iron, this coat-dress fastens with a single waist button. The pattern is domino in deep V stripes.

Versatile Dresses for the Busy Homemaker at a Moderate Price

BY EDNA MILES

CLOTHES that are designed especially for the housewife aren't easy to come by. Ideally, fashions for housework should combine good looks with practicality, washability and a moderate price.

They should also be versatile. That is, they should be pretty enough to put in an appearance at the front door, to go to market, to go out for a walk looking neat. They should, in addition, be easy to put on and take off. The housewife's time has many demands on it and fussy clothes that are complicated to don aren't for her.

With the requirements of a busy housewife well in mind, one house has come up with new designs meant especially for her. One, in a turquoise embroidery-designed woven chambray, has a zippered front, tailored collar and full, flared skirt. Belt ties in a neat front bow and there are large pockets set in at each side of the skirt.

Another of these Nall-Bee designs is in a domino pattern, with stripes worked in deep V's. A single waist button, the only fastening, makes it possible to don this dress in a matter of seconds. And, even after many launderings, the set-in waistband can't stretch. It's done in a clear lime woven chambray.

This woven chambray with zippered front is designed especially for the housewife. Deep pockets are set in at each side.

EGG NOG FLAVORS PARTY PIE

Planning a party is more fun for the hostess when the refreshments are the kind that can be prepared in advance. Egg Nog Chiffon Pie is that kind of perfect dessert for easy entertaining.

Made with nutritious milk and eggs, it is a dessert extra-rich in important food values. And its delicate flavor is just right for either a party or for family meals. Puffs of whipped cream and a gay sprig of red cherries make a festive pie for February parties.

The cherry sprig is easily made with maraschino cherries with stems and small green leaves from house plants or shrubs, or leaves cut from angelica or candied fruit peel.

To please the family with a surprise dessert, sprinkle the center of the pie with cinnamon in place of the cherries.

EGG NOG CHIFFON PIE

1 cup finely rolled graham cracker crumbs
1 cup granulated sugar
¼ teaspoon salt
3 tablespoons butter
3 eggs, separated
1½ cups milk, scalded
1 tablespoon unflavored gelatin (1 envelope)
¼ cup cold milk
1 teaspoon vanilla
½ cup whipping cream
1½ teaspoons cinnamon

Mix ½ cup sugar and ½ teaspoon salt with crumbs; blend in butter with spoon. Beat egg whites slightly with fork and add 3 tablespoons to crumb mixture. Blend well and line a 9-inch buttered pie pan with mixture, pressing mixture in firmly with back of spoon. Bake in a moderate oven, 350°F., for 5 minutes, cool. Combine egg yolks with remaining ⅔ cup sugar and ½ teaspoon salt. Stir in scalded milk. Cook over hot, not boiling water, stirring constantly, until mixture coats a clean metal spoon. Remove from heat; stir in gelatin that has been soaked in cold milk. Cool; when slightly thickened fold in stiffly beaten remaining egg whites and vanilla. Pour into crust; chill until set. Top with whipped cream and sprinkle with cinnamon, or decorate with cherries for party occasions. Serves 6.

EVERYONE WE KNOW IS A HARD DRIVER

Most people don't know it, but they're mighty hard on engines. By that we mean they do lots of short-trip, stop-start driving—and that's the worst kind there is for an engine. Under such conditions, engine temperatures stay low, normal evaporation of vapors doesn't happen, condensation inside the crankcase is heavy. Sludge forms rapidly.

This is SLUDGE!

Keep it out... drain oil now... drain more often in winter!

The First 10 Weeks Are the Hardest

The tariffic pig mortality that cuts down profits occur largely before the pigs reach weaning age. Many farmers think many cases are due to "little pig disease," when there is actually no disease . . . merely the results of faulty nutrition. To meet this situation, many are turning to

PIG PUSHER
STARTING AND WEANING MASH

It has been demonstrated that in the past many pigs got insufficient amounts of such important vitamins as choline, niacin, pyridoxine, pantothenic acid and others. Pig-Gro contains abundant amounts of all, and is scientifically formulated to help cut down pig mortality. Its formula and vitamin fortification are the work of one of the leading groups of vitamin specialists, who have spent years in developing and testing this outstanding feed.

TRY IT . . . prove it . . . see for yourself how it will aid you to raise stronger, sturdier pigs and cut down pig loss.

Revival of Old Time Minstrel Show Is Made

Comedy Skit Bargain Daze Is Surprise

The comedy skit, "Bargain Basement Daze", should provide laughs for every member of the audience at the 23rd Annual Hilltop Minstrel Show.

The scene takes place at a department store bargain sale where the girls are each trying to get the best bargains for themselves. When they finally give up in disgust they do a dance in unison that will surprise everyone!

The line is composed of young Hilltop housewives who were specially trained by Virginia Forster for this number.

Appearing in the routine are Virginia Johnson; 30 N. Westmoor-av; Alyce Bricker, 713 S. Richardson-av; Madge Fisher, 356 S Reye-av; Margaret Grady, 487 S. Ogden-av; Marcella Tanner, 149 S. Algonquin-av; Freda Folk, 168 S. Hague-av; Evelyn Jones, 243 N. Warren-av; Mildred Forster, 214 S. Westgate-av; Marylinn Milton, 1364 Inglis-av; and Virginia Forster, co-producer of the show.

"Lady and Tramp" Act Is Minstrel Feature

A feature attraction of the 23rd Annual Hilltop Minstrel Show will be the skit, "The Lady and the Tramp," Mildred Forster, 214 S. Westgate-av, will portray the lady and Sam N. Alford, 238 N. Terrace-av, will take the role of the tramp. One of our spies who sneaked into a rehearsal, says that Sam is "a natural in the act" and promises that this skit will be one of the highlights of the show.

HAYFOOT: "They say you should have eight hours sleep a day."

STRAWFOOT: "Yeah, but who wants to sit through eight readings of the Articles of War every day?"

"What makes you say he looks like an ape?"

"Because an ape escaped from the circus last week, and this guy was captured three times by mistake."

Mac Tooill's Orchestra Provides Music

Mac Tooill's Orchestra will provide the background music for the 1952 Hilltop Minstrel Show, as well as playing a couple of special [illegible].

The orchestra, which has been together with the only one change in personnel in the past 7 years, is well known in the Columbus area. They have played at every night club in the vicinity and their popularity is due largely to the very "danceable" music they play.

Mac, like the members of his band, really enjoys his orchestra work as anyone who has watched him bouncing and beaming at a dance knows.

Although the music for the Minstrels is quite different from the rhumbas and sambas that have become their specialty, the audience can count on fine musical accompaniment.

HBA President Helped Plan Minstrel Show

Don Smith

Responsibility for the planning and success of the 23rd Annual Minstrel Show and for all other 1952 activities of the Hilltop Business Association falls upon Don F. Smith, well-known Hilltop attorney, who is president of the association for this year.

Ever since his arrival on the Hilltop 24 years ago, Don has been active in local organizations. In addition to his HBA activities during this period, he has been on the board of directors of the Hilltop YMCA, has served as a director of the Hilltop Kiwanis Club and as chairman of its service committee, was a field commissioner for the Boy Scouts in the Southwest District of Central Ohio. He is also a member of the faculty of the Franklin University Law School.

Don's offices are located in his home at 2977 W. Broad-st. He is married, has two children and three grandchildren. As for a hobby, Don feels that there is no need to even mention it. He feels sure that everyone has seen him walking his "herd of boxer dogs" around neighborhood streets.

In the long run, more people, commit suicide with a fork than with a knife.

Landlady—"Just when are you going to pay your back room rent?"

Hard-up Author—"As soon as I receive the check which the publisher will send me if he accepts the novel I am about to commence when I have found a suitable subject and the necessary inspiration.

General Chairman

Dr. R. J. Miller

Although he is "still 29 years old," Dr. Raymond J. Miller has been working on minstrel shows for the past dozen years. In 1947 he served as interlocutor and this year his broad shoulders are carrying the responsibilities of general chairman.

Lou Saunders, Eddie Walker, Ed Witherspoon and Charles Campbell as members of the steering committee have assisted him in his job. Together this quintet has been responsible for appointing committee chairmen, supervising the functioning of the committees, selecting the producer for the show, and occasionally answering questions, both serious and silly.

Dr. Miller is kept busy at his chiropractic offices which are located in his home at 2493 W. Broad-st, but still finds time to participate in Hilltop activities. In the Hilltop Business Association, the Hilltop Kiwanis Club, the Hilltop Shrine Club, the West High PTA and one of the original directors of the Hilltop YMCA.

He is married, has three children and nine grandchildren. His vacations are spent each year at his fishing camp located on an island in the French River in Canada.

Q: I am getting up in years and my hair is beginning to turn gray. However my mustache is still black. Now why should my hair turn gray so much quicker than my mustache?

A: You must remember that your hair is probably about twenty years older.

1952 Hilltop Minstrel To Rival Shows Of Past

One of the best amateur theatrical productions ever staged in Columbus will open next Thursday. Of course, we are referring to our own 23rd Annual Hilltop Minstrel Show which will be held in West High School Auditorium on Feb. 21 and 22.

From the line-up of talent it looks as if the audience is due for two bang-up evenings of really fine entertainment.

Producers of the show are Virginia and Pete Forster, a Grandview couple who have for several years directed the Tri-Village Minstrels. The Foresters wrote their show and submitted it for consideration to the HBA who then hired them for the job.

This year's show is divided into two parts—the Minstrel and the Olio.

Appearing at the beginning of the first part is the forty-voice Hilltop Men's Chorus under the direction of Clark Eberle.

Glenn Miesse, popular local magician, will act as Interlocutor and his end men are Bill Coon, Harold Greene, Noble Allen and Lee Dayton, a newcomer. Besides their usual jokes and antics the men will do some songs and dances.

Feature of the entire show is the dirty-faced tramp, played by Sam N. Alford, who keeps popping up throughout the whole two hours. His quips and comments are a comedy highlight of the production.

Also in the first part will be a dance team from Newark, billed as Redd and McGinis; a tenor soloist, Charles Hoover, 36 N. Warren-av; and the West High Quartet.

After a 15 minute intermission, the Olio will begin with a selection played by Mac Tooill's Orchestra. The opening number, "Bargain Basement Daze," is a scene from a department store sale and features 10 young Hilltop housewives.

Next is a short comedy skit called "Photographer's Bit" starring George Young, Sam Alford, and Miriam Leonard.

Women in the audience will enjoy the "Bathing Beauty Contest". This competition will feature 14 male "lovelies", each representing a Hilltop business. Another production piece that promises to be a hit is the "Congo Number" by the Boulevard Minstrelettes, a group of teen-agers from the Boulevard Presbyterian Church. The girls do a dance with a tom-tom beat, while cannibals Alva Nafziger, Charles Kent and Ray Coffman cavort around the steaming pot where they are sacrificing a man. The "stewing" gentleman is . . .???

Songs by the Franklin County Singing Sheriffs is a treat that all Hilltoppers will appreciate. Harry Freeman, interlocutor at the First Minstrel Show, is appearing with this quartet.

Another skit, "Lady in Red", will be done by Mildred Forster, and Bob Edgar.

Lou Klaus, Eddie Walker, Howard Bennett and Mrs. Dorothy Hott are the stars of "Iceman Bit".

C. H. Campbell A Busy Man Handling HBA Secretarial Chores

C. H. Campbell

Charles H. "Doc" Campbell, 91 S. Westmoor-av, presides over the offices of the Hilltop Business Association at 2183 W. Broad-st. He was appointed to the job of full-time secretary when Jack Morris was recalled to military service last Sept. 1.

Doc is more than qualified for the job. He formerly owned and operated a drug store at W. Broad-st and Hague-av. During those years he was a member of the association and served as its part-time secretary for 12 years.

The job of full-time secretary is an all-inclusive one. It is liable to involve any kind of duty from messenger boy to substitute president.

The association offices were established to provide service - - - to the members of the HBA, to all Hilltop business people, and to the general public. It handles most of the detailed organization work for the HBA, serves as a neighborhood agency for the distribution of various kinds of licenses and application forms, and acts as a clearing house for requests for the use of Camp Clime which is operated by the Hilltop Community Council. At the present time the office is endeavoring to secure authorization to distribute bicycle licenses.

Assisting in the work of the office is Mrs. Dorothy Hott, 81 N. Westgate-av. Carol Perry, 27 N. Chase-av, who is a senior at West High School, is employed there on a part-time basis.

"Doc" is married, has one son and claims that he has no spare time for hobbies, a statement that is readily believable.

"Which would you rather give up—wine or women?"

"It depends on the vintage."

1952 Minstrel

(Continued from Page 1)

A suffragette and a drunk provide the comedy in still another short scene from the show. Hazel Bercaw and Harold Cunningham are the leads, assisted by Mrs. Denny Stout, Mr. Charles Campbell, Mrs. Edgar Planck, Mrs. Joe Goodwin, Mrs. Marie Herbert and a cast of 12 others.

The Hilltop Men's Chorus will make their second appearance of the show with two special song arrangements.

The grand finale begins with the "Parade of the Ladies". Hilltop housewives representing various sections of the city will be introduced, climaxing with the presentation of "Miss Hilltop of 1952", Mrs. Mildred Forster.

The show is scheduled to run two hours, each part taking exactly an hour.

Veteran Performers Produce the 1952 Minstrel

Virginia and Pete Forster

Virginia and Pete Forster, 1208 Northwest-blvd, were selected by the Minstrel Steering Committee of the Hilltop Business Association to produce and direct the 23rd annual Minstrel Show.

This Grandview couple has a wide reputation as show producers. Five years ago they organized a Minstrel Club at Boulevard Presbyterian Church of which they are members. The club now stages an annual mid-June minstrel show at Grandview High School which is directed by the Forsters.

Pete had been in the show business for 18 years and Virginia for 10 years when they met. After their marriage the two worked as an act for four more years until they finally decided that a dressing room was not the proper place to raise a family.

In addition to the Minstrel Club which they initiated, the Forsters are active in other work at the Boulevard Presbyterian Church. Virginia is superintendent of the primary department in the Sunday School. She also organized a permanent club for the line of teenage girls who participate annually in the community minstrel show. Hilltoppers will have an opportunity to see the girls this year when they perform in the 1952 Hilltop Minstrel Show billed as the Boulevard Minstrelettes.

Her principal hobby according to Virginia, is her family of four children — Jeffrey, 10, Kent, 8, Gayle 7, and Leslie, 4.

Pete just this week completed a three-year term on the board of deacons at their church. He is also a member of Communit, Lodge, F. & A. M., and of the Tri-Village Lions Club. In addition to his work in show business, he is promotion manager for the Buckeye Lake Park Co.

During the time spent producing this year's show for the Hilltop Minstrels, Pete and Virginia have made many friends on the Hilltop and are impressed by the cooperation they have received.

"A production show such as this is more work than you can imagine," they said, "but we've had loads of fun. We're really sorry that it's almost over."

Much of the material for the show has come from their files which Pete and Virginia have been collecting during their 18 years in show business. They hoped to find good use for the material some day, and they have found it most useful in shaping up the 1952 Hilltop Minstrel Show.

On an outdoor bulletin board of a church
I saw a sign that's neat
And many stopped in front to read,
"Come early and get a back seat."

In distant lands, the savage clans
Did very little bluffing:
They dearly loved their fellow man.
(With spice and lots of stuffing.)

Interlocutor Of First Show Makes Return

Harry Freeman

A particular delight for many of the people attending the 23rd Annual Minstrel Show will be the appearance of Harry Freeman, 676 Wager-st, who was interlocutor and producer of the first Hilltop Minstrel Show.

He will be featured at two spots in the 1952 performance. At the beginning Harry will greet the audience and reminisce about that first show. Later, he will be on stage with the Franklin County Singing Sheriffs as first tenor.

Some Hilltoppers may remember that he was a member of the original Singing Sheriffs organized about 25 years ago by Sheriff Harry T. Paul, father of the present sheriff, Ralph J. Paul.

Harry has a long record of vaudeville and musical comedy experience with Al G. Field's Minstrels, the Grand Stock Company, and the John W. Vogel's Minstrels. In addition, he has produced many other shows in Columbus and vicinity. For five years he was producer of the Women's Civic Club Show in Grove City.

Add one more talent to Harry's long list—he's also a composer of songs. Several of the numbers in the first Minstrel Show bear his name. This year he has written a special opening number for the Singing Sheriffs' act.

He is married, has five children and is at present employed as bookkeeper-cashier in the Sheriff's Office.

Newark Dance Team In Minstrel

Dick Redd and Bob McClain, both of Newark, will be featured in the first part of the 1952 Minstrel Show in two dance numbers. The first is a soft shoe routine made famous by George Primrose and the second is a fast tap dance in the style of Bill Robinson. The boys are both advanced students of Jack Sherick who arranged for their appearance as his contribution to the Minstrels. They have had quite a bit of show experience in the Columbus vicinity and are appearing this week in two minstrel shows in Newark in preparation for their Hilltop performance.

He: "Gee, isn't she bow-legged?"
Him: "I'll say. She is one girl that will never have to worry about her calves being scratched."

We have faith

in you—
in ourselves—
in America—

We believe

that most Americans are capable of paying their own bills, planning their own budgets and mapping their own futures.

that most Americans resent having politicians or bureaucrats tell them *what* they need, *where* to get it and *how* to pay for it.

that most Americans prefer to solve their problems—medical or otherwise—by means of self-reliance, free choice and voluntary methods.

that most Americans will work and fight to preserve freedom, both at home and abroad.

The menace from abroad is Communist tyranny.
The menace at home is creeping Socialism.

"Westerners" Quartet In Minstrel

A special feature of the first part of the Hilltop Minstrel Show will be the appearance of the "Westerners", a quartet of West High School students. Dick Gilbert, 654 Binns-blvd, is tenor; Wendell Branson, 53 S. Algonquin-av, lead; Gene Burch, 127 N. Roys-av, baritone; and Gary Underwood, 416 S. Hague-av, bass. The group was organized as the West High Quartet last September. One of their selections will be a specially prepared arrangement of "Londonderry Air." Dick and Gene are seniors at the school, Gary is a junior, and Wendell, a sophomore.

Male Bathing Beauty Contest Is Feature

Usually it is the men who get the most entertainment from a bathing beauty contest, but not so in the Hilltop Minstrel Show. The producers have arranged a special contest of this nature for the enjoyment of the women in the audience.

Male 'beauties" will parade before the judges to compete for the prize. Authenticity is the keynote. Costumes will be modern bathing suits, high heeled shoes and hair wigs. It is anticipated that in some cases padding may be needed to complete the costumes and to insure authenticity. Lipstick also is permissible.

The contestants, all members of the HBA, will represent their own businesses. The audience will actually determine the winner each evening with Clyde Moore, Ohio State Journal columnist, acting as judge. Assisting Mr. Moore in the judging stint will be Charles Campbell, Don Smith and Dr. R. J. Miller.

A special "loving cup" has been designed for the occasion and one will be awarded each evening to the winning contestant. The cup consists of two different sizes of cake pans suspended on an oil can and soldered to a saucepan handle. It can be viewed at The Hilltop Record offices the week preceding the show.

The contestants are as follows: Jack Merriman, "Miss Seiller's Deparement Store;" Joe Goodwin, "Miss Goodwin Pharmacy;" Lou Klass, "Miss Hilltop Jewelers;" George Painter, "Miss Painter's Grocery"; Russ Carter, "Miss Broadview Linoleum"; Herb Kunzl, "Miss Hilltop Van"; Jack Alkire, "Miss Economy Variety;" Ed Witherspoon, "Miss Better Home Center"; Don Rice, "Miss Westgate Electric;" Curt Roberts, "Miss Yost Florists"; Clarence Story, "Miss Story Cleaners"; Bob Edgar, "Miss Westgate Plumbing;" Ronald Jones, "Miss Jones Lumber"; and Bob Maxwell, "Miss Hilltop Record."

Be sure to be on hand to record your vote for the loveliest knight of the year."

Ticklers By George

"Flackenenood, I've got to hand it to you! Your ingenuity has made this department the most popular in the store during our year-end sale!"

The beggar stood at the street corner and asked a passing gentleman for money. "Not now," said the gentleman, but I'll give you something on my way back."

"Nope, that won't do," replied the begger, "Why you'd be surprised how much money I've lost giving credit that way."

"If you had a box with some ducks in it, what would you have?" "A box of quackers."

Executive: "Your reports should be written in such a manner that even the most ignorant may understand them."

Office boy: "Well sir, what part is it you don't understand?"

"Mrs. Brown looks rather upset, don't you think?" asked the first lady at the fancy dress ball.

"I should think she does," replied the other. "You see she came as a Hawaiian beauty, with grass skirts and all—and they awarded her first prize in the humorous section as "The Old Thatched Cottage'."

Motorist: "What will it cost to fix my car?"

Mechanic: "What's the matter with it?"

Motorist: "I don't know."

Mechanic: "$39.75."

Ticket Sale Chairman

Jack P. Merriman

The jam-packed auditorium at West High School next week will be proof of the weeks of work by J. P. (Jack) Merriman and the eight teams of men who have assisted him on the ticket committee.

As chairman of the committee, Jack has directed the activities of the teams, each consisting of about 35 men. Serving as captains of the teams are E. H. LeFever, George Gusler, Ray Dethy, Lowell Sullivan, C. Carlton Hartley, Nelson Green, Ed Witherspoon and Joseph M. Briggs.

Two $15 Stetson hats have been offered by Seiller's Department Store as prizes. One for the individual man selling the most tickets; the other to the captain of the team selling the most. And the competition has been stiff. Due to the efforts of the men tickets were nearly all sold by the end of January.

Jack is a native Hilltopper and has been active in minstrel shows for many years. He has also served as treasurer of HBA and as chairman of the 1949 Bean Dinner. At present he is a director of the Hilltop Kiwanis Club and belongs to the Luther B. Turner Lodge, F. & A. M., the Shrine and Scottish Rite.

His business record reads like an Horatio Alger story. Starting with Seiller's Department Store as a bicycle delivery boy 34 years ago, he has climbed steadily to the position of vice president and general manager.

He and his wife reside at 44 S. Sylvan-av with their two children, Howard and Martha, and are members of Hoge Memorial Presbyterian Church.

Dad: "Always follow the straight and narrow son. You never heard of an honest law abiding man ending up behind prison walls, did you?"

Skeptical Offspring: "Maybe not, Pop, but then again I never heard of a crook ending up in the poor house."

Wonder how many fig leaves Eve tried on before she said, "I'll take this one."

Arrangements Chairman

Jack E. Imler

Do you know where there is a large, twin-size baby buggy?

If so, then Jack E. Imler wants to see you. As chairman of the arrangements committee, Jack is responsible for scheduling rehearsals, and notifying the persons involved, but his biggest headache is locating the properties required for the Minstrel Show. The loving cups and the mouse trap weren't too hard to find, but the baby buggy problem has stumped him.

Jack came to the Hilltop two years ago as manager of Schoedinger's Hilltop Chapel. Despite this short period of residence here, he is already getting into the swing of activities. He is a member of the Camp Chase Post, American Legion, B.P.O.E., and attends the Glenwood Methodist Church. In the HBA he is serving as a member of the Executive committee and chairman of the Booster committee.

He and his wife reside at 2542 W. Broad-st with their two sons, Dennis and Philip.

Permanent Christmas Decorations Secured By HBA

Permanent Christmas decorations for Hilltop streets was one of the projects undertaken by the Hilltop Business Association for the betterment of the community. Pictured above are some of the decorations. Each unit consists of two translucent plastic halves molded in three dimensional relief. The bright colors are baked on to insure permanence and to prevent chipping. One hundred six units were used on Hilltop streets during the last holiday season.

Reception Chairman

Phil V. Stout

If you're worried about finding your seat for the 1952 Hilltop Minstrel Show, you can forget it. The Hilltop Business Association has arranged for ushers who can solve this ill worry for you.

Philip V. Stout, local attorney, is in charge of the reception committee which is responsible for the selection of ushers for the two nights of the show.

Phil is a past president of both the Hilltop Business Association and the Hilltop Kiwanis Club. At present he is lieutenant governor of the Eighth Division of the Ohio Kiwanis District. He is also a member of the City Recreation Commission.

His law offices are at 2532 W. Broad-st and he resides at 96 N. Westgate-av.

During an epidemic in a small country town the visiting nurse asked the head of one household if he were taking precautions to prevent the spread of contagion.

"I sure am, nurse," replied the man. "We've even bought a sanitary cup and we are all drinking from it."

The teacher, trying to impress her pupils with the importance of original thinking, illustrated by saying: "Mickey, repeat these sentences in your own words: 'I see a cow. The cow is pretty. The cow can run'."

Mickey said, "Boy, lamp the cow. Ain't she a honey! An' I ask you, kin she tak' it on the lam!"

Singing Sherrifs, To Highlight 1952 Edition Of Hilltop Minstrel

The Franklin County Singing Sheriffs will entertain at the 1952 Minstrel Show. Pictured above left to right are Harry Freeman, first tenor; Fred Hawkes, second tenor; Raymond Hathaway, baritone; and Fred Washburn, bass.

One of the most promising highlights of the second half of the 1952 Hilltop Minstrel Show will be the Franklin County Singing Sheriffs. The group consists of Harry Freeman, manager and first tenor; Fred Hawkes, second tenor; Raymond Hathaway, baritone; and Fred Washburn, bass.

Formerly known as the Buckeye Sheriffs Quartet, they have achieved wide recognition for their fine singing and comedy antics.

For the Hilltop Minstrel Show they will sing a special opening number written by Harry Freeman. Other treats they have in mind for the show are a special arrangement of "Tiger Rag" and a paraphrased arrangement of "Mockingbird Hill" which they have titled "Nightingale Hill."

It takes a man to get pearls from an oyster and a woman to get diamonds from a nut.

Bob: "Sir, I'll have you understand that I'm related to the Boones."

Charles: "Oh yes, now I remember your grandmother's first name was BAB."

A little pig became a ham, which was made into sandwiches by a beautiful woman.

"He died a gentleman," said his mourners. "His last act was to give his seat to a lady."

Maid: The furniture installment man is here again, ma'am.

Madam (resignedly): Tell him to take a chair.

. . . Mother-in-law sandwich: Cold shoulder and tongue.

At the bridge table: "I don't like Mabel and from all the things I've said about her I know I never will."

"Do you think, Jack, you could learn to like my kisses?"

"Sure, Mary, I learned to like Olive's!"

"Your daughter has promised to become my wife."

"Well, don't come to me for sympathy. You might know something would happen to you, hanging around here five nights a week."

An Englishman who came to the United States after World War II took out citizenship papers. He was visited by an English relative who reprimanded him for becoming an American citizen. "What have you got to gain?", he demanded.

"Well, for one thing," said the new citizen, "I win the American Revolution."

Private: "Is this fish fresh?"
Mess Sgt.: "Fresh? Why, it breathed its last as you came in the door."
Private: "Gad, what a breath it had."

"Do you believe in the survival of the fittest?"
"I don't believe in the survival of anybody—I'm an undertaker."

1952 HBA Officers At Installation

Officers of the Hilltop Business Association for the year 1952 are shown above at the installation ceremonies last December in the Glenwood Methodist Church.
Left to right are Judge Cecil J. Randell, installing officer; Don Smith, president; Jerry Watson, second vice-president; Robert Kneisley, treasurer; Jack Alkire, first vice-president; Alva Natzger, D. L. Pack, Harold Fox and William Coon, trustees.

Hilltop Business Association Has Contributed Twenty-Six Years Of Service To The Community

For the past twenty-six years the Hilltop Business Association, Inc., has compiled an enviable record of public service that but few organizations anywhere can match. As sponsors of the Hilltop Minstrel Show for the past twenty-two years the membership of the organization now looks forward to the accomplishment of this community event for the twenty-third straight year.

Few Hilltoppers remember back over that span of twenty-five years when the Business Association had its first inception in the fall of 1925. And but few Hilltoppers even today realize how this progressive organization keeps its committees in touch with city and state programs and officials; how it represents this section of Columbus by intelligently requesting and suggesting civic betterments for the Hilltop. Many of the small everyday problems are taken for granted by the public, but it has been the HBA that has tackled them, large and small.

It was in the year of 1924 that the Hilltop community received its so-called "white electric street lights." A parade and celebration were in order to mark the occasion and this was sponsored by several Hilltop business men who served barrels of cider and hundreds of doughnuts to the many who attended.

The success of this community get-together and far-sightedness of several business men as to the eventual worth of an organization for the common good prompted about 20 business men to band together and form the business organizaton known as Hilltop Improvement Club. This name was soon changed to the Hilltop Business Men's Association, which name has since been changed to the Hilltop Business Association, due to the fact that there are business ladies as well as men in the organization.

The first officers elected in 1925 were Carl M. Marsch, president; C. O. Miller, secretary; Fred Sulzberger, treasurer.

Some of the business men forming a nucleus of this association were A. Rogers, Seiller's, George Painter, Dr. T. S. Fox, George Matson, Fred Raether, Roy Hastings, Dr. L. Turner, Wyatt Millikin, J. D. Budd, Dr. Wolfe, Cliff Cohn.. Some of these members are now deceased, but the pleasant memory of their work lingers on.

At present the association is composed of approximately 200 business men and women of the Hilltop who are representative of a complete cross section of business establishments in the community. Officers of the organization are: Don F. Smith, president; Jack Alkire, first vice president; Jerry Watson, second vice-president; Robert L. Kneisley, treasurer; Harold Fox, Bill Coon, D. L. Pack and Alva Natzger, trustees.

The organization has grown not only in membership but also in its activities. They sponsor the well known Hilltop Minstrels, the Bean Dinners, Football Appreciation Banquets for West High football teams. They help and cooperate with other civic organizations in furthering the progress and needs of the Hilltop community, not only in a business way but also culturally, morally and scholastically.

The business men feel that a well educated community is a progressive one, and a truly democratic one, working together for the common good, providing good and pleasant neighborliness, promoting continued church attendance and fostering clean, ethical competition among business men, backbone of national economy.

"What About Me?" Leading Lady

Mrs. Marcella Tanner

Mrs. Marcella Tanner, 140 Algonquin-av, has the leading role in a skit titled "What About Me?" in the 1952 Hilltop Minstrels. George Young, 1005 Livingston-av, plays the male lead. This short, fast-moving piece involving a discussion about marital differences has a comedy ending that promises the audience a big laugh.

Mrs. Tanner appears also in the Young Mothers' line in the number called "Bargain Basement Date" at the opening of the Ollo part of the show.

Magician Turns Interlocutor

Glenn Miesse

Interlocutor for the 1952 Hilltop Minstrel Show is Glenn Miesse, 622 Racine-av. Glenn is already well-known to Hilltop audiences as an accomulished magician. Although he doesn't perform any of his tricks of magic in this year's show, the way in which he handles the cast and keeps the show moving is nothing short of magical. Ten years of professional experience have given him a relaxing, easy manner on the stage, and his air of joviality keynotes the entire first half of the show.

The four end men who assist him are Bill Coon, Noble Allen, Harold Greene and Lee Dayton.

Glenn is married, has two sons and a daughter. He is employed as a money order clerk at the Main Post Office.

When it comes to work, there are many who will stop at nothing.

Hilltop Mens' Chorus Is Show Mainstay

The forty-voice Hilltop Men's Chorus is again playing a leading part in the Hilltop Minstrel Show.

During the first part of the show the group will act as the Grand Chorus to support the soloists. This presentation will be different from previous years. There will be plenty of barber shop harmony, quartet numbers and other vocal selections generally associated with the old time minstrel shows.

In the second half of the show, the Olio, the chorus will be featured in two selections especially arranged for the 23rd Annual Minstrels. With Clark Eberle as director and Bob Johnson as accompanist, the group will sing "More Power to America" and Kentucky Babe." Many hours of long, hard practice have gone into perfecting these two songs.

Through the years Hilltoppers have come to expect an unusually fine performance from this vocal group. And this year is no exception. The audience can look forward to another real treat.

The Chorus was first organized for the Third Annual Hilltop Minstrels by W. Hayden Jones who served as its first director. Although Mr. Jones is no longer able to participate actively in the group because of his health, he is still its most interested member.

Since its beginning the Chorus has been a feature of every Minstrel Show, with the exception of the 1950 event, and has been largely responsible for the success of the shows. In addition the group has participated in many statewide vocal competitions and has usually received a first or second prize for its work.

W. W "Bill" Marot is president of the chorus. Other officers are Nelson Green, vice president, and Howard Hitt, secretary and treasurer.

Members of the chorus are:

Basses—Jack Embrey, Frank Fletcher, Howard Hitt, Bill Marot, Adrian Page, Ivan Reed, Russell Hughes, Bob Nichols and Anson Fox.

Baritones: Gene Burch, Dave Rismiller, Lee Addie, Gary Underwood, Ronnie Parkinson, Winfield Lloyd, Bob Southworth, R. A. Willer, Jack Martin and Fred Webb.

Second tenors: H. Elliot, Nelson Green, Emerson Harlow, George Kennedy, W. W. McPherson, John Rouch, Paul Roberts, Louis Trout, Paul Nuss, W. M Woodworth and T. C. Herbert.

First tenors — Harold DeGraw, Bill Grace, Charles Hoover, Ray Sisson, J. W. Smith, Dick Gilbert, Wendell Branson, and Gary Dowler.

Costumer

Clarence Story

Again this year the problem of obtaining costumes for the Hilltop Minstrel Show is the responsibility of Clarence Story, 185 Binns-blvd. This job includes everything, from costumes for the end men and other performers right through to chair covers for the Hilltop Men's Chorus. Clarence has been in charge of costumes for the past five years and has been working on Minstrels for the past 18 years.

He is the owner and operator of Story Cleaners, 2420 W. Broad-st, and next month is celebrating the 25th anniversary of the business.

In addition to serving on Minstrel shows, Clarence has also held the offices of director, 2nd vice president and 1st vice president several times in the Hilltop Business Association.

He is married and has two children, Donald and Marilyn. Donald is at present in the Army at Camp Gordon, Ga.

Hunting and fishing provide him with recreation although he much prefers hunting.

We saw a woman yesterday walk out of a beauty parlor and approach her car to find she had run 10 minutes beyond her nickel's worth and had a parking ticket as a reward.

"Well," she said to herself, "I guess what I heard those 10 minutes was worth the dollar."

The man was on a ladder sticking some wallpaper on the ceiling. "Can you hold tight to that wallpaper for a minute, dear," his wife asked.

"Certainly honey, why?"

"I want to use the ladder in the other room," she said.

Major Ashtired was haled into court, charged with having beaten his wife with an oak leaf.

"I don't get it," declared the court recorder, "did the guy beat his wife with his oak leaf insignia?"

"Naw," said the arresting officer, "with an oak leaf from the dining room table."

A certain senator injured his eye one summer, and his doctor gave him a patch to wear over it, after he had treated the eye.

"You'll only have to wear that patch when you're exposed to hot wind," said the doctor.

"I'd better put it on now," said the senator, "I'm due on the Senate floor, right away!"

A Negro minister discovered two men playing cards on Sunday —and for money.

"Rastus," said the minister, "don't you know it's wrong to play cards on de Sabbath?"

"Yes, parson," answered Rastus, ruefully. "But, believe me, ah's payin' foh mah sins."

Read that chart, the examining physician ordered the prospective draftee.

"What chart?" asked the recruit.

"Right you are. There isn't any chart," agreed the M. D. "It's the Army for you, my boy."

Minstrel End Men Will Produce Many Laughs

No minstrel show would be quite complete without the traditional end men and here they are as they review their lines for the 1952 Hilltop Minstrel Show. Left to right are: Bill Coon, Harold Green, Glenn Meiese, interlocutor; Noble Allen and Lee Dayton. Sam Alford in the foreground adds his quips as "The Tramp" as final polish is give to the lines.

The end men are easily the most popular performers in the annual Hilltop Minstrel show. Even before the curtain rises these men are sure of the audience's hearts.

This year the four end men are Bill Coon as "Ephriam", Noble Allen as "Porterhouse", Harold Greene as "Egghead" and Lee Dayton as "Midnight". Bill is at the left front with Harold beside him and Noble is right front end with Lee next.

When everyone else was still thinking about Christmas, these four, with Interlocutor Glenn Miesse, began rehearsing for the minstrel show and they've been hard at work ever since.

The rehearsals have been shows in themselves, according to producer Pete Forster.

"When those four start reading their lines, everything happens. They begin by reading one of the jokes, then the others ad-lib around it until it's a regular three-ring circus. Sometimes it takes quite a while to get the men back to the original script." A lot of these quips and ad-libs have now been incorporated into the show. Although the audience will get a lot of laughs out of the routines, it's a sure bet that the end men themselves will be having a whale of a good time.

In addition to the jokes and comedy routines, there are songs. Bill Coon does "Row, Row, Row", Lee Dayton gives out with "When You Wore a Tulip" and Harold Greene sings "Goodbye My Lady Love". There are also two dance numbers with cake walks and struts and a comedy piece called "Mop Drill."

This year will be the seventh time that Bill Coon has appeared in the Minstrel Show. He is the father of two boys and works as an advertising salesman for the Hilltop Record.

Noble L. Allen, director of the Noble L. Allen Funeral Home at 2456 W. Broad-st, is no newcomer to the show. Hilltoppers will remember Noble as Interlocutor in the 1951 show.

Harold Greene, who gained fame for revealing "The Thing" on last year's show, is co-owner of Jones Lumber Co. He is married, has two children.

This is the first time in the Minstrels for W. Lee Dayton, 46 S. Central-av, although he has participated in other local productions. Lee is married, has one daughter and is employed by the Barber and Beautician Supply Co.

Life is a constant process of keeping your finger to the pulse, your eye on the ball, your nose to the grindstone, your ear to the ground, your tongue in your cheek.

And once in a while it's necessary to get your dander up and put your foot down.

Days of Showboat Recalled In The Minstrel Of '51

"Back to Showboat Days" was the general theme for the 22nd Annual Hilltop Minstrel Show held in 1951. A cast of 60 under the direction of Lee Koontz, and piloted by Interloctor Noble L. Allen performed on the decks of an old riverboat.

End men Joe Goodwin, Bill Coon, Marvin Southworth and "Chubby" Distelhorst gave out with the jokes. Bob Motzer's orchestra played for the show, and the Hilltop Men's Chorus, after a year's absence, again joined the program.

Harold Green's revelation of "The Thing" was one of the highlights of the production.

A special skit, called "The Trial" featured Phil Stout as Judge, Herb Kunzi as clerk, Jack Alkire and Harold Cunningham as attorneys, Russ Carter as the culprit, Mrs. Pauline Carter as the plaintiff, and Edward Witherspoon and Mrs. Lee Witherspoon as the witnesses.

Most people can drink just as easily sitting down as they can standing up. But few people can stand up as well after they've been drinking sitting down as they can sit down after drinking standing up.

The park was at its prettiest but it seemed that everyone had too many foolish questions to ask the old gardener who was not in a very good mood.

One individual asked, "What kind of trees are you planting there?"

The old gardener looked up and answered, "Wooden ones."

"Back in the city again," said the man to his long-absent neighbor. "I thought you were a farmer."

"Well," came the reply, "you just made the same mistake I did."

Judge: "Who brought you in?"
Drunk: "A couple policemen."
Judge: "Drunk, I suppose."
Drunk. "Both of them, judge, both of them."

A minister was being shaved by a barber who was in rather bad shape from a drinking bout the night before. The barber's breath smelled strongly of whiskey, and his hands were shaky.

Finally he cut a piece of the minister's chin. The clergyman looked at the barber reproachfully and said, "You see, my man, what comes from drinking strong liquor."

"Yes sir," said the barber, "it sure makes the skin tender."

Professor: "Before we begin our final exam, are there any questions?"

Student: "What's the name of the course?"

A mountaineer on his first visit to a city of any size, was fascinated by the asphalt streets. Scraping his feet on the hard surface he remarked to his boy: "Well, I can't blame 'em for building a town here, the ground's too darned hard to plow anyhow."

Near the town of Raymondville in the Rio Grande valley of Texas, a fugitive barricaded himself in a small house and threatened to shoot anyone who came within range.

Local officers called in a Texas Ranger, and in the gun battle that followed, the fugitive was killed. The justice of the peace, acting as coroner, returned the verdict: "Suicide. Failing to cooperate with a Texas Ranger."

The very rich man was interviewing an applicant for the job ah his personal valet. "You may have trouble with me," he said. "I have a wooden leg, a glass eye, a toupee, an artificial arm and false teeth."

"That won't bother me," replied the applicant, "I used to be on the assembly line at Lockheed."

After waiting for over an hour for a late bus the lady boarded the first one to come by, and handed the driver her transfer, then trudged to a seat, still very much perturbed over the long wait.

She had no more than sat down when the driver turned and yelled, "Hey, lady, this transfer's no good. It's dated yesterday!"

"My goodness," she answered sweetly. "I had no idea you were that late!"

A road hog is a fellow who always meets you more than half way.

"Down where I lived," said the Texan, "we grew a pumpkin so big that when we cut it my wife used one half of it for a cradle."

"Well," smiled the man from Chicago, "that's nothing. A few days ago, right here, two full-grown policeman were found asleep on one beat!"

Did you hear about the race between the head of cabbage, the fire hydrant and the tomato?

No, what happened?

The cabbage was ahead, the hydrant was running strongly and the tomato was trying to ketchup!

"Looks like rain," said a tourist to an old timer at a filling station out in an arid part of the west.

"I sure hope so," sighed the old man. "Not for myself," he quickly added, "but for my grandson here. I've seen rain."

Pearl Harbor Couldn't Stop Minstrel Of '42

Just three short months after the attack on Pearl Harbor the 1942 Minstrel Show was presented. Despite the absence of many regular performers a show was lined up by the director, C. C. Hartley.

The late Floyd Green, then mayor of Columbus, was the interlocutor for the 1942 show.

Highlight of the Minstrel that year was the original composition of F. L. Buckingham entitled "Fight for America." This song keynoted the theme of the entire production. Mr. Buckingham was pianist for the Hilltop Men's Chorus.

A man bumped into the car in front.
The accident made him burn;
He said, "That woman signaled [illegible]

Bean Dinner Is Annual HBA Affair

One of the most popular and enjoyable activities sponsored by the Hilltop Business Association is the annual Bean Dinner held each summer at Westgate Park.

This event, which annually draws crowds numbering in the thousands, includes a schedule of contests and outdoor activities and climaxes with the meal of baked beans and wieners.

Arrangements for the 1952 dinner are already being made. The Business Advancement committee of the Hilltop Business Association met this week to discuss plans for the ninth annual Bean Dinner. Edward E. Schaedler of the West Hill Furniture Co., 2366 W. Broad-st, chairman of the committee, will be in charge.

The 1951 dinner held last July lasted two days. Entertainment included a band concert, and featured contests of watermelon eating, pie eating, greased pole climbing and casting. Highlight of the celebration was the dedication of Harder Lake in Westgate Park. Robert L. Kneisley, manager of the Hilltop office of the Ohio National Bank, was the 1951 general chairman. The crowds, which attended despite rainy weather, consumed 500 pounds of beans and 360 pounds of wieners.

The patient told her doctor she was so worried that she had butterflies in her stomach. "Take an asprin and the butterflies will go away," said the doctor.

The lady moaned, "But I took an asprind and they're playing ping-pong with it."

Man isn't rational; he keeps looking for home atmosphere in a drive-in and drive-in service at home.

War Time Show Sought Relief From Worries

"We're going to give them the works this year and for a while give people a chance to relax from thinking of war work and war troubles," said Director Lee Koontz of his plans for the 1944 production of the Hilltop Minstrel.

At the time a large number of Hilltoppers were in uniform, many stationed at the front lines. Home fronters were engaged in war work Red Cross work, various charity and scrap drives. In an all-out production effort people were working long hours and extra shifts and worrying about their servicemen who were in constant danger.

The directorial team of the Minstrels decided that a top-notch entertainment was necessary to give Hilltoppers a chance to relax.

Lee Koontz directed the 1944 show aided by L. E. Saunders and H. G. Deems. Dr. R. J. Miller was the interlocutor and Joe Briggs was the general chairman.

Employer: "Rather strange that your grandfather should be buried on the day that the ball game is in town?"

Fred: "Yes, good old grandpa; a sportsman to the end."

Many Projects On HBA Agenda To Improve The Hilltop In 1952

Looking into the crystal ball for 1952 one finds the excellent plans of the Hilltop Business Association.

The Hilltop Business Association has already gazed into the crystal ball and come up with their plans for 1952. These projects are almost entirely for the benefit of the community.

One of the first plans on the list is the extension of W. Mound-st. The group also hopes to get new street lights for Hallwood-av.

There are many hopes for the improvement of Glenwood Park. One thing that the HBA hopes to be able to accomplish is the erection of an amphitheater at the foot of the hill which maybe used for outdoor activities. The hill itself provides an excellent setting for an amphitheater and the addition would considerably broaden the facilities of the park.

Another major project is the widening of W. Broad-st west of Hague-av. The street at this point takes a jog and from there on is about four or five feet narrower on each side than the eastern end of the street. The widening is planned west from Hague-av to the city limits.

Considerable interest has been expressed in extending the city water and sewer facilities west beyond the city limits to New Rome.

Promotion of better employer-employee-customer relations is another plan of the HBA. They have arranged for several meetings to be held during this next year in line with this plan. The first meeting was held at the General Motors plant earlier this past week.

Memory training by association became a fad in one of those progressive education schools. "For instance," the teacher was explaining, "if you want to remember the name of a poet, Bobbie Burns, you might imagine a picture of a London policeman in flames. You see, 'Bobbie Burns'."

"I see that," said a pupil, "but how is a person to be sure that it doesn't represent 'Robert Browning'?"

A very sick man said to his wife, "After I die, I wish you would marry Deacon Brown."

Wife: "Why so, Hiram?" Sick Hubby: "Well, the deacon trimmed me on a horse trade once."

And of course, the prime project of all will receive a good portion of the HBA's attention — A campaign urging local stores to carry more and higher quality merchandise, especially nationally advertised brands is contemplated.

A man who was wanted by the police had been photographed from six different angles and his pictures had been sent to all the sheriffs in the state.

In a few days headquarters received this from a small town chief: "I duly received the pictures of the six outlaws wanted. I am happy to report that five of them have been captured and we are hot on the trail of the sixth."

Ticklers — By George

"I somehow feel that you don't care much for the idea, but the Doc said everyone should have a hobby! Mine just happens to be collecting musical saws!"

The old farmer, driving a city man, placed a bearskin robe over their knees, pelt outward. "You ought to turn the hair inside," said the city man. "It's much warmer to have the hair next to your body."

"Huh," chuckled the farmer, "imagine that poor dumb bear living all his life without knowing a simple thing like that."

Make-Up Committee Ready For The Opener

Harriet Huff

Hazel Bercaw

Mary Lou Evans

Hazel Roberts

Claribel Kimble

Burnt cork won't be used as much as usual in the 1952 Minstrel Show, but there will be enough other make-up problems to keep the committee bu.,.

Chairman Harriet Huff has been working on this phase of minstrel shows for the past ten years. She is the owner of the Harriet Huff Beauty Shoppe, 2154 Sullivant-av, and on Feb. 7 celebrated her 25th anniversary in that location. Previous to operating her own shop Mrs. Huff was a teacher of cosmetology.

She has been a member of the HBA for the past 15 years and was president of the state unit of the National Hairdressers and Cosmetologists Association for nine years. She resides at the above address, and is a member of the Glenwood Methodist Church. Whenever time permits, she can be found horseback riding or swimming

Hazel Bercaw, owner of the Bercaw Beauty and Gift Shop, 2842 W. Broad-st, is again assisting on the make-up committee. Last year she served as chairman of the make-up committee for the minstrel show.

Hazel Roberts, who with her husband, operates the Yost Green house at 303 Belvidere-av, is celebrating her sixth year as a member of the grease paint brigade.

Two other regulars are Mary Lou Evans and her sister, "Cal" Kimball who operate the Mary Lou Beauty Salon, 10 S. Hague-av. They have been helping the minstrel men for about 15 years.

HBA Provided Many Public Services In 1951

The Hilltop Business Association has for many years provided various services to the general public as well as to the members of the organization.

The HBA offices at 3183 W. Broad-st carry a large inventory of sales tax stamps for the convenience of local businesses. They also handle drivers' licenses, automobile license plates, trailer licenses and automobile registration transfers.

During the past year the HBA cooperated with other Hilltop organizations in sponsoring the All Sports Banquet honoring athletes of West High School. Joe Briggs, 2596 Sullivant-av, and Alva Naftzger, 2563 W. Broad-st, represented the HBA in making arrangements for the banquet.

The Association also assisted the Hilltop Community Council when it leased Camp Clime, on Demorest-rd, near Maple Shade Park. The camp was established for the use of boys and girls and other groups who are interested in outdoor camping places. All requests for the use of the camp's facilities are cleared through the HBA office, which performs this service for the Council.

Another project of which the HBA is rightfully proud is its participation in the campaign that led to the construction of the football stadium at Hilliards High School. The stadium was dedicated last fall.

The Hallowe'en party held last October at West High School for the children of the neighborhood was another project of the Hilltop Community Council. The HBA cooperated in this by furnishing the orchestra for dancing, supervising the dance, and providing prizes and judges for the costume competition. About 4000 attended the party.

For a couple of years the Association has spearheaded the drive to secure permanent Christmas decorations to be used on Hilltop streets during the holiday season. Clarence Story, 3420 W. Broad-st, was chairman for this drive.

Q: I think men are no good. They are trouble makers and deceitful. Why do we have to have men anyway?

A: We have to have something for women drivers to run into.

Q: What is the difference between a policeman and a cracked chair?

A: No difference. They'll both pinch you if you don't park right.

Producers Say "Thank You"

I have asked The Hilltop Record to do me a personal favor by publishing this thank you note.

I want to thank all of the people who have so wholeheartedly cooperated with Virginia and me in producing the 1952 Hilltop Minstrel Show. The courtesies we have received and the enthusiasm of everyone concerned with the production have impressed both of us.

Although we have directed many other theatrical productions, we were both amazed by the spirit and the assistance that we have received from the Hilltoppers.

Our thanks go to the Hilltop Business Association, The Hilltop Record, and most particularly to the cast of the show for their patience and hard work at the numerous rehearsals.

Both Virginia and I have enjoyed doing the show, despite the hard work involved, and we sincerely hope that the many friendships we have made will last far into the future.

Signed, W. P. Forster

Thomas D. Rice Hailed As First Minstrel Man

Thomas Dartmouth Rice is not on any of the minstrel committees, but he is largely responsible for the Hilltop Minstrel shows.

Rice is known as the father of American Minstrelsy. He lived from 1808 to 1861 and became famous for a song and dance he did in "The Rifle," a short skit by Nelson Robinson. Rice is also responsible for the use of the term "Jim Crow."

In "The Rifle," known as the first Negro minstrel, Rice did a song and peculiar dance limping that he had learned from an old Negro in Louisville, Ky., in 1828.

In his blackface costume Rice would do his dance as he sang the the words:

"First on de heel tap, den on de toe,
Ebery time I turn about I jump Jim Crow.
Wheel about and turn and do jis so,
And Ebery time I wheel about, I jump Jim Crow."

Minstrel of 1945 Followed Theme Of Patriotism

In April 1945, just a few months before the Japanese surrender the Hilltop Minstrels opened on the stage at West High.

The show, patterned after the production of Al G. Fields, again carried a patriotic theme. The show climaxed with the Hilltop Men's Chorus in a number called "This Is My Country."

The team of Lee Koontz, H. G. Deems and L. E. Saunders again directed the show.

School Teacher—"Clarence, can you tell me what the Golden Rule is?"

Little Boy—"Could it be a yellow yardstick?"

It was a fairly busy time in the outfitting department when a little boy entered and, approaching the counter asked the clerk for a "soft man's collar."

The clerk smiled and the customers laughed.

Pointing to his own collar, which happened to be a soft one, the clerk asked, "You mean one like this, sonny?"

"No," replied the boy, "I want a clean one."

Magistrate—What induced you to strike your wife?

Husband — "Well, your honor, she had her back to me, the broom was handy, and the back door was open, so I thought I'd rist it.

Minstrel Profit Aids Welfare Work of HBA

Hundreds of dollars pass through the hands of the Hilltop Business Association when Minstrel-time rolls around each year. Unfortunately, not all of it stays in the HBA treasury; in fact, very little does.

All sorts of expenses combine to relieve the HBA of its profits from the sale of tickets—rental for the school building for the performances and rehearsals, costumes, scenery, professional stage hands, police protection, orchestra, accompanists, the chorus, and of course state and federal admission taxes.

The profits which amount to only 20% of the take are used by the HBA in its community, civic and welfare work.

Teacher, patiently: "If one and one makes two and two and two makes four, how much does four and four make?"

Old-enough-to-vote, hill-billy pupil: "That ain't fair, teacher, you answer the two easy questions yourself and leave the hard one for me."

Versatile Performer

Mildred Forster

Mrs. Mildred Forster, 214 S. Westgate-av, is appearing in three different acts in the 1952 Hilltop Minstrel Show. She will appear in the second half of the show in a number titled "The Lady in Red" with Robert D. Edgar, 859 Richardson-av. In another skit "The Lady and the Tramp" she plays opposite Sam N. Alford, 230 N. Terrace-av.

The Parade of the Locales," which is the final number in the Olio part of the show, finds her billed as "Miss Hilltop of 1952." Mrs. Forster has lived on the Hilltop all of her life. She and her husband, Fred, a brother of the show's producer, have one daughter, Lee.

A hardy fixture from the Old Sod left Ireland and came to America. After a year's time he sent for his wife and she joined him.

"Goodness," she exclaimed on her first day here, "but don't they talk funny in this comtry."

"You think they talk funny now," exclaimed her husband "you should have heard 'em when I first got here!"

The automobile won't completely replace the horse until you see a bronze statue of a man sitting behind a steering wheel.

The HBA, Heart of Community Spirit

What benefits are derived from membership in the Hilltop Business Association? Why should I belong to the association?

These are questions that might be asked by most every person who operates a business or has professional offices on the Hilltop. The answers may be found as follows:

Benefits derived will be in proportion to what one puts into the organization. Individuals and business firms whose representatives in the association give of their time by attending meetings and serving on various committees, are naturally receiving more benefits than those who merely join and relax. This is true in any organization.

Benefits from membership in the HBA should be measured largely in terms of civic pride and development of this fine community. Anything that accrues to the benefit of the community thereby increases or maintains property values here, and helps every individual in business. It is a fact that the best businesses are to be found in communities having the best business organizations.

Over the years in which the Hilltop Business Association has been operating, many, MANY worthwhile things have been provided for the Hilltop because of the leadership provided in various campaigns and efforts from members of the Hilltop Business Association.

Schools, streets, lights, sewers, safety projects, parks, playgrounds, police and fire protection, and a hundred different projects have been actively backed by the association. In many instances the projects were initiated through the efforts of the association.

There has developed on the Hilltop a community spirit that is known far beyond the city limits of Columbus and throughout many cities of the state and nation. This has become a spirit of "we can do it." Business people and residents of the community are proud of this spirit. This in itself is worth an untold amount to every business and professional man and woman in the community.

In the past two years the association has expanded its services with the opening of an office and employment of two full time secretaries. The office has become a clearing house for various projects in the community, as well as serving the community as an agency for the sales tax stamps, auto tags, drivers licenses, etc. Numerous groups have also taken advantage of the office for a meeting place.

Every business and professional man and woman on the Hilltop owes it to himself or herself to become a member of the Hilltop Business Association. They owe a responsibility to the community to help carry the load financially, and through their contributions of time to share in the maintenance of the work carried on by the association. The fees are small . . . the returns are large.

Minstrel Of '43 Featured Songs Popular In Service

In 1943 the Minstrel was built around a patriotic theme and featured many of the fighting songs that were popular in that year. Service songs were constantly appearing on the music market then and these songs added to the show's wartime content.

The dance team of Bernice and Earl Goodchild which had been scheduled for the show suddenly became a solo. Earl was inducted and sent to Camp Robison, Ark., just prior to the presentation of the show.

The mood for the show that year was set by Joan McKinney's recitation of the American Creed.

C. Carlton Hartley was director of the show and Mayor Floyd Green again served as Interlocuter.

The cemeteries are getting full of people dying to see how fast they can drive.

Back Stage Producer

Dr. E. E. McNamee

Dr. E. E. McNamee, who has been associated with the production of Hilltop Minstrel Shows for more than 15 years, says that he "has kept off the stage as much as possible." But he has always been one of the hardest workers backstage. For a number of years he was in charge of costumes and reception. This year he is responsible for the scenery.

Two blackface silhouettes, each eight feet high, will be used on either side of the curtain backdrop on which will be the letters HBA.

It is easy to detect after only a few minutes conversation that he is from Missouri. He came to the Hilltop in 1930, established his chiropractic offices at 2543 Sullivant-av and has been active in Hilltop activities ever since.

In 1943 he served as president of HBA and in 1945 as president of the United Businessmen's Association, a city-wide organization in which he is Hilltop representative. He is also a member of the Hilltop Kiwanis Club.

His hobbies, hunting, fishing and ice skating, are indulged in regularly. Winter and summer find him at Buckeye Lake about two days a week.

He and his wife and their two daughters, Mary Jo and Sandra Kay, reside at 2541 Sullivant-av and attend the Glenwood Methodist Church.

Old Coffee Can and Chicken Wire Give You Lovely Colonial Nosegay

Cut circle of chicken wire, fasten to can with cellophane tape. Then . . .

. . . cover with doiley and . . . . . pack flowers in closely.

BY EDNA MILES

INGENUITY and the expenditure of a few pennies for elaborate containers and choice blooms can give you a charming colonial nosegay for a party centerpiece.

Begin with an ordinary coffee can and paint it white or any color you fancy.

The next step is to cut a round piece of chicken wire about the size of a dessert plate and place it over the open can. Fasten it in place with cellophane tape. This wire netting should produce an overlay of about an inch and a half. Over this goes a white lacey doiley from which the center has been cut.

This doiley will stay in place if it's secured to the wire underneath with transparent tape. And that's all there is to it. The vase is ready for flowers. Flower stems go through the netting into the tin, which, of course, is filled with water. Once there, they stay in position.

DON'T GET GREEDY

"I want a parrot that can talk real well," the woman said. "One that will entertain my dog."

The pet-shop attendant ushered her over to a corner where a parrot was talking and laughing and having a great time.

"This," the attendant said, "is one of the talkingest parots we ever had."

"But it has a crippled leg," the woman objected.

"Madam," the attendant said sarcastically, "do you want it to dance too?"

BEWARE THE DOG!

His dog may be a man's best friend,
But this thought just now hit me:
The Sport and I are pals to the end,
None of my friends ever bit me.

1949 Minstrel Theme Based On Old South

Settings from the Old South provided the theme for the 20th Annual Hilltop Minstrel Show in April 1949. The accent that year was on vaudeville acts and the cast represented both veteran performers and newcomers.

Special opening and closing numbers for the Southland show were written by W. W. "Bill" Marot. The Hilltop Men's Chorus, Mac Tooill's orchestra, the Glamourettes and many individual performers joined to present a show that had the rafters in West High Auditorium ringing for months after.

Lee Koontz served as director and took the role of "Mr. Interlocutor."

A special feature of the 1949 show was a one-act play produced by the Hilltop Little Theater players. The act titled "If Men Played Cards" was a satire based on men's views of how women carry on extensive conversations while playing cards.

Using a rewrite of an original script by Bob Hope, Dr. Palmer Cordray, Carl Turner, D. K. Finley and Jack Perdew were one of the hits of the evening.

THAT'LL TEACH HER

In a Budapest schoolroom little Janos was asked to give an example of a dependent clause.

"Our cat has a litter of ten kittens," he said, "all of which are good Communists."

The teacher delighted with his grasp of both grammar and the Party line, urged him to do as well when the government inspector came to pay his annual visit.

When the inspector arrived, the teacher called confidently on Janos to answer the same question. "Our cat," replied Janos, "has ten kittens, all of which are good Western democrats."

The teacher was horrified. "Why Janos! That's not what you said ten days ago. Your kittens were all good Communists then."

"Yes," said Janos, "but now their eyes are open."

FORMULA FOR PEACE

When a sit-down strike was called among the employes of a small Detroit machine shop the company president decided to settle it quickly.. "Boys, you might as well be comfortable," he told the strikers; and sent for blankets and three cases of brandy.

When the brandy was almost consumer, he sent in twenty young ladies to amuse the strikers. At the height of the festivities, he brought in the strikers' wives to view the proceedings . . .

The strike was called off immediately.

SHE DESERVED MORE

In one of the recent railroad smash-ups a fellow was killed and shortly afterward an attorney for the company called on the widow to make a settlement. She placed damages at $20,000!

"Unreasonable!" cried the lawyer, "your husband was almost 70 years old, lame, in poor health and probably wouldn't have lived for another five years!"

"That's right" "agreed the widow.

"Well, then," argued the lawyer, "Don't you think a couple thousand would be sufficient?"

"Listen," exclaimed the dame, "I courted that guy ten years, run after him for another ten, and had to chase him down with a shotgun to get him in front of the preacher! Do you think I'm gonna settle for the bare cost of the shoe leather and ammunition?"

A PERFECT MATE

And the girl who likes to pet;
There's the silly girl

There's the classy girl

And the girl who never smokes;
But the girl for me
Is the clever she
Who will laugh at all my jokes!

WHAT A BARGAIN!

A Missouri used car dealer tried a new slant in advertising last week and it brought about an unexpected twist.

He advertised that he would allow $10 for each child in the family toward the price of any car on his lot. A housewife picked out a $100 car, presented her 11 youngin's and drove the car home.

Hotel Clerk: "Why don't you scrape some of the mud off those shoes?"

Mountaineer: "What shoes?"

FACE LIKE A DETOUR

Then there was the time Mrs. O'Callahoon was visiting Washington and, wishing to do a proper job of sightseeing asked the hotel clerk for a street map of the National Capital.

The young man obliged, but the Amazon of NCO Row is still trying to figure out just what the man meant when, handing her the folder, he gave her a long look and said: "Madam, with a map like that you can't go wrong!"

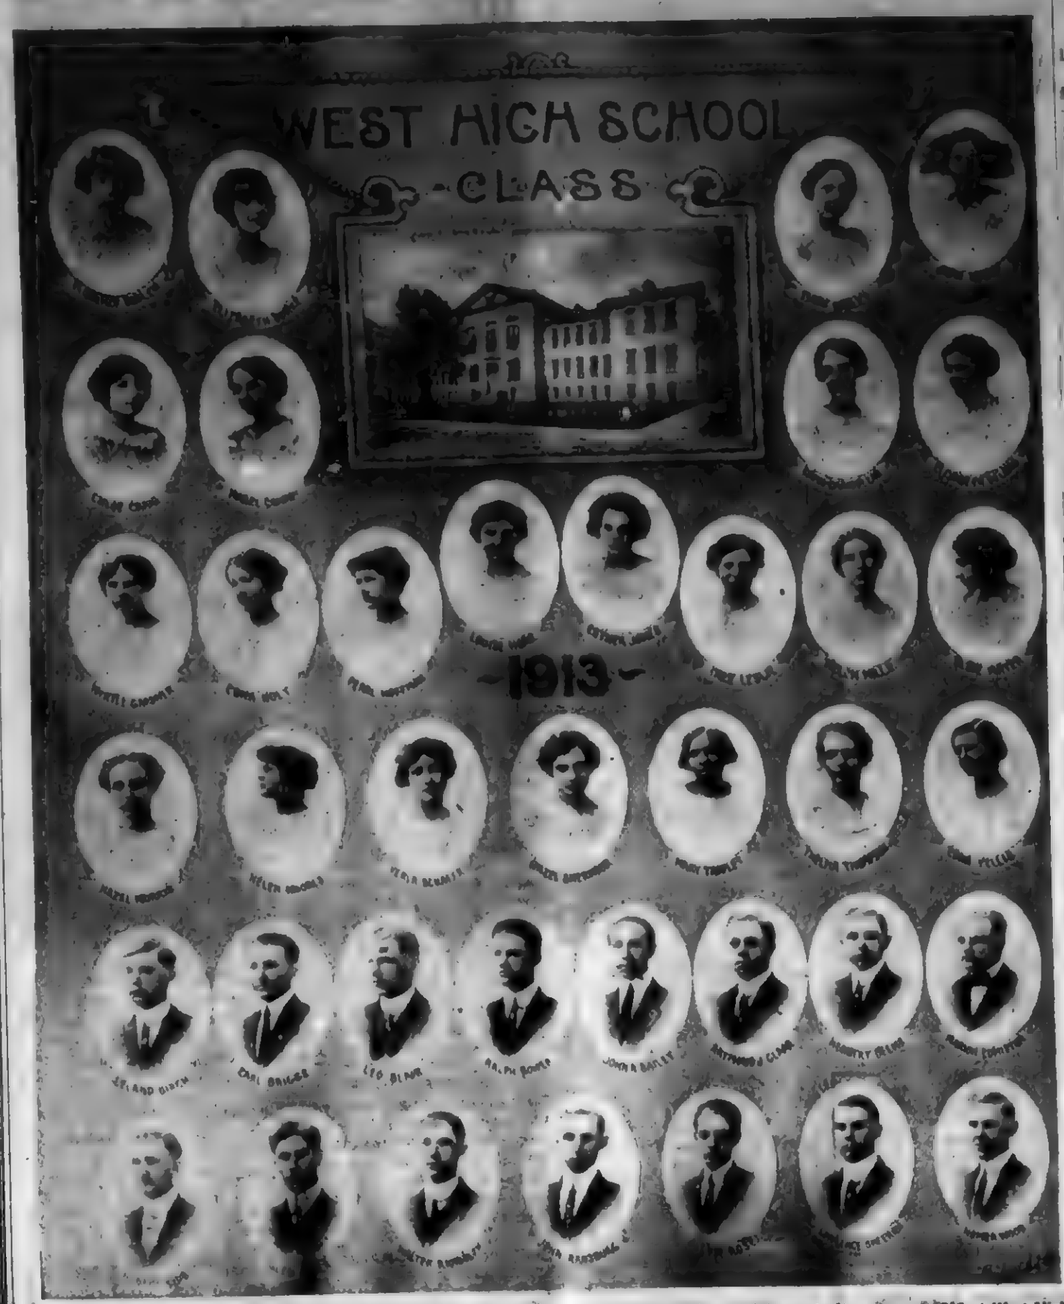
A RECORD

In history class the teacher asked little Willie this question. "In what year did George Washington die?" "Die?" answered Willie. "I didn't even know he was sick!"



LINGERING GUESTS

It's true of all our house guests,
I've learned it to my sorrow.
Although they may be here today,
They're seldom gone tomorrow.

DO YOU REMEMBER?

Those Graduation Classes Of Yesteryear At West High School

In the photo above is the graduation class of 1913 at West High school. The building is now known as Starling Junior High. How many do you recognize now?

This is the first of a series of such photos which will appear in the Hilltop Record for the next 30 weeks. Watch for them and then stop at the windows of the Hilltop Branch of YMCA at 2505 W. Broad-st and see the original picture which is on display there.

'Dollmakers' Dream' Featured '50 Show

"The Dollmaker's Dream" was the theme for the 1950 Hilltop Minstrel Show held in April of that year.

Interlocutor Floyd Badgley played the role of the surprised dollmaker whose shop of dolls came to life singing, dancing, and joking.

Two musical groups made their first appearance on the show — Bob Motzer's orchestra and the West High School chorus.

The four end men were Russ Carter, Bill Coon, George Hardy and Art Miller. Lee Koontz celebrated his fifth term as director of the show.

OUT-SIZE INSTEP

The six-foot-plus Easterner was spending the week-end in a Texas dude ranch, and when he approached the manager, and asked for two pillows, the manager was amused. "You're really having a tough time aren't you?" he said. "But won't two pillows make you too high in your saddle?"

"Oh, it's not for the saddle," said the Easterner calmly. "But when I'm going around curves, the ground is making blisters on my feet!"

THE PERFECT JOB

I hear a bank examiner, somewhere in Australia, walked into a bank. There were no clerks, tellers, cashiers. Finally he looked out the back door—there in the shade of a tree sat the four playing poker. To give them a lesson he tripped the burglar alarm. They never moved but the bartender across the street came over with four beers.

A religious man is one who continues dressing for church after the Sunday paper has been thrown on the front porch.

Seaman 1st: "Our new Skipper got my hobbies, mate?"

Yoeman 2nd: "Yeah. He's always trying to comb hair over his bald spot."

1942: We were broke, so we lived on hamburger for a week.

1952: We lived on hamburger for a week, so we were broke.

To the Editor of a Lovelorn Column came this note: "Six months after I became engaged to a young man, I found he had a wooden leg. Should I break it off?"

A new song just out: "He didn't like her apartment so he knocked her flat!"

Columbus Ternstedt Division Wins National Junior Achievement Award

The Columbus Plant of the Ternstedt Division of General Motors has been judged the outstanding sponsor of 1951 in the Junior Achievement program by the Chamber of Commerce of the United States, which annually awards sponsors plaques to American business firms in recognition of their service to youth.

The awards which are created to promote the interest of business organizations in high school students who own and operate Junior Achievement companies, are usually conferred upon firms which sponsor the best teen-age enterprises.

The winners were selected from more than 900 business firms which sponsored J. A. Companies during the 1950-1951 program year. Entries were judged on points based on the overall success of the teen-age firms in financial, management, labor, sales, and accounting operations.

Mr. C. I. Weaver, Director of the United State Chamber of Commerce and President of the Ohio Chamber of Commerce presented the plaque to Paul L. Jones, Ternstedt manager. The presentation was witnessed by Herschel Atkinson, Executive Vice President of the Ohio Chamber of Commerce, Delmar Starkey and Larry Rhodes of the Columbus Chamber of Commerce, and Columbus Junior Achievement executive officers Frank S. Williams, President, Robert M. Rex and William A. Brungs, Vice Uresidents, and Warren Parkinson, Executive Director.

In making the presentation Mr. Weaver said, "It is a real pleasure for me to represent the Chamber of Commerce of the United States in honoring a Columbus business organization for its outstanding contribution to the future welfare of this community—and the nation.

"The National Chamber, as you know, seeks to encourage every kind of organized activity that contributes to the real welfare of American citizens. It is easy to understand why an activity that is designed to give American youth a keener understanding of our American business system should be highly regarded by chambers of commerce—locally, state, and national.

"The Junior Achievement program is a produce of American ingenuity. The 'learn-by-doing' business training that Junior Achievement work gives American youth is a unique method for developing an understanding of private enterprise that is so vital to America today—and tomorrow.

"Not only are the objectives and techniques of Junior Achievement highly commendable, but the interest and participation of American business leaders in this program deserves recognition — and encouragement. The National Chamber seeks to provide such encouragement through official recognition of Junior Achievement sponsorship activities that are judged to be outstanding in the nation.

"The Chamber now presents a fitting token of recognition to the firm that sponsored the finest program of Junior Achievement activities in the nation. This token of recognition is a bronze plaque.

"We are proud of the fact that this yeaar the plaque has been won by a Columbus business firm. On behalf of the National Chamber—(and I know I speak for business leaders of Columbus as well)—I want to congratulate 'our own' Ternstedt Division of General Motors and present this plaque to the manager of the organization, Mr. Paul L. Jones, in recognition of outstanding service to American youth."

In accepting the plaque Mr. Jones paid tribute to John A. Boden, Charles Stephenson, and Ed Donner, all of Ternstedt, who were the advisors of the honored company.

The following teen-agers comprised the General Metals Company: Dave Burns, Paul Carroll, John Clark, Peggy Devine, Mary Diehl, Floyd Foster, Tom Irwin, Dick Ivanoff, Joan Lannon, Sue Osterman, Lugene Spangler, Bill Stump, and Rudy Weisner.

This company had previously been awarded the Columbus Chamber of Commerce trophy for outstanding performance, the J. A. Achievement Award, and the J. A. Industry Award.

The Junior Achievement program was introduced to Columbus in 1950 by the Columbus Rotary Club and since that time has become quite successful in accomplishing its objectives locally. This national recognition should be gratifying to the increasing number of Columbus people who are supporting this program.

'Lady In Red' Performer

Bob Edgar

Bob Edgar, 650 S. Richardson-av, owner of Westgate Plumbing, is another of the performers appearing in this year's production of the Hilltop Minstrels. Bob will be seen opposite Mildred Forster in the skit "Lady in Red."

This is his first appearance in the Minstrels. In addition to the Hilltop Business Association, Bob carries membership in the Hilltop Lions Club and the Master Plumbers' Association. Bob is married and has three big boys.

Locales Parade Is Minstrel Finale Feature

The grand finale of the 1952 Hilltop Minstrel Show begins building up to its climax with a number called "Parade of the Locales."

In this bit Hilltop ladies will be introduced, each one representing a different area. The climax will be the introduction of "Miss Hilltop of 1952."

The ladies and the sections that they represent are: Mrs. Virginia Johnson as "Miss Bexley"; Mrs. Alyce Bricker as "Miss Clintonville"; Mrs. Madge Fisher as "Miss Upper Arlington"; Mrs. Margaret Grady as "Miss Eastgate"; Mrs. Freda Folk as "Miss Columbus"; Mrs. Evelyn Jones as "Miss Ohio"; Miss Carol Robinson as "Miss U. S. A."; and Mrs. Mildred Forster as "Miss Hilltop of 1952."

The grand finale itself will include everyone who has appeared in the show.

A lawyer rented a small plot of ground to a workman with the understanding that he was to receive part of the crop. During harvest time, the lawyer approached the man. "I thought I was to receive one-third," the lawyer said.

"That's right," the man answered. "I took the first two loads. The third was yours, but there wasn't any third."

"Is it possible for a man to make a fool of himself without knowing it?"

"Not if he has a wife."

A Scotchman stopping at a hotel looked out the window and seeing a church clock just across from his room took out his watch and stopped it.

"Doc" Miller To Miss First Minstrel Show

Dr. C. O. Miller

When the program for the Hilltop Minstrels is distributed this year, one name will be conspicuous by its absence. Dr. C. O. Miller who has been in the cast of 21 Minstrel Shows will not be in the cast for this year.

According to the records Dr. Miller is the only member of the original Hilltop Men's Chorus to appear in all of the shows. The Chorus did not appear in the 1950 show, and that is the only one to date that Dr. Miller has missed.

The original group which was formed by W. Hayden Jones met in the parlors of the Hillcrest Baptist Church for rehearsals. Other members of the original Chorus were: Bob Nichols, Henry Jones, Roy Hastings, Cliff Kohn, Dr. C. H. Lose and Dr. C. E. Campbell.

Dr. Miller still recalls the thrill of the first Minstrel Show. It was he who furnished the program of that first show from which the information in another article in this issue was prepared.

"Another thing I remember," said Doc" was the 1933 Minstrel when they reduced the price of admission from 35 cents to 10 cents. That really brought a crowd."

Nothing improves a girl's looks like being an heiress.

The mother lion opened her eyes lazily and saw her young son chasing a hunter around and around a tree. "Junior," she called. "Don't play with your food.

A phonograph makes terrible noises when it's almost run down So does a pedestrian.

A farmer was explaining to a city woman what a menace insects are to farm products—how corn borers destroy corn and potato bugs ruin potato crops.

The city cutie listened attentively, then exclaimed: "And the poor dairy people. How the butterflies must bother them."

Harder Lake Dedication Featured Bean Dinner

Both city officials and officers of local organizations participated in the Bean Dinner held last July 10-11. Pictured above at the dedication ceremonies in Westgate Park are Art Bellar, co-ordinator of civil defense; Charles Harder, president of the Columbus Casting Club, in whose honor the park lake was named; Ray Dietz, director of parks; Henry Koontz, the then president of city council; Mayor James A. Rhodes, who dedicated the lake and other improvements in the park; Jack Morris, who was then secretary of the Hilltop Business Association; and Robert L. Kneisley, chairman of last year's Bean Dinner.

New Approach Used In Scenes And Costumery

Scenery for the 1952 Hilltop Minstrel Show will be less complicated than before, but the lighting will be more complex.

The scenery will consist of a curtain on which will be the letters "HBA". On either side of the curtain will appear two blackface silhouettes, eight feet high.

Two curtain panels will be placed to the front of the main curtain at each side and the colored lights will be hidden behind them.

These red, blue and green lights will be focused on the stage in a manner that makes heavy make-up [illegible].

Costumes for the end men will be . . . well, let's just call them, uh, colorful. Special tailored suits are being made just for this year's production and will be the property of the HBA.

Leona Jones, 98 Letchworth-av, whose costume work is well-known on the Hilltop, is making the end men outfits. The men will also wear ascot ties, colorful socks and shoelaces.

Most members of the cast are providing their own wardrobes. Howard Bennett will be turbanned for his role as a crystal gazer. No one is quite sure what Sam Alford will use for his tramp costume. And the male "bathing beauties" are being quite secretive about their outfits.

Refreshment Stands To Be Initiated

For the first time the audience attending the 1952 Hilltop Minstrel Show will be able to purchase refreshments during intermission.

The Hilltop Business Association, realizing the need for this service, contacted the West High School PTA to ask if they would be interested in doing the job. Mrs. C. O. Cramer, 188 S. Westmoor-av, president of the PTA, arranged for the ways and means committee to handle the project.

Booths selling soft drinks, potato chips and candy will be set up in the front lobby directly outside the doors of the auditorium according to Mrs. Paul Nippert, 263 S. Roys-av, who is in charge.

Money derived from the sale will be used to provide needed facilities at the school. The PTA's most recent contribution was the purchase of bicycle racks for the use of students.

"I keep her guessing," Hubby said.
"At that, I'm not so bright.
If only I could keep her
From always guessing right!"

The absent-minded professor called on his old friend, the family doctor. They chatted for a couple of hours about nearly everything. Finally as the professor got up to go, the doctor casually remarked: "Family all well, I suppose?"

"Good Heavens," exclaimed the professor, snapping his fingers, "that reminds me. I came here to tell you my wife's having a fit."

Pete was hammering away at some carpenter work in his back yard while his wife spent the day in bed with a bad cold. Pretty soon his neighbor Jim came over.

"How's the wife?" Jim asked.
"Not very well."
"Is that her coughin'?"
"No, it's a chicken house."

Western Theme Featured 19th Minstrel Show

The 19th Annual Hilltop Minstrel Show was staged in a western setting with the end men even donning chaps and spurs. The theme carried through to every part of the show, from the curtain backdrop to the attire of the Hilltop Men's Chorus.

The opening number, titled "All Around the Hilltop," was written by O. H. Craft, local real estate dealer and song writer.

Interlocutor M. E. (Jack) Sensenbrenner had six end men to help him with the merriment: Leo Phillips, Bill Coon, Al Bettinger, George Hardy Duke Reynolds and Lee Koontz. C. C. Hartley was director of the show.

Party Chairman

Ben Knepper

An annual custom will be observed again this year when the last bit of grease paint is removed and the final curtain rung down on the 23rd Annual Hilltop Minstrel Show. The cast and the members of the association will celebrate with a party following the Friday night performance. Benjamin F. Knepper, 2762 W. Broad-st, is in charge of arrangements for the party this year. Ben is manager of the Jerry Spears Co. at 2693 W. Broad-st.

HBA Social Activities Are Numerous

The Hilltop Business Association in addition to providing and participating in civic and business projects for the community, also has a social program for its members.

The annual Spring Dance is always one of the highlights of the Hilltop calendar. This dance is open to members, their wives and guests. The dance is planned again for this spring but no definite date has yet been decided upon.

Another social activity is the outdoor picnic held each June along the Scioto river. This is also for members and any guests that they may choose to bring.

The major activity in the social program is the Bean Dinner which is for all residents of the Hilltop. Held each year at Westgate Park this activity is highlighted by contests and other outdoor entertainment and climaxes the baked bean supper. Plans for the 1952 Dinner have already begun.

Daredevil Act Was Feature Of 1937 Show

Although the theme of the Hilltop Minstrel Shows vary from year to year, it is always excellent entertainment.

In 1937, for example, the featured act of the last half of the show was Jack Shank and Curtis Wilcox, billed as "dare-devil equestrienne and champion bicycle rider," respectively. This part of the show featured a three-ring circus. Harry Barton was the 1937 director. Interlocutor was Floyd Green, and his end men were Harold Sinclair Dick Becker, Leo Phillips and Harry Barton.

Dr. J. H. Czati emceed the third part of the 1937 show. The Hilltop Male Chorus and the Gamble Accordion Band were listed as participating.

Admission to the 1937 show was 25 cents and no seats were reserved. Needless to say, the house was packed each of the two nights. The SRO sign went up early and hundreds of people were turned away.

Two can live as cheaply as one . . . if one has a rich father.

Q. What is this method of meat cookery?
A. Broiling — cooking by direct heat.
Q. How should meat be broiled?
A. It should be placed on the broiler rack with the top surface of the meat two to three inches from the heat, the thicker the meat the farther from the heat. The meat is broiled until cooked approximately half way through, then seasoned, turned and cooked on the second side, seasoned and served immediately.
Q. What meat cuts are cooked by this method?
A. Beef—steaks (rib, club, tenderloin, T-bone, porterhouse, sirloin, top-round), patties. Veal — liver. Smoked pork—ham slice, Canadian-style bacon, bacon. Lamb — chops (shoulder, rib, loin), patties, liver, kidneys.

Minstrel Shows of the Past Used To Be Broadcast Feature

Lots of Hilltoppers can remember when parts of the Hilltop Minstrel Shows could be heard on the radio each year.

In those days Bud Sweeney of WHKC would usually bring his microphone out to the West High Auditorium on the final night of the show to air the production for his listeners throughout Central Ohio. 1940 was the last time that this was attempted.

Bud came as usual, set up his equipment, then settled back to await the opening. Meanwhile, he glanced at the program of the show, and his brow took on a troubled expression.

Music lovers will recall that ASCAP was feuding with the networks at that time over the use of their protected songs. For a period of time no song on the restricted list could be played over the air. So there was Bud, all set to broadcast and nearly every song in the show was restricted.

A hurried conference resulted in some changes in the program which allowed Bud to catch some jokes, a couple "safe" songs, and some audience description during his broadcast time.

Since then no direct broadcast of the Minstrels has ever been attempted.

Three prisoners at a labor camp in Czechoslovakia engaged in conversation. Whispered the first prisoner, "I'm here because I was suspected of being in sympathy with Radak." The second reported, "I'm here because I was said to be plotting against Radak?" The third prisoner said, "I'm Radak."

Two flies met in a tuba and went on their first toot together.

After a famous psychologist had finished his lecture he asked for questions.

One question was, "Did you say that a good poker player could hold down any kind of executive position?"

"That's right," answered the speaker. "Does that raise a question in your mind?"

"Yes," was the reply, "what would a good poker player want with a job?"

Hilltop's Minstrel Recognized As Tradition In Community Life

The traditional Hilltop Minstrel Show will celebrate its 23rd birthday next Thursday and Friday, Feb. 21 and 22, in the West High School Auditorium.

Through the years the show has become a tradition on the Hilltop and is famous throughout Central Ohio as a community venture. Each ensuing year the show has met with more success. Since 1930, when the show made its initial appearance, it has become a "must" on the calendar of Hilltop community life.

The first Hilltop Minstrel Show was sponsored by the Hilltop Business Association, as has each production since, and the shows are always held in the West High Auditorium.

Some of the performers who were a part of that first offering of the Hilltop Minstrels in 1930 still contribute their talents toward insuring the success of succeeding shows.

In 1930 Harry Freeman, who is appearing again this year, directed the show that was to be the first of many entertainment successes.

End men were George Painter, Paul Hubbard, Dick Becker and C. Carlton Hartley. L. E. Saunders was chairman of the show committee, a post he has capably filled a number of times in the past 22 years.

After the initial success of the venture there was little doubt in the mind of anyone concerning the advisability of keeping the show as an annual affair.

In 1931 C. Carlton Hartley was the director and Herb Deems had the lead in the show, which featured a sea-going liner. High spot of this performance was an act performed by a sextet of business men attired in the South Sea Island garb of grass skirts. As the six would-be hula girls swayed in traditional manner of the tropic isles, the audience roared its approval and the Hilltop Minstrel Show was here to stay as a permanent fixture.

The show in 1932 drew a throng of 2300 through the portals of West High Auditorium for the two performances. S. P. Edwards was the chairman, and former Mayor Floyd Green made his debut as interlocutor for the show. End men were Paul Hubbard, Dick Becker, Don Smith and Raymond Hill.

The ever popular minstrel theme was again in evidence for the 1933 edition of the show but something new was added to the show. The Hilltop Male Chorus took part in the show, giving a 20-minute concert. The chorus at that time was just fresh from its triumph of winning top honors in the Jackson Eisteddfod, the most competitive musical event in central Ohio.

Tom Lewis directed the 1934 show, which was set to a patriotic theme built around a colonial setting. A skit entitled "The Last Day of School" was the headline attraction that commanded the attention and praise of the audiences which viewed the production.

Ray G. Hauntz emceed the imaginary journey along the "Road to Mandalay" in the 1935 production of the Minstrel, which was again directed by Tom Lewis.

Calico dresses and blue overalls threatened to replace the black face and top hat of the minstrel men in 1936 when the show was built about a rural theme. It was this year that the show received an early showing for the first time being staged on Feb. 27-28 of that year. Harry Barton was director and Dr. J. H. Cratt chairmaned the event.

Reservations Still Available; Complete Sell-Out Is Expected

Next Thursday night at 8 p. m. in West High School auditorium the curtain will rise on the 23rd Annual Hilltop Minstrel Show. And at the present time it looks as if there will be many disappointed folks in the community who will not be able to see it. The reason will be "no tickets available."

"We are all well pleased with the way ticket sales have gone," said J. P. "Jack" Merriman, chairman of the committee. "It looks like a complete sell-out for both nights."

Advance sale of tickets for the production have been reported as excellent by both the members and HBA offices. Seating capacity in the West High Auditorium is 1481. Of this number 1,051 seats are reserved for each night of the performance. Only 430 general admission tickets will be available.

There are still some reserved seats which can be obtained either from the members of the Association or from the HBA offices at 3163 W. Broad-st.

Reserved seat tickets are selling for 75 cents and one dollar. General admission tickets for the rear section of the second balcony are 50 cents each.

With the fine line-up of talent that has been obtained for this year's show, the indications are that unless tickets are secured early, they may not be available. Be sure that YOU are not one of the disappointed ones.

The male half of a new dance team was pleading with a producer: "You never saw anything so sensational," he raved, "to finish our act, I take my partner by the hair and whirl her around for exactly 20 spins, then I wind up by heaving her through an open window."

The producer paled. "Heave her through an open window!" he exclaimed, incredously. "Do you do that at every performance?"

The young mag shrugged. "Nobody's perfect," he admitted, "sometimes I miss!"

Johnny: Dad, tell me what it's like in a night club.

Dad: Well, a night club is where they take the rest out of RESTaurant and put the din in DINner.

Harold Fox Heads Ad Committee

Harold Fox

For the fourth time Harold Fox, 235 S. Westgate-av, is heading the Advertising Committee for the Hilltop Minstrels. To aid him in the work Harold has about 25 members of the Club who solicited and prepared the ads appearing in this edition of The Hilltop Record.

Harold's other activities in the Hilltop Business Association have included serving on the board of directors and on the committees for the Bean Dinners.

This year he is president of the Hilltop Kiwanis Club in which he has been active for many years.

For 15 years he has owned and operated the Fox Food Shop at W. Broad-st and Eureka-av. His main interests are the Sunday School class of intermediate boys he has taught for 14 years at the Highland Avenue Friends Church, and the Boy Scout Troop.

He is married, has two children, and lists deer hunting as his favorite sport.

Soloist

Charles Hoover, 35 N. Warren-av, will be tenor soloist in the first part of the 23rd annual Hilltop Minstrels. Charles will sing "Cruising Down the River."

Dentist Wrote Melody of '32 Minstrel Show

Dr. C. H. Lose, former Hilltop dentist, wrote the melody for the opening number of the 1932 Hilltop Minstrels. He also sang first tenor in the quartet and was a member of the Hilltop Male Chorus.

Husband (at breakfast): "For the fourteenth time I'm telling you— I was not gambling with the boys last night!"

Wife: "No? Then how come you just now shuffled the toast and dealt me five slices?"

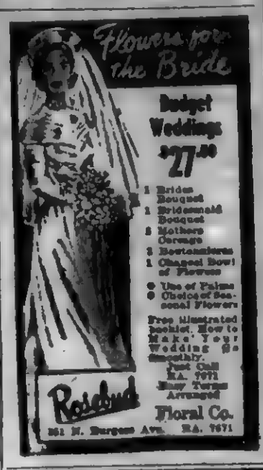
Dancing Line of Hilltop Mothers Is High Spot of Minstrel Show

The men don't have the entire run of the Hilltop Minstrel Show . . . the ladies, too, do their part in making the production a real community effort. Pictured above at a practice session preparing for the Hilltop Minstrels of 1952 is the chorus line comprised of Hilltop Mothers. These high steppers make an appearance in the finale that will be well worth seeing.

Left to right in the photo above are: Margaret Grady, Madge Fisher, Evelyn Jones, Alyce Bricker, Freda Folk, Virginia Johnson, Marcella Tanner and the dance line instructor Virginia Forster.

A VERY POOR RISK



A high-powered insurance agent talked an aging and overworked business executive into taking out a new policy. The tycoon submitted to a physical examination and then waited in vain for a call from the agent.

Finally he called the agent and asked the reason for his silence. In an embarrassed tone the agent explained, "You may have noticed that our company doctor makes out a chart of the applicant's body and punches a hole in it whenever he finds something that isn't just right."

"I noticed all right," said the executive. "What did he do with my chart?"

"I noticed all right," said the executive. "What did he do with my chart?"

"I am sorry to inform you," said the agent, "that the doctor took your chart home with him and tried it out on his player piano. The tune that came out was 'Nearer My God to Thee'."

First Minstrel Show In 1930 Set Pattern For All Others

"The All Hilltop Minstrel Frolic" was the billing used for the first Minstrel Show produced by the Hilltop Business Association in 1930.

The director was Harry M. Freeman, who is making his second appearance on this year's show.

The prologue is described as "a sumptuous scenic spectacle entitled—The Rehearsal." Assisting Harry Freeman in this part of the show were "eight entertaining colored gentlemen from the South" —namely, G. H. Pfaff, Joseph Wolfe, Lawrence Seipel, Luther Freeman, James Auborn, John Butts, Clarence Wassmuth, and E. A. Cady.

The first part of the show featured "Modern Minstrelsy." C. Carlton Hartley and George Painter were listed as "Two Famous Funmakers." The "premier entertainers of the evening" were Dick Becker and Paul Hubbard.

Other selections were offered by C. C. Hartley, Carl Morgan, Irene Virginia Bender, Lee Koontz, Robert Nichols, George Painter, Gertrude Alltop, Paul Hubbard, Henry Jones and Harry Freeman.

During the intermission a selection was offered by the Hilltop Orchestra under the direction of Ethel G. Kemp, pianist, and Edith Louise Robbins, violinist, of the Hilltop School of Music. Orchestra members included Frank Fultz, Hubbert Jones, Eugene Schneider, Emma Jean Hastings, Richard Hall, F. Van Houten and Burrell Drake. In the second part of the show was a skit titled "Looking for a Job" which featured T. C. Snyder as Cranky Business Man and Paul Hubbard as Always Out of Work.

In a number entitled "Don't Get Collegiate" were the characters Collegienne (Jayne Allen), Billy Frat (Vivian Burris), Jim Spats (Nina Shank), John Campus (Pauline Shank) and Frank Bumanickle (Billie Wiseman).

Other acts presented Those Dancing Kids, Norma Gibson and Betty Finke; Minstrelsy's Modern Monologuist Robert Paul; Musical Imitations by Leo Amspoker, accompanied by Roger Gable.

"The Missing Umbrella" lists R. D. Hastings as Dr. Black, C. A. Miller as Patient, Lucille Miller as Nurse and Carlton Hartley as Cheerful Henry.

One of the highlights of the first show was the "Eight Galloping Susies". G. H. Pfaff was Sophisticated Susie, Joseph Wolfe as Susie Bam, Lawrence Seipel as Susie Slam, Luther Freeman as Susie Slip, James Auborn as Susie Slop John Butts as Susie Flip, Clarence Wassmuth as Susie Flop, and E. A. Cady as Susie Flooey.

The Hilltop Premier Four described as "comic, classic and sentimental singers" included Robert Jones, Earl Dennis, T. C. Snyder and I. R. Snyder.

All in all it was one great show —great enough to set the style and start a tradition lasting 23 years.

Marriage is nothing more than a girl tightening her hesu into a knot.

A BAD MISTAKE

Once I was asked to talk on the subject of employer-employee cooperation. Due to a strike in the plant that day, the reception committee said my subject would not be too good. They suggested I say a few words about old Doc Brown, who had recently passed away.

So, after being introduced, I said there was only one thing that marred the pleasure of my being there, namely the absence of my dear old friend, Doctor Brown.

That struck a responsive chord with the audience, so I continued. "Possibly you will realize why old Doc Brown meant so much to me when I tell you he was the man who brought me into the world."

With that someone on the platform grabbed hold of my coat tail and growled, "Shut up you fool! He was a veterinarian."

HCC Installs New Officers

A simple but impressive installation of officers was held at the Hilltop Community Council meeting last Wednesday night.

Jerry Spears, Sr., who has administered the oath of office at each installation since the beginning of the Hilltop Community Council was again in charge of the ceremony.

Taking the oath of office were: D. L. Pack, president; F. N. Reister, vice-president; Mrs. H. C. Booth, secretary; Mrs. Paul Quinn, recording secretary and Mrs. A. P. Page, treasurer.

Pack named the following committee chairmen for the coming year: Mrs. Edward Thompson, special events and activities; Mrs. K. L. Martindale, public relations; Russell Drake, Camp Clime lease chairman, assited by Howard Bennett and Ed. Malvin.

Mrs. W. E. Waltman, welfare; Mrs. Ray Cave, parks and playgrounds with PTA presidents of all Hilltop schools assisting, and Frank Mason, church and school chairman.

Want Garden Plowed For $1000

Harold Cunningham, 3015 Valleyview-dr, this week announced that he will be available to plow and disc gardens, making them ready for planting in the early spring. His price for such services, he said, is $1,000.

Of course, Harold points out the $1,000 doesn't have to be paid in actual cash. It's sales tax stamps he's after for his team in the current Hilltop Kiwanis Club sales tax stamp gathering contest.

"Last year is the contest," Harold said, "I was pretty well snowed under by some fellows in the club who went way ahead of me. This year it's going to be different. I'll plow and disc any garden for $1,000 in sales tax stamps. If anyone feels he'd like to take me up on that offer I'll be available if they'll just call JO. 5561."

Initial Mutual Fire Aid Pact Plans Are Approved

The prospect of mutual aid in case of fires between the City of Columbus and the Franklin County Fire Departments appeared to be closer to realiation this week following an announcement by a special committee named to work on the pact, that preliminary plans had been approved.

During a recent meeting in the offices of Columbus Safety Director Donald D. Cook, between Columbus Fire Department officials, township officials, and County Fire Chiefs a tentative approach was made toward the problem, with the special committee being named to work out a feasible plan which would be acceptable to all concerned.

Now that the preliminary plans have been approved the next step toward formal approval of the plan will be a meeting of all fire chiefs in the areas and subdivisions in Franklin County with Columbus Fire Chief Walter G. Strickfaden which has been set for Mar. 4.

Another meeting of the special committee has also been called with Safety Director Cook for Mar. 14 before complete adoption of the pact will take place.

The proposal which was approved this past week provides:

1. Initial response to all fires should be made by the department with primary responsibility for the area in which the fire is located.

2. The Columbus Fire Department and Franklin County sheriff's radio rooms shall install [illegible] to cover each other's calls and refer messages to each other.

3. All mutual aid calls shall be by radio and directed to the company or department desired. Such calls shall be accepted only from the fire chief or his representative or from a public official of the subdivision asking aid.

4. Fire fighting operations shall be in charge of the fire chief primarily responsible for the area in which the fire is located. (The latter point is one which was advocated by The Hilltop Record in an editorial in early January of this year.)

Scouters Plan A Training Meet Mar. 6

The Northwest and Southwest districts of the Central Ohio Council Boy Scouts of America are cooperating to stage a real get-together of all persons interested in promoting and furthering the scout movement in these districts.

This training meeting will be held on Mar. 6, 7 p. m., at St. Christophers School which is located at 1381 Ida-av, in Grandview.

All scouters, den mothers, den dads, and any others interested in the scout movement are asked to reserve this all-important date for a one night training session in unit organization and operation.

Local Candidate Protests Petitions

Robert R. Rae, 2139 Sullivant-av candidate for the Democratic nomination for clerk of courts, Saturday protested the petitions of his opponent in the May 6 primary.

In a petition filed with the Board of Elections, Rae charged that Walter A. Shott Jr., was not qualified to seek the nomination because his voting residence is in Lima, Ohio.

Mound-Hague Traffic Study Asked By HCC

Three issues were brought before the Hilltop Community Council at last week's meeting.

The council was asked to help in securing additional aid in safety measures at the Mound Street School area and at Hague-av and W. Mound-st.

It ws pointed out that due to heavy traffic conditions and the fact that there are no sidewalks in the school area the lives of school children are imperiled.

A letter will be sent to City Council and the Traffic Commissioner by the Hilltop Council asking that this situation be considered as soon as possible.

Another issue presented to the Hilltop Council was that of vacant lots being allowed to become overgrown with weeds in the spring and summer months, jeopardizing the beautification of the Hilltop, causing unhealthy conditions and bringing certain dangers to areas surrounding such lots.

It was pointed out that due to ers of vacant lots would take early precaution in curtailing the weed growth it would save time in the long-run.

Harold Banker, president of the Camp Chase Civic Association, spoke to the council in behalf of the West Franklin Township Association Inc. He explained the purpose of the association and suggested that the council appoint a representative to the association.

An appointment will be made at the Hilltop Community Council's March meeting.

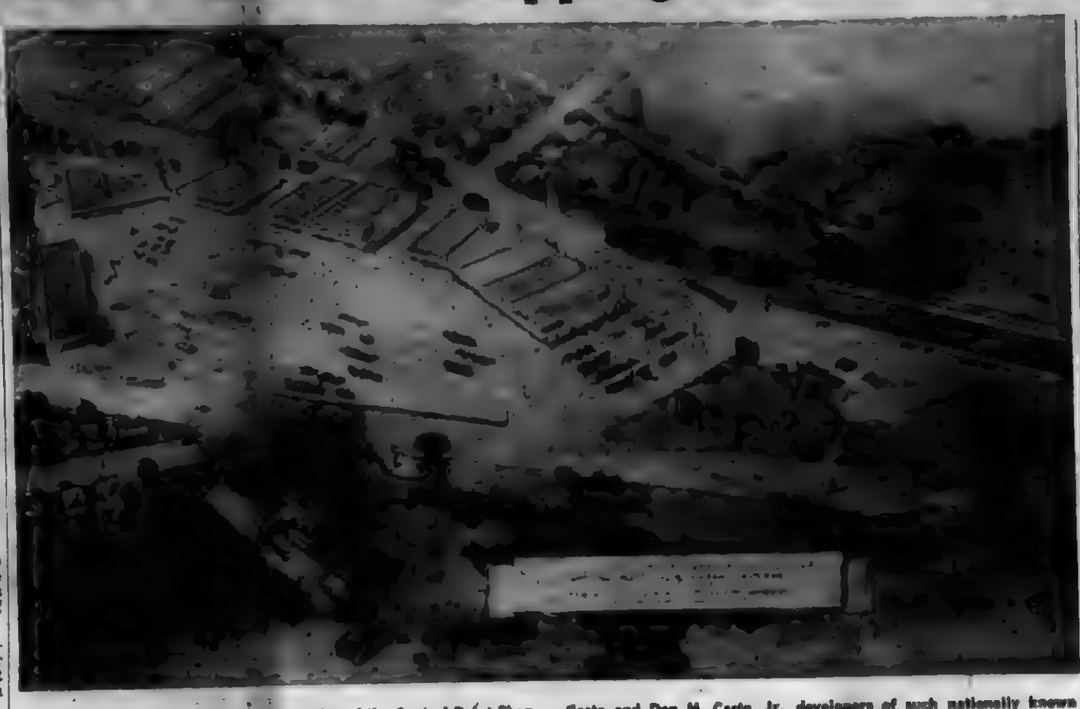
Million Dollar Party Of Legion To Be On Mar. 1

The annual Million Dollar Party of Camp Chase American Legion Post 98 will be held Saturday, Mar. 1, beginning promptly at 6:30 p. m., according to announcement made this week by Chairman Dewey Stout.

High spot of the evening festivities will be the awarding of the Treasure chest to some one who is present at the affair. Contents of the chest are never divulged by the winner, who must annually return to the party and award it to someone else. This year, however, a new event is also planned wherein a "Queen of the Party" will be crowned.

In keeping with the annual custom, all persons on arrival at the party are given bogus money with which they are enabled to bid at the auction during the evening. Chairman Stout said that there would be something happening at the party from the time it begins until the evening is complete.

Reservations for the party are now available from members of the Post who have tickets at $1.50 each. A limited number only will be sold. For reservations, Stout said to call JO. 1795 or RA. 1589.



Members of the committee aiding Stout with the Million Dollar Party are Roger Myers, George Ward, John West, Frank Morgan, John Martindale and Mike Austin.

New "Point" Shopping Center To Open Soon

Pictured above is an artist's conception of the Central Point Shopping Center, W. Mound-st and Central-av, as planned by Don M. Casto and Don M. Casto, Jr., developers of such nationally known projects as Town and Country Miracle Mile.

Multi-Million Dollar Center Opens In April

Before many more weeks have passed, the Central Point Shopping Center located at the intersection of W. Mound-st and Central-av will be in operation as another of the West Side's newest points of interest for shoppers from all over western Franklin County.

Don M. Casto and Don M. Casto, Jr., developers of "The Point", said this week that sections of the huge new multi-million dollar shopping center will be open sometime during the month of April and that if current plans can be completed in time, the grand opening of the center might be accomplished [illegible] April.

Designed to serve the greater southwest portion of Columbus and Franklin County, the huge shopping center development has already reached advance stages of construction with the east section being slated as the first which will be open to the public. Although the huge shopping center at the time of the opening may not as yet be fully completed there will be parking space available for 2,000 cars, the developers said.

This week the Castos said that the stores in the east section which will open sometime during April will be Albers Super-Market, Moore's Auto Accessories Stores, Miller Jones Shoes, [illegible] Poultry Store, Tom Benua's Men's Store, Sporting Goods Store, Swan Cleaners, Zettler's Hardware Store and Gray's Self Service Drug Store.

The center section of the development which is now well under construction will house a large J. C. Penney junior department store with a mezzanine, a Schiff Shoe Store and S. S. Kresge junior department store.

In the west section of "The Point" will be found Adeline Dress Shops, a Salvatore International Shoe Store, a large Kroger Super-Market, Jonas Shoppes of New York, a large May Furniture Co. store with mezzanine and two other stores as yet unnamed with which leases are currently being negotiated.

In the south section, which will comprise 20 different type commodity stores, the Economy Savings and Loan has already completed negotiations for its lease. Other stores which will comprise this section have not as yet indicated their requirements of space.

The Casto organization within the past few years has become widely known in Columbus and Franklin County for its development of such super shopping centers as the nationally famous Miracle Mile and Country on E. Broad-st which serves the eastern portion of the county. At present, plans are under way for the construction of the Northern Lights Shopping Center in Linden designed to serve the northern portion of the county.

Bob Draper Is Candidate May 6 As Delegate To Demo. Convention

Robert M. Draper

Robert M. Draper, 104 S. Westmoor-av, this week announced his candidacy for delegate to the Democratic National Convention which is scheduled to be held in Chicago this June. In announcing his candidacy for the delegate post in the May 6 primary election, Draper said that he was pledged to Estes Kefauver, Democratic candidate from Tennessee, for the presidency.

Draper is well known in political circles in this area by virtue of his long tenure of office with the Columbus Board of Education. In the 12 year period with that body he also served as president of the board of education in 1941 and also in 1947.

In 1948 he was a candidate for congress on the Democratic ticket but was defeated. This will mark his first bid in an election since that time. He is an attorney and maintains offices at 50 W. Broad-st.

In the May 6 primary election voters will name two delegates from this district to the Democratic National Convention at Chicago. Two alternates will also be chosen.

Columbus Schools On TV

Every Friday morning at 9:45, the Columbus Board of Education presents various Columbus High Schools on the television program "This Is Your School Time." The first school to be presented on the program was Indianola Junior High. Their topic was "Art in the Junior School" and the students from I.H.S. actually worked with clay, paper mache, crayons and paint during the telecast. Every week one particular school will be presented on the program to speak on certain topics. We are not sure just when West is scheduled to appear on the program but it will be sometime in the near future.

Rural Zoning Board Hears Four Requests To Rezone

In a meeting at Franklin Township Hall, Monday night, Franklin County Rural Land Zoning Commission heard petitions from four different sources for rezoning of lands in this community, but made no decision in any of the cases. A spokesman for the commission said that all the cases would be studied before any decision would be made.

More than 80 persons crowded the township hall to give affirmation or objections to the various petitions. In only one case was there a minority of dissent toward granting or rezoning, that being in the case of Rosary Subdivision headed by Ed Tonti as general manager of the proposed project. Edward Walker of Burnside Addition said that he had no objection to the actual rezoning but raised the question of racial discrimination by asking if negro folk with the means to build in the new addition would be barred. Ed. Tonti and Ray Hickey of zoning commission assured him that no discriminatory methods against any race was intended.

The Rosary Subdivision asked for rezoning of the tract at Demorest-rd and Sullivant-av from 1-R-8 to General Commercial, AR-7-16 for apartments and 1-R-8 for residential. Harold Banker, president of the Camp Chase Civic Association said that his civic group was in accord with the plan.

More heated dissent however was registered in other cases presented for consideration of the commission. Especially was this true in the case of the Brookshire Addition in a petition presented by Patrick Tonti and argued before the commission and assembly by Alfred Tonti. Tonti asked for a rezoning of portions of the addition within the county from residential and general farm classification to an AR-7-16 for multiple dwelling units.

Chief objection raised in rezoning of this particular tract was why the petition asked for an AR 7-16 classification which provides for multiple units, when the speaker asserted that only two family dwellings were wanted. Objections were voiced by Fred Taggart, William Maurer, Harold Banker, Mary Demarest, Paul Domico, and Harold Hafey. Request was made that the commission delay any decision on this particular petition until study could be made of it by Camp Chase Civic Association and West Franklin

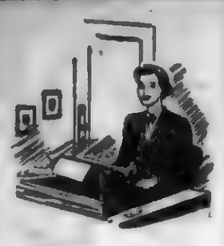
John Dicksons Found Real Results From Classified Want Ad

"We had a tremendous number of calls," Mr. and Mrs. John D. Dickson, 24 N. Powell-av, told us. "And they continued for over a week. Sometimes there were two people here at once."



"Yes, the Dicksons were surprised, but that is the kind of response you get when you place a classified ad in The Hilltop Record and The West Side News. This is the ad the Dicksons used —just two little lines:

Zoning

(Continued from Page 1)

lin County Civic Associations Inc.

In the other two petitions presented at the meeting William L. Thornton, 2485 Chambers-av, Briggsdale, asked for rezoning of a tract in Briggsdale from residential to light manufacturing or general commercial for the purpose of constructing a concrete block building in which to house his business. Objections against the proposal were heard from a Mr. Bautler of 2456 Chambers-rd and Mrs. Glenn Rebay also of Briggsdale.

Taken under advisement also by the commission was the petition of L. C. Finkus, 3465 Fisher-rd, for rezoning of 5.9 acres of land at the southwest corner of Fisher-rd and N. Hague-av, from residential to local commercial for the purpose of construction of a grocery and double houses. Objections were voiced against the proposal by John Jester, J. P. Neff and Frank Wilkin, all residents of N. Hague-av who were of the opinion that only residential zoning should be maintained in that area.

Members of the commission said that decision on the four petitions would be made sometime next week.

BROTHERHOOD WEEK

This week from February 17-24 has been set aside as Brotherhood Week.

Twenty years ago, at the National Conference of Christians and Jews, it was suggested that a special time be set aside each year, in which the thoughts of the entire nation might be turned toward Brotherhood

For twenty years one week has been set aside so that members of all faiths and races might consider the grave responsibilities of the concept of Brotherhood in human relations.

Perhaps the most dramatic demonstration of Brotherhood in our time took place in 1943 when the S S S Dorchester was torpedoed. As the magnificent ship sank below the surface of the water it carried with her—among others—a Jewish Rabbi, a Catholic Priest and two Protestant Ministers, with hands joined and a prayer upon their lips. They had given away their life preservers so that four other men might be saved.

Each of us might consider a little more his neighbor's feelings—be a little kinder each passing day—thus helping to do our part to hasten the coming of Brotherhood throughout the world.

These Three Men Of February

Three important days mark February and each was brought about by a man who's life made a big impression on our "American Way" of living.

On Feb. 12 we celebrated the birthday of Abraham Lincoln, the "Great Emancipator."

It was Lincoln who gave America the real meaning of freedom and made it possible for all peoples to have equal opportunity regardless of color or creed.

On Feb. 14 we celebrate St. Valentine's Day by remembering our loved ones with greetings. It gives sweethearts an opportunity to exchange expressions of love in a tradition that has been carried on for many centuries in many countries.

Its origin is believed to have been started by a man named Valentine who continued to do good deeds for young lovers in spite of governmental protest. He is said to have died in prison for what he felt was right and after his death he was sainted.

On Feb. 22 we observe the birthday of George Washington. "The Father of Our Country"—he was so called because he was the first president of the United States.

It was with him that our democracy began to climb. It was with him that our government began to form a new system, and with him that our present day government was established.

Yes — three important days in February — all reminders of the good way of life, and behind each, a man fought to uphold what he believed in.

Of course, it goes without saying many changes have been wrought and many developments have transpired, for the better.

History records the activities of Lincoln, St. Valentine and Washington and because their conceptions were good they will remain with us forever.

Best of all, we today, have "reaped the harvest of good" which these three created.

SPORTS LANTS

By Woody Owens

West Junior and Everett Junior High marked up their eighth consecutive wins of the season last Friday and thus remained in a deadlock for the Junior High title. Everett led all the way to trounce Roosevelt 44-21, while West Junior, with second stringers seeing plenty of action, walloped Crestview 41-20.

The game of the season will take place this Thursday afternoon when the two teams clash on the Everett hard court in the title-deciding contest. Neither team has any decided advantage being evenly matched both offensively and defensively. The deciding factor may be the home floor of the North Siders which is much smaller than most of the others in the league. This may or may not be a handicap to the local team, and locals chances of victory will depend greatly on the offensive play of Chappelear, Pruden and Spratley, while the main scoring threats of the Northsiders are Lake and McCampbell.

Junior High League Standing:

Team	W	L	Pct
West	8	0	1.000
Everett	8	0	1.000
Franklin	6	2	.750
Champion	5	3	.625
Barrett	4	4	.500
Linden	4	4	.500
Mound	4	5	.444
Roosevelt	3	6	.333
Starling	2	6	.250
Indianola	1	7	.125
Crestview	0	8	.000

West Junior and Everett have one scheduled game to play after this week's encounter. The local lads play Indianola and Everett tangles with McKinley, Friday, Feb. 29.

East High Schools' rangy sharpshooting quintet put an end to the West High Cowboys short winning streak last Tuesday, Feb. 12, on the Tigers hardcourt by a score of 63-60. The defending champs accomplished the one sided victory but only after the Cowboys had thrown a scare into their ranks by assuming an early 16-2 lead only to have the champs come back to lead 16-12 at the quarter. The second period was evenly played with the Tigers leading 30-30 at the halfway point.

In the third period Rollie Harris (all-State-center) and Norman Ingram, broke the game wide open with a barrage of points as the Tigers pulled away to a 57-43 lead at the end of the third canto. East with second stringers in the lineup continued to widen their margin in the final period to win by the very decisive margin.

Harris and Ingram led the champs offensive with 24 and 22 points, respectively, and each also contributed outstanding rebound games. Thornton led the Cowboys attack with 23 points besides holding Truse, Tiger High-scoring forward, to one field goal and a total of six points for the entire contest.

The West High Cagers traveled out to Aquinas High last Friday night and for the second time this season met defeat at the hands of the Irish this time the score was 64-48.

The Cowboys were never in the contest after the Irish had assumed a 29-7 first period lead. The ultimate winners led 32-20 at half-time, increasing the score to 47-29 at the three-quarter mark. In the first period after Trabue and Thornton, the locals two high scoring aces, had fouled out and the contest was apparently lost. Coach Williams removed all the first stringers and inserted the five midgets (all guards) into the contest. This was the only enjoyable part of the game from a local standpoint, as these little fellows played the rangier Aquinas team on even terms and displayed plenty of scrap which was sadly lacking on the part of the first team in the contest. Paul Bean was outstanding for the Irish with 18 markers.

The first newspaper in Ohio was The Centinel of the North-Western Territory founded in Cincinnati on November 9, 1793, by William Maxwell.

Included in these are an I.B.M. machine, addressograph, folding machine, letter stamper, adding machines and a microfilm projector. The program started with group singing. Then came an autograph hunt to get everyone acquainted. Members were invited to the gym for the very impressive candlelight initiation service.

There were 64 students present from the 11 county schools which participate, who were initiated at this time. Decorations in the gym were small lighted schoolhouses representing the 11 county schools.

Refreshments were served and round and square dancing followed.

HI-Y CLUB MEETS

By Lee Solors

On February 8 the Hilliards Hi-Y Club met to discuss future plans. There was some discussion on when the club would hold a swimming party at the YMCA.

A motion was made to hold a party at someone's home. This party will take place sometime in the near future, the time and place to be announced.

Committees were appointed to settle both of these matters.

STUDENTS TEACH

By Harry Ball

"Variety is the spice of life." That's what the senior health class believes. To prove this of teaching, each student is assigned to a section of the lesson, and he is to cover that in any way he chooses, within reason. He may read the lesson aloud, summarize it, demonstrate it or illustrate it with drawings.

With the help of a set of false teeth, Ann Elliott gave a very humorous demonstration on "How to brush the teeth correctly."

Bob Burns and John Gardella drew a sketch of a tooth and explained it. Harry Ball and Phyllis Ball also taught their lesson on eye diseases and proper lighting with the help of drawings.

Jim Lamb brought a pig heart to class and explained the different parts and how they function.

FINE WORK PRODUCED

By Harry Ball

Many fine projects are being produced by the industrious shop boys at Hilliards High School, under the supervision of William Harsh. Some industrial arts projects are nearing completion while others are still in the earliest stage of development.

Harry Jewett and Gerald Johnson made very nice spruce coffee-tables with a fish design burned into the wood with a wood burning set. Bill McNamer is constructing a pine end-table with a walnut finish.

Clarence Morris is making a chest-of-drawers of white pine.

Bill Erdy is making an Oak corner shelf and Don Griffith has just completed one.

Jim Lamb is making a nice table lamp; he is turning it on the wood lathe. Don Leaman is also making a turned lamp.

Alvin Eiterman is refinishing a sewing machine.

Paul Spear is building a large workbench. Lee Holt, an eighth grader, is making a basketball bankboard. James Ary is constructing a ping-pong table. Jerry Kaltenbach is making a gun cabinet. Bob Wells is working on a pine stepstable with a mahogany finish. Merritt Riggs is making a hall-tree. Herb Jefferson is making combination book-ends and lamp. Bill Castle is making a birch piano stool. Kenny Evans is making a fireplace lamp with cedar back and white pine mortar. Gerald Brown made a finely designed jewel box.

John Eiterman is working on an enlarger stand.

If further projects develop, they will be commented on later.

HERE'S YOUR CHANCE

By Lora Lu Little

Calling all junior and senior girls!

Nearly every girl in school would enjoy a date to the junior-senior banquet and prom. Since this is leap year, girls, why not start a new custom? Ask the boy of your choice!

You might have a set-back or two, even as boys do. Alas! it will be up to you to furnish transportation and maybe a flower for his button hole.

Some seniors have said they would like to bring a guest of their own choice and pay for them at the usual rate.

How about it, juniors?

John Burroughs

By Pat Martindale

John Burroughs School children have found a benefactor in the form of PTA members.

It has been the precedent of this PTA to give each room in the school a gift of cash at the beginning of the school term to purchase the incidentals that are not supplied by the Board of Education.

Sponsors of the Cub Scouts, Brownies and Girl Scouts, the John Burroughs PTA holds a "Get Acquainted" meeting in September followed with a reception and Open House in October.

As money making projects this PTA has an annual bazaar, cookie and popcorn sales, monthly movies, an annual variety show and sales tax collections.

With the funds from these projects the PTA gives the graduation class a party, contributes to the Franklin County Council Scholarship Fund and will pay for spraying of black top and will buy new bicycle racks for the school.

Besides the room distributions they also contribute to the extension [illegible] PTA work.

Last year this group purchased a tape recorder, instruments for the kindergarten band, 20 radios, books, 10 tables and paid for the black top now on the school yard.

After a recent membership drive the John Burroughs PTA had 917 members.

Fence THAT "STANDS UP"

Here's an economical fence that's got real "backbone." It's the only fence with the shock-absorbing PIONEER KNOT . . . the semi-flexible knot that gives slightly under pressure, then comes back straight. Continental Fence is tough, too . . . made of special analysis copper steel with a uniform zinc coating . . . and it's FLAME-SEALED for extra protection against rust. Next time you're in, take a look at this Continental Fence . . . it's a mighty good "buy."

Familiar Faces Will Smile From Minstrel Chorus Line

By Judy Masters

When the curtain Goes up on the Olio half of the Hilltop Minstrel Thursday night many eyes will search the stage for a familiar face. Youngsters will elbow their companions and whisper, "There's my Mom, the one on the left." The performers will be well-known because to quite a few of us they are the woman next door or somebody's mother.

Prior to their entrance there will be a few giggles back stage as the excitement builds toward the opening of the curtains. Zippers will stick and hair get out of place but everyone will laugh and kid and help each other.

Evelyn Jones summed up the feelings of all the "chorus girls" when she unintentionally puned "I get a big kick out of it." Her children, Billy, 10, and Susan, 5, are looking forward to seeing the whole show since they attended a rehearsal with their mother last week. Susan who tries very hard to remember the steps her mother does in the line, may be a chorine herself someday.

Very few of the women have been in any public performances since their high school days (they don't say how long ago) and only very few ever had dancing lessons even as children. Virginia Johnson with no show experience is confident that she will be calm on opening night. She knows her son, Jimmy, 17, thinks it's "cute" to have a chorus girl for a [illegible].

Madge Fisher, who took dancing lessons as a child knows she'll get a little nervous at first but it will leave when things get underway. Her personal audience will be Joyce 6, Steven, 4½, and Carol 3.

A lot of enthusiasm for the whole show was expressed by Marcella Tanner who has a part in several skits besides the chorus. She thinks the new skits are "fast moving" and that the 1952 minstrel will be "one of the best." She has a grown daughter, Carol.

Afraid she may be a little stiff in the joints after the performances is Margaret Grady. The chorus was practicing only once a week, until last night when they tackled the job in earnest and each session with the line has meant an aching joint or two the next morning for Margaret. The three Grady children, Margaret 10, Paula 7, and Barbara 3, were all pleased when their friends saw mother's picture in The Hilltop Record. She marvels at the way the group managed to get together. It was just a question of "asking each other" to take part.

Committees were appointed to settle both of these matters.

STUDENTS TEACH

By Harry Ball

"Variety is the spice of life." That's what the senior health class believes. To prove this of teaching, each student is assigned to a section of the lesson, and he is to cover that in any way he chooses, within reason. He may read the lesson aloud, summarize it, demonstrate it or illustrate it with drawings.

With the help of a set of false teeth, Ann Elliott gave a very humorous demonstration on "How to brush the teeth correctly."

Bob Burns and John Gardella drew a sketch of a tooth and explained it. Harry Ball and Phyllis Ball also taught their lesson on eye diseases and proper lighting with the help of drawings.

Jim Lamb brought a pig heart to class and explained the different parts and how they function.

FINE WORK PRODUCED

Harry Jewett and Gerald Johnson made very nice spruce coffee-tables with a fish design burned into the wood with a wood burning set. Bill McNamer is constructing a pine end-table with a walnut finish.

Clarence Morris is making a chest-of-drawers of white pine.

Bill Erdy is making an Oak corner shelf and Don Griffith has just completed one.

Jim Lamb is making a nice table lamp; he is turning it on the wood lathe. Don Leaman is also making a turned lamp.

Alvin Eiterman is refinishing a sewing machine.

Paul Spear is building a large workbench. Lee Holt, an eighth grader, is making a basketball bankboard. James Ary is constructing a ping-pong table. Jerry Kaltenbach is making a gun cabinet. Bob Wells is working on a pine step-table with a mahogany finish. Merritt Riggs is making a hall-tree. Herb Jefferson is making combination book-ends and lamp. If further projects develop, they will be commented on later.

HERE'S YOUR CHANCE

By Lora Lu Lisle

Calling all junior and senior girls!

Nearly every girl in school would enjoy a date to the junior-senior banquet and prom. Since this is leap year, girls, why not start a new custom? Ask the boy of your choice!

You might have a set-back or two, even as boys do. Alas! it will be up to you to furnish transportation and maybe a flower for his button hole.

Some seniors have said they would like to bring a guest of their own choice and pay for them at the usual rate.

How about it, juniors?

John Burroughs

By Pat Martindale

John Burroughs School children have found a benefactor in the form of PTA members.

It has been the precedent of this PTA to give each room in the school a gift of cash at the beginning of the school term to purchase the incidentals that are not supplied by the Board of Education.

Sponsors of the Cub Scouts, Brownies and Girl Scouts, the John Burroughs PTA holds a "Get Acquainted" meeting in September followed with a reception and Open House in October.

As money making projects this PTA has an annual bazaar, cookie and popcorn sales, monthly movies, an annual variety show and sales tax collections.

With the funds from these projects the PTA gives the graduation class a party, contributes to the Franklin County Council Scholarship Fund and will pay for spraying of black top and will buy new bicycle racks for the school.

Besides the room distributions they also contribute to the extension of PTA work.

Last year this group purchased a tape recorder, instruments for the kindergarten band, 20 radios, books, 10 tables and paid for the black top now on the school yard.

After a recent membership drive the John Burroughs PTA had 917 members.

Familiar Faces Will Smile From Minstrel Chorus Line

By Judy Masters

When the curtain Goes up on the Olio half of the Hilltop Minstrel Thursday night many eyes will search the stage for a familiar face. Youngsters will elbow their companions and whisper, "There's my Mom, the one on the left." The performers will be well-known because to quite a few of us they are the woman next door or somebody's mother.

Prior to their entrance there will be a few giggles back stage as the excitement builds toward the opening of the curtains. Zippers will stick and hair get out of place but everyone will laugh and help each other.

Evelyn Jones summed up the feelings of all the "chorus girls" when she unintentionally puned "I get a big kick out of it." Her children, Billy, 10, and Susan, 8, are looking forward to seeing the whole show since they attended a rehearsal with their mother last week. Susan who tries very hard to rememeber the steps her mother does in the line, may be a chorine herself someday.

Very few of the women have been in any public performances since their high school days (they don't say how long ago) and only very few ever had dancing lessons even as children. Virginia Johnson with no show experience is confident that she will be calm on opening night. She knows her son, Jimmy, 17, thinks it's "cute" to have a chorus girl for a [illegible]

Madge Fisher, who took dancing lessons as a child knows she'll get a little nervous at first but it will leave when things get underway. Her personal audience will be Joyce 6, Steven, 4½, and Carol 3.

A lot of enthusiasm for the whole show was expressed by Marcella Tanner who has a part in several skits besides the chorus. She thinks the new skits are "fast moving" and that the 1952 minstrel will be "one of the best." She has a grown daughter, Carol.

Afraid she may be a little stiff in the joints after the performances is Margaret Grady. The chorus was practicing only once a week, until last night when they tackled the job in earnest and each session with the line has meant an aching joint or two the next morning for Margaret. The three Grady children, Margaret 10, Paula 7, and Barbara 5, were all pleased when their friends saw mother's picture in The Hilltop Record. She marvels at the way the group managed to get together. It was just a question of "asking each other" to take part.

Joann Heights Church Growth Traced from '46

In 1946 James McElwee, a member of the Hilltop Community Church, like the apostle Paul's vision to "Come over to Macedonia and help us" had a vision to start religious services in Joan Heights, a small community between Broad-st and Valleyview-dr. Mr. McElwee canvassed the community and on Jan. 12, 1947, held the first service in the home of Oliver Smith, with eight present.

For a number of years meetings were held in the different homes of the community until a lot and a small building were donated by Roy Corder which served as a place of worship. The interest so increased and the attendance grew until other additions were added to the original room to accomodate the worshippers.

In April, 1951, a Sunday School was organized and shortly after that Rev. Paul Fisher was called to serve the church as part time pastor. The church is incorporated under the name of Joan Heights Community Church. Regular services are being held each Sunday and through the week. (Consult The Hilltop Record for time of services.) The church is helping in the support of two missionaries, Nota Higgins in British Guiana, and Amy Havermal in Africa.

The people of Joann Heights consider the Hilltop Community Church of which Mr. McElwee is Sunday School superintendent, as their Mother Church.

The public is invited to attend the church in Joann Heights.

A weekly newspaper, The Dayton Repertory, was established in Dayton, Sept. 23, 1808.

Marietta, the first organized settlement in the Northwest Territory, had four newspapers before 1800.

Bible Comment:

Position in Christ's Kingdom Not Set By Worldly Values

THE 12 men whom Jesus gathered around Him as His first disciples had humble occupations, but they were no ordinary men. They were fired with great ambition and were quite capable of adventure. They thought themselves able for anything so long as their ambitions were attained.

One can see this in glimpses of the New Testament record. "The mother of Zebedee's children" requested that her sons, James and John, occupy the highest places in the earthly kingdom which she assumed Jesus would set up. The other disciples were furious when they heard of her request. At another time Jesus overheard His followers discussing which of them would be the greatest.

Jesus rebuked them again and again, saying that they must be like little children if they would enter the kingdom of heaven. He assured them that greatness in His kingdom was not according to worldly standards. He who would be greatest must become the servant of all and He cited His own example, "I am among you as one that serveth."

But despite the Master's teaching and example, it seemed the disciples would not learn. So Christ decided to give them one impressive lesson by an act of complete humility and lowly service.

Foot washing was a prevalent and very necessary custom in that ancient land and time. The disciples were well acquainted with the practice.

But in their high-toned notions of greatness and their eagerness to be first they would have scorned to perform such a service for one another. Imagine their surprise when they saw Jesus girding Himself with a towel and doing that very thing.

The later lives of these disciples proves that the lesson was certainly an effective one. Souls, as well as feet, were washed in that upper room.

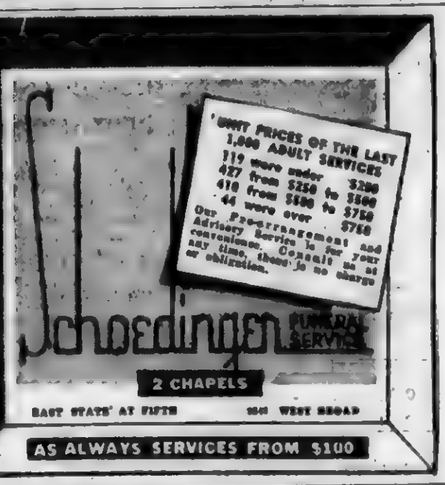
Panning Out

The old forty-niner knew what hardship and risk really were. He traveled thousands of miles—by stagecoach, covered wagon, packhorse and foot—to reach his objective. And at his weary journey's end was a big question mark.

Gold?

Or nothing?

That was the chance that he took. . .



Although gold is mined more scientifically these days, men still take chances to earn their living or make their fortune, as the case may be. And in the course of their life work, most men meet up with disappointments which are enough to discourage their enthusiasm for living and their efforts to meet their goals.

Check those persons who allow temporary setbacks to ruin their hopes and chances for happiness, and you will find that the church *has not been brought* into their lives. For it is just as true today as always that "man cannot live by bread alone." He needs, more than ever in these swiftly-moving days, the inner comfort and faith that only the church can give.

Religious principles still count. They shine through every page of the Bible. Do not neglect to make them a part of your own life as well, through partnership in the church of your choice.

. . . It is written, That man shall not live by bread alone, but by every word of God.
LUKE 4:4

Our government may lighten the burdens of life in years ahead, but much we can do for ourselves, right now, to banish worries we take for granted. Drain Motor Oil More Often in WINTER!
Heavy condensation caused by cold weather, short trips and stop-start driving . . . plus fuel dilution caused by choking . . . are the things that build up winter sludge in engines. The only way to get rid of it is to drain the oil often.

Clogged oil screen . . . caused by ice and sludge can result in costly overhaul.
Dirty piston rings . . . fouled by cold sludge cause high oil consumption, poor gasoline mileage and repair bills.
Drain the sludge . . . by draining the oil at

THE CAPTIVE WITCH
By Dale Van Every

The hero, Adam Frane, was born about the close of the Revolutionary War, of poor parents, who apprenticed him to a store keeper in Virginia. While working there, he became interested in a girl, Cynthia, who frequently rode by. Learning that she was to be married, he ran away and joined the Indian fighters under Clark.

Following the battle of Vincennes, he was one of a group detailed to march the prisoners back east. At one of the evening stops he met Cynthia who was now a widow. He also met her brothers who were desirous of moving to Kentucky.

They wanted him to join them, because he understood Indians and wilderness life, but it would take $1,000, and this he did not have. He decided to return to a cave where there was salt petre and spend the winter getting it. This was very precious material those days, as it was a necessary ingredient in the manufacture of gun powder.

Early in the spring while on a trip the Cherokee Indians stole his horse. He trailed them only to find they were in a large village. While spying out the land he came across what he thought to be a young Indian girl. He took her along with him to keep her from betraying him, and found her to be a white girl. She knew nothing of her people, but Adam learned from a trader that she had relatives in North Carolina. He determined to send her there against her will, and finally sent her with a family who were returning east. They changed their minds and returned to Kentucky, but where was Nita?

He could learn nothing, and finally decided to return to the cave where they had been. She had been there but had left. After scouting around for five days without rest or much food, he was too tired to return so he lay down where he was. When he awoke, he thought he was seeing things. There in front of him was the stolen horse. Then he saw Nita and learned that she had gone to the Indians for his horse—but—that it was Nita he loved and not Cynthia.

World Day of Prayer

1952 Theme — Christ, Our Hope

"O God, who hast made of one blood all nations of men for to dwell on the face of the whole earth, and didst send thy blessed Son to preach peace to them that are far off, and to them that are nigh, grant that all the peoples of the world may feel after thee and find thee; and hasten, O Lord, the fulfillment of thy promises to pour out thy spirit upon all flesh; through Jesus Christ our Lord. Amen."—Bishop Cotton.

The observance of the World Day of Prayer began in 1887 when the women of the Presbyterian Church of the United States were called on to gather in their own communities on a specified date to pray for home missions. The response was so great that a day was set apart annually.

In the early nineties the women of the Baptist Church set aside a day designated for united prayer for foreign missions. For many years home and foreign mission groups observed separate days of prayer. In 1919 they banded together. In 1920 the women of Canada joined them when the first Friday in Lent was chosen as the day of prayer for missions, home and foreign.

Missionaries spread the idea of a day of prayer and at the request of many friends in other lands it became a World Day of Prayer in 1927. Since 1942 the planning, printing and promotion of the program has been the task of the United Council of Church Women.

The offering which will be taken on this day will be divided equally between the Divisions of Home and Foreign Missions, which allocate it for interdenominational work at home and abroad.

The purpose of the observance is to unite Christians around the world in prayer and in the United States to make an offering to support interdenominational missions at home and abroad.

The World Day of Prayer observance will be held Friday, Feb. 29. On the Hilltop the afternoon service will be held at 2 o'clock at the Warren Avenue Church of the Nazarene and the evening at 7:30 at the Hilltop Lutheran Church.

All are invited to take advantage of our opportunity for united prayer with all nations.

We're 'Gonna Celebrate A Birthday

Sunday, April 27, will be the 20th birthday of The Hilltop Record.

And in celebration of the occasion The Record will produce a special edition to be delivered to every Hilltop home that day.

Present plans call for a special three-color tabloid containing the picture story of the growth of the Record. This will be enclosed in a two color regular sized edition built around the theme "Spring comes to the Hilltop." It will take the place of the annual Hilltop Record Spring Edition.

Pictures galore, taken all around the Hilltop and adjoining communities, will be featured. We invite Hilltop photographers to submit any interesting subject just so long as it pertains to the Hilltop or Hilltop people.

Organizations desiring representation in that edition are urged to contact The Record at once so that proper coverage may be arranged.

STEEL GRANT MADE

Unofficial sources early Wednesday advised Rev. A. J. Wold of Hoge Memorial Presbyterian Church that the National Production Authority at Washington has granted steel for the new church edifice to be erected at Haldy-av and W. Broad-st.

Mail Delivery Changes Made

J. F. Young, superintendent of the Hilltop Station Post Office this week announced that beginning with Thursday, Feb. 21, two new carrier routes were added at the local station.

Young pointed out that in the addition of these new carrier routes the entire territory is affected in changes which may affect the time of day in which the carrier reaches various addresses. He said that, some addresses may receive later delivery than heretofore, while others may receive earlier service.

Business sections on W. Broad-st and on Sullivant-av will receive earliest possible service as a result of the change, Young said, although one-trip service throughout the entire territory will continue.

Expectation Of Lent

Lent comes from an old English word, "lenctan," meaning "Spring". In the Church Year the word designates a special religious observance of forty days from Ash Wednesday to the eve of Easter. Religiously, Lent has become identified with various rites as decreed by various religious bodies. Imposed and self-imposed disciplines, such as abstaining from certain foods, are regarded as aids to better Christian experience, or as rites to atone for past sins.

During the early middle ages the Lenten season was a period of preparation for baptism, and of public penance for those under official church discipline. Ash Wednesday, the first day of Lent, derives its name from an early disciplinary custom of putting ashes upon the heads of those doing public penance.

Many of the early practices are no longer being observed. This does not mean that the season has lost any of its more important spiritual significance. It is still the most vital religious period of the Church Year. Marked everywhere by an increase in church attendance, thousands of people experience a revival of religious life during this season.

Lent is associated with the coming of spring and new life for a dormant nature. It is a time of hopefulness and watchful expectation. Instinctively man's soul reaches out for God. Scores of people throughout the land will return to the church to re-establish the habit of regular church attendance. These will experience a spiritual rebirth which will change their entire course of life. For such people Lent is a new beginning.

World Day of Prayer

1952 Theme — Christ, Our Hope

"O God, who hast made of one blood all nations of men for to dwell on the face of the whole earth, and didst send thy blessed Son to preach peace to them that are far off, and to them that are nigh, grant that all the peoples of the world may feel after thee and find thee; and hasten, O Lord, the fulfillment of thy promises to pour out thy spirit upon all flesh; through Jesus Christ our Lord. Amen."—Bishop Cotton.

The observance of the World Day of Prayer began in 1887 when the women of the Presbyterian Church of the United States were called on to gather in their own communities on a specified date to pray for home missions. The response was so great that a day was set apart annually.

In the early nineties the women of the Baptist Church set aside a day designated for united prayer for foreign missions. For many years home and foreign mission groups observed separate days of prayer. In 1919 they banded together. In 1920 the women of Canada joined them when the first Friday in Lent was chosen as the day of prayer for missions, home and foreign.

Missionaries spread the idea of a day of prayer and at the request of many friends in other lands it became a World Day of Prayer in 1872. Since 1942 the planning, printing and promotion of the program has been the task of the United Council of Church Women.

The offering which will be taken on this day will be divided equally between the Divisions of Home and Foreign Missions, which allocate it for interdenominational work at home and abroad.

The purpose of the observance is to unite Christians around the world in prayer and in the United States to make an offering to support interdenominational missions at home and abroad.

The World Day of Prayer observance will be [illegible] Feb. 29. On the H[illegible] service will b[illegible] at the Warren of the Nazare[illegible] at 7:30 at th[illegible] Church.

STEEL GRANT MADE

Unofficial sources early Wednesday advised Rev. A. J. Wold of Hoge Memorial Presbyterian Church that the National Production Authority at Washington has granted steel for the new church edifice to be erected at Haldy-av and W. Broad-st.

Mail Delivery Changes Made

J. F. Young, superintendent of the Hilltop Station Post Office this week announced that beginning with Thursday, Feb. 21, two new carrier routes were added at the local station.

Young pointed out that in the addition of these new carrier routes the entire territory is affected in changes which may affect the time of day in which the carrier reaches various addresses. He said that, some addresses may receive later delivery than heretofore, while others may receive earlier service.

Business sections on W. Broad-st and on Sullivant-av will receive earliest possible service as a result of the change, Young said, although one-trip service throughout the entire territory will continue.

Expectation Of Lent

Lent comes from an old English word, "lenctan," meaning "Spring". In the Church Year the word designates a special religious observance of forty days from Ash Wednesday to the eve of Easter. Religiously, Lent has become identified with various rites as decreed by various religious bodies. Imposed and self-imposed disciplines, such as abstaining from certain foods, are regarded as aids to better Christian experience, or as rites to atone for past sins.

During the early middle ages the Lenten season was a period of preparation for baptism, and of public penance for those under official church discipline. Ash Wednesday, the first day of Lent, derives its name from an early disciplinary custom of putting ashes upon the heads of those doing public penance.

Many of the early practices are no longer being observed. This does not mean that the season has lost any of its more important spiritual significance. It is still the most vital religious period of the Church Year. Marked everywhere by an increase in church attendance, thousands of people experience a revival of religious life during this season.

Lent is associated with the coming of spring and new life for a dormant nature. It is a time of hopefulness and watchful expectation. Instinctively man's soul reaches out for God. Scores of people throughout the land will return to the church to re-establish the habit of regular church attendance. These will experience a spiritual rebirth which will change their entire course of life. For such people Lent is a new beginning.

World Day of Prayer

1952 Theme — Christ, Our Hope

"O God, who hast made of one blood all nations of men for to dwell on the face of the whole earth, and didst send thy blessed Son to preach peace to them that are far off, and to them that are nigh, grant that all the peoples of the world may feel after thee and find thee; and hasten, O Lord, the fulfillment of thy promises to pour out thy spirit upon all flesh; through Jesus Christ our Lord. Amen."—Bishop Cotton.

The observance of the World Day of Prayer began in 1887 when the women of the Presbyterian Church of the United States were called on to gather in their own communities on a specified date to pray for home missions. The response was so great that a day was set apart annually.

In the early nineties the women of the Baptist Church set aside a day designated for united prayer for foreign missions. For many years home and foreign mission groups observed separate days of prayer. In 1919 they banded together. In 1920 the woman of Canada joined them when the first Friday in Lent was chosen as the day of prayer for missions, home and foreign.

Missionaries spread the idea of a day of prayer and at the request of many friends in other lands it became a World Day of Prayer in 1927. Since 1942 the planning, printing and promotion of the program has been the task of the United Council of Church Women.

The offering which will be taken on this day will be divided equally between the Divisions of Home and Foreign Missions, which allocate it for interdenominational work at home and abroad.

The purpose of the observance is to unite Christians around the world in prayer and in the United States to make an offering to support interdenominational missions at home and abroad.

We're 'Gonna Celebrate A Birthday

Sunday, April 27, will be the 36th birthday of The Hilltop Record.

And in celebration of the occasion The Record will produce a special edition to be delivered to every Hilltop home that day.

Present plans call for a special three-color tabloid containing the picture story of the growth of the Record. This will be enclosed in a two color regular sized edition built around the theme "Spring comes to the Hilltop." It will take the place of the annual Hilltop Record Spring Edition.

Pictures galore, taken all around the Hilltop and adjoining communities, will be featured. We invite Hilltop photographers to submit any interesting subject just so long as it pertains to the Hilltop or Hilltop people.

Organizations desiring representation in that edition are urged to contact The Record at once so that proper coverage may be arranged.

We're 'Gonna Celebrate A Birthday

Sunday, April 27, will be the 36th birthday of The Hilltop Record.

And in celebration of the occasion The Record will produce a special edition to be delivered to every Hilltop home that day.

Present plans call for a special three-color tabloid containing the picture story of the growth of the Record. This will be enclosed in a two color regular sized edition built around the theme "Spring comes to the Hilltop." It will take the place of the annual Hilltop Record Spring Edition.

Pictures galore, taken all around the Hilltop and adjoining communities, will be featured. We invite Hilltop photographers to submit any interesting subject just so long as it pertains to the Hilltop or Hilltop people.

Organizations desiring representation in that edition are urged to contact The Record at once so that proper coverage may be arranged.

STEEL GRANT MADE

Unofficial sources early Wednesday advised Rev. A. J. Wold of Hoge Memorial Presbyterian Church that the National Production Authority at Washington has granted steel for the new church edifice to be erected at Haldy-av and W. Broad-st.

Mail Delivery Changes Made

J. F. Young, superintendent of the Hilltop Station Post Office this week announced that beginning with Thursday, Feb. 21, two new carrier routes were added at the local station.

Young pointed out that in the addition of these new carrier routes the entire territory is affected in changes which may affect the time of day in which the carrier reaches various addresses. He said that, some addresses may receive later delivery than heretofore, while others may receive earlier service.

Business sections on W Broad-st and on Sullivant-av will receive earliest possible service as a result of the change, Young said, although one-trip service throughout the entire territory will continue.

Expectation Of Lent

Lent comes from an old English word, "lencten," meaning "Spring". In the Church Year the word designates a special religious observance of forty days from Ash Wednesday to the eve of Easter. Religiously, Lent has become identified with various rites as decreed by various religious bodies. Imposed and self-imposed disciplines, such as abstaining from certain foods, are regarded as aids to better Christian experience, or as rites to atone for past sins.

During the early middle ages the Lenten season was a period of preparation for baptism, and of public penance for those under official church discipline. Ash Wednesday, the first day of Lent, derives its name from an early disciplinary custom of putting ashes upon the heads of those doing public penance.

Many of the early practices are no longer being observed. This does not mean that the season has lost any of its more important spiritual significance. It is still the most vital religious period of the Church Year. Marked everywhere by an increase in church attendance, thousands of people experience a revival of religious life during this season.

Lent is associated with the coming of spring and new life for a dormant nature. It is a time of hopefulness and watchful expectation. Instinctively man's soul reaches out for God. Scores of people throughout the land will return to the church to re-establish the habit of regular church attendance. These will experience a spiritual rebirth which will change their entire course of life. For such people Lent is a new beginning.

World Day of Prayer

1952 Theme — Christ, Our Hope

"O God, who hast made of one blood all nations of men for to dwell on the face of the whole earth, and didst send thy blessed Son to preach peace to them that are far off, and to them that are nigh, grant that all the peoples of the world may feel after thee and find thee; and hasten, O Lord, the fulfillment of thy promises to pour out thy spirit upon all flesh; through Jesus Christ our Lord. Amen."—Bishop Cotton.

The observance of the World Day of Prayer began in 1887 when the women of the Presbyterian Church of the United States were called on to gather in their own communities on a specified date to pray for home missions. The response was so great that a day was set apart annually.

In the early nineties the women of the Baptist Church set aside a day designated for united prayer for foreign missions. For many years home and foreign mission groups observed separate days of prayer. In 1919 they banded together. In 1920 the women of Canada joined them when the first Friday in Lent was chosen as the day of prayer for missions, home and foreign.

Missionaries spread the idea of a day of prayer and at the request of many friends in other lands it became a World Day of Prayer in 1927. Since 1942 the planning, printing and promotion of the program has been the task of the United Council of Church Women.

The offering which will be taken on this day will be divided equally between the Divisions of Home and Foreign Missions, which allocate it for interdenominational work at home and abroad.

The purpose of the observance is to unite Christians around the world in prayer and in the United States to make an offering to support interdenominational missions at home and abroad.

We're 'Gonna Celebrate A Birthday

Sunday, April 27, will be the 28th birthday of The Hilltop Record.

And in celebration of the occasion The Record will produce a special edition to be delivered to every Hilltop home that day.

Present plans call for a special three-color tabloid containing the picture story of the growth of the Record. This will be enclosed in a two color regular sized section built around the theme "Spring comes to the Hilltop." It will take the place of the annual Hilltop Record Spring Edition.

Pictures galore, taken all around the Hilltop and adjoining communities, will be featured. We invite Hilltop photographers to submit any interesting subject just so long as it pertains to the Hilltop or Hilltop people.

Organizations desiring representation in that edition are urged to contact The Record at once so that proper coverage may be arranged.

STEEL GRANT MADE

Unofficial sources early Wednesday advised Rev. A. J. Wold of Hoge Memorial Presbyterian Church that the National Production Authority at Washington has granted steel for the new church edifice to be erected at Haldy-av and W. Broad-st.

Mail Delivery Changes Made

J. F. Young, superintendent of the Hilltop Station Post Office this week announced that beginning with Thursday, Feb. 21, two new carrier routes were added at the local station.

Young pointed out that in the addition of these new carrier routes the entire territory is affected in changes which may affect the time of day in which the carrier reaches various addresses. He said that, some addresses may receive later delivery than heretofore, while others may receive earlier service.

Business sections on W Broad-st and on Sullivant-av will receive earliest possible service as a result of the change, Young said, although one-trip service throughout the entire territory will continue.

Expectation Of Lent

Lent comes from an old English word, "lencten," meaning "Spring". In the Church Year the word designates a special religious observance of forty days from Ash Wednesday to the eve of Easter. Religiously, Lent has become identified with various rites as decreed by various religious bodies. Imposed and self-imposed disciplines, such as abstaining from certain foods, are regarded as aids to better Christian experience, or as rites to atone for past sins.

During the early middle ages the Lenten season was a period of preparation for baptism, and of public penance for those under official church discipline. Ash Wednesday, the first day of Lent, derives its name from an early disciplinary custom of putting ashes upon the heads of those doing public penance.

Many of the early practices are no longer being observed. This does not mean that the season has lost any of its more important spiritual significance. It is still the most vital religious period of the Church Year. Marked everywhere by an increase in church attendance, thousands of people experience a revival of religious life during this season.

Lent is associated with the coming of spring and new life for a dormant nature. It is a time of hopefulness and watchful expectation. Instinctively man's soul reaches out for God. Scores of people throughout the land will return to the church to re-establish the habit of regular church attendance. These will experience a spiritual rebirth which will change their entire course of life. For such people Lent is a new beginning.

World Day of Prayer

1952 Theme — Christ, Our Hope

"O God, who hast made of one blood all nations of men for to dwell on the face of the whole earth, and didst send thy blessed Son to preach peace to them that are far off, and to them that are nigh, grant that all the peoples of the world may feel after thee and find thee; and hasten, O Lord, the fulfillment of thy promises to pour out thy spirit upon all flesh; through Jesus Christ our Lord. Amen."—Bishop Cotton.

The observance of the World Day of Prayer began in 1887 when the women of the Presbyterian Church of the United States were called on to gather in their own communities on a specified date to pray for home missions. The response was so great that a day was set apart annually.

In the early nineties the women of the Baptist Church set aside a day designated for united prayer for foreign missions. For many years home and foreign mission groups observed separate days of prayer. In 1919 they banded together. In 1920 the woman of Canada joined them when the first Friday in Lent was chosen as the day of prayer for missions, home and foreign.

Missionaries spread the idea of a day of prayer and at the request of many friends in other lands it became a World Day of Prayer in 1927. Since 1942 the planning, printing and promotion of the program has been the task of the United Council of Church Women.

The offering which will be taken on this day will be divided equally between the Divisions of Home and Foreign Missions, which allocate it for interdenominational work at home and abroad.

The purpose of the observance is to unite Christians around the world in prayer and in the United States to make an offering to support interdenominational missions at home and abroad.

Expectation Of Lent

Lent comes from an old English word, "lencten," meaning "Spring". In the Church Year the word designates a special religious observance of forty days from Ash Wednesday to the eve of Easter. Religiously, Lent has become identified with various rites as decreed by various religious bodies. Imposed and self-imposed disciplines, such as abstaining from certain foods, are regarded as aids to better Christian experience, or as rites to atone for past sins.

During the early middle ages the Lenten season was a period of preparation for baptism, and of public penance for those under official church discipline. Ash Wednesday, the first day of Lent, derives its name from an early disciplinary custom of putting ashes upon the heads of those doing public penance.

Many of the early practices are no longer being observed. This does not mean that the season has lost any of its more important spiritual significance. It is still the most vital religious period of the Church Year. Marked everywhere by an increase in church attendance, thousands of people experience a revival of religious life during this season.

Lent is associated with the coming of spring and new life for a dormant nature. It is a time of hopefulness and watchful expectation. Instinctively man's soul reaches out for God. Scores of people throughout the land will return to the church to re-establish the habit of regular church attendance. These will experience a spiritual rebirth which will change their entire course of life. For such people Lent is a new beginning.

World Day of Prayer

1952 Theme — Christ, Our Hope

"O God, who hast made of one blood all nations of men for to dwell on the face of the whole earth, and didst send thy blessed Son to preach peace to them that are far off, and to them that are nigh, grant that all the peoples of the world may feel after thee and find thee; and hasten, O Lord, the fulfillment of thy promises to pour out thy spirit upon all flesh; through Jesus Christ our Lord. Amen."—Bishop Cotton.

The observance of the World Day of Prayer began in 1887 when the women of the Presbyterian Church of the United States were called on to gather in their own communities on a specified date to pray for home missions. The response was so great that a day was set apart annually.

In the early nineties the women of the Baptist Church set aside a day designated for united prayer for foreign missions. For many years home and foreign mission groups observed separate days of prayer. In 1919 they banded together. In 1920 the women of Canada joined them when the first Friday in Lent was chosen as the day of prayer for missions, home and foreign.

Missionaries spread the idea of a day of prayer and at the request of many friends in other lands it became a World Day of Prayer in 1927. Since 1942 the planning, printing and promotion of the program has been the task of the United Council of Church Women.

The offering which will be taken on this day will be divided equally between the Divisions of Home and Foreign Missions, which allocate it for interdenominational work at home and abroad.

The purpose of the observance is to unite Christians around the world in prayer and in the United States to make an offering to support interdenominational missions at home and abroad.

The World Day of Prayer observance will be [illegible] 29. On the [illegible] service will [illegible] at the Warr[illegible] of the Nazar[illegible] at 7:30 at [illegible] Church.

The observance of the World Day of Prayer began in 1887 when the women of the Presbyterian Church of the United States were called on to gather in their own communities on a specified date to pray for home missions. The response was so great that a day was set apart annually.

In the early nineties the women of the Baptist Church set aside a day designated for united prayer for foreign missions. For many years home and foreign mission groups observed separate days of prayer. In 1919 they banded together. Missionaries spread the idea of a day of prayer and at the request of many friends in other lands it became a World Day of Prayer in 1927. Since 1942 the planning, printing and promotion of the program has been the task of the United Council of Church Women.

The offering which will be taken on this day will be divided equally between the Divisions of Home and Foreign Missions, which allocate it for interdenominational work at home and abroad.

Family Shopping Party Planned At Fox Food Shop

As a part of its continuing campaign to encourage all members of the family to shop, Fox Food Shop, W. Broad-st and Eureka-av, will celebrate a Family Shopping event on Thursday, Friday and Saturday, Feb. 21-23. The theme is "Party Shopping Is Family Fun."

Harold Fox said this week, "More and more families are shopping together, and we think that's a fine thing for the family—it saves time, gives everybody a chance to get his favorite foods, and enables the family to save money by buying in bulk, because they can all save time by helping to carry it home. We always have the welcome mat out for families at Foxy's, and to prove it we're throwing this party of values."

Fox indicated that special events and displays will feature entertainment and party ideas and products. Special decora[illegible]ns and a miniature Merry-Go-Round will give the store a party atmosphere.

There will be surprises and treats for Mom, Dad, Sister and Brother.

Easter Seal Campaign Starts Mar. 13

Two million sheets of Easter Seals will be mailed to O[illegible]o families on or about Mar. 13, John L. Snook, president of The Ohio Society for Crippled Children, announced today.

"During the month preceding Easter Sunday, people in all walks of life will have the opportunity to make individual contributions to the Easter Seal appeal, thus helping to provide needed services to the nation's crippled," he said.

The annual Easter Seal appeal is sponsored by the National Society for Crippled Children and Adults, and conducted in every state in the union, in the District of Columbia, Alaska, Puerto Rico and Hawaii.

The Ohio Society for Crippled Children and a network of one hundred county and local units conduct the campaign in this state. Of funds raised, more than ninety per cent remains in Ohio for services to physically handicapped people.

Blood Transfusions Again Necessary For Mrs. J. A. Ingles

Mrs. J. A. Ingles, 208 N. Harris-av, entered White Cross Hospital today for blood transfusions. This is her third trip to the hospital since the first of the year.

She suffers from an incurable blood disorder of which the doctors have not been able to find the cause. Because of this condition her heart is growing weaker and more transfusions are required as time passes.

She has had over 100 blood transfusions in the past seven years.

Residents Are Urged To Clear Icy Sidewalks

Dewey E. Garner, assistant safety director of Columbus, made a plea last week for businessmen and families alike to be a little more neighborly and clean the ice from side walks. "We've noticed apathy on the part of some business men in the outskirts of the city about cleaning their walks" said Garner. He pointed out that 62% of the people use public transportation and have to walk to the bus stops. Most bus stops are located on icy corners in front of "apathetic" business places.

Many local residents have taken Garner's suggestion that ice be cleared off, or salt, sand, cinders spread, but having every other walk cleared is little comfort to the fellow who takes a spill on the ice. "We're afraid someone is going to fall and get hurt badly, particularly old people," stated Garner.

The police department has received several calls asking for an enforcement of the "sidewalk ordinance" requiring property owners to clear their walks by 10 a. m. each day. A "crack down" on the ordinance which carries a fine up to $50 will follow.

Camp Chase Civic Ass'n Election Is Held Tuesday

At its first annual election held Tuesday night at the St. Mary Magdalene Shelterhouse, Camp Chase Civic Association named Carl Popp, 328 S. Brinkerhoff as new president of the organization to succeed Harold Banker, 474 Demorest-rd. Popp is sales manager for the Yardley Industries.

Harry Shonting, current Franklin Township trustee, was elected to the office of vice-president of the association which is now entering its second year as a Hilltop organization.

Other officers elected Tuesday night at the open meeting were Sally Finke, secretary; Fred Todd, treasurer, and William Ratchford, sergeant-at-arms.

Formal installation of the newly elected officers will be held at a later date which will be decided at an open meeting called for Apr. 1, according to retiring president, Harold Banker.

Rural Zoning Board Okays Rosary Tract

Franklin County Rural Zoning Commission in a meeting held Tuesday night gave formal approval to rezoning of the tract of land located at Demorest-rd and Sullivant-av from residential to general commercial, and multiple dwelling classifications.

The 77-acre tract of land given the rezoning approval is to be the site of the new multi-million dollar Rosary Subdivision which has been proposed by Edward Tonti, 253 S. Southampton-rd.

In other actions of the zoning commission Tuesday, the request of Patrick Tonti, 336 Wicklow-rd for rezoning of lands in Brookshire Addition to a classification calling for multiple unit dwellings, was deferred for a 60-day period in order that the commission have further time to study the request.

Rezoning for the northwest corner of Trabue and Dublin-rds to a classification of light manufacturing was also granted by the zoning commission as was the request of William Thornton of Briggsdale for a general commercial zoning for his business of repair of gasoline pumps.

Deferred for 60 days was the request for rezoning of a five-acre tract of land at Fisher-rd and N. Hague-av to a local commercial classification. Deferment was made in order that the proponents of rezoning furnish the zoning commission more detailed plans of a proposed usage of the area.

Floyd F. Green Estate Valued At $70,788.52

Former Mayor Floyd F. Green left an estate of $70,788.52 to his widow, Mrs. Esther Green, 3046 Crescent-dr, according to an inventory filed in Franklin County Probate Court earlier this week.

The estate consisted of $2,200 in personal property; $54,367.94 in securities; $2,220.58 in accounts receivable, and $12,000 in real estate.

Included in the estate was a note valued at $47,492.94 from the Root Construction Co. and 25 shares of stock valued at $275 each. Real estate included half interest in the Crescent-dr property and some vacant lots at King and Grandview-ave.

Study Sewage Line Installation For Westinghouse

Following an open hearing in the Franklin County Commissioners' office Tuesday, the proposed $14,7,000 sewage line to serve the new Westinghouse plant and adjacent areas was taken under consideration.

Although there were several protests at the hearing regarding the expense of the project, commissioners indicated that the project will receive their approval.

Westinghouse will pay nearly 50% of the line's cost the commissioners said.

STEEL GRANT MADE

Unofficial sources early Wednesday advised Rev. A. J. Wold of Hoge Memorial Presbyterian Church that the National Production Authority at Washington has granted steel for the new church edifice to be erected at Haldy-av and W. Broad-st.

Mail Delivery Changes Made

J. F. Young, superintendent of the Hilltop Station Post Office this week announced that beginning with Thursday, Feb. 21, two new carrier routes were added at the local station.

Young pointed out that in the addition of these new carrier routes the entire territory is affected in changes which may affect the time of day in which the carrier reaches various addresses. He said that, some addresses may receive later delivery than heretofore, while others may receive earlier service.

Business sections on W Broad-st and on Sullivant-av will receive earliest possible service as a result of the change, Young said, although one-trip service throughout the entire territory will continue.

Expectation Of Lent

Lent comes from an old English word, "lencten," meaning "Spring". In the Church Year the word designates a special religious observance of forty days from Ash Wednesday to the eve of Easter. Religiously, Lent has become identified with various rites as decreed by various religious bodies. Imposed and self-imposed disciplines, such as abstaining from certain foods, are regarded as aids to better Christian experience, or as rites to atone for past sins.

During the early middle ages the Lenten season was a period of preparation for baptism, and of public penance for those under official church discipline. Ash Wednesday, the first day of Lent, derives its name from an early disciplinary custom of putting ashes upon the heads of those doing public penance.

Many of the early practices are no longer being observed. This does not mean that the season has lost any of its more important spiritual significance. It is still the most vital religious period of the Church Year. Marked everywhere by an increase in church attendance, thousands of people experience a revival of religious life during this season.

Lent is associated with the coming of spring and new life for a dormant nature. It is a time of hopefulness and watchful expectation. Instinctively man's soul reaches out for God. Scores of people throughout the land will return to the church to re-establish the habit of regular church attendance. These will experience a spiritual rebirth which will change their entire course of life. For such people Lent is a new beginning.

We're 'Gonna Celebrate A Birthday

Sunday, April 27, will be the 35th birthday of The Hilltop Record.

And in celebration of the occasion The Record will produce a special edition to be delivered to every Hilltop home that day.

Present plans call for a special three-color tabloid containing the picture story of the growth of the Record. This will be enclosed in a two color regular sized edition built around the theme "Spring comes to the Hilltop." It will take the place of the annual Hilltop Record Spring Edition.

Pictures galore, taken all around the Hilltop and adjoining communities, will be featured. We invite Hilltop photographers to submit any interesting subject just so long as it pertains to the Hilltop or Hilltop people.

Organizations desiring representation in that edition are urged to contact The Record at once so that proper coverage may be arranged.

An Anonymous Flower Fund Collector Works

A strange incident from the Westgate community has come to our attention.

Following the death of Mathew Grimes, 3037 Parkside-rd, on Feb. 21, a woman made the rounds of the neighborhood and collected money which she said would be used to send flowers from the neighbors. Numerous persons contributed as was attested by the list of names.

But no flowers were ever received.

Mrs. Robert E. Granville, 502 S. Huron-av, a daughter, has asked that said neighbors be thanked for their thoughtfulness, but as yet it has not been determined who made the collection or what happened to the flowers.

The incident might serve to warn others to determine in advance just who is making such a collection.

• • •

The Gay Philosopher says: "Little wonder that nations of the world can't be truthful with one another when your friend and neighbors can stand up and tell you one thing to your face and then turn around and do exactly the opposite."

• • •

What Is the Greatest Need of This Community?

Hundreds of people in a community like ours spend hour on hour of their time and energy in club and organization activities, with the greater portion of such effort being on the fund raising end.

Yet how many of these people have ever taken the time to carefully determine just what is the most important need of our community?

Why not ask yourselves this question right now. And be honest about it and go a little farther and do some investigating.

Our prediction is that you will come up with the answer:

A program of activity that will engage the time and energy of that very large group of young people of this and every other similar community in the age group from first year in high school until after college graduation.

Think about it!

Briefly Told. Bradenton, Fla.'s one man chamber of commerce, A. C. Keidel, sent his wife in to greet us this week . . . Legion's Million Dollar Party To Be Saturday

One of the highlights on its annual calendar of events will be staged by Camp Chase Post 98 of the American Legion this Saturday evening when the local veterans' organization will stage its yearly Million Dollar Party.

"Fun For All" is the theme of the party this year, according to Dewey Stout, chairman of the event, who this week said that another new feature has been added when a "Queen of the Party" will be officially crowned during the evening's festivities.

Everyone arriving at the party will be presented a supply of bogus money to spend during the evening as they like. Following the serving of a buffet luncheon at 6:30 p. m. the party will get into full swing with everyone participating in the various games with the aid of the bogus money. An auction will follow is which the bogus money is used to bid on the many useful gifts which will be given.

One of the highlights of the evening will be the award of the Treasure Chest which is awarded annually to some one in attendance at the party. The person who wins the treasure is pledged to secrecy and must never divulge the contents of the chest. He must also bring the chest back to the party next year in order that it be passed on to someone else.

Tickets to the affair can be secured by calling JO. 1795 or RA. 1580, according to Chairman Stout.

Annual Auto License Rush Starts Mar. 1

Saturday, Mar. 1 will mark the beginning of the annual rush for auto tags. This year, however, after payment of the usual fees, there will be no metal tags issued as in previous years, a windshield sticker will be issued in their stead.

Hilltop Kiwanis Club will again act as registrar for the Hilltop area in issuing auto licenses. Any auto owner will be able to secure the license sticker Saturday by applying at Westgate Electric Co., 2656 W. Broad-st, which is headquarters this year for license distribution.

Don Rice, chairman of the Kiwanis license sale for this year, said that special and reserved license stickers could be secured at Westgate Electric from Kiwanians the same as regular tags. He added, that in order to secure the license the car owner must have his title and certificate of registration before the new sticker can be issued.

Car owners will be able to secure new licenses from 8:30 a. m. until 5:30 p. m. until Mar. 17 after which time the hours will change from 8:30 a. m. until 9 p. m. until Mar. 31 in order to accommodate every one, Rice said.

New Church To Be Built On Sullivant-av

The Westhill Church of Christ, now meeting at W. Broad-st and N. Hague-av, purchased land this past week on Sullivant-av, just west of the new fire station on the corner of Sullivant and Brinker. The congregation plans to commence building when weather permits, and will meet in the basement as soon as possible.

The Westhill Church of Christ is a new congregation, only two years old. The membership consists of about 70 members.

Rev. Allison, pastor, was called to the church in April, 1951. Rev. and Mrs. Allison spent 15 years as missionaries in the Philippines and he served as a chaplain, with the Ninth Army in Europe, during World War II.

Stone Axe No Oddity To Hilltop Man Who Has Large Collection

William R. Watts with his two stone relics, a stone ax and a stone pestle used for grinding of corn and other grains.

The State Department needn't write him as to the ownership of the stone ax in his possession, says William R. Watts, of 70 S. Wayne-av who after reading of the furore caused by a stone ax turned into the Goodwill Industries, brought two specimens into the Record.

The specimens owned by Watts were found right here on the Hilltop 61 years ago when he was a boy 13 years of age. One is a stone axe head weighing approximately four pounds and the other is a hand pestle used for grinding of grain. Both are in an excellent state of preservation and graphically illustrate one of the lost arts, so prevalent is this section of the country during the days of the Indian and possibly the Mound Builders.

Referring to stories and television exhibitions of the now famous stone ax, reputed to be more than 20,000 years old. Watts said, "I see no difference in the ones they're raising such a hullabalo about, than these which I have in my collection."

Watts was born on the Hilltop 73 years ago and vividly recalls the early days of this community when as a boy he used to roam through the fields and collect flint arrows and other momentos, which he has kept throughout the years. Today his collection numbers hundreds of arrowheads, flint scalping knives, stone axes, and other stone curios of bygone years.

Last year he took from his collection a huge lithographic photo of old Camp Chase, which was presented his mother when she was 20 years of age. The photo now hangs in the new American Legion Camp Chase Home at 3311 W. Broad-st as a gift of Watts and his wife Tweed.

This week, with a twinkle in his eye, Watts said, "Now if the State Department is so anxious to return such things as these to the owners, I just wonder if they'll ask me to 'Give 'em back to the Indians'."

Galloway Woman Hurt In Crash

Mrs. Helen Gates, 44, of Galloway is in Mt. Carmel Hospital after suffering forehead lacerations and a fractured left shoulder in a two-car collision between Alton and New Rome on Rt. 40 Saturday night.

Chester Gates, husband of the injured woman was released from Mt. Carmel Hospital after treatment for head lacerations and leg bruises.

Highway patrolmen said the Gates car was hit by another driven by Albert Writsel, 127 Clinton-st., who apparently lost control of his car when it jumped the highway divider. Writsel was cited by highway patrolmen for driving on the left side of the road and released on bond from the court of Justice of the Peace, C. E. Wiker of New Rome.

Charles Bayes, 19 of Orient a passenger in the Writsel car suffered severe lacerations about the face in the accident.

Cowboys Lose Tourney Opener

West High's Cowboys were eliminated by Newark Tuesday night in the Central District Class A Tournament at the Fairgrounds Coliseum by a 54-40 score.

During the first half the Cowboys were "hot" and piled up the points to leave Newark behind 28-18 at the half. The lead continued with Newark still behind 31-25 in the third period.

But the second half saw the Licking Countians turn from "cold" to "hot." In the last of the third period they rolled up 11 straight points for a scorekeeper's nightmare. Two foul shots by Chalmers Stonebury, a sub, put the Newark five into the lead for the rest of the game. Another seven counters put West behind 43-32 in the initial moments of the fourth period.

In a seven minute period over the two final cantos West was outscored by an 18-1 margin.

Despite West's fine work in the first half, they were stymied in the second when Newark's zone defense began paying off. Jim Vincent was high scorer for the Cowboys in the game, hitting for 13 points.

The all season record for the Cowboys stands at 8-13.

Kiwanis Nut Festival Harbinger Of Spring

One of the annual indications that Spring must be "just around the corner", is the preparation of the Hilltop Kiwanis Club for its annual Nut Festival.

Charles Kent, chairman, and Edward Johnson, vice chairman, this week reported that the annual affair will be held this year on April 3 at Hilliards High School. One of the features of the festival is to be a square dance in addition to the usual hilarity exhibited by the Kiwanians in hailing the coming of spring.

The affair is one of the projects of the agricultural committee.

The Season Of Lent

Suffering is an ancient malady in the human family. Today gross suffering is at the center of our universe. Our Christian Faith is adequate for this hour, for at the center of our faith is suffering, "The Cross." A Crossless religion cannot lift our burden today, it would only add extra burdens. The "Cross of Calvary" is the answer for our day. Lent is a perennial reminder of the center of our faith and is also the call of God to refresh our minds of the vicarious suffering of our Savior.

These days of universal chaos are not foreign to our Faith for our Faith was born out of the darkest day in human history. The Man of the Cross suffered apparent defeat at the hand of evil but defeat was not the last word. Victory had the last word yesterday and will tomorrow. We cannot place a period after the verdict of the Roman Centurion, "He is Dead." But the verdict of truth was released three days later when we heard the angel announce, on that First Easter, "He is Risen." The final verdict was not fatalism but Hope.

The hope of Lent is the feast based on stark reality. Other religions just have curtains but Christianity has no curtain but a ceiling. Communism is known for her curtains but Christianity is known for her ceiling.

Rev. Harold Dutt, Pastor,
Hilltop Evangelical United Brethren Church

Expectation Of Lent

Lent comes from an old English word, "lencten," meaning "Spring". In the Church Year the word designates a special religious observance of forty days from Ash Wednesday to the eve of Easter. Religiously, Lent has become identified with various rites as decreed by various religious bodies. Imposed and self-imposed disciplines, such as abstaining from certain foods, are regarded as aids to better Christian experience, or as rites to atone for past sins.

During the early middle ages the Lenten season was a period of preparation for baptism, and of public penance for those under official church discipline. Ash Wednesday, the first day of Lent, derives its name from an early disciplinary custom of putting ashes upon the heads of those doing public penance.

Many of the early practices are no longer being observed. This does not mean that the season has lost any of its more important spiritual significance. It is still the most vital religious period of the Church Year. Marked everywhere by an increase in church attendance, thousands of people experience a revival of religious life during this season.

Lent is associated with the coming of spring and new life for a dormant nature. It is a time of hopefulness and watchful expectation. Instinctively man's soul reaches out for God. Scores of people throughout the land will return to the church to re-establish the habit of regular church attendance. These will experience a spiritual rebirth which will change their entire course of life. For such people Lent is a new beginning.

"What Truman running again . . .?

The expression on the face of four month old Richard, son of Mr. and Mrs. Robert Smith, 48 N. It's all in fun though as an introduction to a new Hilltop Record picture feature which will appear weekly.

Columbus State School Announces New Program

Announcement is being made this week of the newly organized Volunteers' Service Department at the Columbus State School.

The Volunteer Services Department, one of the first of its kind in the state, has been launched for three specific purposes. First, to acquaint the public with the school's activities; second, to obtain material needs through groups wishing to contribute as a charitable project; and third, for individuals or groups wishing to assist in the school's program in education, recreation and entertainment and social services.

Much of the advancement in the past few years of the Columbus State School, a potential research center, has been due to the closer contacts made between the school and the community.

At a recent meeting attended by representatives from many churches and civic organizations in Columbus and Franklin County the Volunteer Services Department met with approval and anticipation.

Outlines forms are now being distributed to groups and individuals who wish to adopt the various services as a project. Applications may be filled out and returned to the school by those desiring to become volunteer workers.

A speakers' bureau is being made available to groups who wish to know about the school and its programs and a qualified speaker can be obtained by contacting the Columbus State School.

Speaking in behalf of the Volunteer Services Department, Mr. Lloyd Ferguson, volunteer service director said, "There are many patients who will never be able to leave the school, some are now unable to leave their cottage and it is hoped that through the Volunteer Service Department a more pleasant life can be brought to them. On the other hand after proper training and guidance many students will be either partially or fully able to maintain themselves in society and for these, leaders, instructors or sponsors can be of great service.

It is our aim to make life as nearly normal as possible here at the Columbus State School!"

Special Prayer Service Scheduled

Fox Food Shop Party Balloons In Long Flight

Harold Fox of Fox Shop, 2422 W. Broad-st really got some widespread response to his Family Shopping Party held last week.

Last Thursday Fox released several balloons filled with helium gas from in front of his store. The balloons soared high over the Hilltop and then disappeared.

Monday's morning mail to Fox contained a letter from Mrs. Clara Swinehart of New Lexington telling him that her daughter Norma Wilson, also of New Lexington, had picked up three of the ballons 5½ miles east of New Lexington at 3:15 p. m. Friday, Feb. 22.

Hilltop Elementary Schools Take Lead In Teaching Music

If "music hath charms," the Hilltop will be the most charming section of town to live in within the next few years.

Something new which has been brought to the elementary schools in the past year is the teaching of band instruments and a little more recently the stringed instruments.

William Kearns, a West High music teacher, devotes approximately three hours a week to each of three Hilltop elementary schools, Highland Avenue, John Burroughs and West Broad Street.

Even though this program is still quite new, West Broad has 45 musical instrument students, John Burroughs has 35 and Highland Avenue 15.

Mr. Kearns who replaced Thomas Dale after his induction into the armed forces finds that the appreciation for music and ability to learn is just as comprehensive in the elementary grades as in the higher grades. As a matter of fact the younger children show an overwhelming enthusiasm for music.

By starting their musical education in the lower grades they do not have to take time out for learning before going into West High's Band. But this is the secondary reason for the new program. The primary reason is for the benefit of the child, both in developing a talent and creating an appreciation of music from a social standpoint.

Many children have the advantage of learning their favorite instrument through the schools when they couldn't otherwise afford lessons of this type.

The children furnish their own instruments either by buying or renting. The schools however, furnish music stands and other incidentals necessary in the study.

Although there are a few schools in Columbus trying the instrumental music program as an experiment, the Hilltop elementary schools are the first to set up a regular program of this type and can already see a great future for music lovers among the "small fry."

Hilltopper Puzzled By Identical Twin Problem

SEEING DOUBLE?—Hilltopper Ellen Lewis, 438 S. Oakley-av, isn't quite sure, as she serves as registration clerk at Columbus General Depot for the Christmas seal X-ray program given by the Columbus Tuberculosis Society. Ellen registers two sets of identical twins: Mrs. Erma Kuhn, 4506 San Jose Lane, left—or at least Ellen thinks so!—and Mrs. Norma Jenney, 2810 Beulah-rd, and Charles R. Hite and Ralph E. Hite, center right and right, both of 229 Robinhood Ave. The Columbus Tuberculosis Society offered the service to all civilian personnel at the Depot—more than 5,000 persons. The two-week project ends Feb. 29.

TRACK TEAM COACH

By Ed Kemper

You will probably see a lot of musicians out for track this year. Alton Haller, the band teacher at Starling, is also our new coach, which is an unusual combination.

But Mr. Haller has mixed the two fields all through college. He studied music at Ohio State University, also participated in the Ohio State University Marching Band, the track team (1944) and took advanced courses in wrestling, swimming and golf.

Yes, he is an athlete and a musician.

In Passing

By ESTHER WEAKLEY

WASHINGTON IN RETIREMENT

Now Valley Forge was green with spring,
And gone the hungry troops in rags
And he was proud, remembering
The day Cornwallis furled his flags.

But even this was fading, too—
His serried ranks were now the cane,
Brigades of apple blossoms blew,
His regiments were standing grain.

The broad Potomac barges bore
His own tobacco, corn and wheat—
The morning breezes from the shore
Had cooled his heart of battle heat.

The fever slowly passed away—
The memories were growing dim—
He had come far to see this day
The peace had overtaken him.

February has been called the darkest hour before the dawn of spring. We had to get another ton of coal but yesterday I saw a robin and a crocus, so all's right with the world—though R. Browning said that first.

It takes all kinds of people to make a world. That isn't original either, of course. But two of the kindest kind are Sally Flowers and Billy Scott (WLW-C, 6:30). They are favorites of thousands of people, including this fan. After their kindness to a somebody who is very dear to me, I love them more than ever. Those two are behind each worthy project, but they do many good deeds that the general public doesn't know about. It really is a wonderful world, with people like Sally and Billy in it—no matter who the next President is.

"Forward . . . On Liberty's Team"

Believing that the fundamental need in America and in the world today, is character, the Boy Scouts of America have launched a three-year program know as "Forward . . . On Liberty's Team."

The nation's 735,000 adult volunteer Scout leaders involving more than 80,000 Scouting Units see the new program as a challenge that the youth of America may have available a program of character development so they may be trained, "on their honor, to do their duty to God and their duty to their country."

Pointing out that in a few years, America will have nearly fifteen million boys of Scouting age, Dr. Arthur A. Schuck, Chief Executive of the Boy Scouts of America, said "everyone of them represents an opportunity as they march from youth to manhood."

Scouting's challenge says the Chief Scout Executive, is training "our youth in character, in qualities of citizenship and unselfish service."

"Many Americans," he says, "believe in our ability to make the Scout Oath and Law and the Scout Program vital factors in helping to preserve American Democracy, through men who are 'physically strong, mentally awake and morally straight'."

"Today's challenge," he warns, "is fast running out. More boys must have the best leadership, the best program and the best in spiritual ideals."

"The fundamental requirements for the kind of democracy of which I speak is character in the individual citizen. There is nothing wrong with America that character cannot change. That change can be effected in one generation, with proper character training for youth."

The Boy Scouts of America, Dr. Schuck feels has a great job to do to help develop "a body politic which, because of its character, will not be indifferent to the responsibility of voting, but will consider their right to vote as a great privilege, that must be intelligently exercised, if government of the people is to prevail."

Dr. Schuck announced that the nation's Boy Scouts now numbering more than 2,900,000 boys and leaders, will take part in the campaign to Get Out the Vote in the Presidential elections this Fall. It will be, he said, "a non-partisan effort, without reference to any candidate or party."

The Boy Scouts will urge the people of America to exercise their franchise and go to the polls and vote. They will place on the door knobs of over thirty million American homes a cardboard hanger in the form of a Liberty Bell with the slogan of the new three-year program, "Forward . . . On Liberty's Team" and the injunction for every citizen to vote.

The Scout Program is a great help to the American home, Dr. Schuck feels. "There is no substitute," he says, "for the character training of children in a God-worshipping home where family love, honesty of performance, integrity of conduct, honor and unselfishness are taught and lived."

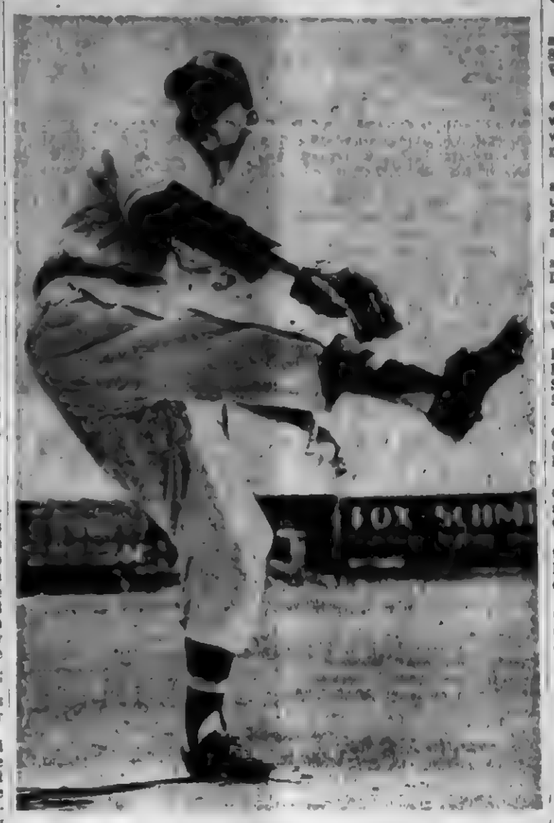
West Athlete Now Plays In West Virginia

West lost a promising Junior High grad in the form of Bill Holsclaw, when he moved with his family to Charleston, West Virginia.

Last basketball season he scored 68 points and was a member of the Dispatch All-High squad. West was counting on him in basketball, track, and football.

In his new school, Bill started in every football game last season and completed 41 out of 60 forward pass attempts by his team. Stonewall Jackson High, won five, tied three, and lost two. He scored five touchdowns and threw a pair of touchdown passes. In the ball carrying department, he did mighty well, too, averaging 6 1/2 yards per try. Presently, he's on the basketball squad and next spring, his new schoolmates will find out about his talent as a sprinter on the track team.



Coach Lehman was high in praise for Bill and spotted him as a real prospect in high school, no matter where he attended.

Join City Wide Links

Barbara Barbee and Nancy Timmons are co-chairmen for Links this year. This is a chance for Y-Teen girls to give 10 hours service to some group in the community which serves others. The girls will have a choice of service which they all give to the Red Cross, Gladden Community House, West Side Day Nurseries, Monneth House for the blind, hospitals, and many others. The girls first must go to the "Y" for an interview with staff advisors who will help them make their choice of service field.

The first general meeting for all girls taking part in Links will be held at the "Y", February 26, at 7:30 p. m. The girls who complete their service projects will be honored at a tea at which time they will receive certificates.

Former Cowboy Star Athlete Is Rookie Of Boston Braves

Dick Hoover, star of basketball and baseball at West High School in '41, 42 and '43, is leaving Feb. 20 for Bradenton, Fla., where he will train with the Boston Braves. This is Dick's first season with the Braves and he was interviewed recently by Boston sports writers who made a 10,000 mile trip to interview him along with other Boston rookies.
